

TAFT RETURNS TO VIRGINIA

Made Member of International Brotherhood of Steam Shovelers and Dredgmen's Union.

PLEASSED WITH CONFIDENCE

President of Organization Says He Had Always Treated Members In Fair and Just Manner.

Cincinnati, July 29.—William Howard Taft, accompanied by Mrs. Taft, left Cincinnati at 9:10 o'clock tonight for Hot Springs, Va., where they will remain until the opening of the campaign the first week in September. At that time Mr. Taft will return to this city, where it is his present intention to remain until election day.

The day following the election was one of comparative quiet for the candidate. He had an extended conference with Arthur I. Vorys, his chief of staff, touching upon minor matters in connection with the Ohio situation. He also saw Chairman Williams and Elmer Dover, secretary of the national committee. He was made a member of the International Brotherhood of Steam Shovelers and Dredgmen's union, and late in the afternoon went in an automobile to the home of his father-in-law, Mr. Herron, where Mrs. Taft spent the night. Mr. Taft said he felt no ill effects of his speech-making exertions yesterday, but will go back to the mountains with some relief for a month of comparative quiet and golf.

SPEECH TO SHOVELERS.

In accepting membership in the shovelers organization, Mr. Taft had this to say regarding labor: "I am very glad to have at my hands this expression of confidence in my efforts to do justice while I was in office. The work upon which many of your members and I were engaged in one capacity or another, endeavoring to facilitate the greatest constructive work of modern times, adds a great deal of interest to me in the campaign you are now making. I am especially gratified because you evince a liberal and impartial view of the tendering me this compliment, because in the administration of work on the isthmus I did not always decide in favor of your contentions. But when I decided contrary to the claim which was made by you, I tried to give reasons, which I think by your action today were convincing of my desire to reach a just conclusion."

OTHER NOTED UNION MEN.

"President McKinley had the honor to be an honorary member of the Bricklayers' union, President Roosevelt has the honor to be an honorary member of the Firemen's union. With such examples as these, and with the precedents in my own life in becoming an honorary member of useful organizations, I cannot see the slightest objection to my accepting the compliment of your hands, which I appreciate highly, and which I shall always cherish as one of the evidences that there are some men whom I have convinced, through my official work, of my desire to do the square thing for everybody."

T. J. Dolan, president of the organization, speaking of the manner in which Judge Taft had treated the organization in connection with canal work, said to Judge Taft:

"We always have been treated by you in an eminently fair and just manner. You always have shown your appreciation of our efforts in securing volunteers from our organization from all parts of the country. It being necessary to ask for volunteers because of the climatic conditions that exist on the isthmus."

The good wife in her home at night, with her work upon her knee, happy that she feels just right: She takes Hollister's Rocky Mountain Tea.

Godbe-Pitts Drug Co.

FIRE IN ABERDEEN, WIS.

Aberdeen, Wash., July 29.—Fire early this morning destroyed nine buildings in the restricted district of this city which is situated on the Northern Pacific railroad. The fire entered the city through the railroad.

One fatality resulted, that of a saloon habitue known as "Cedar" Willie, drug fiend. He partially incinerated and was found on his bed in the saloon of the New Brunswick hotel. The damage was about \$50,000; insurance, \$50,000. The Northern Pacific will be laid up for several days.

WHALE DYNAMITED.

Bellingham, Wash., July 29.—Dynamite was used today to kill a 30-foot humpback whale which entered a salmon trap at Smallog Bay, San Juan Island, on last Monday. The whale, and in attempting to drive out the fish was killed by a rifle bullet. The body sunk and the crew refused to desert their dead young. The whale was dynamited and a large quantity of dynamite was used. It is estimated that more than \$2,000 worth of fish per day was lost to the packers through the presence of the whale in the trap.

SCHILLER CONFESSES CRIME.

Indianapolis, July 29.—Otto Schiller, aged 29, of New York, was arrested today and confessed to having killed an Italian named Solonzo in that city eight weeks ago. Schiller says Solonzo attempted to rob his mother and when the woman resisted he shot and killed her. The boy wanted to see his mother's murderer and he was. He escaped, but after wandering about the country, decided to confess, saying he could no longer endure the burden on his mind.

DIARRHOEA

There is no need of anyone suffering long with this disease, for to effect a quick cure is only necessary to take a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year.

In the world's history no medicine has ever met with greater success. PRICE 25c. LARGE SIZE 50c.

BRYAN REVIEWS TAFT'S SPEECH

Says Republican Candidate Fears The Uprising Which Republican Abuses Have Caused.

HESITATES AS TO REFORMS

Will Discuss His Attitude on Labor Question in His Talk at Chicago September 7.

Fairview, Lincoln, Neb., July 29.—Charging that Judge William Howard Taft was not satisfied with the work of the Chicago convention which nominated him as the Republican candidate for the presidency, and that in consequence he is deeply impressed with the work of the Democratic convention at Denver, William Jennings Bryan today issued a statement in which he expressed the opinion that Judge Taft "fears the uprising which Republican abuses have caused, and yet hesitates to adopt his real and substantial reforms."

