WHO WILL BE OUR NEXT SENATOR?

Interesting Talks With Three Men Any One of Whom May Wear the Toga.

WOULD SUCCEED SEN. KEARNS.

It Must Not Be Forgotten That the Later is in the Race and That He Will Run to Win.

CONTEST HAS ALREADY BEGUN.

George Sutherland, O. J. Salisbury, W. S. McCormick, all Much in the Public Eye—What They Say.

"Who will be the next senator from Utah?"

That question has been asked a good many times since the election on Tuesday last. And although before the rumblings of that struggle have rolled away the contest for the exalted place now occupied by Senator Kearns is under way. That is, sentiment is being created for this candidate, and that, if actual work is not really being done.

Among those whose names are being associated with the effort to obtain the coveted and honored prize are Senator Kearns, who desires very much to be his own successor, National Congressman O. J. Salisbury, former Congressman George Sutherland and Hon. W. S. McCormick. In order that the positions of these gentlemen might be correctly stated the Deseret News today secured first person interviews with the three last named. An expression from Senator Kearns could not be secured for the reason that he is not at home, having left Salt Lake several days ago for Washington. What the others said, however, will prove decidedly interesting reading. The interviews were secured in the order that follows:

A LONG WAY AHEAD.

When Mr. Salisbury was seen he did not hesitate to express a disinclination to talk upon the subject. He thought it was an important matter—far in the distance—that could be approached later on. Then he was doubtful about the question of good taste in going on record now. The fact that he had led the revolt in the Republican ranks that overthrew and badly damaged the machine, would have no bearing on his candidacy. When the direct question, "Mr. Salisbury, will you tell the Deseret News whether or not you are a candidate for senatorial honors a year hence?" was put, he replied carefully, adroitly:

"A year is a long way ahead. A great many things may happen in that time that we cannot now foresee. What you will do at that time you do not know; what I will do I cannot tell. Certainly I am not a candidate at this time, not in any sense of the word, receptive or otherwise."

Nevertheless it is known that Mr. Salisbury "will not throw the honor on his shoulders" if there is an opportunity to secure it without an unseemly scramble. It is most positively stated by friends and admirers that under no circumstances will he enter into such a scramble as characterizes senatorial struggles.

SUTHERLAND SPEAKS OUT.

Mr. Sutherland's interview is most interesting. It would indicate, though he does not say so in so many words, that he is of the opinion that the Republican delegates should, by resolution or otherwise, signify in convention assembled, their choice for United States senator, bringing the election as close to the people as possible, something that would, too, make a deadlock, practically an impossibility. This is what he said:

"I have no hesitation in saying that I should like to be United States senator from Utah. It is an exalted office, big with opportunity for accomplishing good for one's state and people, as well as honorable advancement for one's self. The indications at present are that the people of the state will themselves determine in some decisive manner their choice for this position. In a government of this kind it is right that they should; and no legislature will disregard their wishes. Whoever shall be selected in that way may be sure of receiving without stain the highest honor in the gift of the state."

MCCORMICK A HUMORIST.

Mr. McCormick was caught at his desk shortly before noon today as his bank was filled with people who were depositing and drawing out money according to their needs and desires. He was in a good-natured mood and humorously disposed of the query as to his senatorial aspirations in a manner once diplomatic and unmistakable. Said he, having in mind the upheaval that occurred in this city on Tuesday last:

"I am not so sure that the political complexion of the next Legislature of the State of Utah will be such a pure as to have any use for a Republican. I think that is all I care to say this time."

And thus the interview closed as Mr. McCormick's eyes twinkled under the thought that fact is just as strong a virtue in politics as in business.

WILL MEET IN DECEMBER.

Republican National Committee To Convene at That Time.

The Republican national committee is to meet in December, presumably in Washington. The exact date has not yet been set, at least members have not yet been notified of the time. The session promises to be of the most interesting that has been held in years. There is to be a complete re-organization, it is thought. Senator Hanna, who has proved himself a campaign general of extraordinary ability, is to retire from the chairmanship and Perry S. Heath will, on urgent demand of President

Roosevelt, lay down the duties of secretary, which he has discharged for some years past. It is stated that Senator Hanna will likely be succeeded by ex-Gov. Crane of Massachusetts, but it is not known who will take the place now occupied by Perry S. Heath. But the office will be vacated in a foregone conclusion.

