The closing session of the general conference yesterday afternoon was marked by the same degree of interest which characterized all the meetings. The attendance, all things considered, was highly gratifying, and the remarks made and business transacted were in exact accord with the spirit of the enthe conference. The closing address, delivered by President Smith, was especially impressive and found a ready esponse in the hearts of all present. singing by the choir and congrega-

Not that all of them should be trained in technical schools, but there are other things to learn than the trades taught here. There is plenty at home; nly there must be training to prepare We should teach our boys trades, and then they will not lack re-

And the best way for the Saints to pay their debts is to pay their tithing first. Those who are not in debt should resolve now, once for all, not to go in debt. The people should learn to live within th means. Some of our young people imagine that they cannot marry unless hey have a house well furnished to begin with. This is a mistake. The speaker bore his testimony to the truth ELDER ALBERT R. President Smith declared that our gov-ernment has not persecuted the Saints, but rather wicked men who are enemies to truth and morality-men who have lied about them. There are some men who seem to be born to lie, and they are true to their mission. But let these men go on lying, we must do right, es-tablishing our purpose to be true Saints, and good citizens of our grand nation. The Gospel will progress, not-withstanding the many falsities con-cerning us. Men cannot do anything against, but for, the truth. The truth will be manifest by the very contrast with those slanders. Republicans Made Gains, Not Many Changes in Administration Secured

Cincinnati, O., April 6 .- While the Republicans made material gains in the municipal elections today, they did not secure many changes in the administration of the citles. The most notable ex-ception was at Columbus, where Mayor ception was at Columbus, where Mayor Hinkle, Democrat, is succeeded by Robert H. Jeffrey, Republican, with a plurality of 1,500. The mayors of all the leading cities except Columbus were elected. The Republicans elected Fleischmann in Cincinnati by 16,000. The Democrats of Cleveland chose Tom Johnson by 7,000, and Samuel M. Jones sustained and decided in Mrs. Bigelow's for the fourth time as mayor of Toledo. The Democrats re-elected their tickets at Dayton, Sandusky, Chillicothe, Hamilton and other cities normally Democratic, and the Republicans at Steuben-ville.
