Removal of United States Troops from Alaska.

WASHINGTON, 11.—For several months past the question of withdrawing the troops from the Territory of Alaska and turning that Territory over to the control of the Treasury Department has been discussed at cabinet meetings, and numerous letters on the subject passed between the Secretary of War, Major General McDowell, commanding the military division of the Pacific, and the Secretary of the Treasury Department. One reason urged for the withdrawal of the troops was that of conflict of authority frequently arising in Washington Territory on account of arrests made by the military in Alaska of persons who were brought to the last named Territory for trial there being no civil authorities in Alaska; and besides, the expense of keeping a military force there was greater than at any other point. Recently a fire destroyed a portion of the barracks, and it was estimated that it would require \$12,000 to repair the damage. Companies G and M, of the Fourth Artillery, numbering seventy-three men, have been stationed at Sitka, and Company A, of the same regiment, numbering thirty-five men, has been stationed at Wrangell, making a total of 108 soldiers located in the Territory. It has finally been determined that the troops shall be withdrawn, and the control of the Territory transferred to the Treasury Department. The Secretary of War has accordingly sent the following letter to General Sherman, who will direct General McDowell to withdraw the troops: "War Department, Washington, 11th.

"To General W. Sherman, United States Army.

"General, By the direction of the President of the United States, the troops now in garrison at certain points in the Territory of Alaska will be withdrawn upon the arrival of the revenue cutter which will be sent out under the control of the Treasury Department, and which is expected to arrive in Alaska waters about the fifteenth of May. So much of the public property in charge of the military officers cannot be removed will be turned over to the captain of the revenue cutter, or such other official of the Treasury Department as may be designated of which due notice will be given you, and upon the departure of the troops all control of the military departments over the affairs in Alaska will cease. The troops will be ordered to such points in the military division of the Pacific as the commanding general, with your approval, may designate. Very respectfully, your obedient servant,

"GEORGE W. McCURDY, Secretary of War."

Reappointed.

The new board of police commissioners has dismissed the charge heretofore made against Mr. Richards, superintendent of police and of the detective corps, on the ground that the public interests do not now require the singling out of a few individuals to punish a crime, and the state of things which had been the imperceptible growth of years, and for which their superior officers were still more responsible.

Make Restitution.

PROVIDENCE, R. I., 11.—The Journal states that A. D. Goodwin, of the firm of Warner & Goodwin, of that city, and the abiding United States Consul at St. John, New Brunswick, have returned to Boston and made restitution of about \$7,500.

Another Denial.

The published statement that E. Gilman, one of Lee's friends, had filed at the Attorney-General's office an affidavit to the effect that the confession of Lee was obtained by Howard, the prosecuting attorney, by promising a bribe, and the other important facts of the confession implicating Brigham Young were omitted, is denied by the Attorney-General.

Wool Market.

BOSTON, 11.—Wool is dull. Medium and X Ohio 40 to 42; Michigan, Wisconsin and New Hampshire 35 to 40, mostly 37 to 38; combining and medium 42 to 50; pulled in quiet, with a range of 25 to 45, mostly at 35 to 40 for good lines of super and X; California unchanged.

Methodist Conference.

At the New England Methodist Conference a letter was read detailing the recent killing of Rev. William H. Scott at South Carolina, and the following resolutions were offered:—

Resolved, That we hereby utter anew our protest against those twin evils of slavery and rebellion—the slave whip and the shot gun, and call upon a Christian people of the south to repress this renewed outbreak of barbarism.

Resolved, That we desire to express our sympathy for our brothers who are in the field, in the land of poverty, and peril of life, and to assure them that no word or effort of ours shall be wanting in their behalf.

Resolved, That we call upon the government of the United States, before all questions of party consideration, to employ its utmost influence and power in the suppression of violence and the protection of all classes of citizens in the exercise of their civil and religious rights.

The resolutions were referred to the committee on the state of the country.

A motion was made to transmit a copy of the resolutions to Gov. Wade Hampton, of South Carolina, and was received with applause, and not entertained by the bishop.