Locally an unusual amount of interest attaches to the meeting. There are two specific reasons for this. The first is, that Mr. Heath, the secretary, now a resident of Salt Lake, is slated to stand simply in the organization with which he has affiliated in conspicuous degree since his boyhood. He claims, and his friends claim, that he took his stand simply in the interest of civic purity and against corrupt political methods. This will all be shown in striking manner before the national committee if occasion requires. It is hardly probable in view of these and other strong facts that the threat to expel him from the party will be made. Mr. Salisbury was elected for four years, and his term runs until the national convention next year when the presidential nominee of the party is to be put before the people. That he will serve his term in no possession of the actual facts of the case, that campaign, can doubt for a moment. Besides, the national committee is not likely to take up local differences. If it does it will have a dozen states on its hands, not to say its neck, in a hurry.

LYNCH FOR CHIEF.

Republican Friends Want Him to Head the Police Department.

Republican friends have started a movement favoring W. J. Lynch for chief of police. It is stated that the campaign in his behalf is on in earnest and that if it progresses satisfactorily Mayor Thompson will send in his name to the next meeting of the city council. The mayor's first choice, however, is, as it always has been—George Sheets. But it is an absolute certainty that the appointment of Sheets cannot be confirmed without eliminating him from the race and thus is Lynch brought forward. But there is small probability of success in this direction. Official sentiment like that of the public leans to the right, and thus is Lynch brought forward. HIRED GIRL IN TROUBLE.

Lena Curtis Confesses that She Stole \$100 in Jewelry.

Last night Officer Johnston arrested Lena Curtis, a domestic, on the charge of stealing a number of articles from her employer, Mrs. R. B. Cameron, 325 east Second South street. Among the articles alleged to have been stolen by the Curtis girl, is a complete diamond ring, valued at \$35. It is claimed that the thefts amount to more than \$100. At police headquarters the girl was in the hands of a detective, and she broke down and confessed her guilt. A complaint will be filed against her by the county attorney, and she will be arraigned before Judge Diehl on Monday morning.

ONE IN SALT LAKE.

Lorenz-Armour Surgical Bed to be Established Here.

(Special to the "News.") New York, Nov. 7.—The details of Dr. Lorenz's plan, ending beds for the Dr. Lorenz surgical treatment, are said have been completed by Mr. Armour after considerable correspondence with the great surgeon on that subject. It was learned here today from a source entitled to full credence that Dr. Lorenz will come to this country again in February next and remain at least three months, during which he will deliver a complete course of lectures, accompanied by clinical treatment of typical cases for the purpose of educating surgeons to give his treatment at various hospitals at which Armour beds are to be endowed. The surgeons will be selected by Chicago surgeons. Under the decision of Dr. Lorenz one of these orthopedic beds is to be located in a Salt Lake hospital.

KILLED IN A RUNAWAY.

News of Death of J. O. Trayner Reaches Salt Lake.

News was received in this city last night of the death at North Yakima, Washington, of J. O. Trayner, brother of John Trayner of this city. It is presumed that he was killed in a runaway from the fact that the information states that he died from injuries received by being thrown from his wagon.

The deceased paid a visit to this city two years ago, where he met for the first time in 47 years his brother John. They were natives of Pennsylvania and became separated in childhood after the death of their father and mother. Their reunion in this city was a most happy one, and the fatality is the cause of deep regret on the part of Salt Lake relatives.

A BAD ACCIDENT.

Stranger Who Fell Down Stairs Was Seriously Hurt.

George W. Chance, who met with a painful accident at the City and County building yesterday afternoon, as reported in last evening's "News," is resting easily at the Holy Cross hospital where he was taken after Dr. Bailey had made an examination of his wounds. It was found that in his fall he broke his nose and both wrists. The right wrist was only slightly shattered, but the left one was badly broken.

