

# POLLING PLACES TOMORROW NIGHT

Where Republicans Will Meet to  
Elect Delegates to County  
Convention.

## LATTER CONVENES THURSDAY.

Great Interest Manifested in the Result  
And Spirited Contests Are  
Looked For.

Republican primaries for the election of delegates to the county convention, which convenes in this city on Thursday and Friday next, will be held in all the districts of the county tomorrow night. In most of the districts great interest is being manifested in the result, as upon it depends the success or failure of many of the candidates for places on the legislative and county tickets. The primaries will begin at 8 o'clock and will be held at the places designated below:

- 1-District No. 1-Hemlock & Emery's store, Eleventh East & Eleventh South.
- 2-Residence of Wm. White, 830 east Ninth South.
- 3-Residence of D. R. Hammond, 734 east Seventh South.
- 4-Residence of H. E. Giles, 655 south Fourth East.
- 5-Hewitt's factory, South State.
- 6-Basement city and county building (Tanner's court room).
- 7-Fifteenth ward schoolhouse, corner Fifth East and Fourth South.
- 8-Pickering's store, 400 south Seventh East.
- 9-Annex Tenth ward meetinghouse.
- 10-Residence Thomas Hobday, 515 south Tenth East.
- 11-Freese's store, 669 south West Temple.
- 12-Cottrell's store, 176 Mead street.
- 13-Fifteenth ward meetinghouse, corner Seventh South and Third West.
- 14-Residence L. J. Wood, 1474 Johnson street.
- 15-Thompson's hall, corner Seventh West and Cannon street.
- 16-Seventh ward meetinghouse.
- 17-Residence of J. A. Anderson, 354 west Fifth South.
- 18-329 south West Temple.
- 19-Young Men's Republican headquarters, Atlas block.
- 20-142 west Second South.
- 21-315 west Second South.
- 22-479 west Second South.
- 23-West End store, 111 south Fifth West.
- 24-Residence T. A. Reames, 63 south Seventh West.
- 25-Seventeenth ward meetinghouse.
- 26-Relief Society hall, corner Second North and Second West.
- 27-Residence J. H. Jones, 238 Wall street.
- 28-443 north First West.
- 29-Union school, corner Third West and First North.
- 30-Residence Robert Bridge, 164 north Sixth West.
- 31-48 Emerald avenue.
- 32-Residence T. A. Henniger, 442 north Third West.
- 33-Residence A. S. Gillespie, 446 west Fourth North.
- 34-Twenty-third ward meetinghouse.
- 35-Eighteenth ward schoolhouse, corner A and Second streets.
- 36-Parry's printing office, 43 east North Temple.
- 37-Twentieth ward amusement hall.
- 38-Residence E. E. Brown, 363 Fifth street.
- 39-Residence J. P. Sorenson, 673 Sixth street.
- 40-Residence John S. Higham, 759 Second street.
- 41-Montee's store, Second street, between O and R streets.
- 42-Residence E. D. R. Thompson, 1113 east First South.
- 43-Residence R. M. Johnson, 251 Ninth East.
- 44-Annex Eleventh ward meetinghouse.
- 45-Residence H. N. Standish, 125 Sixth East.
- 46-Bartch's store, 554 east First South.
- 47-Wasatch Drug Store, corner Third East and Second South.
- 48-Annex St. Mark's schoolhouse.
- 49-Dieh's courtroom, oil city hall.
- 50-Basement Wilson hotel.
- 51-Waterloo schoolhouse.
- 52-Argenta.

## MEETING TONIGHT.

Judge Powers Will Speak Before  
Ladies' Democratic Club.

At the Democratic club rooms in the Atlas block this evening Judge Powers will make his opening speech of the campaign to the Ladies' Democratic club and to all ladies who desire to attend the meeting. A general invitation to this meeting is extended, especially to all of the ladies of Salt Lake City. It was out of deference to the Ladies' Democratic club and the work it is accomplishing for the party that Judge Powers decided to open his speechmaking campaign in this manner, and it is expected that a large number will be present to hear him. The meeting commences at 8 o'clock.

