UNKNOWN MAN MURDERED BY PALS

Body of Victim of Foul Play
Found on Sandridge
By Hunters.

SESSION OF CITY COUNCIL.

Debate Over Glenwood Liquor License
—W. S. Academy Preparatory Graduates—Death of Mrs. Lindquist.

Ogden, May 26.—There is a code that must be preserved among thieves and criminals and if not the results must be taken by those who violate it. This was exemplified yesterday afternoon when the body of an unknown man was found about a mile and a half south of the Wasatch Orchard company's factory on the Sand Ridge, who had evidently been dead to death by his confederates in crime.

The body of the unknown man which was in a bad state of decomposition, was found by two hunters, Charles Wolf and Evan Bennett, residents of West Ogden. The ghastly find was reported to the police and officers Wardlaw and Vance were dispatched to the scene with the patrol wagon.

Under some thick underbrush was found the body which was that of a man about 40 years of age and was well-dressed, lying on his back with two bullet holes in the head and one in the stomach. The wounds were made by a large caliber revolver. Lying about eight inches from an outstretched arm of the dead man was a .22-caliber revolver with only one empty shell. Close by was a bundle of clothing which included several pairs of new ladies' and children's hose, some men's socks also new, also several suits of underwear. In the man's pocket was found a \$5 gold piece and a nickel. The body together with numerous articles was brought to the city morgue and the body taken to the Richby undertaking parlor, where it will be held pending an investigation by the officers. There was nothing whatever found upon the body that would lead to the identification of the dead man.

It is the supposition of the police that the dead man, who had been killed about a month ago, was a member of some gang of criminals that have been operating in this community for some months, and that he had met

there to make a division of the spoils, and that some trouble arose and in attempting to settle the dead man failed to draw quick enough to impress his argument upon his partner in crime. It is thought that booty found near the dead man is part of that which was taken from the store at Roy or one of those along the line of the Short Line between Ogden and Salt Lake which have been visited during the past month by burglars.

A coroner's jury, composed of A. L. Howe, E. C. Alden and Edwin Williams examined the body this morning but found nothing by which it could be identified. A Methodist Sunday school folder dated Salt Lake City, May 17, was found in his pockets, which would indicate that he had been in Salt Lake a little more than a week ago, and was killed since that time. The shot that hit him in the stomach was fired at such short range that his body was partly burned, as well as the clothing. He had auburn hair, sandy mustache, weighed about 150 pounds and his stature was 5 feet 8 inches. He had two gold teeth on the upper right hand side.

LIQUOR AT GLENWOOD.

Application for License Brings Up
Strong Opposition in Council.

Ogden, May 26.—An application for a liquor license made by W. E. Sutherland and Evan Bennett, who will operate the Glenwood Park this summer was the cause of considerable debate in the city council last night. Members of the council opposed the granting of the license because it was argued by President Browning that it would mean a losing proposition to the city from a financial standpoint.

Mr. Browning said that this resort had always been frequented by ladies during the summer months and that if a saloon was allowed it would probably bid place objections. In addition to this he said it would cost the city more to pay a policeman to preserve order on the grounds if a saloon was allowed, than would be realized from the license collected for the privilege. The matter was finally left in the hands of the license committee and the chief of police for a report.

The bid of William Doyle, an Ogden contractor, was accepted, and the contract awarded to him for the construction of a concrete bridge at the mouth of Ogden canyon. Mr. Doyle's bid was the lowest submitted out of five others made by construction companies from many of the large western cities. Upon the recommendation of the city engineer \$64 extra will be paid Mr. Doyle in addition to his bid of \$4,742 for additional concrete to be used in construction which will make the arch more substantial than at first contemplated.

The bonds of the J. P. O'Neill Construction company for sidewalk construction and Peter S. Wilson for curbing and gutting work were approved by the council and the work ordered begun at once.

Upon the recommendation of the water supply committee, the city water mains will be extended as far as the Wasatch Orchard company for the benefit of residents and property owners

along this route who are anxious for water connections.

R. A. Mayes, former city treasurer, asked that his bond of office be returned and his bondsmen released from the obligations of the city auditor had checked up all of his accounts and found them correct. This request was complied with by the city council.

The quarterly report of the city auditor showing the present financial condition of the city was submitted and referred to the finance committee for a report.

An invitation from the Five Points volunteer fire company to the city councilmen and their friends, presented by the secretary J. W. Wheeler, to attend a social gathering on the evening of June 2, was accepted with the thanks of the council.

SUIT FOR DIVORCE.