Mr. Chance and his friend were looking at the statue, "The Signal of Peace," in the south end of the main corridor of the building. They then started to descend the stairway leading to the south door when the former missed his footing and fell headlong the entire flight of stairs. It will be some time before he will be able to resume his journey to his home in New Orleans.

FOUGHT THOUGH BADLY STABBED.

Vicious Quarrel Near Huntsville May Result Fatally to John Coffin.

ASSAILANT NOW IN CUSTODY.

Trouble Arose Over an Arrest Made Two Weeks Ago at the Instigation of Chris Peterson.

(Special to the "News.")

Ogden, Nov. 7.—John Coffin, aged 25, was probably fatally stabbed in the head at 1 o'clock this morning at Huntsville, 15 miles east of here, by Chris Peterson, a man aged 28. Peterson is now under arrest in the county jail, with a good chance of being charged with murder.

Peterson stabbed Coffin behind the left ear. Despite the fact that the blade of the knife penetrated the brain to a depth of three inches, Coffin beat his assailant unmercifully, walked to the house which he was staying and then lost consciousness. Peterson presents a horrible sight. He cannot see out of his eyes, while his head and face are swollen and bruised terribly. The trouble arose over the arrest of Coffin two weeks ago on the charge of stealing some coffee, preferred by Peterson. The two men met in the lunch room adjoining the saloon in Huntsville and there commenced to quarrel. Upon being ordered off the premises the young men continued their quarrel outside.

Onlookers declare that the first blow was struck by Peterson who opened a pocketknife and made for Coffin. He struck his victim with the five-inch blade slightly above and at the back of the left ear. The blow was struck Coffin seemed to become infuriated. He rushed at Peterson and fairly pummeled his face into a jelly until the latter was unable to stand. Peterson then prostrate and unarmed walked to the residence of Albert Garner, where he was staying. Shortly after entering the house Peterson was seen through the blood clotting on his face.

City Marshal Albert Engstrom, who had been notified of the stabbing, arrived shortly afterwards and summoned later placed Peterson under arrest and brought him into Ogden where he turned him over to the sheriff at noon. Drs. Forbes and Rich were summoned to Huntsville and early this morning operated on Coffin with the result that he gained consciousness at about 4 o'clock for a few minutes, but then relapsed into a comatose condition again. Huntsville is greatly excited over the tragedy. Peterson has long borne the reputation of being a quiet, sensible young man and recently he went after a man with a shotgun but the prospective victim escaped by hiding in a granary. He is a son-in-law of Sylvester Groves, the county fish and game warden here.

Coffin resides in Ogden, where he is well known.

PETERSON'S STATEMENT.

Peterson, whose nose is broken, forehead cut and left eye closed by a blow that laid his cheek open, was seen by the "News" shortly after he was taken to the hospital. He said that he did the cutting in self-defense and that a young man named Clarence Farrell assisted Coffin in beating him. Both of them, he said, threatened to beat him to death, and it was not until he was knocked down that he used his knife on Coffin.

HELD TO DISTRICT COURT.

Harry Claypool, Chauncey Belding and Ralph Tappen were arraigned in Judge Howell's court this morning, the former for housebreaking and the latter for grand larceny, housebreaking and burglary. All three waived preliminary hearing and were bound over in the sum of \$500 each to await the action of the district court.

WANTED IN LOS ANGELES.

Sheriff Bailey this morning received a communication from Los Angeles to the effect that M. E. Maynard, alias Service, accused of forgery in Springfield, Mass., is also wanted in the City of Los Angeles and that there was a reward of \$100 for him.

APPEAL IN HORN CASE.

Gov. Chatterton Again Postpones the Hearing of Arguments.

(Special to the "News.")

Cheyenne, Wyo., Nov. 7.—Gov. Chatterton, at the request of the prosecution, has again postponed the hearing of arguments on Tom Horn's appeal for a commutation of sentence to life imprisonment. The hearing with the governor will now be held on Thursday morning at 10 o'clock.

The preliminary hearing of Miss Wendoline Myrtle Kimmel, the Iron Mountain schoolteacher, and alleged sweetheart of Horn, who charges Willie Miller with the murder of Victor Nickell, and who is being prosecuted on the charge of perjury, was postponed until 9 o'clock Monday. The delays are caused by the absence of Prosecuting Attorney Stoll.

