

THE DEMOCRATIC BANQUET MONDAY.

Will Celebrate the Victory of New Orleans at the Commercial Club.

OCCASION WILL BE MERRY ONE.

Dollar a Plate Dinner, and Speeches, Music and Stories of the Past and the Future

On Monday night at the Commercial club in this city, the Democratic leaders of Utah will endeavor to prove to the people of the state that they have not actively retired from the business of politics. The occasion will be the celebration of Jackson's day, more accurately known in history as the anniversary of Old Hickory's great victory over the invading English forces at New Orleans.

The affair, while it will not be as pretentious as was the big five dollar plate function given at the club rooms a week or so ago, will nevertheless be a gathering of considerable proportions and interest, at least so far as dollar a plate Democratic simplicity will admit of. It is anticipated that several hundred persons will be present from different sections of the state, among them the few Democratic members of the Utah Legislature, who, this year, are considered rare enough to be objects of considerable interest, if not curiosity.

The banquet will be given under the auspices of the Utah Democratic committee, which appointed a special committee of arrangements with Judge O. W. Powers at its head. Judge Powers will deliver the opening address and will introduce State Senator Bamberg, who will act as toastmaster throughout the evening. The remainder of the program is as follows:

PRETTY WOMEN, PROMINENT MEN CURED BY PE-RU-NA.

MISS ELEANOR M. GARDNER, 135 State St., Salem, Ore.

MISS MARY CRAWLEY, 241 S. Madison Ave., LaGrange, Ill.

REV. W. HOWARD FLORY, 652 1/2 S. Broadway, Los Angeles, Cal.

Pe-ru-na Has a German Baron's Heartiest Endorsement.

Baron J. M. Vendenheim, 1225 G street, N. W., Washington, D. C., writes: "For a long time, until I came into this clinic, I had congratulated myself upon having a perfectly sound pair of lungs. But I began to have little coughs and annoying colds that shook my faith in my breathing apparatus. This continued two winters until I had lost health and strength to an alarming degree. Peruna cured me and restored my strength. You are at liberty to use my heartiest endorsement of Peruna as a medicine and tonic for colds, coughs and as a tonic."—J. M. Vendenheim.

Pe-ru-na Has Many Friends.

Miss Eleanor M. Gardner, 135 State street, Salem, Ore., writes: "I am very pleased with the results obtained from the use of Peruna. A few months ago I contracted a severe cold and cough. After using a little more than two bottles of Peruna the cold left me entirely. I shall know just what to take now when I contract a cold and will not let it get such a hold on my system. Your medicine has many friends and well deserved."—Eleanor M. Gardner.

As Sure as Fate.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent. First, colds not promptly cured are sure to cause catarrh. Second, catarrh improperly treated is sure to make life short and miserable.

ASK YOUR DRUGGIST FOR THE PE-RU-NA ALMANAC FOR 1905.

A Letter to Catarrh Sufferers.

Miss Mary Crawley, Treasurer LaGrange Kosmos Club, 241 S. Madison avenue, LaGrange, Ill., writes: "I trust everyone suffering from systemic catarrh will read this letter, and will profit by it. I was in a very bad shape indeed when I began to take Peruna, and my friends, as well as myself, were very much alarmed over my condition. I was nervous, slept badly, my food did me no good and I was always tired. I took three bottles of Peruna and felt like a new woman. However, I did not stop there, and kept on taking it for a while longer and broke off gradually until I had taken eight bottles. Then I felt completely cured and have remained so since. I am glad to recommend Peruna."—Mary Crawley.

The Destructive Power of Catarrh.

Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion. It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

The Curative Powers of Pe-ru-na.

There is no fact in medical science better established than that a teaspoonful of Peruna before each meal will absolutely protect a person from catching cold. Now, if this is true (and there is no doubt of it), thousands of lives would

Rev. Flory Much Pleased With Pe-ru-na.

Rev. W. Howard Flory, 652 1/2 S. Broadway, Los Angeles, Cal., a minister with Progressive Brethren, a branch of the Dunkards, also a lecturer and a leader in reform movements in connection with capital and labor, writes: "I am very much pleased with Peruna, as it cured me of catarrh which I had suffered with for many years, and which I thought I would never be rid of. All the medicines I had taken only relieved me for a short time and I was pretty discouraged when I began using Peruna. A few doses convinced me it was doing me much good, and when it finally cured me and there was no catarrh left in my system it seemed all too good. I find that my cure is permanent and I shall guard against another case of catarrh by taking Peruna as soon as I contract a cold."—W. Howard Flory.

Suffered Several Years—Health Restored by Pe-ru-na.

Mrs. Elizabeth Reuther, 107 West 40th street, New York City, member board of Directors North End Glee Association, writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rid the system of any catarrhal tendencies."—Elizabeth Reuther.

SCHEITLER BANK CASE.

Washington County Man Tells of an Interview Had by Himself.