## DEMOCRATIC CAMPAIGN.

Speakers Will be Sent to All  
Parts of the State.

Chairman Bamberger and the Democratic state executive committee are getting busy these days making preparations to wage an aggressive campaign in every county in the state. Hon. S. R. Thurman and A. J. Weber of the executive committee have been appointed a sub-committee on speakers, and they will select and send out a line of speakers to systematically stamp the state in the cause of Democracy.

After his speech to the ladies in the Democratic club rooms tonight, Judge Powers will leave for southern Utah and will speak throughout Washington, Iron and Beaver counties.

Hon. James H. Moyle and Hon. William H. King will leave some time this week for other parts of the state, and they will later be sent out a long list of speakers now being selected.

## ANOTHER ONE NAILED.

Correspondent Takes Umbrage at  
Tribune's Wild Editorial  
Statements.

In a communication to the "News" from a correspondent at Mt. Pleasant, who signs himself "Citizen," the Tribune is taken somewhat to task for some of its characteristic utterances as follows:

The Salt Lake Tribune, in its issue of Saturday, says editorially:

"Further, the schools throughout the state in the country settlements are wholly under Mormon domination in a spirit alien to the right public school sentiment. The boards of trustees in charge on having Mormons for teachers."

"barring all others when they could not get Mormons to the schoolhouse for religious classes." We are not in a

position to speak for others, but we are prepared to say that in the employment of teachers for the public school in this city not a teacher is questioned as to his or her religious belief. The only question is, and has been in the past, is the applicant competent?

Preference has always been given to those who are known to be of good character, and were equally capable for the place. Neither at the present time, nor at any time in the past, have the "Mormons" used the schoolhouse for "religious classes." The house has been used exclusively for educational purposes, and no department has ever been dismembered earlier than usual on this account.

We deem it but right to have the assertion denied that the public schools are under the domination of the "Mormon" Church, in so far as this place is concerned. Even this charge be true, is the teaching of Christ and Him crucified a disgrace, or something that is not elevating for the human mind? In too many instances the "Mormons" are maliciously and falsely charged with things that are absolutely untrue, and therefore they are placed in a false light before the world. From all that we can learn the only question with our school board here, has been the competency of the applicant. Can the high plane of teaching be maintained that is required today? That thought is the only one that has animated the school board here so far as the writer can learn. This article, though brief, is written for the dissemination of the truth, and also that the school board here may not be unjustly accused, when the facts do not warrant it.

## SEVIER COUNTY POLITICS.

Democrats Hold Their Conven-  
tion and Name Ticket.

Special Correspondence.  
Richfield, Sept. 18.-Sevier county Democrats held their convention here yesterday and placed in nomination a county ticket and elected delegates to attend the sixth judicial convention which convenes at Marysville, Oct. 1. The convention was very business-like and harmonious and the ticket is mild and conservative and strong. The ticket, as named follows:

Representative, Hans Tuft of Monroe; clerk, John Hood of Salina; attorney, L. J. Stewart of Richfield; sheriff, Geo. Callaway of Richfield; recorder, Mrs. A. G. Goffredson of Richfield; treasurer, Edward Ross of Joseph; assessor, J. W. Fairbanks of Annabella; superintendent of schools, F. K. Seegmiller of Richfield; surveyor, Christian Anderson of Monroe; commissioner, four-year-term, H. H. Bell of Glenwood; commissioner, two-year-term, Lucien Winkler of Monroe.

James H. Wills of Joseph was made chairman of the convention and Mrs. Nora Hansen of Elmore secretary. H. N. Hayes tendered his resignation as county chairman and A. B. Williams of Richfield was elected to succeed him, with the privilege of appointing his own secretary.

