EASTERN.

Motion Denied.

NEW YORK, 19.—Judge Brady denied the motion of Tweed's counsel, to correct the alleged error made by Chief Justice Davies, in the record of the trial.

Trotting Match.

"American Girl" and "Copper Bottom" trotted, to-day, at Deerfoot Park, for a purse of $1,000; "Copper Bottom" took the first heat in 2 28, the "Girl" the next three and the race in 27¾, 26½, 28.

Convicted of Manslaughter.

In the U. S. Circuit Court, Jos. W. Carry, mate of the American ship *Sovereign of the Sea*, was found guilty of manslaughter for causing the death of a sailor by cruelty; he was remanded for sentence.

The Shooting of Buckland and Girard—A Serious Fire.

The *Times* has received no further news as to the shooting of its correspondent Mr. Buckland. Intelligence of the affair was immediately communicated to Postmaster General Jewell, and he has despatched from Washington. The *Times* says it has no definite particulars, and Governor Jewell could only conjecture that Buckland was shot on the pretence that he was a spy with concealed purpose, which is hardly probable, but is more likely owing to the determination of the republicans to prevent the publication of any letters or information from the Carlist camp. As Mr. Buckland and his comrade, Mr. Girard, are Englishmen, the duty will devolve upon England of demanding from Spain an explanation and restitution. There is no basis for interference by the United States. The action to be taken by England will depend much upon the attitude of the press of that country and Governor Jewell. It is hoped that its voice will be unanimous for prompt and decisive measures.

The *World's* special from Bismarck, D. T., says that a fire at Fort Berthold destroyed the agent's warehouse and a large quantity of provisions and the dwelling of the agent; the loss is serious, as the supplies destroyed were intended for the Indians.

Trains Wrecked.

DETROIT, 19.—By a collision of two construction trains on the Lake Shore road, this morning, Chas. Kromer, fireman, was instantly killed, and six others seriously wounded; the trains were completely wrecked.

Election Returns—A Riot.

INDIANAPOLIS, 19.—Official returns from 73 counties, with a number yet to hear from, give a democratic majority of 14,753. In Knox county the vote was a tie, but leaving this out, the legislature stands: senate, democrats, 23, republicans, 24. Independents, 3.

Governor Hendricks, this morning, received a dispatch from the sheriff of Porter county, informing him that a body of armed men were resisting his efforts to protect the employes of the Baltimore and Ohio Railroad while attempting to lay the track across the Michigan Central R. R., and asking aid to quell the riot; the Governor ordered two companies of the state guards to proceed at once to the spot.

Kidnapping Case.

NASHVILLE, 19.—Gov. Brown, in a letter to-day, addressed to Gov. Beveridge, of Ills., in relation to the kidnapping of Geo. W. Smith, now indicted in this State for murder, takes the grounds that he is now in the hands of the judiciary and out of his control. The constitution of Tennessee so distinctly defines and separates the executive and judicial departments that he cannot interfere as to the abductors of Smith. Governor Brown says that no requisition has been made for them, but that when made it will receive due consideration.

The "Virginius" Affair—The Supreme Court.

WASHINGTON, 19.—No official information has been received by the government that Spain has paid England indemnity damages in the *Virginius* case. The correspondence between the U. S. and Spain continues without a prospect of a settlement except by arbitration, according to the Fish-Polo protocol.

Justices Davis and Bradley having arrived, were, to-day, in their places on the supreme bench, and the court, to-morrow, takes up the case of Woodson vs. Murdock and others, involving the question of the right of the State of Missouri to sell property belonging to the Pacific Railroad Company to satisfy a lien of the State for advances made towards the completion of the road.

WESTERN.

Failed.

SAN FRANCISCO, 19.—The failure of F. E. Morgan's sons is announced. They have been acting as shipping agents for the California and Oregon Grangers; the London and San Francisco bank are the principal creditors.

FOREIGN.

FRANCE.

Shot by the Republicans.

BAYONNE, 19.—Francis Jerrard, representative of the English Carlist committee, and Cecil Buckland, correspondent of the New York *Times*, started yesterday for the Carlist headquarters and, from reports at hand, it is believed that both have been shot by the republicans.

AUSTRIA.

Germany and Denmark.

