Emperor William's Visit to Vienna.—Interesting News From Berlin.

A Military Order of Anarchists Said to Exist in Kansas.

By Telegraph to the NEWS.

BERLIN NEWS.

The Kaiser in Vienna—Various News Items.

BERLIN, Oct. 6.—Emperor William's reception at Vienna has sent a thrill of gratification throughout the empire. The enthusiasm shown at the banquets given to his majesty have been of immense value in showing the Emperor's latent qualities. His social qualities and personal generosity have only been known in limited circles. The current notions investing him with a cold, unsympathetic personality have been corrected by the smiling serenity with which he passed through the trying ceremonies associated with his reception. Emperor William has passed through the ordeal of Austrian society in triumph, acquiring new character of a kindly presence.

Official papers here and at Vienna, commenting upon

THE EMPEROR'S SPEECH,

feel assured that the German and Austrian armies are practically united and ready for action against a common enemy. Any remotest suspicion of Emperor William inclining towards the Czar has been dispelled. On the contrary, several incidents have occurred which impel the conviction that the decisive action for the testing of the strength of the alliance will be long delayed. Emperor William will remain in Vienna until Wednesday, when he will start for Italy.

The interview of Galimberti, the Papal Nuncio, at Vienna, with his Majesty lasted ten minutes. The Emperor, it is said, talked freely. It is stated the Emperor, after expressing the hope that nothing would occur during his

VISIT TO ROME

to wound the susceptibility of the Pope, declined to interfere in any question pending between the Vatican and Germany. Advices from Rome announce that the Vatican is genuinely satisfied with the programme arranged. The Emperor William will call at the Vatican before going to the Quirinal. Gaining this point has gladdened the officials at the Vatican.

The Italian force, assisted by the Berlin officers, are taking precautions to prevent any attempt upon the Emperor's life in consequence of warnings received by them. German and Italian anarchists mean mischief Letters from Zurich which have been intercepted refer to some plot against his majesty, and give rise to the belief that he will be attacked during his tour to Italy.

A Hamburg dispatch announces that no definite measure has yet been taken

TO PROSECUTE PROFESSOR GEFFICKEN

It is not true that the authorities have seen the written permit from the late Emperor Frederick authorizing Gefficken to publish the diary. The inquiry resulted in establishing the fact that Gefficken never got a copy from Frederick. It is not known whence he obtained the extracts. As the inquiry narrows the circle of the possible sources of betrayal of the diary, the Bismarckian papers become more bitter towards the ex-Empress.

The *North German Gazette*, referring to the report that the English Admiral Fairfax has been ordered to establish a protectorate over Savage Islands, says that the British government cannot assume the protection of the Islands, since by virtue of the Anglo-German agreement of 1886, the Islands are declared neutral territory.

The promoters of the Emin Bey Relief Expedition decline to abandon the enterprise. Doctor Peters hopes to get 10,000,000 marks subscribed after the meeting of the Reichstag. Lieutenant Wissman states that the expedition, after leaving Zanzibar, will proceed by the old caravan route through Uganda and Ungarrao, where the natives are not warlike. The route is populated, and water and other supplies are plentiful.

It is reported that the government has ordered several war ships and 3000 men to the German territory in East Africa.

A Cruiser Launched.

PHILADELPHIA, Oct. 6.—The United States cruiser *Baltimore* was launched at Cramp's ship yards this afternoon

The *Baltimore* is the largest vessel yet constructed for what is called the "new navy." Secretary Whitney is particularly interested in the *Baltimore*. He has been a frequent visitor at Cramp's ship yard to watch her progress, and takes great pride in her The *Baltimore* has twin screws and will be the first vessel so equipped in the navy. She is 335 feet long over all. Her beam amidships is 48.5 feet, her mean draught is 19.5 feet and her displacement is 4400 tons. The indicated horse power of her engines is 10,750 at forced draught and they are expected to drive her along at the rate of nineteen knots an hour. She will carry two masts fitted with military tops and her crew will consist of 300 men. She has a protected deck of thick steel plates, and under this, down below the water line, are placed the rudder and steam steering geer. The new cruiser will be armed with a main battery of four 8-inch breech-loading rifle guns on top and forecastle and six 6-inch rifled guns in sponsors eighteen feet above the water. There will also be a second battery of six rapid firing 6-pounders, six Hotchkiss revolving cannon and four gatling guns. She will also carry five torpedo launching tubes or guns.

