## **AN ALLEGED PLOT TO KILL M'KINLEY**

Odell Makes a Statement-Did Report to Secretary Dick-Says that He Discovered Either a Crank or a Munchausen.

Wewburgh, N. Y., July 11.-Chairman 1 the new executive committee, Mr. Bliss B. B. Odell, of the Republican State committee, said today concerning the alleged plot to assassinate President ] Mckinley

"I read the account in a newspaper this morning with reference to an alleged plot to assassinate President Me-Kinley and also as to the part which I am supposed to have taken in the matter. I have nothing to say upon the subject except that I have made an investigation which I started with the state committee detective on the line of what I supposed to be political information and I discovered either a crank or a Baron Munchausen, and on the principle that an ounce of preven-tion is worth a pound of cure, it is tion is worth a point of cure, it is probable that my report to Secretary Dick is the cause for the extra care now being taken of the President. I have nothing further to say upon this sub-ject except that I regret that some one has been indiscreet enough to make of a solid matter the gigantic not extrifling matter the gigantic plot exposed in the papers."

HANNA SAYS IT IS UNTRUE. Cleveland, O., July 11 .- Senator Hanha today denied the report that a plot to assassinate President McKinley had

New York, July 11.—The World says: "A plot to assassibate President Mc-Kinley has been frustrated. It was concorted by a group of Spanish and Cuban conspirators who had headquar-ters in New York. Mr. Odell made it plain that he regarded the plot as a matter of the utmost seriousness and used that activate seriousness and urged that extreme precautions be taken to keep the President out of harm's reach

"Messrs, Dick and Hanna laid the whole matter before the President before he departed for Canton. They in-structed Mr. Odell to continue his incestigation and cautioned him to work with the utmost secrecy. To a World reporter last night Mr.

Odell admitted that he and certain members of the national committee had dicovered a plot to assassinate the President. 'Yes, it is true,' he said, but I regret exceedingly that the matter has become public.

"He was extremely anxious that no reference whatever should be made to the matter. Special detectives are guarding the President in Canton."

#### In a Quiet Little Luncheon at the Alta Club-This Afternoon On the Way West.

Salt Lake has a distinguished cirisen of the United States here today in the person of Senator John Warwick Daniel of Virgin a. Sina or Daniel came in from the East this morning, accompanled by his son, and will remain here for the next two or three days, visiting Saltair and other points of local interest and taking a much needed rest. The senator's visit was unberaided and altogether unexpected. His sudden appearance was in the nature of a very pleasant surprise to his friends and admirers here, chief among whom are Colonel Dorsey, formerly of Nebraska, , ho served that State in the Senate, with Mr. Daniel, Senator Rawlins and Congressman King of Utah. Colonel Dorsey, who left the city for the East this afternoon, arranged for a quiet litthe luncheon at the Alta club at 1 o'clck, and right royally did he play the role of host. Those present were Senator Daniel, Senator Rawlins, Congressman King, State Senator Peery, Hon.

James H, Moyle and Clarence McCorpick. Senator Daniel, who for years has been recognized as one of the most dis. tinguished citizens of the Union, was ever a friend to the people of Utah. ever a friend to the people of Ctan, in their times of political trial and dis-tress. On more than one occasion he has been talked of as a Presidential possibility by the Democratic party. #### Was Selzed With a Fit on Saturday and Gradually Grew More Violent Until He Died.

John Swartz, aged about 45 years, dfed at the city jail at 6:30 this morning, of what the doctor pronounced to be acute alcoholism, and other infirmaties superinduced by recent troubles. Swartz was one of the men arrested at Calder's park on Friday evening for taking liberties with a little girl. On Saturday, while being taken to the office of Judge McMaster to make his plea, he was seized with a violent fit, and he had to be taken back to prison. He remained in a sort of stupor for several hours. When he recovered consciousness he was gulet for a little while, when he ew gradually into a raving magman. He beat his fists against the iron door his cell until they were horribly Thomas obtained assistance and the mufflers were put on him, while his legs were strapped together, but not until he had badly bruised his shins segainst the work put of the shins

Dr. Anderson attended him several times, and both he and Jailor Thomas did all in their power to give relief to the unfortunate man, but it seemed impossible to do anything for him. Mon-day night and last night he raved like a man possessed of delirium tremens, and would jump about his padded cell to avoid imaginary monsters, all the while uttering cries of terror until his fellow prisoners were almost driven