Delegates to attend the judicial convention are as follows: A. B. Williams, E. E. Hoffman, Hans Tuft, J. A. Ross, Peter Christensen, P. C. H. Peterson, B. H. Greenwood, W. J. Warnock, Mrs. Nora Hansen, James H. Wills, L. J. Stewart, Mrs. C. E. Ryan.

The general "Joe" Hyde happened in at the close of the convention and responded to a call for a brief speech which was delivered in his characteristic, good-natured style. Both the Democratic and Republican parties of the county will open up headquarters in Richfield in a few days and begin the campaign in earnest.

The Socialists of the county will hold a mass convention here tomorrow and place in nomination a county ticket.

## NEW PARTY REPUDIATED.

Toole Republicans Go After It  
In County Convention.

Special Correspondence.  
Tooele, Tooele Co., Sept. 18.-The Republican county convention convened here yesterday and repudiated the following persons for county officers:

For member of the Legislature, William N. Gundry, Stockton; county commissioner, long term, Charles L. Anderson, Grantsville; commissioner, short term, John S. Shields, Tooele; clerk, T. J. A. J. Center, recorder, Frank W. Fralley, Stockton; assessor, J. E. Millward, Grantsville; attorney, J. B. Gordon, Tooele; treasurer and collector, Edwin M. Orme, Tooele; superintendent of schools, Samuel W. Leary; assessor, surveyor, A. Anderson, Mercu.

The new Kearney party that was born in Salt Lake during the past week and also the Salt Lake Tribune were strongly repudiated in the convention. The national and state Republican platform were endorsed with the exception of the last paragraph in the state platform, wherein it pledges the legislative nominees, in case a Republican Legislature is chosen in November next, to go into a caucus and nominate a candidate, the majority of the vote in that caucus to be decisive in controlling the action of every Republican in the Legislature for United States senator.

## LOGAN REPUBLICANS.

Elect Delegates to Judicial and  
County Convention.

Special Correspondence.  
Logan, Cache Co., Sept. 18.-Republican primaries were held in all the precincts of the county last night. Every thing passed off quietly compared with the state primaries held a month ago. In only one precinct, the Fourth, was there any contest. In that district a number of young men, prompted by a desire to be recognized, gathered a number of their friends and undertook to run things and came pretty near doing it. They will attend the convention with the older party workers will silently look on. In the First precinct, Samuel Holt and Mrs. Emer Crockett were elected delegates to the judicial convention and Ferdinand Jacobson, alternate.

Hans A. Pederson, Joel Ricks, W. M. Smith, W. W. Hall and G. H. Peterson were elected delegates to the county convention and J. A. Rendrickson, Joseph E. Wilson, Jr., and Mrs. Dr. Ackley alternates.

In the Fourth, Clyde Spencer, J. W.

TEA  
We Americans think we  
are smart; but tea is too  
much for us.  
We are the worst of buy-  
ers of it; so they say.

Your great reward is your money if you don't like  
Billings's Tea.

Barrett, George Ball, Lorenzo Benson, R. O. Stevenson, William Hansen, Casper Hoffman were elected delegates to the county convention and George O. Rich and John H. Anderson delegates to the judicial convention to be held in Logan tomorrow.

George O. Rich is a candidate for county attorney on the Republican ticket and P. E. Kuler for similar honors on the Democratic ticket.

## MIXUP IN IDAHO.

Democratic Committeeman Asks  
Speakers for State Ticket to  
Remain Away.

Advices from the southeastern section of Idaho indicate that the political campaign there, at least on the Democratic side, will be somewhat peculiar. The attitude of the state convention in following Senator Dubois' dictation, and inserting a plank aimed at the "Mormon" citizens of Idaho will, it is thought, result in the outcome of a long series of complaints against the present primary, based mostly on the grounds that it is too small for the present needs of the county, and dangerously unsanitary, both on account of its overcrowded condition and its location. This action has been informally considered by the members of the board for some time and a number of sites have been selected, although it is the intention of the commissioners to purchase a site at an early date.