The conference committee, to whom was referred the political resolutions before mentioned, reported the following as a substitute:

Resolved, That we respectfully request our representatives to the General Assembly, to inquire into the facts and circumstances of the shooting of the Rev. Wm. H. Scott, and if the same shall have been here reported, to bring them to the

notice of the entire church in such a way as he may deem wise, that it may take such action thereon as the necessities of the case may require.

The report was briefly discussed and adopted.

The St. Louis Calamity.

ST. LOUIS, 11.—The fire department has not yet succeeded in cooling off the debris sufficiently to enable the search for the bodies to proceed. Major General McDowell, in the previous dispatch, was the Rev. A. B. Adams, incumbent of the parish of Berkshire, England. He was en route to California. His remains were found in the debris. Lettie Allen, an actress from the East, guest of Miss Clifton, of the Olympic Company of this city, is among the saved. H. F. or H. M. Clark, a railroad conductor, said to be formerly from Toledo, together with his wife and child, are among the killed. Milton Nobles, the actor, and Miss Francis, his wife, were also among the saved. The latter was very seriously injured. The former was mainly instrumental in saving the lives of ladies who were on the same floor as the site of the fire. Some people have thought the vicinity of the fire all day. Some looking for absent friends, but the great mass are incited only by curiosity. There is a strong guard of police surrounding the ruins, and no one is permitted within the lines excepting the reporters, and those directly interested in the calamity. The names of all known to be dead are being registered, but a full list may be expected to-night, and also the full insurance.

William Felix, a minister, said to be a member of the English Baptist Church, who was married in this city a few months ago, and who was residing at the hotel with his wife, became separated, and the wife was found in the debris, and was killed. He was intensely excited, and evidently lost his mental balance. About six o'clock this morning he went to the room of a friend and shot himself. The coroner held an inquest, but could not decide whether his death was caused by suicide or accident. There are various reports regarding the matter. One is that he knew his wife was saved, and killed himself while laboring under mental derangement.

Doctor Adler intends making a full inquiry into the cause of the fire and all the facts connected with it, but will not begin his investigations for a day or two.

The fire department are still throwing water on the ruins, and as soon as cool enough, search for the bodies will be commenced.

Those most familiar with the circumstances of the fire and the number of guests and employees in the house, believe that few, if any, bodies will be found. There were about eighty female servants in the house, and some 800 as previously reported.

P. Shakerford, of New York, has both his legs broken, and some few others of the saved are more or less injured. Francis McCallin is thought to be fatally wounded.

The number known to be killed is reduced to eleven. How many bodies there may be in the ruins, or the exact number of the missing, is not known. Persons who were through various parts of the hotel just before the fire, say that it was clear of living people. Still there may have been a number of persons who were on the floors in the halls when the interior of the building fell. A thorough search will commence, when the facts will be known. The bodies of the missing, if any, it was by no means as great as has been reported.

Severe Gale.

NORFOLK, Va., 11.—The recent gale was the severest ever known here. It blew sixty-five miles an hour, demolishing the telegraph, dismantling vessels, and probably sinking some.

Stormy Weather.

PORT MONROE, Va., 11.—The severest storm for many years set in on Sunday night, and lasted forty-eight hours. The tide is higher than it has been for five years.

\$140,000 Fire.

TROY, N. Y., 11.—The Hudson River pulp and paper mills, at Palmer Falls, were burned this morning; loss \$140,000, insurance \$75,000.

Serious Accident by a Lamp Explosion.

NEW YORK, 11.—By the explosion of a gasoline lamp, at East New York, last night, the three-year-old child of a woman, named Davis, was burned to death, her daughter Estella, aged eight years, fatally scorched, and two other children and three neighbors who were in the room, suffered the flames were seriously injured.

Discharged from Custody.

Henry Cooper, charged with willfully setting fire to the clothes of Lucy Freeman, was, to-day, discharged from custody, the jury finding that the death of the girl resulted from accident.

Another Bankruptcy.

A petition in bankruptcy was filed, to-day, in Brooklyn, by the creditors of Peter T. Tottam, a Fulton Street ivory merchant, of New York. Liabilities \$125,000.

The Supposed Readers Released.

FORT SMITH, Ark., 11.—The Keefeers, arrested as the Reader family, have been released. The Kansas papers fail to identify them.

The New Orleans Commission.

NEW ORLEANS, 11.—The commission, to-day, heard the State board of education regarding the affairs of that department.

