U.S. SUPREME COURT

Federal Court Refusing Writ

Of Habeas Corpus.

MAIN POINT IS JURISDICTION.

Appellant's Counsel Argued Was Ob-

-Denied by State's Attorney,

Washington, Oct. 10,-'The supreme

court of the United States heard argu-

ment today in the cases of Charles B.

Moyer, W. D. Haywood and George E.

Pettibone, officers and members of the

Western Federation of Miners, who are

in in prison in Canon county, Ida., un-

der a charge of murdering former Gov.

The case comes to this court on ap-peal from the decision of Idaho federal

court refusing to grant writs of habeas corpus. The case of the prisoners was presented by E. F. Richardson of Den-

ver and C. S. Darrow of Chicago, and for the state of Idaho by W. H. Haw-ley of Bolse. The principal point of controversy was the method by which the Idaho authorities secured jurisdic-

tion over the men. All of them are resi-dents of Colorado and it was alleged on behalf of Moyer and his associates

that they were kidnapped in pursuance of a conspiracy to which the governor of Colorado and the Idaho authorities

were parties, and hence that jurisdic-tion was acquired by fraud. The act was denounced as "a flagrant malfeas-ance of executive duty from the con-templation of which right thinking peo-

ple turn with loathing." Mr. Hawley contended that the extra-dition proceeding had been entirely reg-

ular, and, referring to the reflections upon the Idaho and Colorado author]-

ties, said the courts could not afford to countenance such abuse of high officials by counsel. He took the position that even if it were true that the governor of Colorado had connived at the re-moval of the federation officials in an irregular way that mendy must be at

ANALYSIS SHOWS POISON.

Evidence That James Reilly Was Killed By Cocaine and Strychnine.

Justice Dana T. Smith has received the report of Chemist Harms relative to the analysis made of the stomach of

James Rellly, the railroad man who died under suspicious circumstances two or three weeks ago. Traces of cocaine and strychnine were found in the organs. The latter may be accounted for from the fact that the city physician administered injections of that substance into the man's system at the that city emergency hospital. Mrs. Amelia Dudler, who, with John Ferderichs and C. J. Hagar, was suspected of having caused the death of Reilly, admitted having given the latter cocaine, at his own request. Sweeping gains have taken place from Logan to Provo, Ogden being noticeably foremost with Orden being noticeably foremost with splendid increases. Perhaps the most unusual situation is disclosed here in Salt Lake where, without the services of canvasers, the subscription list has been increased by 210 new contracts, and 115 raise of service contracts, by patrons calling at the office. Identi-cally the same condition prevails throughout Idaho, Montana and Wy-oming, the demand in some localities oming, the demand in some localities being far in advance of the company's immediate capacity to supply the immediate capacity to supply wants.