WORKING FOR CONDEMNED MEN.

Friends of Mortensen and Haworth Are Not Letting Grass Grow Underfoot.

FATHER AND BROTHER HERE.

Peter's Relations Hope to Raise the Necessary Funds for the Appeal To U. S. Supreme Court.

The father, brothers and attorneys of Peter Mortensen will try every possible means of preventing him from being executed on Friday, Nov. 20, the date set by Judge Morse for his execution, and to that end M. F. Mortensen and Jesse Mortensen, the father and brother of the condemned man, arrived in the city yesterday from their home in California and will exert every effort to delay the execution. They have already secured \$1,000 towards necessary expenses, and with the assistance of Henry Mortensen, who resides in Forest Dale near the scene of the murder, it is believed that considerable more money can be secured.

The father and son called upon Atty. Stewart & Stewart after their arrival and then went to the state prison to reassure the condemned man that they would do everything possible to save him. They will remain in the city until after the date of the execution or until the matter is determined.

It seems probable now that the board of pardons will hold a special session in order to consider Mortensen's application for commutation of sentence. Such a meeting may be called, according to the rules of the board, upon request of three of its members or in case of emergency it may be called by the governor alone.

Among the other applications for commutation of sentence to be presented to the board at its regular meeting on Nov. 21, is that of "Nick" Haworth, who is sentenced to be shot on Dec. 11. Atty. A. J. Weber has secured a large number of affidavits tending to prove an alibi which will be used at the hearing before the board of pardons. In addition to these there are a number of letters from prominent Iowa people in relation to Haworth's family connections and previous good character.

REVOLTING CASE.

Edward Cunningham Arrested by the Police on Serious Charge.

This morning Officer Joe Burt arrested a man who gave his name as Edward Cunningham, on a most serious charge. He was taken to the police station and locked up, but his victim, who is said to be a young boy, has not been located as yet. The police do not know the name of the lad, but they claim to have a good case against Cunningham.

Farris was tried on a charge of bribery in connection with alum legislation, came into court at 10 o'clock, and rendered a verdict of guilty on the charge of bribery. The judge thereupon discharged the jury from further service. The foreman reported that the jury stood eight for conviction and four for acquittal. Senator Farris was the first of the indicted members of the legislature to be tried on charges of bribery. He was tried on a direct charge of receiving \$7,000 and distributing it among seven members of the committee on criminal jurisprudence for holding up the bill introduced by Senator Farris prohibiting the use of alum in baking powder. Colon, Nov. 7.—The people here are frantic with delight at the United States' recognition of the de facto government of the republic of Panama.

COLOMBIA WILL PROTEST.

Paris, Nov. 7.—The Paris this afternoon publishes in a dispatch from Antwerp an interview with Gonzalez Torres, consul-general of Colombia, who says he has just received a dispatch from Colombia announcing that 7,000 troops are about to arrive at Savannah, way to Colon. Among the number are 600 men from the department of Antioquia. The department of Boyaca is also furnishing its contingent.

Consul-General Torres adds that the action of the American naval forces at Colon prevented Colombia from sending troops to Panama to suppress the uprising thus preventing Colombia from fulfilling her treaty obligation to maintain order. He further declares that in spite of American interference, Colombia will fulfill her treaty duties and will march troops by land to Panama.

The Paris press forth that the government of Colombia has decided to permit the United States to take part of her territory under the pretext of creating a new republic.

FRANCE WANTS ASSURANCES.

Paris, Nov. 7.—Before giving a formal recognition by France of the republic of Panama, Foreign Minister Delcasse has decided to secure a specific declaration that the new regime will carry out Colombia's former treaty and legal obligations with little interest by the officials here as making practically certain the intentions of the new state towards French property rights. Until this declaration is unmistakably given French recognition will be withheld, but as soon as it is given there is the best reason to believe that France will recognize the independence of the new state. Cable inquiries are now proceeding to secure the specific assurance required. York, a representative of the baking powder trust, and was alleged to have been handed to the accused by former Lieut.-Gov. John A. Lee. This was the testimony of Lee, who appeared as a witness for the state. A letter purporting to have been written by Lee to Kelly, returning the \$7,000, was also produced as evidence, but Lee denied the authorship of it.

