

There is still a feeling of anxiety and liquidation by small dealers continues. **COSTA RICA, Jan. 13.**—The *Official Gazette* says the government has cheerfully consented that the Nicaragua Inter-Oceanic Canal Company be permitted to explore and effect surveys in the territory of Repic.

A letter dated Caliso December 17th, says intense excitement has reigned in Lima and Callao owing to the paper currency continuing to decrease in value. Disorders have resulted in the market places and streets and a regular panic occurred.

Ecuador is meditating the seizure of the northern part of Peru. The Peruvians who reside there, it is said, would be pleased to change their nationality.

FURTHER DETAILS.

A Lima letter says: "The market-places and provision shops are the scenes of most painful events. We have seen women trying to buy food with ten and twenty sole notes and no one would receive them in payment. The streets had to be patrolled in Lima and strong squads of soldiers stationed in the markets to prevent the people from attempting acts of violence against those who refuse to sell for paper money. Among the various incidents of trouble was the appearance of a number of people in front of the house of Sigismund Jacoby, an extensive money dealer. Stones were thrown at the windows of his residence, but the patrollers soon appeared and drove the rioters off. On December 10th there was not a single money changer or business house in Lima selling silver soles for paper money. When the crowd formed around the palace,

PRESIDENT CACERES

spoke from one of the balconies and assured all present that the government was doing everything possible to remove the causes of alarm and to re-establish confidence. In Acopé, in the north of Peru, trouble was feared, as business houses all refused to sell for paper currency. In Trujillo almost all the retail stores are closed and bakers have stopped baking because the holders of flour will only sell for silver dollars, while the bakers only hold notes. In the money market in Lima there were 1,800 stalls; of this number 1,300

WERE CLOSED

Dec. 15. The steeples of the churches were occupied by pickets to prevent the rioters making a call to arms with bells, and all the liquor shops and hotels were closed by the police. The banks were also closed. Disorders have occurred at Huancaavelica, and Acting Prefect, Señor Apollinario Zuniga, treasurer and Señor Isidro Sanchez have been murdered.

INDIANAPOLIS, Ind., Jan. 14.—The fire last night was right in the heart of the wholesale section of the city, and the stores destroyed were all among the largest on the street. It is the season of the year, too, when huge buildings are packed from cellar to garret with goods. A spring stock of goods had just been stowed away and thousands of dollars that had left the safes of the merchants only a few days ago went up in the flames. The individual losses foot up about \$950,000. Among the

LARGEST LOSERS

are George W. Stout, wholesale grocer, \$80,000; D. P. Erwin & Co., wholesale dry goods, \$200,000; Pearson and Wetzel, wholesale queensware, \$175,000; Tanner and Sullivan, wholesale linens, \$65,000; McKee and Branhan, boots and shoes, \$70,000; Berkshire Fire Insurance Co., \$65,000. The losses are nearly covered by insurance.

MINNEAPOLIS, Jan. 14.—The storm's back is broken and the railroads have gone to work to burrow their way through the hard-packed drifts. The snow is as hard and heavy as sand, and baffled snow plows. The only train in at Union depot yesterday was the Wisconsin Central. Two east-bound Northern Pacific trains came in this morning 80 and 50 hours late. One of them has been snowed in 50 miles west of here for 72 hours.

Manitoba this morning started out two northwestern trains, two engines and a snow plow to each train.

Trains from Chicago are expected in tonight on all the roads, but it will take from two to five engines for each train.

The Duluth road is open, but the Omaha line to Sioux City is badly plugged up.

The Northern Pacific has had an excellent opportunity to test the rotary snow plow, with entire success. Over 200 miles of track in Dakota, with the snow averaging 15 feet deep, has been cleared by one plow in sixteen hours. This is an unparalleled achievement.

