ROBERTLY AND Disaster.
CHICAGO, 22.—Officer's London:
Police's trial for the murder of
Kennedy was on trial in the most
flamboyant and unfair manner, jury
packing being shamelessly resorted to
in Dublin, the general belief is
that Poole is innocent.
Informers Lame swore that Ken-
edy's murder was in revenge for the
execution of a girl, and had nothing to
do with Irish politics. The Cas-
tle wants to hang some one, and
Poole has been selected as an ex-
ample.
Lima, via Galveston, 22.—There
has been a crisis and change in the
ministry. Don Ezequiel Larrauri
y Usunue, Manuel Gualp and Cas-
tejo have been taken over as min-
ister of foreign affairs, chan-
cellor of the exchequer, and min-
ister of the government respectively.
The appointments have given much
satisfaction.

Jackson, Mich., 22.—This morn-
ing four persons, Jacob D. Crouch,
aged 71, a widow, Henry White,
aged 33, a son-in-law of Crouch;
Eunice White, aged 33, a daughter
of Crouch, all of Summit township,
Jackson county, and Moses Folly,
aged 29, of Transier, Mercer county,
Pa., were found murdered in their
beds, all having been shot through
the head behind the ear. It is sup-
posed they were clubbed or strangled
as no signs of a struggle appeared.
Each victim was lying as if asleep,
and an odor of chloroform was no-
ticeable when the bodies were dis-
covered. White was also shot
through the left arm. No clue has
as yet been discovered, although
tracks around the house indicate
that a place was made of a room
near the entrance. Crouch was a
wealthy farmer living
seven miles southwest
of Jackson, and the owner of an
extensive sheep ranch in Texas.
It is rumored that he had
just received \$50,000 from Texas,
payment on some kind of a ranch.
Baukhere state that no money
was deposited by Crouch, and it is
presumed the money was in Crouch's
hands. Folly was a young man
from Texas who had just come
from Texas with a large amount of
money for the purpose of buying
blooded stock. The theory is that
he, Folly, was followed by a man
who murdered or murdered for the
purpose of robbery. The house
was thoroughly ransacked and
everything of value was carried away.
A young girl, the adopted daughter
of the Whites, and a negro aged 18
who were sleeping up stairs, say
they heard no firing, although the
negro says he heard a thumping
noise about the middle of the night
and thought it was caused by the
fierce wind which was blowing.
White was expected to become a
mother in a week. The officers are
very quiet upon the subject, but are
working every clue.

The sheriff believes that the shots
were fired by one person and one re-
volver, as a number of empty car-
tridges found on the floor all show
the same calibre. There are con-
flicting rumors regarding the use of
chloroform. Physicians claim that
one was used, but the theory of one
person doing the butchery and the
testimony of the first neighbor at
the scene, who claim that the chlor-
oform was suffocating, is against
them. A young negro named Boles
was arrested and taken to jail as the
result of the coroner's inquest, which
will be held tomorrow. Crouch
was worth about \$20,000 in property
in Jackson county and sheep
ranches in Texas and Fort Worth.
He leaves two sons and one daugh-
ter. A pocketbook containing \$108
and a certificate of deposit for \$500
were found on the floor near the
body of the girl. Taylor is
White's room. An empty cartridge
box of 32 calibre was found in the
negro Boles' room.

Chattanooga, Tenn., 22.—Andy
Taylor, the last living of the three
Taylor brothers, who murdered two
sheriffs and captured a railroad train
with 100 passengers aboard, com-
pelling the engineers to carry them
twenty miles at a dangerously high
speed about a year ago, will be
hanged tomorrow at 2 o'clock, at
London, Tennessee. To day, while
being taken from Knoxville to Lon-
don, he slipped a revolver out of the
pocket of one of the guards, and
though heavily manacled, managed
to get the man's eye and shoot him
to the head of Sheriff Poute, of Lon-
don, but owing to the fact that Tay-
lor thought the pistol a self-cocker,
he was not before he fired. He re-
marked: "If I had not mistaken
on the pistol for a self-cocker you
(Poute) would have got to hell sev-
eral hours before me." Taylor is
but 21 years old, but seems to have
no fear of the gallows. The execu-
tion will be public. The crime was
committed by his two elder brothers
and himself. The crime was one of
the most atrocious and daring ever
committed in the State.

Little Rock, 22.—The Gazette's
Bavaria, Ark., special says: Yes-
terday's cyclone in Izard County
destroyed the Cross, five miles from
Mountain View. Every tree, the
saw-mill and the church are in
ruins. Three persons were killed out-
right and several seriously injured.
The latest report from Melbourne of
the cyclone there, in that 17 persons
were injured. Miss Sheffield died
to-day. A citizens' meeting here
sent a relief committee headed by
T. Lawrence and Cass, to both
towns, and \$150 was raised for im-
mediate relief.

