CHAMBERS FOUND GUILTY OF FRAUD.

Jury Says He Unlawfully Appropriated Public Funds to Himself.

PRESIDENT OF CITY COUNCIL.

Verdict Means That He Will Be Ousted Therefrom But Action May Be Stayed by Appeal.

(Special to the "News.")
Ogden, Feb. 21.—The jury in the above entitled case find the defendant guilty as charged.
Such were the fateful words uttered at 10 o'clock this morning in Judge Howell's court, when the long drawn out case of J. D. Sken vs. Fred W. Chambers came to a conclusion.
Mr. Sken some time ago brought charges against Chambers, who for a

FRED W. CHAMBERS.
President of the Ogden City Council. Who Was Found Guilty Today of Appropriating Public Funds to His Own Use.

long time has been president of the Ogden City Council. The allegations were that Chambers, with other councilmen, voted themselves money unlawfully. The amount named in the accusation was \$100.00.

It was alleged that the money was misappropriated from the city funds. The defense claimed that the money was due for services rendered to the city. Sken brought action to have Chambers removed from his official position, and that will be the judgment of the court.

The prosecution and defense argued the case all day yesterday, and at about 5 o'clock the case went to the jury, composed of the following: W. J. Hancock,

AWFUL ITCH INSTANTLY RELIEVED.

We are glad to inform the public, especially sufferers from any kind of skin trouble, that at last the scientific remedy has been found. A harmless vegetable compound used externally: D. D. D. PRESCRIPTION.

Apply a few drops of this soothing liquid to the skin and instantly you feel relief. It is free from that torturing itch, Eczema, Psoriasis, and all kinds of skin trouble. Read the Coupon offer of a sample bottle sent free, prepaid, to convince you.

JURY OUT ALL NIGHT.

Judge Howell waited until midnight for the jury to return a verdict, then despairing of an agreement, being reached before morning, the court locked the jury up for the night.

An agreement was not reached until 9:25 this morning when court and counsel were notified that the jury was ready to report. The defendant and other interested persons were in the court room, when the eight men selected to try the case filed in.

When the verdict was read, Chambers turned slightly pale. He had nothing to say, but his counsel, Judge Magnus, stated that he would appeal the matter to the supreme court, and if possible have the verdict set aside.

Judge Howell notified the defendant to appear before him on Feb. 28 at 10

JAMES GALE IS BEREFT OF REASON

Erratic Actions Frighten People And He Is Taken in by Officers.

MRS. GEORGE H. BEECH DEAD.

Wedding of Miss Lillian Anderson and John Shurtliff—Junction City News Briefs.

Ogden, Feb. 21.—James Gale, one of the old time settlers of Ogden, who was a prominent business man in this city, was taken in custody yesterday afternoon by Sergeant Pincock and Officer Hendrick and turned over to the custody of Sheriff Bailey to be examined as to his sanity. For some time past the old gentleman has been acting strangely and of late could not be controlled by his wife.

He declared his wife and children wanted to kill him to get him out of the way and at times he became violent. Yesterday afternoon his wife started out with him for a buggy ride, when they came near the corner of Washington and Twenty-sixth street Mr. Gale jumped from the buggy and ran into a grocery store and insisted on the clerks hiding him away behind the counter, declaring some one was after him. He left the store in a short time and went to the home of Bishop McQuarrie, where his strange actions frightened the inmates and the police summoned to take him in custody. He is about seventy years of age and is well known in Ogden and has a large family, but they cannot control him.

SUMMONED AT 36.

Mrs. Mary Ann Beech Lays Down Life's Carer.

Ogden, Feb. 21.—After a brief illness of but a few days Mrs. Mary Ann Beech, a well known resident of the Mount Fort ward, died yesterday afternoon at the family residence, 1235 Washington avenue, from gall stones. She was the wife of George H. Beech, who was born March 17, 1850 in England, where she accepted the Latter-day Saint faith, emigrating to Ogden a few years ago with her husband and several sons and daughters who survive her. She was an affectionate wife and mother, and faithful to her religious convictions. The time and place of funeral will be announced later.

NAVAL DESERTERS ARRESTED.

Last evening Thomas Dankan and John Taylor were arrested by Sgt. Pincock and Officer Russell on the charge of deserting the United States navy. The police had received a description of the two men, and were on the lookout for them. They deserted from Coast Island, Cal. The naval officers have been notified of the arrest of the men, who will be returned to their post of duty.

FRED KRAUCH RECOVERED.

Deputy Sheriff Barlow Wilson has received a postal card from Fred Krauch, who a few months ago was committed to the state mental hospital from this city, but was later released and is now attending college in St. Louis.