BERLIN, Jan. 14.—The fact that the Czar at his New Year's reception refrained from talking to the German ambassador and the Austrian representative and one of the Russian generals and ministers whispered a few minutes to M. De Giers and then singled out Minister Bishnegradski, M. Pobredonosteff and Secretary of State Ostrowski, is taken to mean that the war party triumphs.

Movements of troops to the frontier are accelerated and hosts of laborers are constructing redoubts on the line of the Vistula.

Austrian and Hungarian troops are concentrating on the Silesian frontier and the majority of the Hungarian Parliament are ardently warlike. The Austrian war office is confident there are sufficient forces in Central Europe

to arrest any Russian advance.

The upper house of the Russian Landtag which began its session today, elected the Duke of Ratibor president, Herr Von Rochoro, vice-president, and Herr Miguel second vice-president.

WASHINGTON, Jan. 15.—The committee went into secret session. The first motion put was to postpone the further consideration of the case, which was rejected by a strict party vote of 9 to 6. Then the motion was made to reopen the case.

Rowell, republican, asked to be excused from voting, an Cooper, republican, voted with the democrats so the motion was lost. Another motion was to declare Thobes entitled to the seat, and on this four republican members were excused from voting, the remainder voting with the democrats against the proposition. Then came the final vote on the motion affirming Carlisle's right to his seat. All of the democrats voted in favor of this proposition and with them stood Messrs. Cooper, Rowell and Johnson, of Indiana, making the affirmative vote 12. Messrs. Lyman, Hank and Dodge, republicans, were excused, so there was.

NO NEGATIVE VOTE.

The position taken by the republicans who abstained from voting is that while they are not convinced that Carlisle is not entitled to his seat, it is proper for the committee to reopen the case and afford an opportunity for the production of any new evidence that might throw light upon the contest. Under the instructions of the chairman, Crisp will report to the House a resolution declaring Carlisle entitled to his seat.

The mountain trains are on time. The Burlington trains are reported on time; the Missouri Pacific into Pueblo is but a few hours late; the Santa Fe and Union Pacific are not so fortunate, being reported from 12 to 18 hours behind.

A Galway correspondent of the *Evening Telegraph* says Wilfred Blunt was last evening deprived of his overcoat by the prison officials. He then took off the prison garb and demanded his own suit which was refused him. Today he stayed in bed. Blunt told visiting justices that Balfour in recent interviews declared his intention of imprisoning six of the physically weakest of Parnell's friends, who would be unable to survive six months. The justices refused to receive the written declaration, but advised that the prisoner be removed to a better room,

that his overcoat be restored and be supplied with writing materials.

OMAHA, Jan. 15.

The thermometer is rising slowly here. Last night the thermometer registered in some places in the city thirty degrees below zero. Tonight it ranges between ten and twelve degrees. There is much hardship in the poor districts of the city, however, and police stations and other public shelters are crowded to their utmost capacity by homeless waifs.

MINNEAPOLIS, Jan. 15.—At 8:30 this morning a fire was discovered in the Church of the Redeemer (Universalist). The church cost \$80,000. The fire was caused by the janitor's son starting a fire in a furnace which was undergoing repairs. The firemen found it almost impossible to reach the flames and fought them all day long with the mercury ranging from 22 to 30 below zero. Nothing but the walls are left. The loss is placed at \$70,000, with insurance of \$50,000. During the day nine firemen were overcome by the dense smoke which poured from the building. Two of the men are said to be in a very critical condition.

VIENNA, Jan. 15.—It is stated that Count Kalnoky, in his reply to Prince Lebranon, the Russian ambassador who had given him an intimation as to the movements of Russian troops, said he had taken note thereof and he could respond by saying that Austria cherished equally peaceful intentions, but it would be for military councils to judge of the situation created by the advance of troops.