Vicksburg, Miss., 22.—The condi-
tion of the river of the Mississippi
Valley tank, which failed yesterday
day, is hourly getting worse. Mr.
Klein says the liabilities will prob-
ably reach \$80,000. The commis-
sion house of John S. Halpin & Co.
is closed, caused by the failure of
the bank. Much distress is caused
among women and the poorer
classes, who were small depositors.
A committee of the creditors is ap-
pointed to see if any plan of settle-
ment can be agreed upon.

Indianapolis, 22.—At about 7:30
this evening the prisoners in the
county jail attempted to escape. By
the use of dynamite they suc-
ceeded in blowing a hole in the wall
large enough to crawl through. They
were, however, confronted by the
sheriff with a cocked revolver and
retired to their cells.

St. Louis, 22.—A heavy rainfall,
extending over a large portion of
southern Illinois, occurred yester-
day, doing much damage to bridges,
cavaliers and other property.

Galveston, 22.—News' Woodville
special: A cyclone last night struck
the town of Calumet, ten miles
north, several persons were seri-
ously hurt. The amount of damaged
property is unknown.

Recher on Free Trade.
New York, 23.—Hon. Henry
Waterson, editor of the *Courier*,
Journal, of Louisville, delivered an
address in advocacy of free trade
principles of free trade. The ad-
dress was somewhat in the nature
of a reply to arguments in favor of
protection presented last night by
Dr. G. C. Bailey. Mr. Waterson
had an audience which included the
best thinkers in this section, who
gave attention to the subject of free
trade and protection. While closest
attention was given to the speaker,
the applause was generous and
enthusiastic. Rev. Henry Ward Bee-
cher presided and presented Mr. Wat-
erson. Beecher said: As to the
charge that I am a Republican, I
don't deny it, but they do not own
me. Every citizen must be free to
go and to further the ends of
government and he can only do this
by working with one of the great
political parties. I am a citizen, and
I am also a citizen, and I am here to
perform my duties as such. Beecher
went on to say that he believed in
protection, but he believed in a
protective system was a grinding
oppression upon the poor men of
the country. If it was right to tax
clothes and books and pictures and
iron, it could not be wrong to tax
minerals, and yet he didn't intend
a tax should be put upon such men
as Dr. Taylor and Dr. Hall. It was
perfectly consistent with the prin-
ciple of protection. Mr. Waterson
was preceded in a short address by
David A. Willis.

Doomed.
CHICAGO, 22.—The general man-
agers and general passenger agents
of the western roads were startled
yesterday by the receipt of tele-
grams from Denver announcing that
the Union Pacific road was paying
commissions on Colorado business.
This was startling news, because
there is an agreement in force that
no commissions should be paid on
Colorado business. The reason given
for the violation of the pooling agree-
ment was that other lines—the
Burlington, Atchafalpa, and
Santa Fe—were doing the same thing.
Chicago representatives of the latter
lines were called upon, and all of
them admitted that they were pay-
ing commissions on the business
in question. This action on the
part of the Union Pacific road is
regarded as an attempt to force a
dissolution of the Colorado pool,
as the President of the Rio Grande
road made several threats a week
ago to dissolve the pool. C. Dodge,
general manager of the Rio Grande
road, stated that as soon as the
charge against the Union Pacific
is proven, he will go all in
his power to buy the pool. An-
other telegram received from the
west last evening bore testimony to
the fact that the Colorado, Burling-
ton, Santa Fe and Union Pacific
roads were cutting and slashing
freight rates. Commissioner
Daniels is greatly alarmed at this
state of affairs, and it is known that
this fight has been going on for
six weeks. The reason that no arbitra-
tor for the Colorado pool was se-
lected at the recent meeting was
because the Denver & Rio
Grande representative refused to
vote for an arbitrator as long as his
line and the Union Pacific could not
agree upon the pooling arrangement
on Utah business. The general im-
pression prevailing just now is that
the Colorado pool is doomed.

FOREIGN.
Further Details of the Defeat of the
Egyptians.
LONDON, 22.—Hicks Pasha, sup-
posed to be massacred in Sudan
was accompanied by Edward P.
Donovan, the London *Daily News*
correspondent, reported yesterday.
His last letter was from Duen, 30
miles southwest from Khartoum, and
announced that the army had aban-
doned their base of operations and
practically deserted their ships.
Throughout Sudan, he said, the
power exercised by religious chiefs
and dervishes, who could be readily
controlled by military measures, was
the allowance of a small stipend,
a practice which has been unwise-
ly discontinued. The sufferers by
the discontinuance threw in their lot
with the slave dealers, hence the
present misfortune, which might
have been avoided if the railway
from Suakin to Harbin had been
completed.

