

Both Better and Cheaper.

The Royal Baking Powder, as an actual fact, is the most economical in use of any made, because of its superior strength. The United States and Canadian Governments have published this fact officially. The other baking powders known in this vicinity are shown by chemical tests to contain from 20 to 80 per cent less leavening-gas than the Royal. So the Royal, even should it cost more than the others, would be much the cheaper.

In addition to this the superior flavor, sweetness, palatableness and delicacy of the food raised by Royal Baking Powder would make any difference in cost insignificant. When the Royal makes finer and more wholesome food at a less cost, than every housekeeper familiar with it will affirm, why not discard altogether the old-fashioned methods of soda and sour milk, or home-made mixture of cream of tartar and soda, and use it exclusively?

A NEGRO MURDER.

KANSAS CITY, Mo., Sept. 5.—On Monday the dead body of Estlin Greenway, an old negro, was found in an orchard near his home near Kansas City. A bullet hole was found in the head and the body had been partly consumed by fire. Lewis Griffin, a son of a respectable family living at Kansas City, was arrested on Wednesday. Today, at his preliminary hearing, he pleaded guilty of the crime. He said he shot the negro because he had defamed his character. He held the pistol so near his head, he said, that he could not see the negro's face. The jury found him guilty and sentenced him to the penitentiary for life.