The statement was called forth because of the allegation made by Judge Taft in his speech of acceptance at Cincinnati yesterday that Mr. Bryan was a destroyer of business. In regard to the speech, Mr. Bryan said:

"I read the various subjects upon which he treats. For instance, in a speech at Topeka, between now and the first of September, I shall discuss the question of banks and contrast Mr. Taft's position with the Democratic position. In my Labor day speech at Chicago on Sept. 7 I shall discuss his attitude on the labor question. In my speech at Topeka I shall discuss his attitude on the tariff question, the trust question and other questions upon which he has expressed himself."

The most noticeable feature of his speech is his attempt to amend the Republican platform by engraving upon it some of the planks of the Democratic platform. He is evidently not satisfied with the work of his convention, and is deeply impressed with the work of the Democratic convention. He is uncharitable, however, in not giving the Democratic party credit for having pointed out the reforms which his own convention repudiated, but which he, in a half-hearted way, endorses. The speech shows that he fears the uprising which Republican abuses have caused, and yet hesitates to adopt his real and substantial reforms."

Confirmation was given by Mr. Bryan to the story printed in the afternoon that it was not his intention to make any extended speech at Topeka, but only to deliver a few prepared speeches at central points before the first of October, and that during that month he expects to remain at home and assist in the educational campaign through the discussion of public questions in the form of signed articles, interviews and letters.

The outline of my plan of campaign as printed today," said Mr. Bryan, "is substantially correct, but I am not prepared yet to announce the number of speeches or the places. Besides speaking at Topeka in August and at Chicago on Labor day, I shall attend the Democratic convention at Peoria on Sept. 9, the notification of Mr. Kern at Indianapolis on a date not yet fixed, and a formal address at Madison, Wis., about Sept. 25."

Although the heat was intense, a large number of visitors rode out to Fairview and paid their respects to the Democratic leader.

The actual writing of his speech of acceptance has not yet been begun by Mr. Bryan, but he stated today that his ideas were already formulated, and he would enter upon the work of preparation in a day or two. The fact that an additional stenographer has appeared on the scene is an indication that all is in readiness for this important task.

SPARKS SALOON HELD UP.

Reno, July 29.—Late last night a lone unmasked man walked into the Northern saloon at Sparks and with a revolver killed four men in the place, looted the wall, robbed the roulette table of \$500 and attempted to open the cash drawer.

As he stepped behind the bar a bullet hit him on the leg. The robber promptly shot the dog, but, fearing the report of the shot would bring a crowd, he quickly disappeared through the back door into the darkness. As yet no clue to his identity has been found.

GOV. JOHNSON SENDS GOOD WISHES TO BRYAN

Minneapolis, July 29.—F. B. Lynch, Democratic national committeeman for Minnesota and manager of Gov. Johnson's campaign for the presidential nomination, will leave in a day or two for Lincoln, Neb., where he will consult with William Jennings Bryan as to the Democratic national campaign in Minnesota. Mr. Lynch will bear with him the good wishes and assurances of support from Gov. Johnson, and his mission will probably be largely for the purpose of making peace between the Democratic factions in Minnesota.

AN ATROCIOUS MURDER.

Woman's Throat Cut and Then Her Body Burned.

New York, July 29.—In the finding of the half-charred body of a young woman early this morning in an isolated section of Williamsburg, Brooklyn, one of the most atrocious and cunningly planned murders that have been given to the police to solve in many years was revealed. Death was caused by a cut across the throat, and then, in an endeavor to utterly destroy all evidences of the crime, the murderer or murderers wrapped the body in an oil soaked mattress, poured oil over the victim's clothing and set fire to the bundle. A powerful acid had previously been poured over the face to obliterate the woman's features and make identification impossible.

Although two arrests have been made the police do not believe they have in custody any one who can shed any light on the mystery. The prisoners are James Ruddick, an old man who lived in a stable not far away from where the body was found, and his son Joseph, a peddler, who discovered the body.

INJURED IN COLLISION.

New York, July 29.—Four passengers were injured, one fatally, in a rear-end collision between two trains on the North Avenue elevated railroad at Eighty-sixth street, late this afternoon. The rear car of the head train, carrying 21 passengers, was telescoped by the first car. The forward car balanced on the edge of the elevated structure. Many passengers were taken from the train to the street by firemen with ladders.

CASE OF GEORGE VICE.

His Mother Returns from Brazil, Believing She Saved Son's Life.

New York, July 30.—Mrs. Leonora Vice, of Hackensack, N. J., went to Brazil to attend her son, George H. Vice, shot and captured by the Brazilian police as a member of Sebastian Magall's filibustering expedition last December, has returned to her home. His trial is set down for September and she hopes for his acquittal.

lian police as a member of Sebastian Magall's filibustering expedition last December, has returned to her home. His trial is set down for September and she hopes for his acquittal.

"I believe my arrival in Brazil saved my poor boy's life," said Mrs. Vice, "for he was imprisoned in miserable quarters, the authorities there not knowing that the young man who had been captured belonged to respectable families and had been deceived by Magall. George was shot in two or three places and the wound in his leg still compels him to use a crutch."