Yesterday a strong effort was brought to bear upon B. H. Scheitler to induce him to persuade his wives to turn over to his creditors the property now in litigation. Among these creditors is Mary A. Hirsch of Rockville, Washington county. Her balance was large, and represented the savings of many years. Her son, David Hirsch, was in Salt Lake to see the banker about the case. He called at the "News" office late yesterday afternoon and told the

following story of an interview with Mr. Scheitler:

"I went, according to appointment, to see Mr. Scheitler about 11 o'clock. After listening to his story as fully as he desired to tell it, I told him that I had a story to tell him—my story—that I had always respected him and had not entertained any harsh feelings against him."

"As he intimated in his story to me that he was willing to do anything in his power for the benefit of the creditors, I proposed to show him a way, in which I thought he could do so. I took my parents for an illustration. My father had great confidence in you, and earned his money by hard work and deposited the same with you with the idea of using it in his old age for himself and his wife. He is now dead, but mother is still living. She is living comfortably in a neat little home of ample room on a family lot with its corral and animals. Her home was valued at \$900 or \$1,000. No, Mr. Scheitler, if you desire to do the right thing according to your own statement, you and your sons are living in homes here in Salt Lake City, each valued at from \$2,000 to \$50,000. Now, if you want to do the right thing you can stop this litigation, save expense, by voluntarily selling this property, and I think all of the depositors will be willing, after you had shown a desire to do all that was right and be upright and honorable, that you reserve a small amount, say \$1,000 each family, or more if it were necessary, and turn over the balance to your creditors, and you get you a nice comfortable little home where property is cheaper. I demand that of

you, Mr. Scheitler, in honor. It is an unfortunate affair, and I think that you ought to be willing to live in a humble home such as the majority of your creditors have, as you are the responsible party, and we would then be the loser. We would show your fairness, and you would show your desire to do what was right, and you could maintain your standing of honor not only before the creditors, but also the entire community."

"Mr. Scheitler seemed to be very much impressed with this relation and he seemed to see the practicability of the story—that a way was pointed out in which he could without being turned out on the street, satisfy to the extent of his ability his indebtedness to the creditors. He promised me that he would relate the proposition just as I had related it to him to his family. He said he was willing to do anything in his power to give satisfaction."

The news of the favorable reception of this suggestion by Mr. Scheitler was gladly received by Chairman Grunfor of the organized creditors, who is at the head of a committee attempting to get a concession of this kind from the ex-banker."

The creditors meet again Tuesday evening to consider further action in the case.

TO SAVE MONEY.

Plan Outlined Will Do That for the City in Sale of Water Bonds.

It is the intention of Mayor Morris and the city council to save the city as much interest as possible on the water and sewer bonds voted by the taxpayers on last Tuesday and to that end bids will be called for the entire amount of the issue, \$1,000,000, with the understanding with the bidders that the bonds are to be issued as the money is needed by the city. In this manner the bonds will be issued in any sum as the money is needed and then interest will have to be paid only on the amount issued from time to time and the rest of the bonds will be held back until such time as the money is needed.

THE MEANING WAS CLEAR.

Mrs. Elizabeth Bacon Custer has just returned from a tour of the world. In a discussion of English servants she said the other day:

"At a dinner party in London our hostess told us an interesting thing. She had just taken on a new cook, a Scottish lass, and this young woman, though she knew the art of cooking wonderfully well, was ignorant of wick, bonnets and wiggles."

The new cook, the second or third day of her engagement, came to her mistress awkwardly:

"Madam, she said, I'm sorry to trouble you, but there's something I should like you to explain."

"It is no trouble, Mary, said the mistress, kindly. 'Speak up. What is there that I can explain to you?'"

"The butcher, madam," Mary began, "the butcher seems very kind. In fact he is unusually kind for such an elderly, rough-spoken person. He offers to give me meat for my own private use—the meat I can eat—and this morning he said something to me that I can't comprehend the meaning of."

"What did he say, Mary?"

"He said, madam, that I am to get five per cent. on all the orders I give him. Now what does that mean?"

"It means, Mary," said the mistress, "that we are going to change our butcher."

MOYLE CHOSEN PRESIDENT AGAIN.

Will Preside Over Board of Education for at Least Another Term.

NEW MEMBERS ARE SEATED.

Vote of Confidence and Thanks to Those Who Retired from Service—The Night School Work.

At a meeting of the board of education, held last evening, Oscar W. Moyle was elected to succeed himself as president of the board. The three members elected in December, namely C. S. Martin, H. C. Edwards and Joseph Oberndorfer, who replace respectively J. F. Branting, Joseph Geoghegan and W. A. Nelden, were admitted.

President Moyle spoke of the harmony that had existed among the members of the retiring board, and said he hoped the same good feeling would characterize the new organization. He had nothing but praise and good wishes for the retiring members.

A letter from Mr. Branting, who was absent on account of sickness, was read by his colleague, Mr. Cummings. The writer expressed his thanks for the