SHURTLEIFF-ANDERSON NUP-TIALS.

In the Salt Lake Temple today two of Ogden's most prominent people, Miss John Shurtliff and Miss Lillian Anderson, were married, and will leave on this evening's train over the San Pedro route for California, where they will spend their honeymoon. The bride is the daughter of Mrs. Carl Anderson, and one of Ogden's most charming and popular young ladies.

Licenses to wed were also granted to Lewis M. Hardy, 22, and Miss Ella Child, 22, both of Roy, Weber county; William R. Telford, Jr., and Miss Catherine F. Hunter, 22, both of West Weber.

BRIEFS AND PERSONALS.

The funeral services over the remains of Dr. Hinton will be held this afternoon at the Methodist church. The card party which the Degree of Honor had thought of holding, has been abandoned because of the gambling agitation, will be given, the ladies having decided that no harm can come from playing cards for prizes.

The auditing of the city's books to be made by C. R. Hollingsworth and R. T. Harris, who were appointed by the city council, will be commenced tomorrow, and completed as soon as possible.

David Jensen and Thomas Cunningham have returned from a trip of inspection of some mining properties in which they are interested at New Foundland. They report some very encouraging prospects.

The sale for "Parsifal," the great sacred festival drama by Richard Wagner, opened yesterday. Indications are that a crowded house will greet the company tomorrow night. The curtain will rise at 7:45 promptly, so that the play can be completed before midnight.

Special Officer Wm. Sullivan of the Southern Pacific has secured a month's vacation.

CITY AND COUNTY AFFAIRS.

City Ordinances Will Be Printed in Both Papers—Other News.

S. local Correspondence.
Provo, Utah Co., Feb. 21.—The city council transacted the following business Monday evening:

The committee on engraving and printing presented three reports. The committee report, signed by Ralph Poulton, chairman, recommended that ordinances and notices published in the Semi-Weekly Enquirer at 30 cents an inch, standard circulation of 1,000 to 1,200. J. E. Bott presented a report recommending that the bill be awarded to the Democrat, stated circulation 800. C. H. Miller reported in favor of publishing the ordinances, etc., in both papers.

The vote on Miller's amendment was five to five, all Democrats voting against the report and the Republicans for. On Mr. Bott's amendment favoring the Democrat, the vote was also five to five, being on strict party lines.

A motion that the council consider the matter in the committee of the whole, made by Councilman Poulton carried. On reconsidering the committee report in favor of advertising in both papers, the report was adopted. Councilman Snow voting with the Republicans.

The committee on cemetery recommended that the drain on the south of the cemetery be filled and that the committee be authorized to advertise for bids. Report referred back for investigation as to probable cost.

The committee on judiciary reported in the matter of the right of way for the city's pipe line on land formerly owned by the Telluride Power company. The report was accompanied by a letter from Mrs. Steel in which she states that the city has a right to lay the pipe across the land. The report recommended that the city recorder be instructed to transmit the letters to the Telluride Power company. Report adopted.

A resolution fixing the rates of water taxes for 1906 was passed. The rates for city lots is 15 cents and for land 50 cents an acre, and the mills and factories the rate published at the time of presenting the report by the committee.

An ordinance authorizing the issue of \$25,000 4 1/2-10-20 waterworks bonds was also passed. The vote on the waterworks ordinance was unanimous; Johnson and Poulton voted "no" on the artificial light ordinance.

The matter of the legal validity of the bonds will be determined as soon as the question can be taken before the supreme court, on a suit to enjoin the city from issuing the bonds.

The city recorder was instructed to request the juvenile court committee to report on the salary of Chief Probation Officer S. R. Brown at the next meeting.

FUNERAL OF WILLIAM FAIRER.

The funeral services over the remains of William Farrer, held yesterday, in Washington avenue, were well attended by a large number of relatives and friends, the house being crowded. Bishop O. H. Berg presided.

A biographical sketch was read by Elder J. C. Anderson, which was a number of speakers addressed the congregation, testifying to the noble qualities and gentle nature of the departed.

The services were conducted by an earnest, humble worker in the development of the state. The speakers were Bishops O. H. Berg, Elders S. S. Jones, E. E. Clark, M. L. Pratt and President L. J. John. The benediction was offered by Elder John B. Milner.

THREE-YEAR B. A.

Wright of Clark College Believes He Has Solved the Problem.

