

IT HAS BEEN A PROSPEROUS WEEK

Local Business Situation Still Continues Generally in a Satisfactory Condition.

CLEARINGS ARE HOLDING UP.

Showing a Steady and Strong Increase in General Trade All Along The Line.

The local business situation continues generally in a satisfactory condition. The banking houses report a comparatively quiet week; in fact the local financial field has not yielded any sensational for a long time, but has continued in the unbroken, even tenure of its way. There is quite a little demand for money from several quarters, with rates of interest practically unchanged. The wool men are perhaps the most prominent in the ranks of the borrowers. The clearings are holding up remarkably well, showing a steady and strong increase in general business. The increase in the transactions of the postoffice is also a constant quantity, showing a steady and strong increase in general business.

Banking circles are interested in the report showing a large reduction in the winter wheat acreage. The condition of \$2.9 per cent, however, was better than was expected, and much better than the average of less than \$2.50 in the last 10 years average. It is figured that present conditions indicate a loss of \$5,000,000 bushels as compared with the expectations of a month ago, and \$8,000,000 bushels as compared with a year ago. The winter wheat this year amounts to about 100,000,000 bushels, or 3,500,000 double that of the average of 1890-1900, which was 1,500,000 bushels. It is calculated that in consequence of last year's large crops, the farmers have kept on hand over 100,000,000 bushels of winter wheat as compared with 18,000,000 bushels in 1906. Therefore, the probable shortage this year will be made up from this large stock on hand, and besides the farmers will be able to ship the high figures they receive for their crop.

CONSIDERABLE PURCHASING.

The real estate market has been quiet as far as inquiry from the outside is concerned, but there has been considerable purchasing by home investors who are calling for vacant lots for improvement, also for small houses. Realty dealers still complain of the top-heavy ideas of property owners who demand prices 25 per cent in advance of the value. One owner asked this week \$5,000 for a lot for which the real estate men would not give over \$2,500, and when would-be purchasers were about to give up in disgust, the owner concluded to "come down."

SCARCITY OF BRICK.

Building has been delayed the past week by the scarcity of facing brick. One manufacturer says the trouble is that a builder will not buy enough in one order for his jobs, and then he finds himself short of bricks when he needs them. The scarcity of brick is not on hand, and he must wait until brick are burned of the shade necessary to fill his order. Fifty houses are being held up in construction at present on account of this shortage. However, the brick men say the trouble will all be over inside of 20 days.

PLENTY OF WORK.

A feature of the week in construction is the erection of the first great steel columns on the site of the Railroad Exchange building at the corner of Main and Third South streets. Material is on hand for the concrete, as the building is to be entirely fire proof, and by another week, a noticeable amount will have been mined. The excavation of the north Newhouse building has been practically completed, so that the concrete footing may be laid out this time. The excavation of the south building is about three quarters completed. The presence of water has not caused any trouble to speak of. Work on the asphaltum of east Second South street, and the macadamizing of Second avenue are being pushed with all possible speed. The railroad management has gangs of men at work on the track, and rebuilding and repairs are most needed, so that work is well under way.

HARDWARE TRADE.

The hardware trade reports continued good conditions, with demands steady for all lines of goods, especially building material, such as lumber, iron, and steel. Hardware, sporting goods, wire goods, etc. The hardware trade is in a very satisfactory condition.

How to Exercise the Bowels

YOUR Intestines are lined inside with millions of suckers, that draw the Nutrition from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo.

It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles, and weakens them for their next task.

Another remedy is to take a strong "Physic," like Sals, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

What does the "Physic" do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the intestines through the tiny suckers.

Cascarets are the only safe medicine for the bowels.

They do not waste any precious fluid of the Bowels, as "Physics" do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel-Muscles to do their work naturally, comfortably, and nutritiously.

They are put up in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

The time to take a Cascaret is not only when you are Sick, but when you first suspect you need one. Price, 10c a box.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." All druggists.

THE MEDICINE THAT MAKES RICH, RED BLOOD AND PERFORMS WONDERS AS A TONIC FOR THE NERVES.

Why are nervous people invariably pale people? The answer to that question explains why a remedy that acts on the blood can cure nervous troubles. It explains why Dr. Williams' Pink Pills for Pale People are also for nervous people.

abatement. The demand for canvas shoes in white and tan is increasing, so that unless re-orders can be filled from the eastern mills within reasonable time, there is a strong likelihood of local retailers finding their stocks at a low ebb comparatively early in the season. The eastern leather market remains very firm, with no prospect of diminution in the supply of raw material, and with no further labor complications in prospect.

BUSINESS NOTES

Inquiry among the brokers illustrates the fact that stocks generally are somewhat higher than the very best goods, and paying for the same with commendable alacrity. Dealers say they doubt if it will pay them to invest in cheap lines of goods as much as formerly. The demand is for all lines in the trade, as many old houses are being refurnished, and new ones are being fitted up.

DETAILS OF SECY. TAFT'S COMING WESTERN TRIP.