BACK FROM BOISE  
State Engineer Doremus Chosen  
President of Western Association.

State Engineer Doremus returned home this noon from Boise, where he has been attending the meeting of the State Association of Irrigation Engineers, Utah, Idaho, Montana, Nevada, Nebraska, Wyoming and New Mexico were represented, and in the election of officers, Engineer Doremus was chosen president, Dobson of Nebraska, vice president, and Johnson of Wyoming, secretary. It was decided to hold the next meeting at Cheyenne, Nebraska, has no territorial engineer, so the governor sent a special representative, showing the interest taken there in irrigation. North Dakota and Colorado were not represented. The meeting lasted two days, and involved discussions on methods of water conservation to unify irrigation laws obtaining in different states, and how best to further the interests of irrigation in the arid land states. The selection of a president officer from Utah is considered quite a compliment, and is appreciated.

## JUDGMENT FOR DEFENDANT.

In the case of John Oldham against Young Brothers company, Judge aforesaid rendered judgment in favor of defendant. The action was brought to recover the possession of the store room, at 33 south East Temple street now occupied by defendant company and for damages for the unlawful withholding of possession of the same. It was shown by defendant that after the notice to vacate had been served by plaintiff a new agreement for the rental of the place was entered into between plaintiff and defendant whereby the latter was to pay \$125 per month for the room instead of \$100, and continue in the possession of the room.

## Motion to Set Aside Denied.

In the case of George P. Holman against the Salt Lake City Water & Electrical Power company et al., Judge Hall today denied a motion made by two of the intervenors to set aside the sale of the power company's plant to W. S. McCormick for the sum of \$37,500 as made by Commissioner Sommer.

Pointing out that the court then ordered the commissioner to accept the bid of W. S. McCormick and to execute a certificate of sale of the property upon the payment of the amount bid. The commissioners' fee was fixed at \$50.

## Failure to Provide Charge.

Sarah C. Folsom filed suit for divorce in the district court today against William Folsom, the grounds of failure to provide. They were married in this city on May 23, 1872, and have six children, two of whom are minors. It alleged that defendant has a patent on a crusher valued at about \$25,000 and other property of the value of about \$20,000. That defendant has neglected to provide for the support of his minor children and that part of the common property be set apart to her as alimony.

## LATE LOCALS.

President Joseph F. Smith is expected back from the south on Wednesday. The fall term of Gordon academy opens on 30 studies and is very encouraging to the trustees.

Prof. Clark of the Agricultural college, has gone to Spanish Fork to investigate a disease prevalent among local horses.

An interesting Sunday School union meeting was held yesterday at Provo, Elder W. A. Morton of the general board was present and gave timely instructions.

Dr. and Mrs. J. S. Richards leave shortly for an extended trip expecting to remain a month. During their absence they will visit New York, Chicago and St. Louis.

Heber M. Cutler has returned from a five weeks' visit in the east, including a trip to Boston. He reports commercial conditions through the east as favorable, considering it is presidential year.

The baseball game at Walker's field on Saturday afternoon between the Salt Lake county employees and the Sandy team resulted in a victory for the county team by the overwhelming score of 39 to 2.

A story is told at the Knutsford hotel of a Waterbury, Conn. guest who absorbed information for an hour and a half yesterday as to how to get out to Saltair beach, and finally turned up lost in Sugar House ward.

Edwin Kenyon, a 16-year-old boy residing with his parents at 161 east Third South street, has disappeared from his home, and is supposed to have run away. The police and sheriff's departments have been asked to use every possible effort to locate him.

The management of the Grand theater has installed a three-inch water hose in the galleries, on the floor and on the stage. Moreover, a new switchboard of state has been set up for the electric work, and asbestos curtain has been hung in front of the stage, and red lights are now placed over the exit doors where they will be kept lighted during every performance.