"Samuel Parker, of New York, is still in jail and awaiting trial as well as the rest of the young men who declare they did not know the leader was on a filibustering expedition. I believe the authorities realize this now. George was engaged as a cook and the others were told they were to be employed as guards over a gold mine. Magall's expedition left Brooklyn on a chartered vessel on Nov. 3. His alleged plan was to land on the coast of Brazil and to overpower the forces of the state of Minas Geraes. Most of the 20 recruits he took were Canadians."

EUROPE RECOVERING FROM EFFECTS OF PANIC

New York, July 30.—Robert J. Thompson, a Chicago manufacturer, who has been spending the last two years as United States consul at Hannover, Germany, has arrived in New York on a business trip and will spend his annual vacation in Chicago. Speaking of business conditions abroad and at home, the indication of returning prosperity and the general improvement of commercial conditions, Mr. Thompson said:

"A very good and a very sure criterion of trade conditions is the official government report of declared exports to the United States from old and established American consular districts in Europe."

"Rapid revival in business activities is going on in every respect. It may not be apparent in every respect, but in orders placed in Germany by American buyers and in goods now being shipped to this country, the improvement during the quarter ended June 30, has been almost as marked as the falling off was noticeable during the previous six months."

"Germany has felt the effects of the depression here very acutely as her exports to America are principally manufactured utilities. While the value of our exports to Germany vastly exceeds what we buy from her—this being on account of her purchase of raw products, such as cotton, grain and petroleum—in a comparison on an exchange of manufactured articles purely, she has us beaten by nearly 50 per cent, that is, she sells us a hundred million worth of manufactured articles while we sell perhaps 20 millions worth."

TO SOLVE MYSTERY OF VIOLENT DEATH OF PARENTS

Chicago, July 30.—Percy Ralsbeck left Chicago for Minneapolis last night to make an attempt to solve the mystery of the violent death of his father and mother, Mr. and Mrs. George A. Ralsbeck, whose bodies were found in Lake Rydell, two miles from Annandale, Minn.

"I am going to hire private detectives," he said, "to solve this mystery. I know it would be my father's wish. If there is a murder, I am satisfied of my own conviction that it was committed by outsiders."

A JAPANESE PORCELAIN PAINTER AT WORK.

The cut shows the studio of a Japanese painter of porcelain, which is a trade almost exclusively followed by women. These artist craftsmen are wonderfully expert at this delicate business and produce results that are positively bewildering to the American decorator.

Before he left young Ralsbeck received telegrams stating that the coroner had directed his jury to bring in a verdict of drowning despite the fact that physicians proved Mrs. Ralsbeck could not have been drowned.

PRESIDENT DECLINED.

To Permit Transatlantic Steamer to Be Named After His Daughter.

New York, July 29.—The Austro-American Steamship line names their ships after the world's famous women. One of their ships bears the name of the Empress Eugenie; another is named Martina Washington. A third, according to a story which has been traveling quietly around shipping circles for some time was almost named for the daughter of a president of the United States.

According to this story when the line wished to name one of its new vessels, 18 months ago, the board of directors wrote to President Roosevelt requesting his permission to name the vessel Alice Roosevelt. Mr. Roosevelt, the tale continues, wrote back an equally courteous but unmistakably firm letter stating that, although he was deeply conscious of the honor intended to his family, he was adverse to the peculiar kind of publicity this would entail. So the directors called the boat the Alice.

GOVERNORS ROOM

IN NEW YORK CITY HALL

New York, July 30.—Work is to be begun almost immediately on the restoration of the governor's room in the city hall, which is to be put in exactly the same condition as it was a century ago. The money for the work, \$25,000, was given to the city by Mrs. Russell Sage.

The municipal art commission reached this decision at a meeting held yesterday. The original plans for the room as it was in 1803 are in the possession of the New York Historical society, and copies have been made of them, from which the architect, who is to have charge of the restoration, will work. The plans contemplate the re-opening of two large colonial windows overlooking the park, which have been closed for years.

The best baby tonic known. Keeps them well, prevents summer troubles, soothes and quiets the stomach and bowels. Hollister's Rocky Mountain Tea is baby's best friend, 4c. cents, Tea or Tablets. Godbe-Pitts Drug Co.

Rice-Casner Concert Co., Saltair, all week. Concert daily 7 to 8.

LIABLE TO \$25,000 FINE.

Capt. Praessler Brings Vessel Into S. F. Harbor Without Bill of Health.

San Francisco, July 30.—Unless Capt. R. Praessler, master of the Kosmos liner Assuan finds an acceptable excuse or some powerful intercession, he will be fined \$25,000 for bringing his vessel into this port without a bill of health. The law provides a fine of \$5,000 for bringing a vessel from a foreign port without a bill of health.

The Assuan, which arrived here Monday made four foreign ports in addition to her home port before arriving here. The matter has been referred to Washington.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. For sale by F. J. Hill Drug Co., "The Never Substitutors."

Rice-Casner Concert Co., Saltair, today. Concert 7 to 8 o'clock.
