

RETURNS TO UTAH AFTER TEN YEARS

John W. Young Comes Home After
A Long Stay Abroad.

ARRIVED THIS AFTERNOON

Coming Was a Surprise to His Relatives
and Friends, Many of Whom
Have Not Seen Him for Years.

John W. Young, who at one time was the best known promoter of business enterprises in Utah, returned to Salt Lake this afternoon, after an absence of more than a decade. Since the commencement of that period the city has changed very much; and a glance at Mr. Young readily shows that time has also left its imprint upon him.

When he left Salt Lake in 1891 for Europe where he remained until 1899, he returned to New York, the gray, it will be remembered had already silvered his hair. Today those same locks have taken on an added whiteness while the luxuriant growth they once presented have thinned considerably. Otherwise Mr. Young looks much the same as he did when he left here to take up his residence abroad. He is in the best of health and presents an air of prosperity and affability that is reminiscent of the old days.

Mr. Young came in over the Short Line this afternoon at 3:40 accompanied by Judge Le Grand Young who went to Ogden to meet him. At the depot he was met by Apostle Brigham Young, his own daughter Mary, Captain Wash Young, B. S. Young, Lawrence Young and Seldon I. Clawson. The "News" man saw him just for a moment after which he entered Apostle Young's carriage and was driven to the latter's home, where he will remain for the present.

Among the biggest enterprises which Mr. Young carried out was the building of the Utah Northern and Utah Central. After he left Utah he made his home in London, although he spent no little time in Paris. He said this afternoon he did not know how long he would remain here now. That, it appears, will depend on future developments.

BOY'S NARROW ESCAPE.
Policeman Davies' Son Run Down by a Street Car.

That Ed Davies, Jr., the four year old son of Bicycle Officer Davies, was not crushed under the wheels of a big East Seventh South street car yesterday afternoon, is little short of miraculous. The child was riding in a little red wagon, and when the car struck it, it was literally demolished. In fact nothing was left of it but the front wheels. The little fellow was playing with a companion named Gene Zimmerman and they had stopped behind a car pole just below the corner of Ninth East.

As the car rushed along the boys attempted to cross the tracks. The motorman reversed the lever, but could not check the speed of the big car. It struck the wagon fairly and ground it to pieces. Young Davies was thrown out of the wagon and out of harm's way. He picked himself up and ran to the sidewalk. The motorman hastened to the child and asked if he was hurt.

"No," replied the rising policeman, "but my little red wagon is broke all up and papa want buy me any more."

"Well, God bless you," replied the carman. "I will get you all the wagons you want."

PADGETT GETS 30 DAYS.
"Soldier Girl" Stuck Her Tongue Out At Judge's Sentence.

In the police court this afternoon, Judge Diehl sentenced Mrs. Pearl Padgett, the "soldier girl," to thirty days at labor for the larceny of a skirt. When convicted of the charge several days ago, Judge Diehl suspended sentence upon the promise of the young woman to leave town. At that time she said she didn't care if she was given "two days or two hundred," but she promised to leave the city. The other day her sister, Mary Ward found her in a house of ill fame on Commercial street. It was understood she was going back to Ogden with her sister, but last night she was found by Officer Simpson in a Commercial street den, and taken to the city jail. She said in court that she had no defense whatever, and when sentence was pronounced she stuck out her tongue and laughed at the court.

OPERATION FOR APPENDICITIS.

Zella Brown, daughter of Samuel J. Brown, 546 North, Third West, was operated upon at the Holy Cross hospital for appendicitis this morning by Dr. Wilcox. The thirteen-year-old girl passed through the delicate operation successfully and it is thought that it will not be many days before she will have entirely recovered from the effects of her illness.

WATER CASES DECIDED.

Decision Rendered in Favor of Farmers of Plain City.

Judge Marshall has rendered an opinion in favor of the plaintiff and judgment to the extent of \$1,410.40 in the case of John Spiers vs. William C. Weaver, receiver of the Bear River Irrigation and Ogden Waterworks company. Three other cases against the same defendant were decided in favor of the plaintiffs as follows: Wm. England, \$3,046.47; James Hart, \$1,444.94; and William Sken, \$1,953.49. These cases have been known as the Plain City cases, all the plaintiffs being farmers near that city. The suits grew out of the shortage of water during 1900, when the defendants could not keep their contracts.

It is the opinion of lawyers that the decisions above stated will encourage much litigation by others along the same line.

LATE LOCALS.

Judge Marshall yesterday adjudged the Star Grocery company to be bankrupt.

