# Murdered in The Philippines

D. C. Montgomery, Superintendent of Schools in Oxiental Negros, Met Death at Hands of Ladrones Friday Last -Carried a Large Sum of Money-Robbery the Object -Reward for Murderers.

Manila, Nov. 3.-D. C. Montgomery, | instance of a teacher in the Philippine superintendent of schools in Oriental Negros, was murdered Friday by Ladrones three miles from Bacolio, Mr. Montgomery was going to Bacolod for a consultation with the retiring superintendent and to assume control of the division. He had a large sum of money with him. Six natives armed with bolos and spears attacked the superintendent, quickly killed him and then mutilated and robbed him. The constabulary have offered a reward for Mr. Montgomery's murderers and it is thought they will be captured. Rob-bery is understood to have been the motive for the crime. ## TOMORROW IS First North. No. 29-Mrs. John James, Wall and ELECTION DAY.

As a Result Party Workers Look for A Busy Time.

EXPECT MUCH SCRATCHING.

Both Parties Well Organized for Effective Work - Weather Man Predicts Showers.

Tomorrow is election day and politicians generally, and some who are not politicians, look for a busy time. This much was given out at party headquarters today, although little more would be ventured by those who stand at the head. it is evident, however, that neither party expects a "walkaway" for all arrangements have been made for one of the busiest times that has been enjoyed by party men in Utah for many a day. On every hand it is conceded that the election will reveal On every hand it is anything but a strict adherence to party lines, as it is believed generally that many ballots will be deposited that will bear the earmarks of having been quite freely scratched. There is only one thing that will prevent this and that is the fear on the part of some that unless the scratching is done right, it may result in invalidating the entire vote, seems to be a pronounced feeling abroad that there are good men on both tickets and these men, regardless of party politics, are the persons a great many propose to vote for. The county ticket, it is said, will suffer materially As to the legislative ticket it is thought that party principles will dictate large-

ly the course to be pursued in voting It may be said to the credit of both parties that their organization is as near complete as it is possible to make So great has been the demand for carriages to assist in getting the vote out, that already they are at a premiun and cannot be had for love or money District workers have also been in great demand and in many cases men have had to leave their daily employment to assist their party in getting voters to the polls. If the weather is at all favorable a heavy vote is expected, while the Democrats insist that to be favorable to their interests there could be nothing better than a good storm. In this connection it would perhaps be well to state that the weather man looks for intermittent showers, so that from a Democratic standpoint the day will be all that could be reasonably

The polls will open at 7 a. m. and close at 7 p. m. so that all who desire to vote should see to it that they do so between these hours. After that the ough of their own without the add! tional burden of listening to the plaints of those who arrived when it was too

DEATHS AT OGDEN Mrs. Ann Sleeth and George Mole

Called to the Beyond. (Special to the "News.")

Ogden, Nov. 3 .- This morning at 1:30 Mrs. Anna N. Sleeth, one of Ogden's most prominent and highly respected ladies, died at the family residence, 2151 Lincoln avenue, of cancer, aged 41 years, 10 months and 26 days. Deceased was the wife of Zachariah Sleeth, the well known Southern Pacific conductor. She was a native of Sweden, but had been living in Ogden for many years, where, through her gentle and kindly disposition and noble life she had en-deared herself to a large circle of friends, who with her bereaved family will mourn her untimely demise. The funeral services will be held in the Bap-tist church on Wednesday, Nov. 5, at The remains may be viewed at the family residence on the day of the funeral from 10 a. m. to 1 p. m.

Supreme Court Sustains Decision Sustaining Validity of the Act.

