Gentlemen. — I hereby cartify that I have had Calarth for ten years, and for the last six years have been a terrible sufferer. I was rendered partially feat, had burning in the head, pains across the temple, dirry spells, weak and painful eyes, swollen and afternated tonsis, hard and constant cough, severe pain across the chest, and every indication of consumption. My head sched all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislogothe mucus from my throat and head, before being able to sleep again. For a period of six years my tonelis were ulcerated and so much inflamed that I could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant is flammation and ulceration in my throat caused by the solisonous matter dropping down from my heat had so frittated and inflamed my innest hat I coughed incessantly. — a deep, hard cough. Meanwhile my system began to show the effects of this disease, so that I lost fesh, grew pale, and showed every symptom of an early death by consumption. When matters had reached this stage, or about six months go, I began the use of Sanyond's Radical Cours for Kantent. After using the first bottle I began to improve rapidly. The first dose seemed to lear my head as I had not known it to be for years. It seemed gradually to arrest the discharges. It stopped my cough in three days. By using it as gargle! soon reduced the inflammation and swelling of my tonsils, so that they soon ceased to trouble me. The soreness across my chest disappeared to the verge of the grave disappeared by the use of Sanyond's Radical Curs for Catarria.

I have been thus explicit because, as a drugglet, I have seen a great deal of suffering from Catarria and hope to convince many that this is a great end.

and hope to convince many that this is a great remedy.

I am familiar with the treatment of Catarrh as practised by the best physicians, and have consulted the most eminent about my case. I have used every kind of ramedy and apparatus that have appeared during a period of six years past, and have, while following their use, taken great care of my general health, but obtained no relief or encouragement from any of them.

Mesers. Weers & Potter: Gentlemen, — Having for many months past suffered with a very lamo side, called by my physician Chronic Pleurisy, caused by a former injury and strain, and for which I used many prescriptions and liniments, as well as the so-chiled rheumatic ctres, without the least benefit, my physician recommended one of your Collins' Voltaic Plasters, which, to my great surprise, relieved the pain and soreness almost immediately, and I have been able to attend to my household affairs ever since with perfect case and comfort, whereas, before the application of your invaluable Plaster, I was scarcely able to do anything. I consider them inestimable, and shall with pleasure recommend them to the afflicted. Yours respectfully. Mass. FRANCES HARRIMAN. OELAND, Me., April 21, 1876.
