LOCAL BRIEFS.

State Superintendent Nelson leaves today for Emery county to inspect the schools there.

Suit has been filed in the district court by John S. Charlton against T. R. Jones to recover \$1,500, alleged to be due on a promissory note executed on July 18, 1902.

The annual meeting of the Utah State Council of Women will be held tomorrow afternoon at 3 o'clock, in the L. D. S. Business college, room 207. An invitation to be present is extended to all members and friends.

The funeral of Mrs. Ella Melburn was held yesterday afternoon at Odd Fellows' hall, with interment in Mt. Olivet cemetery. Rev. P. A. Simpkins preached the sermon and Judge Botkin spoke.

L. B. Smith has resigned his position with the Northwestern Mutual Life insurance company, and has gone to California. W. H. Ellison has been appointed district manager for Utah and eastern Idaho.

The proposed establishment of a woolen mill plant at Logan by Connecticut parties, is eliciting considerable interest in this city, and the idea of starting a carpet factory also, has been suggested. It is said that the Arizona and Mexican wool has been used, as the northern wool is too fine in quality.

Local business men do not view the run on the St. Louis banks as at all likely to affect the banks in the far west; but they are apprehensive that with the unstable condition of industrial stocks down east and the panicky feeling that is prevailing there, it would not take much to precipitate a panic in eastern money centers.

Mrs. Otis L. Brown of 467 South West Temple street slipped and fell last evening, on the steps of a friend's house where she was visiting at 243 West Second South street, and was so badly bruised that she had to be cared for there. It will be several days before Mrs. Brown can be removed to her home.

A car of wheat from the Cleveland Commission bank at Logan by Connecticut parties, was attached and sold here by J. M. Nell & Co. Today the National Bank of the Republic of Salt Lake brought suit against Sheriff Agnew, claiming to be the actual owner of the wheat, and asked judgment for \$500, the value of the car and for \$200 as damages.

TELEGRAPHERS ASK FOR ADVANCE

O. R. T. Grievance Committee Seeks Concessions Equal to Rock Island and Illinois Central.

DENVER & RIO GRANDE LINES.

All Gould Roads Included in Request For Raise in Wages of 12 1/2 Per Cent.

The old schedules of the Order of Railway Telegraphers is about to expire for the Denver and Rio Grande lines, and the grievance committee is in Denver conferring with the officials of that road with regard to the schedule for next year.

The committee claims that the Rock Island road had made a new schedule with the order increasing the amount paid it about \$200,000, and the Illinois Central had granted an increase of \$100,000. The request is for a raise on the Denver & Rio Grande system of 12 1/2 per cent, on a horizontal scale.

In addition to Senator L. A. Tinquay, chairman of the committee, there were with him R. P. Rubin, E. L. Dehndt and J. Budd. The committee expects an answer tomorrow and if it is favorable will take up the question with the Santa Fe.

O. S. L. IMPROVEMENTS.

New Round Houses for Lima, Montpelier and Glenn's Ferry.

The Oregon Short Line is about to spend considerable money in round houses and shops at Lima, Montpelier, and Glenn's Ferry, Idaho. At the latter place the plans provide for the expenditure of \$75,000 and at Lima and Montpelier \$50,000 at each.

At the latter place a 10 stall round house is already under way, and at Lima and Montpelier two 12 stall houses will be erected. Each of the three places a machine shop for the repair of engines and cars will be established. The foundations for the machine shops show that they will each be 48x112 feet in size, and each will be completely equipped with the best machinery.

The large turntables that are being put in at Montpelier have a capacity of several hundred tons, and are 70 feet in length. The work is being pushed by the division superintendent.

E. P. Biegel, assistant engineer, will have charge at Lima. W. P. Hagner at Montpelier, and the master mechanic for Glenn's Ferry is yet to be appointed.

Chamberlain's Cough Remedy.

No man who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all these things are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

A BONANZA IN ANY HOME.

Hard Times Book.

In all parts of the world there always have been and still are found certain persons, many gifted by nature, who have discovered and learned how to use simple home remedies for all the ills of the flesh. Some of these persons become very expert in the cure of disease. They are generally nurses, though not always, or mothers of large families, who have acquired skill by long experience.

The fact and often been expressed that if some one would obtain and bring together from all over this and other countries all of these simple remedies and the method of applying them, he would confer upon mankind a boon equal to any invention of any age, and the value of which could hardly be estimated in dollars and cents.

To do this of course would involve immense labor and much expense, which naturally would deter almost anyone from making the attempt.