He attributed the defeat of Hicks
Pasha to the disorganization of his
forces. The Egyptian soldiers need
more than other soldiers, a dis-
cipline, and the Egyptian army
without these they would not
not and could not fight. The army
indicated that the Egyptian army
was up like a mauler. How could
Hicks Pasha fight with such mater-
ial? The ex-Khedive was not sur-
prised at the calamity. He would
not have been surprised if the
Sudan, as such a course might
produce more evil.

Times' Khartoum dispatch, dated
yesterday, said that the British
troops in the service of the
government, who arrived at Dai-
verli yesterday, report that 1,100 men,
including Hicks Pasha, were gov-
ernment troops. The army was
annihilated in the battle of Koh-
gah, whether they were led by a
treacherous guide, on the morning
of November 18. Hicks Pasha
and the entire army marched
from Midha; the guide led
them to rocky, wooded defiles,
which were without water, and
where ambushes had been pre-
pared by the rebels, who were armed
with rifles and artillery. Hicks Pa-
sha was unable to use his guns for
more than a few days. The army was
thirst and defended itself, and on
the fourth day it was annihilated to
a man. Vizzelly Artere and 50
soldiers who were outside, came in
with the whole force and the
troops were taken prisoners. They
were then carried to El Oued.

Calro, 22.—Captain Hueter, who
was with Hicks Pasha's forces and
escaped in the religious of a British
field he counted 150 wounded sur-
vivors of the engagement, among
them a European artist named
Fosco. Hicks Pasha had a divided
army, sending half to El Oued to
demand the surrender of that place.
He was the arrival of Mahdi, who
was advancing from the southwest
toward Hicks Pasha's army advancing
to El Oued and attacked it. Hearing
the firing Hicks Pasha came up
with his whole force and formed a
hollow square. Mahdi brought up
his regulars, who it is supposed
were soldiers captured when El Oued
fell, and who agreed to take ser-

vices under Mahdi. These numbers
of 8,000. The square of Hicks Pa-
sha's men was broken and his army
annihilated.
The English officers with the
Egyptian army fought gallantly.
The European who escaped is
thought to be O'Donovan or Frank
Vizzelly, of the London *Graphic*.
Hicks Pasha had 15,000 soldiers and
200 camp followers. The Arabs
numbered 200,000. Another report
of the fight says Mahdi sent Der-
vishes to treat with Hicks Pasha's
native officers, saying to Egyptians,
"We, like you, are Mussulmans, why
fight? Surrender." The dervishes
were received with a volley.
It is believed that the correspond-
ent of the *Graphic* accompanying
Hicks Pasha, is killed.
The Egyptian army, speaking
at a banquet of the Carlton
Club, said the defeat of Hicks Pasha
must end all thoughts of the with-
drawal of British troops from
Sudan. The *Graphic* paper's opinion
that the disaster will lead to the
permanent English occupation of
Egypt.

General Items.
Madrid, 22.—Ten thousand people
gathered to witness the landing of
the Crown Prince, and greeted him
with loud cheers, while the men-of-
war in the harbor and the batteries on
the shore fired salutes. Every-
where the Prince went he was saluted
with the loyal acclamations of the
people. In the evening he at-
tended a gala performance in his
honor at the theatre. Afterwards
he left for Madrid, where he will ar-
rive on Friday afternoon.

Paris, 22.—The Chamber of De-
puties discussed the estimates of war-
ship. The extreme Left attacked
the attitude of the clergy; demand-
ing a separation of church and state,
and asked for reduction in the bud-
get by 6,000,000 francs. Prime Min-
ister Ferry said he hoped the ques-
tion of separation would shortly be
settled, but meanwhile the terms of
the concordat must be carried out.
Paris, 18.—The latest news from
Tonquin confirms the previous re-
ports that Sienkay is powerfully re-
sisted by Chinese.

Orders have been given in Tonquin
to prepare two transports for service
in case of necessity. The question
of preparing supplementary war-
material at Tonquin is being consid-
ered. The Governor of French Indo-
China telegraphs Admiral
Courbet, Minister of Marine and Colon-
ies, that all the French reinforce-

lived in Zolther district have been

surrection. Several others in Bau-
jo and Alexinot are awaiting trial.

IT DID THE WORK.
AN OLD SISTER IN THE 20th
Ward, was for nine months un-
able to undress herself, owing to the
effects of Rheumatism, but lately she
took a few doses of the Bismarck
remedy advertised in our columns,
and was at once relieved of her in-
firmity. She is now perfectly free
from pain and stiffness, and feels
comparatively like a young woman.
It is a marvelous remedy. All
should try it who are afflicted with
this painful malady. It is also a
splendid tonic.
