

SENATOR DIETRICH OF NEB. INDICTED.

Charged With Conspiracy and
Bribery in Connection With
Federal Appointments.

HASTINGS POSTMASTERSHIP.

Jacob Fisher, the Incumbent, Also
Under Indictment, is His
Co-conspirator.

Omaha, Neb., Nov. 16.—The federal grand jury tonight returned true bills against United States Senator Charles H. Dietrich and Postmaster Jacob Fisher of Hastings, Neb., charging them with conspiracy and bribery in connection with the appointment of Fisher to the position of postmaster. The indictments were brought into the United States district court at 6 o'clock. Judge Munger presiding, and were placed on file. The court merely accepted the report of the grand jury, making no remarks on its contents beyond making an order to the clerk for filing of the bills.

The indictment against Senator Dietrich charges that he accepted money and property in consideration of his recommending Fisher for appointment as postmaster at Hastings. That against Postmaster Fisher charges him with making an agreement with Senator Dietrich by which the former was to pay in property and money \$1,200 for securing to Fisher the appointment. Evidence was presented to the grand jury to show that Fisher had bought postoffice fixtures from the Grand Army post at Hastings of the value of \$500, and later turned the property over to Senator Dietrich, to whose building it was removed, and to whom was paid a rental by the government. In addition to turning over this property, it is charged that Fisher paid to the senator \$300 in cash.

Tonight it was stated that the grand jury has been investigating the Hastings postoffice case for nearly three weeks, and that a number of witnesses were present from Hastings and other points in the state.

Sensor Dietrich it is present in Washington and there was no attorney or other person in the city tonight authorized to make a statement for him. All the witnesses in the case left this afternoon for their homes, among them Postmaster Fisher of Hastings, and no statement could be had from him.

The last witness called before the grand jury was William Dutton, a hardware merchant of Hastings, who gave his testimony today. According to Dutton's testimony he (Dutton) acted as intermediary in all the alleged transactions between the indicted men, and after hearing his evidence the grand jury excused the remaining witnesses who had not testified and at once prepared its report.

The jury was composed of twenty members, nineteen of whom are said to have voted for the indictment and one against. The members came from all parts of the state, no two of them being a resident of the same town. The foreman, Frank E. White of Omaha, is secretary of the grand lodge of the Masonic order of Nebraska. The other members are mostly prominent business and professional men.

Four other cases, said to be of a similar nature, are being investigated by the grand jury and a report on all or part of them is expected very soon. All are cases in which postoffices and postmasters are concerned.

This indictment is said to be the first ever returned against a Nebraska States senator on charges of this nature, and caused intense excitement in government official circles in Omaha and in adjoining towns when it became public.

The section under which the separate indictments against Senator Dietrich and Jacob Fisher are drawn is section 171 of the revised statutes of the United States, which forbids members of Congress from profiting by contracts or receiving valuable consideration for procuring contracts or offices. The conspiracy indictment is drawn under section 540 of the revised statutes.

WHAT FISHER SAYS.
Omaha, Nov. 16.—Postmaster Fisher was formerly mayor of Hastings and has been prominent in Republican politics of Nebraska for several years. He said in Omaha tonight:

"There is really nothing in the charges and my friends will support me in my defense. If witnesses had been permitted to have been cross-examined the result would have been quite different and no indictment would have followed. Men have pushed this matter who were turned down for reappointment, and have trumped up charges to get even."

SENATOR HAS A GOOD DEFENSE.

Washington, Nov. 16.—Senator Dietrich and Editor Rosewater of the Omaha Bee have arrived in this city and tonight all inquirers as to the indictment of the senator were referred to Mr. Rosewater, who declared that the indictments were the result of a political quarrel. Mr. Rosewater asserted that Senator Dietrich had a good defense, and added that he and the senator had come to Washington at this time to bring about the removal of Dist. Atty. Sommers. He said they already had been to the White House on this mission.

Mr. Rosewater declared that Dist. Atty. Sommers had pushed the charges against Senator Dietrich for the reason that they were politically antagonistic.

down and robbed an old woman, which crime he had previously confessed, Isaac Wayner has knotted his suspenders and hankerchief into a noose and hanged himself in a city police station. According to Mrs. Mary Golde, the woman who was robbed, Wayner, whom she had known for several years, came to her apartment ostensibly to rent a room. While she was showing him through the place Wayner struck her on the head with a club, knocking her down. He then pulled her diamond earring from her ears, mutilating the lobes. Wayner at first denied his guilt, but finally confessed and showed the officers where he had secreted the jewelry. He said that he had lost considerable money on the races recently and that this was the reason for the robbery. He leaves a wife and three children.

