GALVESTON, 7.—The News' Laredo special says: Laredo to-night is in sackcloth and ashes. The intense excitement and lawlessness which has prevailed here for the past fortnight culminated this evening in a bloody riot. The immediate cause is attributed by many to a circular which appeared this morning, announcing that the democrats would hold a funeral service over a party known as "Huarches."

At 4 p.m. the streets leading to the point where the democratic procession was announced to start, was blockaded with armed men. Later the music of the democratic band struck up, and the procession moved down Main street and turned into the street leading to the main plaza. When the head of the column had reached the front of Martini's store, a party of men armed with Winchester and revolvers charged the procession. Instantly over 100 armed men became engaged in a deadly conflict and for half an hour a regular battle raged along the street. During the conflict a small cannon, which had been used by the Huarches party, was fired down the street, and is said to have been loaded with nails and stones. By 5 o'clock the mob spirit was supreme. Word was dispatched to Col. Barnard, commandant at Fort McIntosh, that the heavy firing in the city was caused by a Mexican attack from the other side of the Rio Grande. It took but a few minutes to double-quick two companies of infantry into town, before whom the mob quietly dispersed. The casualties so far as known are five killed and three wounded. All the killed are Mexicans except one young American named Brecker. The democrats claim they were fired into and acted upon the defensive.

WACO, TEXAS, 8.—It was rumored early this morning that masked men began tearing up the rails of the Missouri Pacific track nine miles south of this city and were preparing to burn the large bridge near there. The sheriff and a large posse have gone to the scene.

ST. LOUIS, 8.—All the roads at East St. Louis have been largely reinforced by deputy sheriffs, who are armed with revolvers and Winchester rifles. The depot employes, frightened away yesterday, are returning and trains are moving without molestation.

PHILADELPHIA, Pa., 8.—A fire broke out early this morning in the Pennsylvania Academy of Fine Arts and many valuable pictures were burned and many pieces of statuary damaged. The amount of the loss cannot now be estimated easily, as much that was burned could not be replaced by money. One of the largest paintings burned was Harrison's "Bord du Mer."

FOREIGN.

War Notes.

ATHENS, 5.—The Minister of War has returned from a tour of inspection of the frontier defenses. He expressed his delight to the various commanders at the efficiency of the works. Before leaving Arta he requested the officers to inform their men that they were destined to uphold the honor of Greece on the field of battle, and would not return to their homes until that honor was satisfied.

Great preparations are being made to celebrate the anniversary of Greek independence to-morrow.

The trip of the War Minister and the expressions used by him, are taken to indicate a speedy declaration of war.

PARIS, 6.—A Brittany paper states that 25 cases of cholera have appeared in the vicinity of Auderne in Finistere and that one of them has proved fatal.

BERLIN, 6.—Report of damages by the floods in the Danzig district continue to be received. Several villages have been inundated.

Z. C. M. I. STOCKHOLDERS' MEETING.

At 2 o'clock Monday afternoon, the thirty-fourth semi-annual meeting of the stockholders of Zion's Co-operative Mercantile Institution was held in the Social Hall, H. S. Eldredge presiding. The business of the meeting was the presentation of the President's report of the institution for the past six months, and a special election to fill vacancies occurring in the Board. The President's report was read and unanimously adopted. At the special election, H. S. Eldredge was elected Vice-President, to fill the vacancy occasioned by the death of the late Wm. Jennings, and H. J. Grant was chosen director in place of Mr. Eldredge, both gentlemen receiving the full vote cast.

A dividend of five per cent. was declared for the past six months, payable in merchandise immediately, or in cash after May 5th; a balance of \$3,067.56 was carried to the reserve fund, which now amounts to nearly \$200,000.

The following excerpts from the report of the President give a fair idea of the progress of the institution:

In reviewing the business of the institution for the past six months, it affords me pleasure in saying that our sales have been fully as large as it was estimated they would be at the commencement of the half-year, and notwithstanding the general trade depression that has prevailed throughout the country, and the pressure that has been brought to bear upon the people by the harsh, arbitrary and cruel enforcement of severe, despotic laws, and consequent feeling of uncertainty in all financial matters which such conditions engender, it was gratifying to realize that we have done well.

For some years past prices of all kinds have been steadily sinking, and this decline has been so gradual and so general that it has not attracted as much attention as its importance warranted, but to-day there is not an article in general consumption which commands within 25 per cent. as high a price as it did a few years since. And the tendency appears to be towards a still further decrease rather than in the opposite direction.

Our sales during the past half year have been as follows: Home department, \$1,126,951.03; Ogden branch, \$248,692.73; Logan branch, \$207,884.12; Provo branch, \$23,622.62; total, \$1,607,151.50. As compared with the total sales for the corresponding six months of 1885, our sales for the half year just closed are \$61,104.49 less; but notwithstanding this diminution in sales, our profits are \$4,959.35 better than they were for the corresponding half year of 1885.