This morning about 6 o'clock it was discovered that his condition was very critical and was taken out of his cell and laid on a couch. Dr. Anderson was sent for but the poor man was dead within half an hour,

The body was taken to O'Donnell's undertaking parlors where it now lies. It is said that Swartz has relatives in Iowa, and if it is possible to reach them, they will be apprised of the death, in which event no disposition will be made of the body until they give directions. If they cannot be found it is probable that he will be interred in the Potters' field, at the county's expense, a she died indigent. In regard to the offense he was

The case came before the court on rehearing, counsel for appellant contending that the information was insufficient; the judge's charge was contrary to jaw and that the character of the young girl, with whom the offense was committed, was decidedly bad. The Supreme court finds no reversible error in the record and hence affirms the lower

#### Supreme Court Decision in a Lawyer's Fee Suit.

The Supreme court today affirmed the judgment of the lower court, in the case of Joseph Potter vs the Ajax Min-ing company, appellant.

This was an appeal from the judgment had against the Ajax Mining company for the sum of \$2,500 in the Fifth judictal district and was the second ap-peal had in the cause. The complaint was filed in October, 1897. The cause of action was one for personal injuries sustained by Potter while in the de fendant company's employ, occasioned through its negli gence. The case was compromised, and the case came on for trial the second time for the purpose of determining the amount of c sation the attorneys for plaintiff were entitled to receive under a certain con-tract. The action was brought to re-cover \$15,000, but plaintiff thought the efforts of Thomas Marineaux, an atorney for the London Guaranty com pany, who had insured the defendant company by reason of accidents against its employes, induced the plaintiff to He was a bartender at O'Reflig's sa-loon on State street, and enjoyed con-siderable popularity among the fre-quenters of that resort, and was well spoken of by his employer. Washington, July 11.—An imperial lecree dated 3rd day of the 6th moon, June 29) was received by telegraph-oday by Minister Wu from the Taotai (June 29) was received by telegraph. today by Minister Wu from the Taotai of Shanghal, transmitted on July 1, from the treasurer of the Chi Ll province, who received it by special courier on June 30 from the board of war, who, in turn, received it from the privy council in Pekin. The decree is as follows:

#### THE DECREE.

"The circumstances which led to the commencement of fighting between Chinese and foreigners were of such a complex, confusing and unfortunate character as to be entirely unexpected. "Our diplomatic representatives abroad, owing to their distance from the scene of action, have had no means of knowing the true state of things and, accordingly, cannot lay the views of the government before the ministers for foreign affairs of the respective powers to which they are accredited. Now we take this opportunity of going fully in-to the matter for the information of our representatives aforesaid.

#### HOW REBELLION AROSE.

"In the first place there arose in the provinces of Chi Li and Shan Tung a band of rebeilious subjects who had been in the habit of practising boxing and fencing in their respective villages and at the same time clothing their do-ings with spiritual and strange rites. The local authorities failed to take due notice of them at the time. Accordingly, the infection spread with aston-ishing rapidity. Within the space of a month it seemed to make its appear-ance everywhere and finally even reached the capital itself. Every one looked upon the movement as super-natural and strange, and many joined

#### "DOWN WITH CHRISTIANITY."

"Then there were lawless and treacherous persons who sounded the cry of 'Down with Christianity.' About the middle of the fifth moon, these persons began to create disturbances without warning. Churches were burned and converts were killed. The whole city was in a ferment. A situation was cre-ated which could not be brought under control. At first the foreign powers re-quested that foreign troops be allowed to enter the capital for the protection of the legations. The imperial government, having in view the comparative urgency of the occasion, granted the request as an extraordinary mark of courtesy beyond the requirements of international intercourse. Over 50) for-eign troops were suit to Pekin. This shows clearly how such care China exercised in the maintenance of friendly relations with other countries. The legations at the capital never had much to do with the people. But from the time foreign troops entered the city, the guards did not devote themselves ex-clusively to the protection of their respective legations. They sometimes fired their guns on the top of the city walls and sometimes patrolled the streets everywhere. There were reports persons being bit by stray bullets. Moreover, they strolled about the city vithout restraint, and even attempted to enter the Tsung Hua gnte (the east-ern gate of the palace ground). They only desisted when advance was posi-tively forbidden. On this account both the soldlers and the people were prooked to resentment, and voiced their indignation with one accord. Lawless persons then took advantage of the situation to do mischief and became bolder than ever in burning and killing Christian converts. The powers thereupon attempted to reinforce the foreign troops in Pekin, but the reinforcements encountered resistance and defeat at the hands of the insurgents on the way the hands of the insurgents on the way and have not yet been able to proceed. UNION OF INSURGENTS. "The insurgents of the two provinces of Chi Li and Shan Tung hay by this time effected a complete union and could not be separated. The imperiat-government was by no means reluct-ant to issue orders for the entire sup-pression of this insurgent element. But as the trouble was so near at hand as the trouble was so near at hand, there was a great fear that due protecthere was a great fear that due protec-tions, if the anarchists should be driv-en to extremities, thus bringing on a national calamity. ment as suggested by the ininister. Since this occurrences the anarchists assumed a more bold and threatening attitude and consequently it was not decomed wise to carry out the project of sending the diplomatic corps to Tien Tsin under an escort. However, or-ders were issued to the troops detailed for the protection of the legations to keep stricter watch and take greater precautions against any emergency.