In her appointments the *Baltimore* will be fitted up as a flag-ship. There will be comfortable quarters for the admiral, captain and other officers and crew. The vessel will be lighted with two electric plants, so that all parts will be brilliantly illuminated by incandescent lamps. Ventilation will be secured by two blowers with a capacity of ten thousand cubic feet per minute. The triple expansion engines, in separate water-tight compartments, will furnish the motive power and they will be supplied with steam from four double-ended horizontal tubular boilers fourteen feet and eight inches in diameter. The cylinders will be 42, 60 and 94 inches in diameter, with 42-inch strokes and there will be 3-bladed screws about 14.5 feet in diameter. With 10,000 horse power the *Baltimore* can make 20.6 knots in a day, using 285 tons of coal. Her bunks have a capacity of 850 tons of coal and will enable her to go three days and a half at full speed, covering in that time 1637 knots. She can make 3068 miles, or about the distance across the Atlantic Ocean, in seven days and a half.

Military Anarchists.

ST. LOUIS, Oct. 6.—A special from Winfield, Kansas, states there is great excitement in that vicinity over the discovery that a secret military order of anarchists known as "The National Order of Videtts," exists at Cowley and Sumner counties. A man named Pryer, formerly of St. Louis, is given as the leader of the band. The agitation is increased by the discovery that several well known citizens are members of it. The discovery was made by a detective who was initiated into the order.

Smuggling Wheat.

OTTAWA, Ont., Oct. 6.—A tour of the inspector of customs for Manitoba along the boundary between Dakota and Manitoba revealed the fact that extensive smuggling operations of wheat and other products are being carried on and that large quantities of Canada timber have found their way into the United States without the knowledge of the owners or government officials. The headquarters of the parties engaged in these operations are located at St. Joe and Wallhalla, Dakota, and Marden, Manitoba.

Washington News.

WASHINGTON, 6.—The hearing on the Weil-L'Abra claims before the foreign relations committee of the Senate, which has been in progress ten days, has been suspended, and it will probably not be taken up till after the election or until after next session.

The conferees on the general deficiency bill have paved the way for an agreement on all the remaining points of difference though their action has not yet become final. The provisions to pay the remainder of the year's salary to the family of Chief Justice Waite, and an extra year's salary to the widow of William E. Dancey, of the internal revenue service bureau, will be struck out as also the provisions to extend the laws of the United States over No Man's Land. The Senate is inclined to recede on the last named provision to save the bill, it being understood that the point of "No quorum" would be raised by some one in the House if that remains in the bill. It is probable an agreement will be reached before Monday's session begins providing for a continuance of the work of constructing buildings for the Woman's Industrial Home in Salt Lake.

BRIEF TELEGRAMS.

Boston, Oct. 6.—The five miles bicycle race between Rowe and Temple, being the first of a series of championship races between these two riders, was won by Rowe at Lyan this afternoon by three lengths. Time, 15:36¾.

Boston, Oct. 6.—Dale's guano works on Spectator Island, Boston Harbor have been burning since early this morning. The police and fire boats from Boston have gone to the Island and no particulars can be obtained until one of them returns.

Birmingham, Ala., Oct. 6.—The McClellan Hotel burned at 4 o'clock this morning. A panic occurred among the guests. J. A. Wetherly, of the *Evening Chronicle*, jumped from the third story window and was killed. His sister and niece also jumped and were seriously injured.

Roanoke, Va., Oct. 6.—This evening Brown' powder magazine blew up, giving the entire city a terrible shock, breaking a great number of plate glass store fronts and hundreds of panes of glass in private residences. The magazine was situated about a mile from the city, and contained 4000 kegs of powder and 2500 of dynamite.

Philadelphia, Oct. 6. — Superintendent Gormen, of this city, has, during the past few days, been collecting all the grimpen available and sending them to Chicago to fill the places of the striking men. About 100 grimpen have responded to the call and have gone to Chicago and more are expected to go next week. Forty men left tonight.

WHERE QUAIL BELONG.—An Austin teacher was instructing his class in natural history.

"In what class of birds do the hawk belong?" he asked.

"To the birds of prey," was the reply.

"And to what class does the quail belong?"

There was a pause. The teacher repeated the question:

"Where does the quail belong?"

"On toast!" yells out the hungry boy at the foot of the class.

