dissolution Near. PARIS, 30 .- In the Assembly, the debate on the report of the commit-tee on dissolution was continued. The committee had submitted a motion that the Assembly finally separate to morrow, even if the seven bills still awaiting consideration should not be disposed of. M. Caillam, Minister of Public Works, urged notto adjourn until all the bills were passed; agreed to, and it is probable that the Assembly will meet again in January. The Left is greatly dissatisfied over the delay in final adjournment. The Assembly adopted all the other rec-ommendations of the committee on dissolution, viz., that delegates to hoose senators be elected January 9th; that they proceed to the elec-tion of senators January 23; that general elections for members of the Chamber be held February 20th, and that both Houses meet March 5th. The Assembly will appoint a permanent committee to-morrow.