VIENNA, 19.—The *Tage's Presse* says that Germany has given friendly and satisfactory assurances to Denmark in regard to the expulsion of Danes from Schleswig; she has admitted the possibility of mistakes through the excessive zeal of the local authorities, and has intimated her readiness to examine each case and give full satisfaction wherein wrong has been done. Her earnest desire is expressed for the maintenance of good relations with Denmark.

BRAZIL.

Argentine News.

RIO JANEIRO, 19.—News from the Argentine States continues warlike. The insurgent leaders Rivas, Borges, and Arredondo have joined General Mitre. Several vessels of the navy have gone over to the insurgents. Sarmiento has taken command of the troops to defend Buenos Ayres. The Argentine government has requested the authorities at Monte Video to prohibit enlistments and the export of arms for the rebel forces.

Precautions Against Fire.

GENERAL HINTS IN CASE OF FIRE AND ON MEANS OF PREVENTION.

Mr. John L. Dunkee, fire marshal of San Francisco, in closing his tenth annual report to the board of fire underwriters of that city, presents the following suggestions to the public as the result of his observation and experiences:

1. Be well acquainted with the best means of escape from your house, both at the top and the bottom.

2. Do not get confused; admit no one to your house except firemen, policemen, or the neighbors.

3. If a lady's or child's dress takes fire, endeavor to roll the person up in a rug, carpet or any piece of woolen stuff.

4. Keep all doors and windows closed until the firemen arrive.

5. Always keep in your bedroom a piece of rope sufficiently long to reach the sidewalk, in case you cannot make your exit by the stairway.

6. If you cannot make your way from a building by the stairway, endeavor to get in a front room, and be careful to keep all doors shut behind you, for smoke will follow a draft, and flames the smoke. If smoke enters the room, and it is difficult to stand erect, get your mouth as close to the door as possible, and breathe easy, as there is is always a fresh current of air near the door. A wet cloth over the mouth will greatly aid breathing.

7. In getting smoke from a room always open the upper portion of a window.

8. In case of a fire in a theatre, or any place where numbers of persons are, keep perfectly cool, and do all you can to prevent a panic, as there is generally plenty of time to escape if there is no panic.

9. Do not go into a building where there is a thick smoke, if you can help it, without a saturated sponge in your mouth, or a wet cloth or handkerchief over mouth and nose.

10. In ascending or descending a ladder, do so with a regular step, to prevent vibration.

11. Have metal or earthen vessels for matches, and keep them out of the reach of children. Wax matches are not safe.

12. Never leave small children in a room alone where there are matches or an open fire.

13. Do not deposit ashes in a wooden vessel or upon a wooden floor.

14. Never use a light in examining a gas meter.

15. Never take a light into a closet.

16. Never smoke or read in bed by candle or lamp light.

17. Never put kindling wood on the top of a stove to dry.

18. Never leave clothes near a grate or fire-place to dry.

19. Be careful in making fires with shavings, and never use any kind of oil to kindle a fire.

20 Keep all lights as far from curtains as possible.

21. Never pour out liquor near an open light.

22. Always fill and trim your lamps by daylight, and never near a fire.

23. Never blow out a fluid lamp.

24. Never allow fluids used for lamps to be kept in a room where a light or fire is used.

25. Always try your coal oil by pouring a little of it in a saucer or cup, and if you can make it burn with a match or a piece of paper do not use it.

26. Put wire work over your gaslights in show-windows, and keep your goods from them.

27. Benzine, naptha, gasoline, camphene, varnish, turpentine, ethereal oil, &c., should never be drawn by candle or lamp light, or in a room where there is a fire.

28. Sand in the place of sawdust should be used on the floors of oil stores; drug stores, &c.

29. Always use a closed lantern, and never allow smoking in hay barns, stables, warehouses, or in stores where goods are closely packed.

30. Always keep shavings and fine kindling wood away from steam boilers and furnaces.

31. Keep lofts, cupboards, corners, boxes, &c., free from greasy rags.

32. Before leaving your place of business see that all lights and fires are out.

33. Before going to bed see that all your lights and fires are out, and that no ashes have been placed in any wooden vessel.

34. See that your stovepipes enter well in the chimney.—*Ex.*

Bishop Walsh, of Canada, held confirmation service the other day, and made all the boys who were confirmed take the pledge, whereat the girls smiled. The situation was changed however, when on confirming the girls the good Bishop made them take a pledge to abstain from "excess in dress."
