"We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy it saved her life. SPANISH BULL FIGHT.

The great Spanish bull fight that took place yesterday afternoon at the Glen-wood Park was not what had been expected. About 2,000 people gathered at the park to witness the exhibition, but many left, wishing they had their \$1.50 back. At 1:30 p. m. the parade passed through the principal streets of the ity, and thence to the park. Senor Roples headed the procession and was folowed by about 100 men on horseback. En route to the park the cowboys became excited and broke one of their horses' legs. The band was out and discoursed music en route, also during

the show. Senor Enrique Robles was in no way afraid of the boyines that were turned in the arena, and did everything in his ver to make them fight, but there was only two of them that appeared to be anxious to take up a fight with the Spaniard. In all seven different boines were turned loose in the arena. but none of them would get down to fighting; they were more frightened at the large crowd and music. Some of them would make a few feints at the red throws and then run.

The bronco busting by Cowboy Grey was also a very tame piece of sport that lasted but a few minutes.

BLIZZARD IN MOUNTAINS.

Snow Disappearing-Trappers Successful -Much Sickness,

Special Correspondence. Thistle, Utah Co., Feb. 22 .- One of the severest blizzards ever known in this part of the country, occurred here last week.

Frostiess weather, together with occasional rain, is causing the snow to disappear very fast on the sunny side of the hi'ls, and down in the canyon. Those who have been trapping here this winter, have met with good success in catching coyotes, wild cats and lynx, but the pumas seem to have been scarce. There is considerable sickness in this

neighborhood.

Special Correspondence. Teton, Fremont Co., Idaho, Feb. 15.-In this little town there are 50 subscribers to your interesting paper, the Semi-Weekly News. Thursday, February 11, was old folks' day in Teton, and was one of the grandest gatherings in the history of our village. At 6 o'clock in the evening the people as-sembled in the spacious meetinghouse, where two tables were set the length of the house loaded with the best the coun-try affords, irrespective of season. There were about 125 persons seated at the first table, and about 75 at the second. After supper the exercises of the evening were commenced by the choir and the old folks singing the hymn. "Come Let Us Reloice in the Day of Salvation." after which Bishop Johnston very ably delivered an address of welcome. A very lengthy and interesting program was then rendered by the midde aged and some of the older people, consisting of songs, speeches, reci-tations and step dancing, which lasted until the about 10 o'clock, when some of the older people retired, after which dane-ing was the order of the evening, lasting until about 10 o'clock, when some of the older people retired, after which dane-ing was the order of the evening.