WHY HE LEFT SUNDAY SCHOOL.—"What did Cain do?" asked the Sunday School teacher.

"Oh, nothing much," replied a timid boy, with his finger in his mouth.

"He killed Abel, didn't he?" continued the teacher.

"Where's my hat?" asked the bad boy, rising to his feet.

"What—where are you going?" stammered the teacher.

"Pap's a Democrat, and he said fur me to light right out whenever anybody begins to wave the bloody shirt. Gimme my hat and I'll go."

An Atlanta school girl the other day produced the following composition on boys: "Boys are men that have not got as big as their papas, and girls are young women that will be young ladies by and by. Man was made before woman. When God looked at Adam he said to himself: 'Well, I guess I can do better if I try again,' and then he made Eve. God liked Eve so much better than Adam that there has been more women than men ever since. Boys are a trouble. They are wearing on everything but soap. If I had my way half the boys in the world would be girls and the rest would be dolls. My papa is so nice that I guess he must have been a girl when he was a boy."

TO MAKE BAKED POTATOES MEALY.—When taken from the oven, they should be put into a napkin or towel and the skin broken, so as to allow the steam to escape; this will keep the potato mealy. If it cools without breaking the skin, it will be watery and have an acrid taste, caused by the retaining of a kind of juice next the skin.

NOTICE TO CONTRACTORS.

THE SCHOOL TRUSTEES OF THE 14th School District, Salt Lake City, are now prepared to receive tenders for the construction of a new school building in said ward. Preliminary specifications of the building required can be had of Reese Howard, Secretary of Board, Salt Lake City, Utah, on application on and after the 25th of August, 1888.

Bidders will be expected to furnish full plans and specifications with their tender so that the character of the proposed building may be fully ascertained.

Two sureties to be approved by the Board of Trustees and jointly and severally bound in the sum of $20,000, will be required for the due execution of the contract.

The Trustees do not bind themselves to accept the lowest or any tender, but will pay for the best plans and specifications accompanying any tender the sum of $50, and reserve to themselves the right to use, as they may select, any of the plans and specifications accompanying any tender upon the payment of $10 to party owning the same.

NOTICE OF INTENTION

Of the City Council of Salt Lake City to Sewer District No. 1.

NOTICE IS HEREBY GIVEN BY THE City Council of Salt Lake City of the intention of such Council to make the following described improvement, to-wit:

To construct a double line of Sewer Laterals on and along the following described streets of said city, viz:

South Temple Street—
From First West Street to First East Street.

First South Street, Second South Street and Third South Street—
From First West Street to Second East Street.

West Temple Street and East Temple Street—
From North Temple Street to Fourth South Street.

First East Street—
From South Temple Street to Fourth South Street.

And a single line of Sewer Laterals on and along the following described streets, viz:

First West Street—
From North Temple Street to Fourth South Street; and

Second East Street—
From South Temple Street to Fourth South Street.

South Temple Street—
From First East to Second East Street.

First East Street—
From North Temple Street to South Temple Street.

And defray the whole of the cost thereof, estimated at Eighty Thousand Dollars, by a local assessment upon the lots or pieces of ground within the described Sewer District Number One, being the district to be benefited or benefited by said improvement, namely:

Commencing at the intersection of the centres of North Temple Street and First West Street, thence east to the centre of First East Street, thence south to the centre of South Temple Street, thence east to the centre of Second East Street, thence south to the centre of Fourth South Street, thence west to the centre of First West Street, thence north to the place of beginning.

All of blocks 50, 51, 52, 53, 54, 57, 58, 59, 68, 69, 70, 71, 72, 75, 76, 77, 86, 87 and 88, plat A, Salt Lake City survey, are within the said district and will be subject to said tax. The mode of assessment thereof will be by valuation of the real property within the district, and the tax to be assessed will be two per cent. of the assessed value of the aforesaid real estate, as valued on the assessment roll of said city for the year 1888.

In addition to such tax the real estate owners in said district will have to pay for their house connections, the average cost of which will be about $100 each, besides the necessary plumbing to prepare houses for such connection, of which no reliable estimate can be made.

All protests and objections to the carrying out of such intention must be presented to the City Council on or before Tuesday, the 16th day of October, 1888, being the time set by the said Council when it will hear and consider such objections as may be made thereto.

By order of the City Council of Salt Lake City, made September 18th, 1888.
