WANTS HUBBIE RELEASED. WANTS HUBBLE RELEASED.

Several days ago Mrs. Lottie Lee had her husband, C. H. Lee, arrested upon the complaint of cruelty and for beating her. When she appeared at the police station, Mrs. Lee bore the mark-of one or two fistic encounters with her husband. When the case was called, Lee said that he was not ready to plead then, so a plea of not guilty was made for him, and he was placed under \$150 bond, and the case set for Monday. As Lee was unable to raise the necessary money for the bond, he has been confined in the city jail, Mrs. Lee has since been doing all possible to get his release and says that sible to get his release, and says that will not appear against her hus-

General Wedgwood Announces That Kitchen Car Will Provide for the Inner Guardsman.

Formal orders announcing the time and place of the annual encampment of the National Guard of Utah were centered in the announcement there will be attached to the troop train a kitchen car, so that rations may be served hot and well cooked. This is made possible by the fact that the announcement for the encampment the announcement for the encampment is several weeks ahead of the date, as was not the case two years ago, when the guard attended a Wyoming encampment. The lack of time for sufficient preparation occasioned no little amount of discomfort for the men, but the executive officers of the National Guard assure the men that there will be no discomfort or unpleasant delays in store for them this time. It is recognized that for guardsmen more conveniences must be found, for the change from civil pursuits to martial affairs comes suddenly to them and to men who are not so well prepared for it as are the regulars.

The order follows:

If a doctor will deceive you in his advertising he will deceive you in his office. If he makes statements that are palpably false and misleading BEWARE OF HIM—for he will surely treat you the same way. If you are impressed with the Claims put forth by ANY Physicians' Specialists, Company, Institute or firm—READ EVERY LINE IN SUCH ANNOUNCEMENT. Ask yourself if every statement is TRUE—ask yourself if every statement made is REASONABLE—as yourself if the claims made are such as are recognized as true and possible by the Medical Profession as a whole, and if you find that claims are made that are unitrue, unreasonable or utterly impossible. THEN REMEMBER THAT THE MAN WHO MARES SUCH UNTRUE AND IMPOSSIBLE CLAIMS is unworthy your belief and all statements he or they make are likewise unworthy your belief, USE COMMON SENSE—ANALYZE AND THINK OVER THE CLAIMS MADE BY EACH AND EVERY DOCTOR and then select those who stick to the plain unvarnished truth, and back up every statement by unquestioned proof.