A suit for a divorce was filed in the district court yesterday afternoon by Elma Hibbard against George H. Hibbard upon the grounds of failing to provide. The couple were married in Logan, July 15, 1905. There are no children as the result of the marriage. The plaintiff asks for the restoration of her maiden name, Elma Jensen and for cost of the suit.

TAILOR SHOP BURGLARIZED.

The tailor shop of John Eggen at No. 2476 Grant avenue was entered early last evening by burglars and several suits of clothing were stolen. The robbers gained entrance through a rear door by springing a lock. The police were notified within a few minutes after the discovery of the robbery, but were without any clue to work upon but as a good description of the goods taken was given them it is very probable that that will aid in tracing the criminals.

W. S. A. PREPARATORY GRADUATES.

The graduating exercises of the preparatory department of the Weber state academy were held at the academy auditorium yesterday. There were 22 in the class and an excellent program was rendered. The school opened the exercises with a chorus and a number of other musical numbers were rendered. The address of welcome was delivered by Ruth Larson and the response was made by Morgan McKay. At the close of the exercises Elder David O. McKay delivered an address and distributed the certificates.

The graduates of the preparatory department were: Frank Shurdluff, Hyrum Sommers, Morgan McKay, Peter Kasus, (president of the class), Charles Tracey, Raymond Stewart, Jonathan Brown, John Hancock, Hyrum Wheelwright, Frank Watkins, Carl Reed, Claude Thomas, Nellie Grant, Sybil Gardner, Sadie South, Bertha Jarvis, Edward Child, Ray Hanson, George Phillips, John Lee, Grace Frothingham, Bertha Wadsworth.

o'clock made great headway and the house was practically doomed when the flames which had such a headway owing to the central station.

The firemen worked heroically but were almost powerless to combat the flames which had such a headway owing to the remote situation of the dwelling. When the apparatus from the central station arrived two of the horses dropped from exhaustion and other horses had to be used to draw the wagons back.

The loss will reach \$2,500 which is reported to be fully covered by insurance. Only the brick walls of the building were left standing when the flames were extinguished.

LOSSES BIG SUM IN GAMBLING.

Frank McDougall, who was released from the General hospital yesterday after being there several days suffering with an internal complication, has made application to the county attorney and other officers for some relief in securing the return of \$288 which he alleges he was fleeced out of in the gambling house of Craigbaum & Peterson, which is situated over the St. Louis beer hall at the corner of Grant avenue and Twenty-fifth street.

McDougall claims that he was stopping at the Annex rooming house, from which there is a door leading into the gambling house. He asserts that he was inveigled into going into the gambling house and within five days he was swindled out of \$288. McDougall says that he made a demand upon the proprietors of the gambling house and asked for the return of his money, but they refused to give him anything more than \$26.

McDougall told Commissioner of the poor Joseph Stanford that he had reported the matter to the chief of police and the county attorney, but nothing had been done in the matter as yet, as they were conducting an investigation. It is very probable

that if upon investigation that the facts of his case are as represented, that a number of prosecutions will follow.

DEMISE OF MRS. LINDQUIST.

The funeral services over the remains of Mrs. Josephine C. Lindquist, who died Sunday morning at the Lindquist residence, 658 Twenty-second street, of lung trouble, will be held Wednesday afternoon at 2 o'clock at the Fourth ward meeting house after which the remains will be shipped to Logan, where interment will take place.

In the death of Mrs. Lindquist the state loses one of its noble women, the Mormon Church loses an ardent and enthusiastic worker and several sons and daughters lose a devoted mother and the poor of the county a faithful friend.

Mrs. Lindquist was born in Halmstad, Sweden, Aug. 19, 1844, and after joining the Church at an early age, came to America. She arrived in Salt Lake in the fall of 1863, having crossed the plains with an ox-team. Upon the day of her arrival in Zion she married N. A. Lindquist, one of the boys that crossed the plains in the same company with her.

After living in Salt Lake City for four years, Mr. and Mrs. Lindquist moved to Logan, where they made their home until 11 years ago, when Mr. Lindquist died. After 33 years' residence in the Cache valley town, the family moved to Ogden, which has since been their residence.

The husband and three children are buried in the Logan cemetery, where the body of the deceased will be interred.

Thomas K. Lucas who was released from the state prison yesterday morning after serving a ten-months' sentence upon the charge of burglary, was arrested upon another charge of burglary as he was leaving the pen by Deputy Sheriff Murphy of Weber county. The accused was brought to Ogden yesterday afternoon and lodged in the county jail on a warrant charging him with burglarizing the Pickett Grocery company store last September.

Lucas' partner in crime was Quinn who is serving seven years for his part in the crimes which are alleged to have been committed here last fall.
