## MORE PIOUS PALSIFYING.

REV. G. M. Pierce, efficie of the L M. Christian Advocate, it appears, has returned from his pious begging expedition to the States and as soon as he returns he resumes his old practices of vilifying the "Mormon" people, telling religious falsehoods about them, and otherwise religiously misrepresenting and abusing them through his religious paper, as the sow that was washed returns to her wallowing in the mire. He says

"On our return home, we found a condition of things in our city, and in a great measure obtaining, we judge, throughout the Territory about as follows: The ecclesiastical leaders of the Mormon Church, including their chief, abound about dire results that will follow if certain persons are put on trial for alleged crimes." Now the Reverend Mr. Pierce

This is the this juncture. If there is any "incendiary talk" in Utah, it comes from the rabid anti-"Mormon" liars, of whom the Rev. Mr. Pierce is one, and among whom evidently his soul delights to be numbered, notwithstanding the express Scripture declaration that "all llars shall bank notes to large legal tenders." liars, of whom the Rev. EASTERN. Gen. Crook and the Question of Troops for Utah.

NEW YORK, 6.— The Tribune's
Salt Lake dispatch says a delegation of representatives of non-Mormon citizens waited on Gen. Crook
to-day, in regard to the concentration of troops in Utah Territory. In
regard to the story about Brigham
Young arming his people to make
a fight in case that he is prosecuted
for complicity in the Mountain
Meadows massacre, the delegation
told Crook they apprehended no
danger of a general uprising of the
Mormons against the constituted
authority of the country, but said
they did fear an outbreak in case
Brigham Young was brought to
trial for murder. Crook replied
that it would be time enough to
provide for trouble when an indictment had been found. Meanwhile,
he said, some companies of the 14th
Infantry, now in the Indian country, will naturally return to their
regimental headquarters here, when
the pressure has relieved them, and NEW YORK, 6 .- The Tribune's

The Search of Shipwreshed Persons.

Washingren, 6.—A dispatch to the Navy Department from Rear Admiral Reynolds, commanding the Asiatic station, states that he has sent the steamer Alert in search of the ship-wrecked persons supposed to be on some Island near Dampier Straits. He received his information from the captain of the bark Agate, who states that a native from King William Island told him that on one of the Islands to the northward, there were six-