NUMBER 200.

#### "TO OUR SURPRISE."

"To our surprise, on the loth of the fifth moon, (June 16) foreign (naval) of-ficers at Taku called op Lo Jung Kwang, the general commanding, and demanded his surrender of the forts, notifying him that failing to receive compliance, they would at 5 of lock the compliance, they would at 2 o'clock the next day, take steps to selve the forts by force. Lo Jung Kwang being bound by the duties of his office to hold the forts, how could he yield to the de-mand. On the day named they actually first ford on the forts which remark first fired on the farts which respond-ed and kept up fighting all day and then surrendered. Thus the conflict of forces began but certainly the initiative did not come from our side. Even sup-posing that China were not conacious of her true condition, how could she take such a step as to engage in war with all the powers simultaneously, and how could she, relying upon the support of an anarchistic populance, go into war with the powers?

#### CRINA'S POSITION.

"Our position in this matter ought to be clearly understood by all the powers. The above is a statement of the wrongs we have suffered, and how China was driven to the unfortunate position from which she could not escape.

"Our soveral ministers will make known accurately and in detail the contents of this decree and the policy of China to the ministers of foreign affairs In their respective countries and as-sure them that military authorities are still strictdly enjoined to afford protec-tion to the legations as hitherto, to the utmost of their power. As for the an-archists, they will be severely dealt

with as circumstances permit. "The several ministers will continue in the discharge of the d

many young men have graduated. He is a most forcible and eloquent speaker and a writer of marked ability. His works, "Daniel On Attachments" and "Daniel on Negotlable Instruments," are regarded by the legal fraternity as works of high merit. He was a member of the Virginia House of Delegates from 1869 to 1872; a member of the State senate from 1875 to 1881; Democratic elector at large 1876, and delegate at large to the national cratic convention, 1800, 1888, 1892 and 1896 and was chairman of that gathering, which nominated Bryan for President of the United States for the first time. At the same convention he positively declined to accept a vice presidential nonination. In 1881 he was defeated in the contest for the gover-norship of Virginia, by William E. Cameron, readjuster; elected to the House of Representatives of the Fortyninth Congress in 1884; and to the United States Senate to succeed Willam Mahone, and took his seat March Since that time he has been unanimously re-elected senator on each occasion.

#### Li Hung Chang Keeping Order in Canton-Preparing Indian Troops for Service in China

London, July 11, 2:02 p. m .- Although Shanghai today repeats the statement that both the emperor and dowager empress are allye and telegrams from Chinese officials again testify to the safety of the legations, the assertions no longer stimulate hope here and pessimism will prevail as long as the authorities, who, on their own showing, are able to get messages to the coast, fail to send confirmation of the safety of the foreigners from some member of legation at Pekin. London sees in the disappearance and re-appearance of rominent people at Pekin and the efforts apparently making to shift the blame from one to the other, and in the attempts to represent themselves as victims of, instead of principals in the recent occurrence, only preparations for allbis and defenses in view of the approach of the troops of the powers

and the tragedy they may discover on reaching the Chinese capital. According to a dispatch from Shang-hai, the fighting at Tien Tsin, July 6, was the heaviest which has yet oc curred, the Russians alone burying 200 men. The allies are becoming ex-hausted by constant fighting,