DUBLIN, Jan. 15.—*Freeman's Journal*: Wilfred Blunt is being personally persecuted, and fearing that he will be removed to the worst prison, feels bound to state the grounds upon which he fears that the Parnellite leaders are to be imprisoned. While staying at a country house in the south of England, in September he met Balfour, who made the statement that he intended to imprison the "physically weakest of the Parnellites, adding—"I shall be sorry for Dillon as he has some good about him. He will have six months, and as he has bad health, he will

DIE IN PRISON."

After the Mitchelstown affair, Blunt went to Ireland and warned O'Brien and Dillon. "Mr. Balfour," says Mr. Blunt, "became aware of this, to which I attribute his virulence in the Portlanna trial. I feel unsafe in Balfour's hands. Unless protected by those responsible for the direction of prison discipline, I should incur the risk of ill treatment or perhaps far worse." In response to an inquiry Balfour said, "The story is a ridiculous lie. I do not believe Blunt ever made the assertion attributed to him."

WASHINGTON, Jan. 16.—Senator Blackburn yesterday received a dispatch from his eldest daughter, Mrs. Stewart, who, with her husband, is now in Los Angeles, stating that Mr. Stewart is lying at the point of death with rapidly developing consumption. This case is particularly sad, as the young couple were married but a few months since. Senator and Mrs. Blackburn left for Los Angeles last night.

PHILADELPHIA, Jan. 16.—For several days there has been under consideration by leading men in the order of the Knights of Labor the advisability of bringing a suit by the commonwealth through the attorney general against the Philadelphia & Reading Railroad and Coal and Iron Company to compel them to do certain things which it is alleged they are obliged to do under their charter and the various privileges granted by the state. One charge is that the company by refusing to settle with the men are "cornering" coal and other necessities for the purpose of enhancing their values and extorting exorbitant prices from the community; another charge relates to the responsibility of the company as a common carrier, it being alleged that on account of the company's action men are employed who do not give the best of service and whose efforts result in delay and loss to the community. There are other charges which have been discussed, and it is said that some

LEGAL PROCEEDINGS

will shortly be instituted. It was at first thought by prominent knights who are gathering evidence for the purpose of legal action that the best

way to get at the facts in the controversy would be by congressional investigation, such as was ordered in the case of the Southwest strike. It was thought to have Congress appoint a committee of investigation upon the ground that public interests warranted it, but after further consideration it was decided to postpone the application for a congressional committee until the attorney-general of the state could be heard from.

He urges the Parnellites and radicals to facilitate government business and thus avoid the charge of obstruction. He says the liberal unionists are certain to separate on English matters. Parnell says that the recent reductions in rent made by the land commission are not half what the tenants of Ireland are entitled to and urges the party in power to take such action as will oblige the sub commissioners to re-examine the whole question. He expresses the belief that the nationalists will gain three members in Ulster at the next parliamentary election.

KANSAS CITY, Mo., Jan. 16.—Saturday and Sunday nights were the coldest ever experienced in this section; the thermometer registering 19 below zero at one time. The reports of freezing from points in Kansas are appalling. The blizzard that raged through that section a few weeks ago left the people in an exhausted condition. It is estimated that three thousand people in Clark County are in a destitute condition. A Presbyterian minister at Hartford, Kearney County, writes to the Aid Society imploring assistance for the people of that section, saying: "If relief does not come soon hundreds will die."

Specials from different points indicate that casualties among stock have been greater than ever known in Kansas. Horses and cattle have perished in their states. Two trains of cattle coming in on the Missouri Pacific Railroad were caught in the blizzard and every animal was

The girl was so chilled that she was unconscious five hours after being found.

PARIS, Jan. 16.—The budget committee of the Chamber of Deputies has virtually rejected the financial scheme of M. Tirard, prime minister and minister of finance, and has refused to agree to the immediate surtax on sugar, which would be applicable to the stock now in refiners' hands. The committee insists that the tax should commence in September next, the best season. M. Tirard vainly endeavored to impress upon the committee that the fact that the refiners were allowed to pocket 15,000,000 francs yearly was the sole cause of the deficit in the budget.