Washington, Nov. 3.-The United States supreme court today dismissed on the ground that no federal question was involved, the writ of error in the case of Fred A. Baker vs Stephen Baldwin both of Walter win, both of Michigan, involving the constitutionality of the Bland-Allison coinage act of 1878 providing for the coinage of silver dollars. The case Baker to whom Baldwin owed \$338 to accept silver dollars. The case was de-cided in Baldwin's interest by the su-preme court of Michigan and Baker brought it to the United States su preme court on a writ of error. The former decision was sustained by to-day's decision, but the court did not enter into the merits of the controv-ersy. In dismissing the case the chief

justice simply said: "As our judgments over the judg-ment and decrees of state courts in suits in which the validity of statutes of the United States is drawn in que tion can only be exercised, under section 709, of the revised statutes, wher decision is against their validity the writ of error cannot be maintain

# Day Before The Election

Leaders of Both Parties in Empire State Confident-Much Same Feeling Exists in Other Parts of Country-Precautions Taken in Delaware.

New York, Nov. 3 .- The day before election finds both the Democratic and Republican leaders still expressing confidence of victory in the Empire state. Predictions vary from 10,000 to 50,000 on each side, though the estimates of the two state chairmen, Frank Campbell, for the Democrats, and Col. Dunn, for the Republicans, are almost exactly the same, the former claiming 36,-000 for Coler and the latter 37,600 for Odell. Both assert that their predictions are based on a most thorough examination of the situation throughout the state. Gov. Odell today estimated his majority at 40,000, and Mr. Coler said that he expected to win by 60,000.
For the Greater New York, Chas, F.
Murphy, leader of Tammany Hall, reiterated his belief that Coler will have

Democratic leaders expect 30,000 of this to be furnished by Kings county, 1,000 by Richmond, 3,000 by Queens, and 78,000 by New York county. The Re-publican estimates cut the Democratic plurality to 14,000 in Kings; to 2,500 In Queens and to 45,000 in Manhattan and bronx, reducing the Democratic plurality below the bronx to 62,000 to

IN MASSACHUSETTS.

Boston, Nov. 3.—The state campaign will close tonight with final rallies in the eastern section where are two districts of which the Democrats claim to

There seems little question that the state will give a plurality approximating 50,000 for the Republican state ticket, and that the legislature will show very slight changes from its present

strong Reuphlican majority.

Interest centers in the congressional fights. The Democrats are striving to retain the three seats which they now hold and to gain two more, especially the one created by the re-districting of the state, which gives it 14 representatives instead of 13.

RHODE ISLAND'S FIGHT.

Providence, R. I., Nov. 3.-The day before election finds both the Republican and Democratic parties prepared to bring out their entire voting strength as a result of the unusual interest which centers in the congressional fight in the state. Republicans claim the re-ejection of both congression, but the Democrats assert that Mayor Granger, of Providence, and F. P. Owen, this year, will displace Congression. gressmen Bull and Capron, L. F. C. Garvin of Cumberland (Dem.) has made a strong fight against Gov. C. D. Kim. ball (Rep.) for the office of chieg execu-The legislature will be republican.

REPUBLICANS SURE, DEMOCRATS HOPEFUL.

New Haven, Conn., Nov. 3 .- Confithat tomorrow's election would result in the election of the Republican ticket by substantial pluralities was expressed by the leaders of that party Democratic State Chairman Walsh declared himself hopeful of the success of the Democratic state ticket and the election of four or five con-gressmen. All factional difficulties had been harmonized, he said.

LIGHT VOTE IN NEW HAMPSHIRE Nashua, N. H., Nov. 3 .- The vote in New Hampshire promises to be much lighter than that of two years ago The Republican candidate for gover-nor, it is thought, will receive not less than 6,000 plurality. The present congressman will be re-elected. Demo cratic gains are likely to be registered in both branches of the legislature,

COLORADO SITUATION UNCHANG-

Denver, Nov. 3.-The political situa tion in the state this morning is un hanged. Both sides are claiming vio tory by large majorities. The issue will undoubtedly be mixed in mar; counties, but the betting favors the election of the Democratic state ticket and a majority of the county officers. There is great interest in this city over the claims made by the Republican of wholesale fraudulent registration The Democrats this morning claim the Republicans assert are fraudulent) registered. County Clerk Aichel toda; certified to the election judges at leas a portion of the names which he had een enjoined from certifying by Jude Johnson. Owing to the shortness the time at their disposal the Den atic attorneys did not today pretheir application to the supreme cour for a writ of prohibition to nullify Jurge Johnson's injunction.

