For Nearly Every Man. Woman Or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regard-inp the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were sur-prised and delighted at the results. In many cases a single package costing but 50 cents at any drug store, made a complete cure and in every instance the most beneficial results were reported. From a hundred or more re-received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited tes-timonials and never publish the same

one twice.

From James Yemmeisler, La Crosse.
Wis.; Stuart's Dyspepsia Tablets are
doing me more good than anything I
ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for 6 years, and had taken a great deal of mericine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recomment to everyone who has any trouble with his stomach to use these Tablets, From Mrs. M. K. West, Preston, I have received surprisingly good effects from using Stuart's Dys-pepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

Stuart's Dyspepsia Tablets are a cer-tain cure for all forms of Indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles enly, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heart-burn, bloating or wind on stomach and similar disorders.

The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to
