

It was shown in the evidence presented by Mr. Estabrook's attorney's that the last named gentleman with a party of his guests of both sexes were by order of police Captain Charles Van Dorn, placed under arrest by Pa-trolman Harvey Eostwick, while en-gaged in eating supper at Brand's restaurant shortly after midnight on the 18th of June and compelled to appear that same night (the ladles of the party only were excused) at police headquarters. The charge upon which the arrest was made was the violation of the liquor ordinance. It was brought out in the evidence that Mr. Esterbrook and his party of prominent town people had returned late in the evening from an automobile ride out to Pierce park, an automotion has been been valley, and pro-ceeded to the restaurant named for supper, during the course of which heer was served, which had been pre-viously purchased by Mr. Estobrook and deposited in the ice chest at the restaurant restaurant.

The arrested party was ordered by the police capital to appear the fol-lowing morning, which they did; but no one appeared against them. Mr. Estobrook resented the insuit to him-self and his guests and charged the police officers in question with mis-conduct in office and employed legal service to fight the case, with the re-sult that Patrolman Bostwick was dismissed and Capt. Van Dorn repri-manded by unanimous action of the council.

Mayor Pence, however, declares he will probably veto the order.