Our stock of merchandise on hand, as shown in detail on our stock books, is valued at \$556,548.87; this is \$120,000 less than a year ago. Exclusive of the capital stock and reserve fund, our liabilities are \$518,915.98, and of this we owe to manufacturers and merchants for goods but \$76,391.59; the balance, \$442,524.39, is a home debt.

Our cash, merchandise and grain on hand aggregate \$1,046,933.31, or \$528,017.33 more than the total sum of all liabilities, exclusive of capital stock and reserve fund.

For freight and express charges we paid a total of \$157,843.29. The cash receipts for the half year aggregate \$1,551,158.16.

The following statement of assets and liabilities shows the condition of the Institution at the close of the thirty-fourth fiscal half year, January 31st, 1886:

Table with columns for RESOURCES and LIABILITIES. Resources include Merchandise on hand, Notes Receivable, Accounts Receivable, Cash on hand, Real estate in Salt Lake City, Ogden, Logan, Soda Springs and Provo, Machinery at Shoe and Clothing Factories, and Tannery, 15 horses, 2 mules, 13 wagons, 10 sets harness, oats, chop feed and hay, Provo Manuf. Stock. Liabilities include Bills Payable, Accounts Payable, Unpaid Dividends, Temporary deposits by customers, Outstanding orders drawn on us for Mdec. at retail, Capital Stock, Reserves, Undivided Profits.

A CARD.

The members of the Tabernacle Choir and all those who have ever been members are cordially invited to send their photographs, either card or cabinet size, with the names that they were known by when in the choir; also, if possible, the date when they joined and any other items of their history that may be of interest, to C. R. Savage's Ari Bazar, Salt Lake City, where a set of Albums are kept which have been purchased by the Tabernacle Choir for the purpose of containing the portraits its members.

Friends will confer a great favor by sending the portraits of such members as may have died or moved away, that their memory may be perpetuated in the organization.

Studebaker Bros. Mfg. Co.,

BUILDERS OF

FINE CARRIAGES,

BUGGIES AND SPRING WAGONS,

Farm, Freight, Ore

AND

TRAVELING WAGONS

Desiring to increase our business in Utah, Idaho and Wyoming, we have secured the agencies for the following machinery, etc., viz:

The McCormick H. M. Co's Twine Binding Harvesters, Reapers and Mowers. The J. I. Case H. M. Co's Agitator Threshers, Woodbury Powers, Engines and Saw Mills.

The Ohio Rake Co's Self and Hand Dump Hay Rakes. The South Bend Chilled Plow. The Weir Steel Plows, Harrows and Cultivators. The Boss Sickle Grinders.

All of above goods have been handled in this Territory for many years by the leading agricultural implement houses, and have established such an unblemished reputation that only a few remarks are necessary.

The McCormick H. M. Co's New Steel Binders, introduced here in 1885, are conceded to be far ahead of all competitors, combining as they do, beauty of design, superiority of workmanship, excellence of finish, durability and ease of management.

The combined Reapers and Mowers, Droppers and Single Mowers are unequalled. The Case "Agitator" is acknowledged to be without a competitor, as the sales of the past—more than trebling those of all other threshers—will prove.

The Woodbury Power is the most durable and lightest running horse-power known. The South Bend Chilled Plow, although not introduced into this market until long after other styles of chilled plows, is fast crowding them out and assuming the position of the leading chilled plow.

The Weir Sulkies, Hand Plows and Harrows are known throughout the length and breadth of Utah as first-class goods in every particular.

The Boss Sickle Grinder is a tool every farmer who has a mower needs and cannot afford to be without.

We shall carry a full and complete stock of repairs for above goods, not only for those of this year's manufacture, but for those sold in previous years, so that any farmer having any machine or plow of the line mentioned can get any repairs without needless trouble or expense.

All parties ordering extras for machines bought in previous years, are specially requested, when ordering to give the number or letter on the article wanted.

The above line of manufactures will be under the care of Mr. JOHN FARMER, who has handled them in connection with the Lowell Company for the last ten years, so that as the public in general realize the standard of the companies, the quality of their manufactures, the ability of Mr. FARMER as a machine expert and salesman, and the reliability of the house that represents these great companies, they can rest assured that they will receive as great value for a dollar at this house as they can possibly receive from any reliable house in the trade.

We also keep a full line of

TENTS, WHIPS, WAGONETTES,

WAGON COVERS, LAMPS, BUCKBOARDS,

RAKES, RUBBER, ROUND UP WAGONS,

MACHINE EXTRAS, CLOTH, HARROWS,

WAGON EXTRAS, DUCK, ROBES,

WASHERS, COACH CANDLES,

FARM AND CARRIAGE HARNESS.
