TRIES TO HANG HIMSELF.

Julius Jensen, a Crazy Man, Makes Two Unsuccessful Attempts on His Life. Julius Jensen, the man who assaulted a well known Salt Lake girl about a year and a half ago, and who was afterwards committeed to the insane asylum at Provo, made two unsuccessful attempts to take his life yesterday, Shortly after his committal to the asylum, he made his escape and nothing was heard of him again until yester-day when the sheriff's office received

word that a crazy man was trying to do away with himself in the vicinity of Eleventh South and First West streets. Sheriff Howells and Deputy MacDuff drove out to the place and in a lonely hut found the long lost Jensen, very quietly at work fixing a rope over rafters. As the officers entered Jensen sprang at them like a tiger and is was only after a desperate struggle that the

lunatic was overcome and put in irons. After being locked up in the county jail he again tried to take his life by con-structing a rope out of the blankets in his cell. The vigilance of Night Jailor Nick Gulbransen, however, upset the crazy man's plans for the second time, and after another desperate struggle he was placed in the padded cell. The probabilities are that Jensen will

be returned to the asylum in a day or

EMERSON SCHOOL KINDERGARTEN

Utah-Idaho League Games Begun Saturday Afternoon,

LARGE CROWD ATTENDED.

The Contest Was Started by Mayor Thompson, who Pitched First Ball, and Was Warmly Applanded.

No less than 1,000 baseball enthusiasts witnessed the Rio Grandes defeat the Pocatello's in the league game played on Walker's field Saturday afternoon

Judging from the manner in which the game was conducted, future league contests will be well patronized and Utah will see something new in the way of baseball.

One pleasing feature of the game was the total absence of "kicking" and grumbling over the umpire's decision, usually so pronounced at the national game

Amid general applause Mayor Thomp-Amid general applause Mayor Thomp-son pitched the first ball and the con-test was under way. From the manner in which the Mayor threw the sphere over the plate it is evident he has played ball before, although it was a strike, Rand of Pocatello, who was at the bat, politely allowed the ball to pass or the plate first strike to the ball to pass and Umpire Griffin called it a ball. The crowd became somewhat impatient in the first part of the game because it seemed as though things were moving along quite slowly. The catcher for the visitors did not

make a very good impression as he al-lowed five passed balls and was extremely slow. When Walter Seare took his position behind the bat, the order of things was reversed, and the crowd cheered lustily at his numerous brilliant cheered fuscify at his numerous orifinant plays. On two occasions he put men out at home on some very hard throws. In gathering in one of these throws Seare split his finger, but he played hall just the same. He proved himself equally proficient at the bat and scored three runs and two bits out of three turns at the bat. Risley, the pitcher for the home team, did some excellent work. work

Brode's ugly temper, his owner says he will start him in the Derby. He has sulked in his last two races, but it may be that he will take a notion to run kindly on Thursday. If he should run kindly on Thursday. If he should run to his California form he would be

a hard horse to beat, Kentucky Farmer will start, but his preparation has been so slow and conservative that he has few friends. High-land Lad will be put in as the pace-maker for his stable companion, Flori-zar, Although not considered a mile and a quarter horse, if he goes after Lieutenant Gibson for the first seveneighths he may prove bothersome to the backers of that colt.