Ex-Mayor M. H. Weight of Pasadena is visiting with the family of James Jackson on Fifth East street. He is an enthusiastic supporter of the water meter system, and says that it has been the salvation of his town. Its adoption resulted in a remarkable curtailment of

# NEW INFIRMARY FOR THE COUNTY.

Resolution Providing For its Erec-  
tion Adopted by Commissioners  
This Afternoon.

## COST IS LIMITED TO \$20,000.

Site Will be Purchased at an Early  
Date—Present Building is  
Too Small.

Salt Lake county is to have a new infirmary. This was decided at a meeting of the county commissioners this afternoon. A resolution on the subject presented by Commissioner H. N. Standish, calling for the purchase of a suitable site and water rights for the construction of an up-to-date infirmary was unanimously adopted. The cost of the site is to be limited to \$20,000. This action is the outcome of a long series of complaints against the present infirmary, based mostly on the grounds that it is too small for the present needs of the county, and dangerously unsanitary, both on account of its overcrowded condition and its location. This action has been informally considered by the members of the board for some time and a number of sites have been selected, although it is the intention of the commissioners to purchase a site at an early date.

## BACK FROM BOISE.

State Engineer Doremus Chosen  
President of Western Association.

They were married in this city on May 23, 1872, and have six children, two of whom are minors. It alleged that defendant has a patent on a crusher valued at about \$25,000 and other property of the value of about \$20,000. That defendant has neglected to provide for the support of his minor children and that part of the common property be set apart to her as alimony.

## LATE LOCALS.

President Joseph F. Smith is expected back from the south on Wednesday. The fall term of Gordon academy opens on 30 studies and is very encouraging to the trustees.

Prof. Clark of the Agricultural college, has gone to Spanish Fork to investigate a disease prevalent among local horses.

An interesting Sunday School union meeting was held yesterday at Provo, Elder W. A. Morton of the general board was present and gave timely instructions.

Dr. and Mrs. J. S. Richards leave shortly for an extended trip expecting to remain a month. During their absence they will visit New York, Chicago and St. Louis.

Heber M. Cutler has returned from a five weeks' visit in the east, including a trip to Boston. He reports commercial conditions through the east as favorable, considering it is presidential year.

The baseball game at Walker's field on Saturday afternoon between the Salt Lake county employees and the Sandy team resulted in a victory for the county team by the overwhelming score of 39 to 2.

A story is told at the Knutsford hotel of a Waterbury, Conn. guest who absorbed information for an hour and a half yesterday as to how to get out to Saltair beach, and finally turned up lost in Sugar House ward.

Edwin Kenyon, a 16-year-old boy residing with his parents at 161 east Third South street, has disappeared from his home, and is supposed to have run away. The police and sheriff's departments have been asked to use every possible effort to locate him.

The management of the Grand theater has installed a three-inch water hose in the galleries, on the floor and on the stage. Moreover, a new switchboard of state has been set up for the electric work, and asbestos curtain has been hung in front of the stage, and red lights are now placed over the exit doors where they will be kept lighted during every performance.

Ex-Mayor M. H. Weight of Pasadena is visiting with the family of James Jackson on Fifth East street. He is an enthusiastic supporter of the water meter system, and says that it has been the salvation of his town. Its adoption resulted in a remarkable curtailment of

expenditure of water, which worked no hardship on anybody and made the well-to-do pay for the water they used, while it bore very lightly on the poorer classes.

The Forest Dale Meat & Grocery company, as now managed, will not be affected by the petition in bankruptcy recently filed in the United States district court by Jacob & Stenhouse, the former proprietors. Some time previous to the filing of the petition, the grounds and building of the company were purchased by J. W. Simons, who is now conducting the business under the old name. His financial affairs are not involved, and the grocery store is now in a flourishing condition, with its books clear of any indebtedness.