PATTISON MAY BE ELECTED. Philadeiphia, Nov. 3.-Indication point to the election tomorrow of Samuel W. Pennypacker, the Republ can candidate for governor, by a reduced majority. Robert E. Pattison the Democratic candidate, who twice been elected governor, will prof ab'y carry the state outside of this city, but the heavy Republican vote in Philadelphia will lkely overcome this Democratic majority. Chairman Quay, of the Republican state committee timated Pennypacker's plurality a 100,000. Chairman Creasy, of the De cratic state committee, states that Par tison will be victorious.

Of the 32 congressmen the Republi con leaders claim 28, while the Demo cratic leaders concede them only 24. There has been a warm fight on the egislative candidates. United Senator Penrose is a candidate for re-election by the incoming legislatur and he has conducted his fight per-sonally. He claims the election of many more than the 129 assemblymen and senators necessary to choose him

HARD FIGHT IN NEW JERSEY.

Trenton, N. J., Nov. 3.-The complexion of the congressional delegations from New Jersey will probably remain unchanged, eight Republicans and two Democrats. The Republicans will almost surely win the First Second, Third. Seventh and Eighth districts, while Allan McDermott (Dem.) will be re-elected in the Tenth district. The most determined fights are in the Fourth, Fifth and Ninth districts.

PRECAUTIONS IN DELAWARE. Dover, Del., Nov. 3 .- Extraordinary

Reno, Nev., Nov. 3.-Both politica parties will enter the contest tomorrow with confidence—the Silver Democrats have carried the election in years past by majorities running from 1,500 to 2,

out Delaware to prevent the molestamorrow's election, the impression pre vailing that previous attempts at riotous disturbances will be repeated. The Democrats and regular Republi-can leaders claim that J. Edward Addicks and his Union Republican follow ers will be overwhelmingly defeated.

IN MARYLAND.

Baltimore; Nev. 3 .- Republican managers in this state claim that their congressional candidates will be elected with the possible exception of the Sec. and district. Democratic leaders express confidence in the election of two of their candidates and are hopeful as to a third. Conservative non-parti-san estimates are that four Republicans and two Democrats will be elect ed. All the present representatives from Maryland are Republicans.

ALL ANXIOUS IN OHIO. Cincinnati, O., Nov. 3 .- Although the Ohio election tomorrow is for minor state offices only, and congressmen, the result is anxiously awaited on account of its bearing upon the future of Senator Hanna and Mayor Johnson of Cleveland. In the campaign, Hanna had solid Republican support, while Johnson was opposed by leading Democrats. A light vote is predicted, with odds in favor of the Republicans. The legislature to be elected next Novemwill choose Hanna's successor. If the Democrats win tomorrow or ma-terially reduce the Republican plurality of 67,467 last year, it is conceded that Johnson will become a formidable candidate for 1904, as well as for Hanna's place

BOTH SURE IN INDIANA.

Indianapolis, Ind., Nov. 3 .- James P. Goodrich, chairman of the Indiana Re-publican state committee, declares the epublicans will elect the state ticket by 20,000 plurality, name nine, and possibly ten of the 13 congressmen, and control the legislature. William H. O'Brien, Democratic state chairman declares every indication points to Democratic victory. He says the Democrats will have the legislature and ill choose a successor to Charles Fairbanks as United States senator. His party, he says, will increase its repre-sentation in Congress from the state Both parties are worried about the apathy and strenuous efforts to get out the vote are being made,

MICHIGAN REPUBLICANS CON-

CLAIMS IN ILLINOIS.