Foreman Ross said to a reporter: "The four men who voted for acquittal were Peter Lauff, Ben Fringer, James Clark and Benj. Lockett. Every one of the four agreed that he thought Farris guilty, but he felt that under the instructions the testimony was not sufficiently strong to permit him to vote that way. They found that there was a reasonable doubt of guilt."

KEARSAGE MINE VICTIMS.

Number Taken Out Now Amounts To Eight.

Butte, Mont., Nov. 7.—A special from Virginia City says that the list of dead as a result of the fire in the Kearsage mine, near here yesterday, numbers eight. All of the bodies were recovered, including that of Supt. R. B. Turner, and four of them will be taken to Butte for interment today. No cause for the fire has yet been determined. The bodies were recovered as soon as repairs to the shaft and mine buildings have been made.

CHASE COURT-MARTIAL.

Gov. Peabody Sets Aside the Court's Verdict.

Denver, Nov. 7.—Gov. Peabody today set aside the verdict of the court-martial which found Brig. Gen. Chase guilty of disobedience of orders and sentenced him to discharge. The governor decided that the findings of the court were incorrect on account of the general's previous good record, restored him to duty as commander of the national guard of Colorado. The charge of disobedience of orders was filed against Gen. Chase by Adjutant General Bell who issued an executive order at Cripple Creek which was disregarded by the commander. Gen. Chase attempted to deny the charge on the ground that many "manufactured executive orders" had been issued and he was in doubt as to whether the order in question really came from the governor or not.

ALEXANDRA'S TRIBUTE TO VICTORIA.

London, Nov. 7.—In memory of the "best of mothers-in-law," is Queen Alexandra's tribute to the late Queen Victoria, inscribed on the national memorial. The memorial is a beautiful statue of the Saviour, 17 feet high, sculptured and sent from Denmark at the expense of Queen Alexandra.

MONONGAHELA PLANTS TO RESUME.

Pittsburg, Nov. 7.—Resumption of operations at plants along the Monongahela river will give employment to more than 5,000 additional men within the next 48 hours.

NO INTEREST IN COSTELLO'S ARREST.

Chicago, Nov. 7.—The arrest of Thomas Costello, or Thomas Murphy, in South St. Louis and his alleged confession of complicity in the Cudahy kidnaping, with little interest by the Pinkerton agency here. Since the arrest of Calahan and failure through lack of evidence to convict him in an agency official declared that the case has been practically dropped.

KITE BOAT A SUCCESS.

S. F. Dover Crosses from Calais to Dover in His.

London, Nov. 7.—After several failures S. F. Cody today succeeded in crossing the English Channel in his kite boat. He left Calais at 11 o'clock last night and reached Dover 13 hours later. He encountered much shipping and had some narrow escapes, but he was successful.

CODY HAS PREVIOUSLY MADE TWO UNSUCCESSFUL ATTEMPTS TO CROSS THE CHANNEL FROM DOVER TO CALAIS IN A COLLAPSI

Cody has previously made two unsuccessful attempts to cross the channel from Dover to Calais in a collapsible boat driven by a kite on Oct. 10 and Nov. 4 respectively. The kite he employed was somewhat on the principle of a box kite and was capable of lifting several tons. The boat weighed four tons and was decked with canvas. It resembled a miniature submarine boat. A combined steering gear manipulated the kite and the boat's rudder alike and enabled Cody to maneuver with comparative ease.

SPEAKS WELL OF AMERICA.

Prof. Von Mikulicz Relates His Experiences in the United States.

Berlin, Nov. 7.—Prof. Johannes Von Mikulicz, the well-known surgeon, lecturing at Breslau yesterday on his recent trip to the United States, said he found more fruit of the ideas among the American surgeons, than among the French and English. He added:

"The time is passed when we were given and the Americans are self-confident. The American character has as a fundamental feature unlimited self-confidence. He can do anything that is wanted and he wishes to see America regarded as the most beautiful and most pre-eminent land in the world. Nevertheless, we have no ground for fear for in the sharp economic contests the Germans have come advantages over the Americans. The latter recognize the efficiency of the German, calling them the 'Yankees of Europe.'"