Chicago, Feb. 21.—A dispatch to the Tribune from Worcester, Mass., says: After a trial of four years President Carroll D. Wright and the authorities of Clark college are satisfied they have solved the problem of the three years' course for the B. A. degree, chiefly by saving to the students the time formerly spent in preparing for the collegiate athletics and also the college athletics and also the college athletics and also the college athletics.

"The first step toward such an attitude was the outbreak of which electives group of studies under which electives were properly balanced. These groups comprehend instruction in all those branches legitimately belonging to the college course. The amount of work to be done is nearly the same as in four years' colleges, as, for instance, while Harvard calls for 51 hours to a course for a half-year in college studies, four years, Clark calls for 50 hours in three years."

The large amount of time expended during a four years' course in intercollegiate athletics, the president said, is a waste of time, and the college is able to give the students as much real instruction as is given by four-year colleges to its candidates for a bachelor's degree.

A CHICAGO HOLDUP.

Mrs. J. T. Loomis Robbed and Choked Near Her Home.

Chicago, Feb. 21.—Half a block from her house at the twilight last night Mrs. Josephine T. Loomis, well known at Buena Park, and a member of various women's clubs, was robbed by a holdup man. She was choked until nearly unconscious, from her fingers her two diamond rings valued at \$250. Her purse was also taken.

So frequent have become the attacks on women that residents of Buena Park recently inaugurated a private police service. The city police in that region are so few in number as to be powerless.

DRY DOCK DEWEY.

Broke Adrift Three Times and Picked Up With Difficulty.

New York, Feb. 21.—According to a dispatch to the Herald from Las Palmas, Canary Islands, the dry dock Dewey broke adrift three times, and was picked up with difficulty by the tug Potomac, which recently reached Las Palmas. The fleet and dry dock are now 480 miles west of the Canary islands, the dispatch says, and everything is going well.

White Ribbon Remedy

Thousands of good men are today allowing themselves to be drawn gradually within the nets of the terrible habit of drinking.

Unless a friendly hand is put forth to deliver them, they will, as surely as night follows day, become drunkards.

If you are one of those who are heart-sick because of some loved one's weakness, or if you are one who are weary of a life of sorrow, we offer you hope—a positive cure for this weakness—a lasting cure.

White Ribbon Remedy

can be given to the patient without his knowledge, in coffee, tea, water or food.

It has no odor or taste. It will create a lasting dislike for intoxicating drinks. It restores the stomach and digestive organs to former health and strength. It has cured thousands and brought happiness to thousands more.

It will bring happiness to you. Write today to White Ribbon Remedy Co., 218 Tremont St., Boston, Mass., for trial package and letter of medical advice free in plain envelope.

All letters confidential and destroyed when answered. White Ribbon Remedy sold by druggists everywhere, or sent by mail in plain package, price \$1.00.

POPE HOLDS CONSISTORY.

Rome, Feb. 21.—The pope held a secret consistory today chiefly to cre-

W. A. CLARK PLAYS HIS LONE HAND.

Owing to Objections on the Part Of Harriman Regarding Bullfrog Branch.

IS BUILDING LINE HIMSELF.

None of the Money is Being Put up By the Salt Lake Route for Feeder.

San Francisco, Feb. 21.—The Examiner says today:

Owing to the objections of J. H. Harriman, the Salt Lake & Los Angeles road is not advancing the money to build the branch line now under construction from Las Vegas, a station on that road in Nevada, north 120 miles to Bullfrog. Senator W. A. Clark is building the line on his own responsibility at a cost of about \$2,000,000. Clark and Harriman each own a half interest in the Salt Lake & Los Angeles road and the branch in question will be a feeder to it.

General Manager Smith and his associates are already building on the Santa Fe 13 miles east of Barstow, north through Death valley to Bullfrog, a distance of 160 miles. This line is a considerable distance west of Clark's Las Vegas and Bullfrog branch. It is said Smith and his associates also plan to build about 80 miles more, so as to reach Goldfield, the present end of the line, which passes through Tonopah and connects with the Hazen branch of the Central Pacific.

If the Smith road is built to Goldfield, then Nevada will have a north and south line from Hazen on the Central Pacific, via Tonopah, Goldfield and Bullfrog, thence through almost the middle of Death valley, to Ludlow on the Santa Fe. Connection will also be made at Bullfrog with the Clark branch to Las Vegas on the Salt Lake & Los Angeles road.

DIED ON THE TRAIN.

Peculiar Case Happens on the Salt Lake Route.