MAY HENNINGER MURDERED.

And All the While Her Parents Thought She Had Eloped.

Peoria, Ill., Nov. 16.—A message just received announced that Miss May Henninger, a prominent young lady of Peoria, who was supposed to have eloped, was found murdered in a pasture near her home. Her body was horribly mutilated and had been buried.

Miss Henninger accompanied Fred Struble, a neighbor's son, to a supper and social given at the country school house, a short distance from the girl's home, Saturday evening. When she failed to return her parents were greatly alarmed, but as neither she nor Struble could be found it was supposed that they had eloped, and would be heard from in a few days. The discovery of the girl's remains aroused the community, but all efforts of the authorities to locate Struble's whereabouts have been unavailing. The condition of the body indicated a desperate struggle. The girl was the daughter of Newton Henninger, a prominent farmer.

Commissioner Elmer will sail tomorrow on the Kaiser Wilhelm II for Paris to take the testimony of 10 witnesses.

Plan to Kidnap a Boy.

St. Louis, Mo., Nov. 16.—The story of a deliberate and cunningly contrived plan to kidnap Jesse Johnson, an East St. Louis boy, aged 8, on the night of June 14 last, was told in the St. Clair

county court at Belleville, Ill., today by Sylvester Baker, a negro, 22 years old, who pleaded guilty to a charge of attempting kidnapping, and was sentenced to serve four years in the reform school at Joliet, Ill.

According to Baker it was arranged to spirit the boy away in order that he might become a member of the carnival company which gave an exhibition in East St. Louis last June. Sylvester was an attaché of the carnival company, the manager of which tried to persuade the boy to go with the show. The boy was kept in a wagon with some of the animals until a search revealed his hiding place.

To Take Over Powder Plants.

San Francisco, Nov. 17.—R. S. Pennington of Dover, Del., a prominent official of the DuPont powder combine is here to take over the several powder companies on this coast which were recently merged into the eastern combine. It is said that there will be a centralization of management with its headquarters in this city, and this will result in the retirement of the higher officials of the local companies. The coast territory of the combine is extended as far east as Colorado and Arizona. The governor recommends that Congress be petitioned to control the powder trade of this section of the United States.

American Steel in Europe.

New York, Nov. 17.—The idea is prevalent here, cables the Herald's London correspondent, that the price of American steel will undergo a further reduction. As it is, all sorts of prices are being mentioned for foreign material, offers being made to deliver American continental billets, at the option of the seller at figures quite unapproachable by the British market. But, despite the severe cutting in prices already made in the United States, buyers here are holding off for still lower rates. There has been some selling of Cleveland warrants, but the reserve of the buying power has held the market together.

To Admit Arizona and N. Mexico

Washington, Nov. 16.—Senator Quay today introduced separate bills for the admission of New Mexico and Arizona as states. They are identical with the bills introduced by Delegates Rodney and Wilson in the house.

AFFAIRS IN ARIZONA.

Gov. Brodie Makes His Annual Report.

Washington, Nov. 16.—Gov. Brodie of Arizona, in his annual report to the secretary of the interior urges that the interior department aid in securing the passage of an enabling act for the admission of Arizona to statehood. He states, however, that the people of the territory would rather see Congress take action to complete it by union with any other state or part of any other state or territory. The governor recommends that Congress reimburse Pima county for \$135,275 for what the governor calls "an injustice committed by Congress in making an invalidating certain Pima county narrow-gauge railroad bonds after the entire issue of such bonds had been declared by the supreme court of the United States to be invalid and void for which Pima county had been required to refund the money." The governor recommends that the Indian school facilities in Arizona be increased, and that measures be taken to prevent the overflow of cultivated land along the Colorado river by the annual freshets; that a system of tree planting be inaugurated by the division of forestry, for the benefit of the watersheds of the Colorado river, and that irrigation projects be pushed. The total population of Arizona is estimated at 155,000. The value of ranch lands aggregated \$138,341, and the total territorial indebtedness is placed at \$1,965,594.

Put half a pound of bread-crumbs to soak in two cups of cold milk. Let stand until the crumbs are very soft and milk absorbed. Add half a cup of sugar, an ounce of melted butter and a tablespoonful of cocoa dissolved in a little water. Flavor with vanilla. Add the beaten whites of three eggs and the whole whipped to a stiff froth. Bake in a buttered pudding dish for half an hour in a moderate oven, or turn into little cups, stand these in a pan containing a little water and bake until they are set.