The remains of W. M. Pittanger, who died in the city jail, have lain in the morgue at Joseph William Taylor's undertaking establishment since Thursday, because no inquest has been held to ascertain the cause of death, and the city and county officials are wrangling over whose duty it is to bury the man. Each claims it is the others' duty, and neither will take any step in the matter. This is the light in which the undertaker presents the matter.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the skin, and great danger to life would follow should it local heal, for the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid, effeminate matter.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 24, Winona, Minn., says: "Six years ago my leg from the knee to the foot was sore and sore. Several physicians treated me and I made two trips to St. Paul, but found no relief. I was told to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

It is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your feet do not heal readily when scratched, burned or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

DIPHTHERIA'S VICTIMS.

Two Deaths Reported in This City Today From the Dread Disease.

Two deaths from diphtheria were reported in this city today, and in each instance the youthful victim was quickly and quietly interred in the cemetery this afternoon under the direction of Joseph William Taylor.

The first was Mary D. Cross, the baby daughter of William and Jennie Moore Cross. The little one was a bright and beautiful babe and friends will greatly sympathize with the parents in the sudden bereavement that has come to them.

The other victim is Albert Arday, hunting, seven year-old son of Charles W. and Laura J. Woodhouse Building. He had been ill but a day or two. A particularly sad feature connected with his demise is that his parents are both dead, his father and mother both dying within the last three years. The funeral cortege was scheduled to leave the residence of the grandmother, where the little lad was living, at 5 o'clock this afternoon.

BUSINESS NOTES.

Today's clearings amounted to \$547,322.85 as compared with \$475,573.78 for the corresponding day of last year.

Dun's Review for the week ending last Saturday says of business conditions in Salt Lake: Business continues good in jobbing lines generally, and dealers, on the whole, express themselves as well satisfied with the condition of trade and the outlook. Confidence week brought a number of buyers to market, and trade is good in groceries, hardware, dry goods, clothing, notions, drugs and boots and shoes. Retail trade is good; collections are only fair. Money continues plenty with a fair demand.

The new cement walk being built in front of the hall and fire department quarters is a very great improvement. The entrances to the fire department are laid with red pine blocks set in concrete. It is the intention to build a tunnel 160 feet long of Oregon fir along the curb.

GEN. KITCHENER'S POLICY.

It May Result in Boers Adopting Retaliation.

New York, Oct. 15.—Discussing Gen. Kitchener's proclamation and the policy of declaring martial law in Cape Colony, the Tribune's London correspondent says: If he succeeds the rebellion will be stamped out in Cape Colony and the Boers, repulsed from the invasion of Natal, will be gradually starved out on

their own territory. Much depends on the temper and ability of the Boers respecting reprisals. They will lose the support of their Cape allies unless they can avail themselves of the resources of retaliation, horrible as the alternative may be. The question is discussed with great interest in London and the opinion is expressed that Lord Kitchener and Lord Milner should have waited before adopting strenuous measures until the precise moment when Both Dewet and DeLarey are at the end of their resources and unable to capture British soldiers and retaliate by shooting them in return for hanging Cape farmers and the execution of Lotter's death sentence.

Christian Missionary Society.

Minneapolis, Oct. 15.—The "first twentieth century convention" of the American Christian Missionary society (Disciples of Christ) opened today. About 3,500 attended the opening session. Three meetings will be held daily.

President L. J. Spencer delivered his annual address, his topic being, "The Divine Idea." Reports submitted showed collections for home mission work during the year amounting to \$779,881. For the local work the state boards raised \$215,684. The church extension fund reached \$305,342, while the total receipts through all channels of church benevolence amounted to \$6,310,489.

J. A. Lord, editor of the Christian Standard, delivered an address on "The Twentieth Century City." He said the people living in the city were apt to stray away from God and their brethren in the country. Two prominent candidates for the honor of entertaining the convention next year are Omaha and Pittsburgh. Both cities are well represented and both are putting up a hard fight.

Tennessee Bank Closes Doors.

Nashville, Tenn., Oct. 15.—The Citizens' Bank and Trust company of Franklin, has closed its doors. No reason is assigned for the suspension. The last statement of the bank shows its liabilities to be over \$30,000, and they were fully covered by resources.

Her husband had been in poor health for some time. The woman's injuries were so severe that death resulted within an hour after her fall. The coroner certified that the case was one of suicide.

Carvin, of Lonsdale; lieutenant-governor, A. A. Archambault, Woonsocket; secretary of state, Frank E. Fitzsimmons, Lonsdale; general treasurer, Clark Potter, North Kingston; Attorney-general, C. J. Holland, Providence.

May, was today convicted in the federal court of forgery in connection with the soldiers' additional homestead lands, in two cases, and sentenced to three years in prison in Fort Leavenworth penitentiary and to pay a fine of \$250 in each case. This is the first conviction ever secured in the United States courts for such an offense.

There are pending nine other indictments in the state. The case is regarded by the federal government land office officials here as the most important that has been run down in years.