Washington, May 17.—Some of the details of the approaching western trip of Secy. Taft were announced today. The secretary will leave Washington May 20, for St. Louis, where he will deliver an address on May 20, before the National Millers' association, returning to Washington June 1. June 2 he will leave St. Louis for Milwaukee, where he is to deliver an address June 10 before the Merchants and Manufacturers' association. June 11 he will leave Milwaukee for Iowa, where he will visit the Rock Island arsenal and be the guest of the Tri-City Press club. June 12 he will be in Iowa City, where he speaks at the Iowa university. He will proceed thence to Minneapolis, where he delivers a speech at the University of Minnesota. June 14 he will visit Fort Snelling. He will arrive at Sioux Falls, S. D., June 15. Lack of time will prevent the secretary from accepting the invitation of the White Earth Indians to attend their pow-wow June 14. He will, however, make a careful inspection of the condition of the Ute Indians who are now quartered at Fort Mead, S. D., on June 16. These Indians have been cared for by the war department ever since they left the reservation at Indian Territory. Leaving Fort Mead June 16, Secy. Taft will pass through Omaha and arrive at Fort Leavenworth June 18, leaving the same day for Ottawa, Kan. On June 20 he will address the Ottawa Chautauqua society.

BETTER WEATHER AIDS RETAIL TRADE

Payments Are More Prompt But Conditions Still Remain Irregular.

The weather has been a great help to the retail trade. Payments are more prompt, but conditions still remain irregular. The weather has been a great help to the retail trade. Payments are more prompt, but conditions still remain irregular.

FARM PRODUCTS ADVANCE.

Reactions Emphasize Speculative Nature of Dealings—Wholesale Business in Fall Trade Brisk.

New York, May 17.—R. G. Dun & Company's Weekly Review of Trade Improvement will say: Improvement in retail trade followed the advent of seasonable weather at many points and payments were more prompt as spring merchandise was distributed, but conditions are still irregular. Sensational advances in prices of farm products, especially wheat, followed reports of extensive damages to the crops, but frequent reactions emphasized the speculative nature of the rise in quotations and tended to restore confidence. Wholesale trade in fall goods is brisk from all points except where the crops have been seriously injured, and the net result of the advance in prices makes the outlook for the future fairly satisfactory.

C. W. & M. CO. BRANCHES ALL DOING FINELY.

Mr. George T. Odell, general manager of the Consolidated Rubber and Machine Co., returned from a business trip to the Snake River valley, Idaho. He was met by G. W. Wright, manager of the branch at Idaho Falls, who showed him over the automobile. Others who were picked up on the trip at various times, were James A. Fryer, of St. Anthony, Lester T. Wright, of Rexburg, and Gilbert J. Wright, of Idaho Falls. In speaking of his visit to the various branches, Manager Odell says that he was gratified to find the business in such a state of spring prosperity all up and down the line. Cold weather at first retarded the crops, but the warm days recently added to the rainfall of the 12th and 13th did a great deal of good. The small grain was generally well up and Mr. Mark Austin, who is in charge of the best sugar interests in the Snake River valley, said that the best crop was coming along nicely.

WHOLESALE DRY GOODS.

The wholesale dry goods trade has been rather quiet the past week, largely on account of the backward weather, as well as on account of special sales, and, besides, it is a backward season. However, summer goods are going out with some rapidity. Agents and jobbers regret that the present season is proving so unsatisfactory to the retailer. The movement of ready-made clothing for women, misses and children. May is usually regarded as the height of the season for the sale of various lines of ready-made clothing. The retailer is having something of a struggle in his hands to interest the consumer in spring and summer goods. The trade is generally good, and the C. W. & M. Co. are fully stocked up preparing for the summer season, that spring and summer may develop.

ALL THEY NEED IS PEOPLE.

Mr. Odell says the one need of the present Snake River valley today is people. They have plenty of land, but it is rather sparsely settled. The new town of Ashton, where they were entertained by Mr. H. R. Wright, has made great strides and contains a number of well stocked stores and there is the well appointed Ashton hotel, as well as the newspaper, the Enterprise. At the office Mr. Odell noticed a Washington hand press and thinks it is the same one used in Ogden and Salt Lake forty years ago. While the Snake River valley is an automobile, Mr. Odell would not recommend travelling with anything lighter than a 40-horse power machine. Some of the roads are bad, and he said that if the supervisor between Rexburg and Idaho Falls, Mr. Nowlin, were not a personal friend, he would be apt to uncomplacently consider the condition of his thoroughfares.

NATHAN GUILFORD'S WILL.

Contains Thirty Words and Disposes Of \$100,000 Worth of Property.

New York, May 17.—The will of Nathan Guilford, a former Vice President of the New York Central Railroad company, just filed for probate, is written on a notepad and contains about 30 words. He leaves everything to his widow, Mary Wallace Guilford. The estate is estimated to be worth \$100,000.

A NARROW ESCAPE.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a limousin bar into his thumb. He says: "The doctor wanted to amputate, but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Z. C. M. I. Drug Dept., 112-114 Main St.

MY BEST FRIEND.

Alexander Benton, who lives on Rural Route 4, Port Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of indigestion for me. I have been suffering from indigestion for many years. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one until I was well. Dr. King's New Discovery is simply marvelous." No other remedy has ever equalled it. Fully guaranteed by Z. C. M. I. Drug Dept., 112-114 Main St. 50c and \$1.00, Trial bottle free.

EXCURSIONS EAST

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

Advice of the largest coffee dealers in the world is always to buy the old-fashioned Arbuckle's ARIOSA Coffee in the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price, for Coffee fluctuates and you cannot get the same coffee for the same price all the time, unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckle's ARIOSA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckle's costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckle's ARIOSA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. If your dealer will not supply the genuine, write to ARBUCKLE BROS., New York City.