Chocolate Bavarian.

Whip a point of double cream, place on a fine sieve to drain and set it in a cold place. Put a point of milk in a double boiler and scald. Turn it slowly over the yolks of four eggs beaten to a foam with half a cup of sugar and a pinch of salt. Cook until the mixture is thick and chocolate dissolved in a little milk. Return to the fire and stir until it thickens to a smooth creamy consistency, then add an ounce of soaked gelatine and stir until it is dissolved. Take from the fire and flavor with vanilla. Strain through a sieve fine enough to retain any gelatine not dissolved. Let the mixture set until it is stiff, then add the cream whip and stir well. Turn out into a mold and set in a cold place until it is hard.

Chocolate Ploiere.

Grate quarter of a pound of chocolate and dissolve over hot water with quarter of a cup of boiling water. Add one cup of cream, the beaten yolks of four eggs and four tablespoons of sugar. Stir over the fire a few minutes to cook the eggs and when it begins to thicken remove from the fire and let get cold. Then put into a freezer and work until it thickens. Then add half a point of cream whip and freeze ten minutes longer and pack in a mold and cool with ice and salt for one or two hours.

Cocoa Cream.

Put two cups of milk in a double boiler and let scald. Beat together half a cup of granulated sugar and one cup of cups of cornstarch, three tablespoons of prepared cocoa, the yolks of two eggs, and a pinch of salt. Stir well and cook over this mixture and when thoroughly thickened return to the fire and stir and cook to a soft custard. Turn into a glass dish, flavor with a teaspoonful of vanilla extract and let set. Beat the whites of the eggs to a stiff froth, steam a few seconds over hot water and place on top of the custard in rough pyramids.

We must not forget the cake lover who will delight in these. Cream together thoroughly half a cup of butter and a cup of granulated sugar. Roll out in a thin sheet, cut in small rounds and bake ten minutes in a moderately hot oven.

FOUR MURDERERS ARE SENTENCED.

Are to be Executed in the Jail Yard at Carson City at a Future Date.

CRIME COMMITTED ON A TRAIN.

Robbed a Man Named Welch, and While Begging for His Life Shot Him and Threw Him From Car

Winnemucca, Nev., Nov. 16.—For the murder of Jack Welch, a laboring man, on a freight train in this county on the 19th of last August, Al Landerman, alias Frank Williams; Fred Reid; alias Fred Roberts; T. F. Godman and John K. Sevensen were sentenced by Judge Bonfield in the district court this morning to be hanged in the jail yard at Carson City on a date to be determined later. The statute says the execution shall take place within 90, and not less than 60 days from passing sentence. The attorney for the defendants argued the motion for a new trial day Saturday and for an hour this morning. The court overruled the motion, which was made on the ground of implied bias of one of the jurors. The defendants' attorney filed notice to exception to the ruling. Welch was robbed by four men on a freight car, shot through the arm and leg, and then while begging for his life, was thrown from the car and again shot, this time through the lung and stomach, the last wound proving fatal. He lived 18 hours and before death positively identified his assailants, the four men who were sentenced today.

Democratic Senatorial Caucus.

Washington, Nov. 16.—Democratic members of the senate caucused today from 12:20 until 5 o'clock, but were unable to get together on a program as to canal legislation. Four distinct propositions were submitted in the form of resolutions, and many other suggestions were made informally, but no agreement could be reached, and the caucus adjourned to meet again on call of Senator Gorman, chairman. Several senators on leaving the caucus bitterly complained of the lack of harmony which prevailed, and compared the Democratic position with the attitude of the Republicans, who, they said, with twice as many representatives had not a straggler, while hardly two Democrats were of the same opinion. Senator Gorman said of the caucus: "It was our first pow pow, in which we all talked, and we will do our thinking afterward."

Won't Discover North Pole.

Ottawa, Ont., Nov. 17.—Capt. Bernier, who has been agitating for the past seven years for a grant from the Canadian government in aid of an expedition to discover the north pole, now threatens to abandon the project. The government promised to give Capt. Bernier a ship for the trip if he could raise \$60,000. He says that he has got \$47,000 pledged, but does not like to go begging for any more. He has spent \$25,000 of his own money in enlisting popular sympathy for the project.

"One of these fine mornings," he said today, "the Americans will get to the pole ahead of us."