The Nicholas Legislature has passed an act abolishing the old State board and establishing a new one, composed of the State officers and two citizens of whom Richard is one. After an interview with the board the commission divided and had interviews with Governor Nichols and Governor Packard, spending considerable time with each. In the afternoon a delegation of thirteen colored men appeared, with Packard at their head, among them were three members of the Nicholas legislature. They were all opposed to the Packard government, and in favor of the reorganization of Nicholas. The commission have been busy as individuals, but they do not make known the progress they have made.

An Unsubstantiated Story.

LOUISIANA, 11.—The story of the attempted abduction of Mrs. Watson from a Rock Island Railroad car by six roughs, proves, on close examination, to be unfounded. She had hysterics, and imagined her woes.

Apoplexy—Suicide.

CHICAGO, 11.—Yesterday Nicholas Stades, under bonds on the charge of terrorizing the residents of the North Side, was found dead in his bath tub yesterday, and an examination to-day proved that apoplexy was the cause. To-day, Charles C. Rosenberg, his son-in-law, committed suicide by shooting himself through the head. Cause—hard drinking.

Thomas A. King, residence unknown, committed suicide in the Grand Pacific Hotel, to-day, by taking laudanum.

WESTERN.

The Hayes-McComb Case Dismissed.

SAN FRANCISCO, 11.—The case of William Hayes, the attorney who attacked the McComb, managing editor of the *Alta*, short time ago, was dismissed in the police court, to-day, on motion of the prosecuting attorney, by consent of counsel. Hayes' counsel tendering a public apology for the outrage.

FOREIGN.

TURKEY.

The Porte and the Montenegrin Delegates.

CONSTANTINOPLE, 11.—Safvet Pasha has informed the Montenegrin delegates that it is impossible for Turkey to cede Nisic, Kutchik, or Katschich, because the Chamber of Deputies has rejected their demands. The delegates, however, added, however, that the Senate had still to examine the question. The Montenegrins replied by asking for a final answer on Friday. If their demands are refused, which seems certain, they will quit Constantinople on Saturday.

WALLACHIA.

War Preparations.

BUCHAREST, 11.—The Turks display great activity in pushing forward military preparations. Twenty-four Krupp guns arrived recently for the defence of the banks of the Danube. Six battalions, with arms and ammunition for artillery landed yesterday. Sadyk Pasha daily concludes contracts for provisions. Flour is being forwarded to Widwan, where several thousand soldiers are completing the outposts. The Turkish army of the Villet of the Danube is already in arms.

BELGIUM.

Lord Derby and the Protocol.

BRUSSELS, 11.—Lord Derby says Lord Derby's reservation on signing the protocol has been misinterpreted at Constantinople. Lord Derby has since written to Constantinople categorically declaring that the Porte must in no way rely upon England.

BRITISH AMERICA.

Destructive Fire.

CLIFTON, Ont., 11.—The custom house block was burned this morning. The building was occupied by Pierce, Holland & Co., bankers, the Dominion Telegraph Company, and other offices. The upper part of the building was occupied by Her Majesty's customs. Everything was burned.

DALMATIA.

The Turks and Militias.

RAGUSA, 11.—There has been continued conflicts for the last three days between the Turks and Militias.

GREAT BRITAIN.

The Eastern Troubles.

LONDON, 11.—The *Standard's* Constantinople correspondent says that Pasha was present in the Chamber of Deputies when the Montenegrin proposals were rejected. He was asked whether their rejection would cause war, and replied it probably would, though he was not certain. A Vienna dispatch reports that the Russian ambassadors will receive instructions to make known to the government the latest order of the protocol under the present circumstances as binding on the part of all the six powers.

A dispatch from Constantinople says that the Russian Senate confirmed the deputies' rejection of Montenegrin demands, and that the Russian government is settling the question to the government.

WEST INDIES.

German Merchants Embargoed.

ter remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had been doctored with many physicians without relief, and as a last resort went to the noted Hot Springs of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

\$10,000 REWARD.

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country store-keepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 338 Superior Street, Cleveland, Ohio.

W. Godde, Pitts & Co., Wholesale Druggists, Salt Lake City, Sole Agents for Utah.