At this morning's meeting of the Ministerial association, the content of the session was a paper by Rev. Benjamin Young of the First Methodist church on "Christian Citizenship." It was a discussion on the relations of the church to the civic problems of the day, to the state, as well as to the practical problems of everyday life. The influences of the Christian church should in every way be helpful in raising standards of mental, moral, sociological and economic excellence.

Sevy, A. Snyder of the Buffalo Gasoline Motor company was in town the other day, and taken out on the lake by Capt. D. L. Davis in his gasoline yacht Cambria. This was Mr. Snyder's first sail on the great lake, and he enjoyed the experience heartily. He says that the day for gasoline motors has only just opened, and that the possibilities in the future are limitless. Such motors are finding their way everywhere, and their development is so perfected that there is really no danger any more, except through gross carelessness. If men will smoke around a motor, they must be prepared to suffer the consequences.

Patrick Kink, a passenger on Overland limited train No. 2 of last Sunday evening, en route from Park City to Connecticut, became suddenly insane at the train neared Rock Springs, and jumping from the train, started out across the town in his endeavors to get away from imaginary persons, whom he believed to be pursuing him with intent to take his life. He was captured near No. 1 mine and taken to the Wyoming general hospital, where he became so violent that it was necessary to remove him to the city jail. Monday he was taken before Court Commissioner Tallaferra, and adjudged insane. He was removed that evening to the state insane asylum at Evanston. He could give but little information as to his residence in Idaho, except that he had a sister somewhere in Connecticut-Rock Springs (Wyo.) Miner.

## Amusements.

At the Grand tonight "York State Police" began an engagement which will last the first half of the week.

The sale of seats for Ralph Stuart's engagement at the Theater is now going on at the box office. The play, "By Right of Sword" opens tomorrow night.

## LEHI.

BEGINNING OF BEET HARVEST

"Blight" Cuts No Figure in Immense  
Tonnage Anticipated.

Special Correspondence.  
Lehi, Utah Co., Sept. 19.-Considerable amusement was occasioned in Lehi by an item in the Tribune recently printed in the American Fork correspondence, in which it was stated that the beet crop there was seriously damaged by a blight. The fact is that the total beet acreage in American Fork is 100 acres. This is good for 1,000 to 1,200 tons of beets, and if every beet were blighted it would cut but a slight figure in the total tonnage estimated at 100,000 tons. At the factory it is stated that the "blight" at American Fork will not amount to 2 per cent of the beet crop expected from there. The tonnage per acre at American Fork and elsewhere, it is now estimated, will be larger than ever before in the history of the beet industry.

Last Saturday the farmers of Lehi alone weighed over the scales at the factory more than 250 tons of beets, a phenomenal record for the opening of the harvesting.

## BUSINESS NOTES.

Today's local bank clearings amounted to \$536,385.35 against \$538,381.38 for the same day last year.

The Ogden Cushman Horsehoe company of Ogden, filed a copy of its articles of incorporation in the office of Secy. of State Hammond today. Its capital stock is \$10,000, divided into shares of the par value of \$1 each. H. C. Jacobs is president of the company; E. C. Wheatley, vice president; W. B. Wilson, secretary; A. D. Chambers, treasurer. The company owns the letters patent to the M. E. Porter patent cushion horsehoe.

A copy of the articles of incorporation of the Standard Bottling company of Ogden was filed in the secretary of state's office today. Its capital stock is \$10,000, divided into shares of the par value of \$1 each. J. W. Duffin is president; John Conton, vice president; H. L. Taylor, secretary and treasurer.

The Provo Woolen mills have 75 looms in operation, turning out 30 pieces of fancy casimeres, 50 yards to the piece, per day, with orders enough ahead to keep the establishment running in full for some time to come.

## AFTERNOON ON 'CHANGE.

Two dollars and fifty cents represented the total sales made on the mining exchange this afternoon, 1,000 shares of Little Chief going at 4 of a cent.