A peculiar case came up this morning in relation to a man who died on Salt Lake Route train yesterday and whose body was brought to this city today. The deceased, John E. Landstrom, of Bergen, S. D., was traveling with his wife in California for his health, and died on the train. Both were traveling on excursion tickets which entitled them to first class transportation. According to the rules of the railroad the cost of transporting a corpse is twice the price of a regular first class ticket. Mrs. Landstrom, however, holds that she and her husband had tickets to Los Angeles and return and that these tickets entitle her to accompany her husband's remains home without additional expense.

In the meantime the body is lying at Evans' undertaking establishment.

FREAK ROAD.

Bridge to Be Built Over the Royal Gorge for Scenic Line.

F. S. Granger of San Jose, Cal., has submitted a plan for bridging the chasm of the Royal Gorge which is to cost \$100,000 and when completed will be the highest railroad bridge in the world. This bridge is to be 2,000 feet above the hanging bridge of the Denver & Rio Grande. The proposition is to establish an interurban line of electric railway in Fremont county from Canyon City to Florence, South Canyon, East Canyon, Lincoln Park and the top of the Royal Gorge. Construction is promised to start next week.

A bonus of \$25,000 has been raised by the citizens of Canyon City and Florence and is now lying in escrow in the Fremont county bank at Canyon City, Oregon, for steel have been placed for delivery April 15 and it is anticipated that the line will prove even a bigger hit than the freak cog wheel road up Pike's Peak. Frank A. Wadleigh, assistant general passenger agent of the Denver & Rio Grande, is authority for the statement that the view from the top where the trolley road will traverse is simply superb and that the Sangre de Cristo range for 30 miles may be seen from the top of the mountain.

BACK INTO HARNESS.

A. C. Bird, Traffic Director of Gould Lines, Resumes Work May 1.

A. C. Bird, traffic director of the Gould system of railroads, who has been indisposed for six months past and regarding whom there were rumors to the effect that he would retire, will on May 1 resume his duties as vice president of the Missouri Pacific in charge of traffic. This information was forthcoming in this city yesterday and comes from an authentic source.

SPIKE AND RAIL.

The railroads cleaned up the ice harvest last week and pronounce it the best sample in years.

A. B. Mosely, traveling passenger agent of the Oregon Short Line, is down from Ogden today.

Paul L. Boerner, assistant city ticket agent for the Oregon Short Line, has returned from a trip to California.

The railroad headquarters in this city will be closed tomorrow while holiday hours will prevail in the ticket offices.

The chamber of commerce at San Diego, Cal., is endeavoring to get the Salt Lake Route to extend south from Los Angeles.

Mrs. Elliott, wife of the superintendent of the Rio Grande Western, is expected to move to Salt Lake from Seattle on Friday.

A. Demerest, agent for the Union steamship line at New York, is here with his wife and family on his way home from the coast.

D. S. Spencer, assistant general passenger agent of the Oregon Short Line, has gone to San Francisco on a two-weeks' vacation.

The weighing of the mails at Ogden and other points on the Harriman lines commenced yesterday and will be continued for 105 days.

F. J. Plasted, traveling freight agent of the Chicago, Milwaukee & St. Paul, has gone to Boise to attend the meeting of the Idaho Wool Growers' association.

E. B. and A. L. Stone company of Oakland, Cal., have been awarded the contract for constructing and tracklaying on the Western Pacific from Oakland to Orville.

H. L. Youngerman, who succeeds George A. Bible as traveling passenger agent of the Rock Island here, is expected to arrive in this city from Colorado Springs tonight.

Leon Skilris, the Greek labor agent, has returned from San Francisco, where he was on Union Pacific business. He reports that the prevailing sentiment on the coast is that the Western Pacific will have no difficulty in securing approaches to the water front terminals.

The purchase of the Nicolaus Block, Ninth and Twentieth, 3 and 5 K streets, Sacramento, is the latest move of the Western Pacific company in its plan to enter that city.

48 South Main St., Salt Lake City, Utah.

LAND

COME TO TETON VALLEY

Good improved farming land with plenty of water may now be bought for \$10 to \$15 per acre. This is high grade, level bench land, and will in five years, judging by the past history of these Snake River valleys, bring from \$20 to \$30 per acre. The wonderful development of this country, through the sugar beet industry alone is a marvel. Ground that a few years ago could be purchased at \$10 and \$20 per acre, is now bringing \$100 and up. There is no reason why the same process of development should not bring about the same results in the Teton Valley. We have the soil, the climate and the water. Also manure, coal, deposits, lime stone, and large areas of pasture, etc. Improved Farms range from \$12 to \$25 per acre. We have some bargains for the man who knows a good thing when he sees it.

We are in the business to locate good men in a good country. Content with small commissions we are doing business. For information write,

YOUNG & WINGER,

Driggs, Idaho.