Chicago, Nov. 3.-Illinois will elect tomorrow a state treasurer and othe minor state officers and congressmen. Both parties have made a very ine campaign but the Democrats have

devoted particular attention to the close congressional districts. The state delegation in the presen Congress is equally divided. Under the new apportionment there will be 2 congressmen. The Republicans claim that they will elect at least 16 if not 18 while the Democrats believe they ar sure of 12 if not more. Both particlaim they will have a majority for the state ticket, but the Republicans seen to be most confident, giving their fig

ures as 50,000. As a United States senator is to b elected, both parties have made a strong fight for the legislature. The Republicans are sure they will have a majority, but the Democrats are b no means hopeless. A number of the districts are close and in many then ne independent candidates, who, laimed, will take votes from the Re publicans. The state districts have but extra efforts have been made in those in Chicago and Cook county. The control of the legislature it is as-

serted will depend mainly upon th re-EACH CONFIDENT IN WISCONSIN. Milwaukee, Wis., Nov. 3.-Gov. La. Foliette (Republican) and Mayor Rose (Democrat) candidates for governor, were billed to make several speeches in various parts of Milwaukee today. Both sides claim to be confident of success. The betting, however, is decidedly favor of the Republican ticket. I publicans will probably elect eight con-gressmen and the Democrats one, with wo doubtful. The legislature will un-

doubtedly be Republican. SUCCESS FOR BOTH IN MISSOURI. St. Louis, Nov. 3 .- Missouri will hold tomorrow a general election for con-gressmen, legislators, three judges of the supreme court, state superintendent of schools, two railroad and warehouse commissioners as well as county offipredict their successes. The selection of a successor to U. S. Senator Vest by the coming legislature lends interest to ion of which seems in doubt judging from the conflicting claims,

REPUBLICANS CLAIM WYOMING. Cheyenne, Wyo., Nov. 3.—Chairman Van Ordsell, of the Republican state committee predicts the re-election of Congressman Mondell by 5,000 majority and says the entire Republican state ticket will have majorities ranging from 2500 to 2600. The Demogratic have 2,500 to 3,000. The Democrats have waged an active campaign, but few of them are sanguine enough to predict a Democratic victory.

This leaves the central plant back of the Tribune building, and the Fourth West street plant, which will not be kept in active use, but held in reserve, with the completion of the Jordan River power plant now being erected with all possible haste.

Manager Campbell stated this morning, that automatic stokers would be used under the boilers at the river plant, and he had at last found a stoker.

# SALE OF PUBLIC LANDS LAST YEAR

Washington, Nov. 3.-The annual re- | 663 forest fires discovered which burned port of Binger Hermann of the general land office shows that the public land disposed of by the government during the year aggregated 19,488,535 acres, an increase of 3,925,739 acres over the previous year.

Of the aggregate 1,757,793 acres were

sold for eash; 17,614,792 acres were em braced in miscellaneous entries and the remainder were Indian lands. Commissioner Hermann recommends a large appropriation specifically for sur veys in Alaska; legislation regulating railroad rights of way granted under existing laws so that parties who have expended large sums of money for power plants etc., shall be protected against subsequent settlers, and a large appropriation to provide for creased number of special agents to prevent timber depredations and to protect public lands for unlawful entry. and 459,137 head of cattle and horses ommendations for compulsory attend ance of witnesses in hearings before district land offices; for repeal of existing laws regarding timber valuation on reserved public lands and substitu tion therefor of a general law provid-ing ample protection for the forests and furnishing means by which monopolies settlers, miners and others may a sufficient supply of timber for their legitimate needs; legislation to protect tension of the boundaries of Yellow-stone National park and legislation giving the president authority apart as national parks, land tracts having scientific or historic interest

containing springs of medicinal properties. It is urged also that the law as to exchange of lands, embraced in forest reserves held by private owners for public lands not in reservation be changed so as to secure an approxima tion in value of the lands relinquished with those selected in lieu thereof

over \$7,799 acres.

The constantly decreasing area burned over is said to demonstrate the efficiency of the government forestry The commissioner says the withdrawal and proper policing of the forest lands of the government during the year has shown the following results.

2.-It has in addition, brought in a evenue to the government. 2.—Needed timber supplies have been t laced within lawful reach of the pub-lic. Timber depredations within the tererve limits have practically ceased. A little over 5,000,000 acres of land vere certified and patented to railways during the year under the landgrants struction of railroads.
