Ogden, Aug. 7 .- An unknown man committed suicide yesterday afternoon about 2 o'clock at Morgan by shooting himself through the head. The man arrived at Croyden Sunday and made application to the manager of the Union Cement company for employment. He said he was without friends and asked to be given supper and a place to sleep. His wants were supplied, and he was to go to work yesterday morning. He arose with the other workmen and ate breakfast and it was supposed he was going to work, but instead he left the cement works and walked to Morgan, a distance of about three miles, and spent the morning lottering around the saloons and other places. Shortly after noon he told a man that he was tired of life, his funds having run out, and he believed he would kill himself. No attention was paid to his remarks as it was thought he was under the influence of liquor. He started to walk along the railroad tracks, but had only gone a short distance when the report of a pistol was heard, and he

NEW DEAL IN STAFF OF LIFE. The four bakeries in Ogden have en tered into an agreement not to furnish any more bread at three loaves for 10 cents. In the past the bakeries and grocery stores have been selling one loaf of bread and two tickets for 10 cents, but the bread makers have come to the conclusion that they can do better by selling bread at five cents a loaf straight, each loaf containing as much bread as one and one-half loaves of the size selling three for 10 cents, so that the public will get just as much bread for their money as heretofore, the only difference being the larger loaves This new departure went into effect yesterday, but all tickets now held by the public will be redeemed either by the bakeries or grocerymen.

YACHTS AFTER ASTOR CUP.

TO READERS OF THE LADIES' HOME JOURNAL:

Did you read the article published by 'The Ladies' Home Journal n May 1904, attacking Dr. Pierce's Favorite Prescription? Have you seen the statement more recently made by Mr. Bok, the Editor of that magazine that his company "has not paid a single penny to Dr. R. V. Pierce's concern * * * in settlement of any suit"? We

wish you to know the truth. The facts are these : Four days after the article in May 1904, appeared, Dr. Pierce's company sued The Ladies' Home Journal publishers for libel. The trial was had in April last. Dr. Pierce proved that the attack made by The Ladies' Home Journal was false. He proved that Dr. Pierce's Favorite Prescription does not, and never did contain either alcohol or any of the injurious drugs which The Ladies' Home Journal falsely stated it did contain. This was so conclusively shown that the attorneys for The Ladies' Home Journal were forced to admit it. The jury rendered a verdict against The Ladies' Home Journal in favor of Dr. Pierce's company for \$16,000.00. This was a complete vindication of Doctor Pierce and his "Favorite Prescription." It judicially established that

the libel was scholly false, and without any justification. Dr. Pierce, however, believed that his company is justly entitled to a verdict for a much larger sum. Through his attorneys he has, therefore, applied to the court for a new trial of the case. For this reason, and for this reason alone, has The Ladies' Home Journal not yet paid "a single penny to Dr. R. V. Pierce's concern." Dr. Pierce

has simply chosen not to collect the judgment until the motion for a new trial has been decided. In the light of these facts does not this boastful statement that it
