SENATE

WASHINGTON, 12.—Sargent, from the conference committee on the consular and diplomatic bill, made a report, and in explanation, said the committee had agreed upon one-half the amount of the difference between the two houses, which was an increase over the House bill of $83,000 for the diplomatic service, and $107,750 for consular services.

The report was laid over to be printed.

Anthony called up the Senate bill to print the report of the proceedings in the Belknap impeachment trial; passed.

The Senate then resumed consideration of the bill to carry the Hawaiian treaty into effect, and Saulsbury continued his argument.

Windom, from the committee on conference on the legislation appropriation bill, submitted a report that the committee had agreed on the bill and it was read and agreed to.

Sargent called up the conference report on the diplomatic appropriation bill submitted in the afternoon. After some discussion, the report was agreed to.

Logan, from the conference committee on the bill regulating the issue of artificial limits to disabled soldiers, seamen and others, made a report; laid over.

Windom reported from the committee on appropriations the Senate bill appropriating $80,000 to pay the judgments of the court of claims; passed.

The Senate resumed consideration of the bill to carry the Hawaiian treaty into effect, and Wood spoke in opposition, but before he concluded his remarks the Senate adjourned.

HOUSE.

WASHINGTON, 12.—The following missions are practically abolished, as no appropriations are made for ministers to any of them: Portugal, Switzerland, Bolivia, Ecuador, Columbia, Paraguay, Uraguay, Greece or Denmark. The bill provides, however, for charges d'affaires to represent the United States in Portugal, Greece, Denmark and Paraguay, at annual salaries of $5,000 each. The following consulates, not provided for, are practically abolished: Swatow, Southampton, Malta, Vladistock, Oporto, Santa Cruz, Nantes, La Rochelle, Port Mahou, Valencia Station, Maranham, Cyprus, Bucharest, Venice, Milan, Gaboon, Turk's Island, Hakadodi, Goderich and Windsor, Canada West. The bill as it now stands saves $208,000 from the appropriation of last year.

Randall moved to reconsider the vote by which yesterday's conference committee was ordered on the bill author zing the District of Columbia to anticipate its taxes by a loan, the Senate substitute for it being a direct appropriation of half a million as the proportion of the United States to District taxes. He moved to refer that bill to the appropriation committee, which, after discussion, was agreed to.

On motion of Banning, the Senate bill to postpone the publication of the army register was taken from the Speaker's table and passed.

Macmahon introduced a bill to publish the proceedings in the impeachment of Belknap; referred.

Rusk, from the conference committee on the bill to regulate the distribution of artificial limbs to soldiers and sailors, made a report, which was agreed to.

Randall, from the committee on conference made a report on the executive, legislative and judicial appropriation bill

The report having been read in full, occupying nearly two hours, Randall demanded the previous question.

Holman desired to have a separate vote on the amendments in regard to the salary bill, but was informed by the Speaker *pro tem.* that the conference report must be acted on as a whole. The previous question was seconded, and the report agreed to without discussion or division.

EASTERN.

Indian Depredations—A Man Shot and Another Run Over by a Train.

CHEYENNE, 12.—Fifteen horses were stolen by the Indians from Boyd's ranch on Blue Creek, twenty-five miles north of Ogallala, Neb.

A man who arrived at Cheyenne this evening reports having crossed a fresh Indian trail between that point and Eagle's Nest. The prairie is on fire towards Chimney Rock, supposed to be fired by them.

James B. Hickock, *alias* Wild Bill, known in Kansas and the territories as a scout of some prominence in early days, was killed in a saloon at Deadwood on the 2nd inst., by one Bill Sutherland, who, in justification of the act, alleges that Bill killed his brother at Fort Hayes, Kansas, some years ago.

A man named James Maguln, formerly a private watchman in this city, was found dead on the railroad track, one mile west of this station, this morning, the whole train having passed over his body.

O'Leary Finishes His Walk Ahead of Time.

NEW YORK, 12.—O'Leary, of Chicago, who began in the rink at midnight on Sunday to walk 500 miles in six days, finished his task ahead of time.

Speaker Kerr in a Critical Condition —Took the Oath of Office.

WASHINGTON, 12. — Speaker Kerr's condition is such as to alarm his friends, and it is now believed that he will not long survive. A dispatch received from him, dated yesterday, from Rock Bridge, Alum Springs, says: "I am much worse, and hope is growing weaker."

Mr. French, the new assistant secretary of the treasury this morning took the oath of office. He will enter on his duties on Monday.

Salaries of Federal Officers in the Territories.

The legislative, executive and judicial appropriation bill, as passed by both Houses to-day, contains, among other items, the following—

The salaries of governors, chief justices and assistant judges of Washington, Montana, Idaho, Utah, New Mexico and Arizona Territories are fixed at $3,000 each. All the Territories are given $2,000 each. The item of $20,000 is inserted for the expenses of the Montana Legislative Assembly.

More About the Train Robbers

ST. LOUIS, 12.—The confession of Hobbs Kerry, the Otterville train robber, will be published to-morrow. It is quite a lengthy document, but the essential facts are very frank, and Jesse James, Cole and Budd Younger, Clem Miller, Charles Pitts and William Chorwell constituted the gang. It appears that the train was not robbed in accordance with a previously concocted plan, but the party had been riding over a large extent of country without finding anything to do. Finally they concluded to attack the train, acting more from impulse than anything else. Kerry was not a regular member, but had been with them during a raid through the country; he was present at the robbery of the train and shared the spoils. The police authorities had information in June last that Younger, James and other members of the band contemplated robbing the train at Green Bay, in southwestern Missouri, and the officers returned as soon as the robbery of the train occurred. The parties above mentioned have been indicted by the grand jury of Cooper county, but whether any vigorous means will be taken to arrest them is not known. The confession gives a description of the robbing of the train, which is essentially the same as heretofore published, also the movements of the robbers for some time previous to the attack, and their course to the point where the booty was divided. It is a circumstantial account of all their proceedings.