The professor pleasantly described his relations with the American press. He said he intended avoiding the reporters, but his friends assured him that this was impossible and nearer acquaintance convinced him that they were polished, educated gentlemen. He humorously related the case of a youthful reporter in Colorado, who, the professor said, in interviewing the latter, asked whether he had, in his surgical operations, "discovered the seat of the soul."

PROPOSALS FROM CUBA.

Havana, Nov. 7.—The Cuban government today handed to United States Minister Squires a proposition which if accepted by the United States will result in the immediate turning over of the Guantanamo government to the United States.

STRIKE AT ROCK SPRINGS.

Coal Miners May Walk Out—Notices Are Posted Prominently.

A well known coal dealer said today that he has in his possession information from Rock Springs, Wyoming, which indicates that the miners there will obey the order issued by President John Mitchell, of the United Mine Workers, to go on a strike next Monday. Notices have been posted in conspicuous places calling upon the men to walk out, unless the operators comply with the demands for a higher wage scale, which is unlikely.

MAY PURCHASE HEINZE'S INTERESTS

Rumored in Butte That Negotiations to That Effect Are Now Under Way.

REPORT IS FULLY CREDITED.

Prest. Scallion Says He Has No Knowledge of the Matter, While Mr. Heinze Denies It.

BUT A HEN IS ON SOMEWHERE.

The Story Comes From What Are Deemed in Montana the Most Reliable Sources.

(Special to the "News.")

Butte, Mont., Nov. 7.—Private advice last night, from apparently reliable sources, are to the effect that negotiations are on to purchase the greater part of the Montana mining interests of F. Augustus Heinze by the Amalgamated Copper company and thus end that memorable conflict between the great copper magnates and permit the resumption of mining the combine's properties in Montana. Mr. Heinze, in the terms of peace, is to be made manager of the Amalgamated mines and smelters, retaining certain interests. The alleged agreement is in effect a pooling of interests, Heinze exchanging United Copper stock for Amalgamated. Prest. William Scallion, head of the Amalgamated here, would neither affirm nor deny the report, saying he knew nothing about it. Mr. Heinze, however, positively denied the rumor, declaring under no circumstances would he sell out unless forced to do so by arbitrary action of the people. Despite the price paid by the Amalgamated, every credence in many quarters.

CONFIRMED FROM OTHER SOURCES.

Portland, Ore., Nov. 6.—The Oregonian prints the following special from Butte, Mont.:

A report late tonight apparently based upon the very best authority, indicates that the settlement of the long and bitter copper war between F. Augustus Heinze and the Amalgamated Copper company is in sight and resumption of the latter's mines and smelter is not far distant.

According to information tonight Heinze has sold out his entire holdings, with the exception of a small interest, and he will act as the Amalgamated Copper company's manager of all its mines and smelters.

The price paid by the Amalgamated, or price it is to pay, could not be ascertained.

President William Scallion of the Amalgamated copper and representative of the Amalgamated, refuses either to affirm or deny the report. He declared that much was possible, though if the settlement had been effected with Heinze by the Amalgamated officials in New York, he was not aware of it.

Upon the most reliable statements made by the Amalgamated people, it was understood that Gov. Tilton had an extra session of the legislature within the next week, that a fair trial bill of the Amalgamated Copper company may be enacted.

INDICTMENTS DISMISSED.

Those Against Former Justice Gustavo H. Kroeger So Acted Upon.

The remaining 14 indictments returned by the recent grand jury, which have been held in abeyance since the jury was discharged, were dismissed by Judge Morse this morning upon motion of County Atty. Westervelt on the ground, as stated by the latter, that the evidence is insufficient to secure a conviction. The indictments were against former Justice of the Peace Gustavo Kroeger and charged him with falsifying his justice court record in another criminal action which was instituted by the Merchants' Protective association. It is understood that Judge Kroeger will be used as a witness in another criminal action which will be instituted by the county attorney against a certain party. That fact also had something to do with the dismissal of the indictments against him.

Out of the