It however remained for the publisher of a book known as "Vitalogy" to undertake this herculean task, by bringing out a book under this title. In 1865 they began their labors. After cleansing this country and Europe they found in Japan remedies that were regarded of extraordinary value, and the Japanese method of applying them made these remedies still more valuable. After more than 20 years of gathering they have finally given to the world in "Vitalogy" a volume whose practical value can hardly be measured by money. In fact it must prove a "bonanza" in any home. It can truly be termed a "Hard Times Book" for there is scarcely a family in this land to whom it would not prove a saving of many dollars each year during their whole lives. The more needy a family is, or the harder the times are, the more valuable this book is to them.

The value of this book lies not alone in saving money, and saving suffering and often life itself; there is another consideration, to is of no less importance, for it will be the means of preventing people from taking drugs into the system. As the Japanese would say, "taking an ounce of medicine is a boon to an ounce of money to produce an unknown effect."

Drugs generally leave a deposit in the body that weakens or injures it for the rest of life. We often take medicine and think that the medicine cures us. Yet we get well in spite of the medicine.

The following is a pertinent paragraph from the writings of the late Dr. R. F. Clayton: "No greater imposition could be practiced on the people than prescribing the use of the so-called Family Doctor Books found in almost every home, that advise drug remedies which only a trained physician is capable of prescribing. When one of these books is read a rock of Home Remedies, regular grandmother's remedies, he would have something that would be a blessing in every household."

The literary division of this book is too, of special importance, as every part of it is of actual money value to the reader.—Morning Chronicle.

HORSEWHIP IN COURT.

Mrs. Jones Carries a Rawhide Into Halls of Justice.

But for the admonition of Judge Lewis, there would probably have been a sensational horse-whipping scene in the City and County building when court adjourned after completing the evidence in the Jones divorce case at 5 o'clock yesterday afternoon. The feeling has become so bitter between Mrs. Jones and her husband, Willard T. Jones, since the charges of adultery have been made against her in the trial by witnesses for her husband, that she has threatened him bodily harm, and yesterday afternoon it was noticed that she had a peculiar shaped bundle in her hands during most of the session.

Later it was noticed that a woman who sat near Mrs. Jones had the bundle and she was seen to unwrap it carefully and expose a small rawhide whip about three feet in length. The matter was called to the attention of Judge Lewis, who, after the evidence had been completed and the arguments set for next Saturday, stated that it had been brought to his attention that there was a horsewhip in the courtroom, and that someone intended to use it. He admonished the person intending to use it not to do so, and the rawhide whip was taken out of the courtroom. The court's admonition had the desired effect and no attempt was made to create a scene. However, it is evident that Mrs. Jones intends to carry out her threat if the opportunity presents itself, for she was heard to remark while leaving the building that there was plenty of time yet. Mr. Jones stated that he had threatened to whip her if he testified against her at the trial.

A Very Remarkable Remedy.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Cough, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "Recently a gentleman came into my store and asked me to give him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly and with a good deal of relief. He was informed that he was well as ever." For sale by all druggists.

Amusements

The largest matinee in the history of the Salt Lake Theater was in attendance yesterday afternoon, when "Ben Hur" was given for the first afternoon performance. An audience almost equally large is witnessing the presentation this afternoon. Last night saw the biggest house of the week, the receipts overtopping even those of either the first or second performance. The final presentation will be given tonight and tomorrow night.

At the Grand last night a fair sized house was present, the presentation of "Tribly." It is to be regretted that the visit of Miss Shirley and her company should have fallen at this particular time, with a clear field, they would have done immense business. The presentation of "Tribly," was excellent, and the Sengval of Mr. George D. McQuarrie, was the strongest feature of the evening's entertainment.

DO YOU BELIEVE IN SIGNS?

A mark, note, token or symptom, indicates that by which anything may be known, that is, we are forewarned if we be careful of the signs which betoken a fortunate occurrence. Accidental occurrences all have their signs, and the signs of the future are in the signs of the past. The points in time to heed the former, and counteract the effect of the latter. Spells of sick headache following indigestion and stomach troubles, belching, biliousness and dyspepsia are signs of sickness. People that believe in these signs and know that they are true from experience, can get immediate relief and a speedy cure. The use of Dr. Gunn's Improved Liver Pills. Throw sentiment to the winds and begin to act with judgment. Sentiment is shallow; for instance, sentiment determines whether we are to have a monarchy or a republic, but judgment decides whether we will elect a tyrant or a man.
