QUARTERLY REVIEW.

The Sabbath School of Cannonville Gives an Exhibition.

CANNONVILLE, Garfield Co., June 6th, 1887.

Editor Deseret News:

On Sunday the 5th inst., the Cannonville Sabbath School held a quarterly review, during which a pleasant and instructive time was had. The meeting-house was well filled by pupils and parents of the children. After order was called by the superintendent, the Sabbath School choir, composed of children and led by Sister Lydia M. Dunning, rendered in a pleasing manner the hymn, "Dearest Children, God is Near You." The opening prayer was offered by First Assistant Superintendent Wm. J. Henderson, Jr., after which the choir sang the primary hymn, "With Merry, Tuneful Voices," the rendition of which was highly complimented by all present, and truly reflected great credit upon the juvenile singers. The different and numerous classes were then

CLOSELY QUESTIONED

by their respective teachers upon the principles of the Gospel, and other grand and glorious subjects pertaining to life and salvation, the scholars generally answering in a very satisfactory manner. The theological classes were reviewed by our estimable Bishop Wm. J. Henderson, and found exceedingly proficient in this important branch.

The secretary's report of the previous quarter was presented to the school. It showed that the school had been well attended during the past three months, and was continually on the increase. That part of the report relating to teachers, was very favorable, demonstrating the fact that our teachers are attentive and energetic in their duties as earnest workers in our Sabbath school.

After the administration of the sacrament, Bishop Henderson addressed the school, and in his fatherly style of speaking impressed upon the minds of all present the

URGENT NECESSITY

of attending the Sabbath school. He portrayed in a very effective manner the example of the Savior while here upon the earth, in doing his Father's will at all times and under all trying circumstances, and concluded his kind counsel and advice by exherting all present to faithfulness.

The closing remarks were made by the superintendent, J. M. Dunning, who expressed his joy and great satisfaction at the marked improvement in our Sabbath school, which was exhibited so plainly during the present review. He concluded by invoking the divine blessing upon our Sabbath schools, and all kindred institutions throughout the land. The choir sang and the benediction was pronounced by Assistant Superintendant Oliver Anderson.

A WYOMING GOLD MINE.

A TWENTY-SIX INCH VEIN OF ORE THAT ASSAYS $90 TO $95.

The Laramie *Boomerang* of the 10th inst says:

One of the most remarkable discoveries of the existence of the precious metals in Wyoming that has been reported for a long time, has been made about six or seven miles from Swan postoffice, on the Grand Encampment, in a direct line south from Fort Steele. Mr. J. F. Crawford, who resides at Saratoga Springs, is in the city to-day, and from him the particulars of the find, concerning which there is not a particle of doubt, are obtained.

Several years ago, Dr. Graff, of Omaha, who died two years ago at Denver, visited the locality named above. He, and others, at that time located some copper mines on the divide between the north and south encampment, above Swan. It is supposed that they expected to obtain nothing more than the copper from them. Last Summer Ed. Bennett, John Beatty and W. G. Forney went up to the neighborhood of these claims on a prospecting tour, and opened up a new lead not far from the old location. While they found little but copper at first there were traces of gold and silver, and as they went down the copper ran out and they ran into gold and silver. They had samples of the ore assayed, and the first assay resulted in finding that it carried $7 or $8 in silver and $10 or $12 in gold to the ton. Encouraged by this they continued the work, saying nothing of their discovery, and as they went lower the proportion of silver became smaller and that of gold increased correspondingly, the second assay showing from $30 to $40 in the precious metal; the third $50 to $60, and the fourth $80 to $95. This last assay was made about two months ago, and Beatty, whose house is in Steubenville, Ohio, immediately after started for the east, presumably for the purpose of obtaining funds and returning to make his permanent headquarters at the mine. He took a quantity of the ore with him intending to have it assayed at Chicago on his way to Steubenville.

Bennett remained and kept on with his work and five or six days ago struck something richer than anything they had seen yet, uncovering a twenty-six inch vein of ore that shows large quantities of free gold. He at once packed up a lot of it and started for Rawlins, not stopping even to show it and tell the news at the Springs, from which it is inferred that he must have been greatly excited over his discovery and, as he is a very cool, level-headed man, it must have been something truly wonderful. On his way to Rawlins, he stopped at Fort Steele, and while there showed the contents of his grip-sack to F. Chatterton, of the old firm of Hugus & Chatterton. Mr. Chatterton says that he had the grip full of ore, in chunks as big as his fist and that the free gold could be seen sticking out all through them. He says that it was the finest ore he ever saw and judging from the hurried examination he had an opportunity to make, the contents of the valise alone must have been worth a large sum and that if they have a twenty-six inch vein that will hold out they will have the biggest thing in this country.

—The Albuquerque, N. M., *Democrat* says: At an early hour the other morning the vags in the city jail again kicked a hole through the wall and four of them made their escape. One prisoner liked his quarters so well that he refused to go, but shortly afterwards took a walk down town and informed the night police force of the escape

There is in the Virginia (Nev.) *Chronicle* an advertisement from Hinsman & Sons, Sons, solicitors, Northampton, England, inquiring for information in relation to the whereabouts of the heirs of Dr. William Henry Randall, who resided at Grass Valley, Cal., and is reported to have died there on the 19th of April, 1861, leaving a widow and children, who afterwards settled in Gold Hill, Nev.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgety, nervous, and generally out of sorts, and want to *brace* up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Z. C. M. I. Drug Store. 5

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