A Bank Defrauder Sentenced.

LONDON, 12.—Richard Banner Oakley, manager and proprietor of the Co-operative Credit Bank, a scheme started in 1874, which proved a failure, and was adjudicated a bankrupt in January last and committed for trial on a charge of fraud, was found guilty to-day and sentenced to five years penal servitude.

TURKEY.

War News.

BELGRADE, 12. — Prince Milan has arrived from Belgrade.

The Turkish forces attempted on Tuesday last to break through the servian lines at Jayor, but were completely repulsed, and nearly all of them were killed.

Gen. Rancho Olympic maintains his offensive position on the Banja, which has been strongly fortified, and is held by Tchernayeff's army, while Col. Brecker's army occupies the mountains on the Tunak and Moravia lines.

It is expected Prince Milan will proceed in a few days to inspect the army on the Bosnian frontier; 30,000 Belgarians, principally old men and women, have taken refuge in Servia.

The atrocities committed by the Turks in Bulgaria and Servia are reported beyond description.

CHICAGO, 13. — The striking brakemen on the Ohio and Mississippi Railroad at Vincennes, Ind., to-day, ran two coaches, containing officers of the road and a detachment of police, on the side track, spiked the switch, and drove the police across the Wabash River into Illinois. The strikers appear to have possession of the road. The governor has been strongly appealed to for aid.

$50,000 Fire.

INDIANAPOLIS, 13.—The stables and car house of the Citizens street railroad company were totally destroyed by fire early this morning. Of 175 horses in the stables at the time of the breaking out of the fire fifty perished before they could be rescued. Twenty-five cars and a large amount of other property were destroyed. One of the employees was fatally injured. The loss is estimated at $50,000; partly covered by insurance.

Water Spout and Loss of Life.

LYNCHBURG, Va., 13. — This morning a water spout struck the line of the Virginia & Midland railroad, six miles north of this place. The flood extended over five miles. A culvert was carried away leaving a gap of ninety feet broad and fifty deep, into which the freight train was precipitated, killing Keyes, the engineer, and Anderson, the brakesman. The storm lasted only a few minutes.

Fort Attacked by Insurgents, Etc.

NEW YORK, 13.

Havana *via* Key West. On the first, sixty insurgents belonging to the regiment of Infesto, attacked Fort Jacques, in the jurisdiction of Clen Suegos, and demanded its surrender. The men inside the fort, numbering fourteen, refused, and began firing, when the insurgents set fire to the fort, which was destroyed, and the besieged were all burned to death.

On the 2d, sixteen men and six officers of the Spanish troops, commanded by Fernandez, in the jurisdiction of Villa Clara, were attacked by a superior insurgent force, and Fernandez and twenty-three men killed.

Our Country Contemporaries.

Ogden *Junction*, August 11—

Sheriff Brown has in his possession a brown mare about seven years old, fifteen hands high, without brands, but with some white spots on the right jaw, white stripe across the breast and a white star in forehead. This animal when first discovered had evidently been hardly used, and the Sheriff is of opinion that she had been stolen and abandoned by the thief. Who has lost such an animal?

Beaver *Enterprise*, Aug. 8—

And still the showers continue to come, cooling the air and making everybody thankful that he or she is not compelled to live in New York City.

The following are the election returns as far as they have been counted. The counting is still going on in the presence of the candidates—

Beaver Precinct—J. R. Murdock 306, J. Hess 16; W. J. Cox 216; J. W. Christian 61; E. H. Blackburn 284; J. H. Rollins 29; J. M Coombs 30; G. W. Tracy 81; R. S. Horne 279; J. P. Lee 4.

Greenville—Murdock 44; Cox 40; Christian 5; Blackburn 44; Coombs 1; Tracy 14; Horne 41.

Lincoln—Hess 20; Christian 22; Tracy 22; Rollins 20.

Most of those who were so very anxious for a fight yesterday, were on the muscle exclusively, but there were a few sneaking cowards who had arms on their persons. We saw one young man returning from his residence with a revolver stuck in his pants and illustrating to a couple of boys how he would draw it when once on the battle field. In the evening we were informed that one of the Beaver citizens attempted to stab a stage driver. It is not our purpose to cast reflections on any one, but what Beaver city needs is an efficient marshal and about two good policemen for special occasions.

DEALING WITH CRIMINALS.—We have no hesitation in saying that the neglect of the police to meddle with the thieves, so long as they can avoid doing so, is a principal cause of this audacity of our criminals. The burglars are allowed to "put up" their jobs without interference. Bands of pickpockets patrol the streets day and night, jump on the cars and jostle citizens on the sidewalks without molestation. Most significant of all, there is a personal acquaintance between the police and the thieves which is very demoralizing. They walk on Broadway and recognize each other under a sort of pleasant truce. We never hear of these well known thieves being arrested on suspicion. The facilities for the disposal of plunder are very great—a facility which an active police force could put an end to. The remedy, so far as the police are concerned, is increased activity, the arrest of suspicious loiterers at unseemly hours—in a word, active prevention as well as active pursuit. Our citizens should deal with burglars as with any other dangerous animal on their premises. No man in his senses would attempt to capture a wolf unharmed. It is best to give an alarm at once, to arm one's self before pursuing them, to use no lights, if single handed, in seeking them, and to strike upon the first symptom of resistance. That crime should lift its sloping forehead so boldly in our midst is a stain upon our progress, a reproach to our manhood and a disgrace to the police. If we have to revive the lash crime in all its walks must lower its head. —*New York Herald, July 30.*
