LOCAL AND OTHER MATTERS.

NOTICE.

Temple Workers will meet on the morning of the 6th of September, at 9 o'clock, in the St. George Temple, to resume labor.

WILFORD WOODRUFF, President. JOHN D. T. McALLISTER, Assistant.

The President's Party.—President John Taylor and party, who left here Wednesday afternoon on a preaching tour through the Utah Stake of Zion, held a meeting immediately after arriving in Lehi, at which the speakers were Presidents Taylor, Woodruff and Cannon. They then drove to Alpine and held a meeting at 10 a. m. yesterday morning, when Presidents Taylor, Cannon and Woodruff addressed the congregation. The party then proceeded to American Fork to hold a meeting at 4 p. m. All well.

Legs Crushed.—On Wednesday afternoon a son of Mr. Richardson, of Plain City, Weber County, met with a very serious accident. The lad is about 9 or 10 years old, and in some manner was thrown down so that the driving wheel of a reaping machine passed over both legs. This wheel is very heavy and has a face of four or five inches in width. In passing over, both legs were crushed from a point just above the ankle and extending down to and taking in part of the foot. Going over diagonally, the wounds on one leg are higher than on the other. The ground beneath was very firm, and the crushed parts were very severely injured. They at once telephoned to residents in Ogden to send Dr. A. S. Condon down as quickly as possible, with his instruments to amputate the legs. The doctor was on the road within an hour after the accident occurred. He found the boy in a frightful condition, but did not amputate the limbs, as he is in hopes of saving them. So says the Pilot.

Fire Alarm.—Shortly after noon to-day word was telephoned to the City Hall and the Fire Department that a fire had broken out in the Groesbeck brick building, south of the Wasatch edifice. The alarm was immediately sounded, and the fire company as soon as possible had their extinguishing apparatus upon the scene of action. Walker's hose company, being close at hand, were there soonest and got the first stream of water upon the flames. They were located in some rubbish and boxes at the rear of the shop of John Taylor, tailor, and were soon put out. It was a bad time for a fire. The wind has been lively since morning, and but for the timely arrival of assistance, a great deal of property might have been destroyed. The origin of the blaze is a mystery, according to some, but some of the brigade boys assert that it was caused by one of the tailors putting a lighted goose upon a box outside, from which a spark was blown amongst the combustible piles of rubbish.
