## HE KILLED LUNCH IN CACHE COUNTY

Robson Trial to be Held in Logan  
—Careless Shooting Done—  
Jumped Board Bill.

## MANAGER GRANT ARRESTED.

For Violating the Sunday Ordinance—  
A Test Case—Ladies Honored—  
Chinaman Guarded in Train.

One of the clerks in the Southern Pacific freight office narrowly escaped being shot yesterday afternoon while at work at his desk in the office. A number of boys had been in the habit of going down in the brush near the freight office on the bank of the Weber river to shoot birds.

Yesterday afternoon they were engaged in their sport standing with a 22-caliber rifle, towards the freight office, when the bullets crashed through the office window, whizzed past the clerk's head within a few inches, and struck on the floor a few feet away.

The boys were not allowed to leave the cars and are guarded by Southern Pacific Officer McInnes, who was notified of the occurrence, but before he arrived the boys had made their escape and could not be found. However the matter was reported to the police, who with the Southern Pacific officer, will endeavor to find the boys and in the future apprehend and prosecute any boys who shoot at the freight office.

A number of complaints have been sent to the police of late of careless shooting by boys, and several people have had narrow escapes from injury.

## THE KILLING DONE IN CACHE.

William G. Hobson has sought advice from two of the best known criminal lawyers of the city, concerning the serious charge which he will have to face, that of murdering James Lynch in a bar on the night of Nov. 11. He sent for the attorneys yesterday afternoon and consulted with them at length on the way in which his case will be fought. He proposes to secure his freedom by proving that he murdered Lynch in self defense. It is not believed that he will be able to produce any testimony on this point other than

Hobson was taken to Brigham City Saturday afternoon for preliminary hearing, but before being taken before the judge it was decided to have him go over the road and point out the place where he shot and killed Lynch. Accordingly he went with Sheriff Joseph and County Attorney Perry and pointed out the spot, which is a short distance over the line into Cache county. The officer therefore brought him back to Ogden and turned him over to Sheriff Bailey, who notified Sheriff Raley of Cache county, who will come to Ogden and get the prisoner, and take him to Logan to be tried on the charge.

## ARRESTED FOR BOARD BILL.

On a warrant issued out of the municipal court, charging Board Bill, he was arrested last yesterday afternoon on the charge by Sergeant Pincock and Wilson. McLaughlin had been boarding with Mrs. Billings, and had run up quite a bill. He disappeared suddenly a few days ago, and was not located. The lady then appeared before the clerk of the court and swore a complaint. He could not be found until yesterday, when he returned to Ogden from Salt Lake City and called at Mrs. Billings' home and wanted to make arrangements to pay the bill. The lady refused and notified the police, who found him near the Southern Pacific bridge, where it is supposed he was watching for the chance to get on a train to get out of town.

## VIOLATING SUNDAY ORDINANCE.

"The Heart of Chicago" was played at the Grand Opera House last evening, notwithstanding the fact that Manager E. A. Grant had been notified that he must not permit any more plays at the opera house on Sunday night. Immediately after the play, Mr. Grant was arrested by Chief of Police Browning and Captain Brown, and ordered to appear at municipal court this morning at 10 o'clock to answer to the charge of violating the city ordinance regulating Sunday theaters. The other two shows, "Uthman" and "The Great Escape," did not open their doors last evening, having also been notified that they must not permit any more performances on Sunday night. There is a law governing Sunday amusements as well as a city ordinance and the city officials propose that the laws shall be obeyed in that respect in the future. Manager Grant intends making a test case of his, and contends that the city authorities should close up the theaters and other places on Sunday.

## LEAVITT, CANADA.

GOOD GRAIN CROPS.

Beet Growing Handicapped With Too Long a Haul.

Special Correspondence. Leavitt, Alberta, Canada, Nov. 12.—This place is located about half way between Cardston and Mountain View, and was originally designated as Buffalo flat. It is eight miles to Cardston, our nearest railroad station, and has a one-weekly mail service. The grain crops here are fairly good and are bringing good prices. The experiment of raising beets for the sugar factory was made this season, but the eight mile haul to the factory at Raymond is too much of a handicap. The farmers here can raise the sugar beets of the desired quality, but cannot afford to haul them by team.

We have here a neat meetinghouse that is surrounded by a substantial wooden fence.

The people have just completed the new meetinghouse, which will provide sufficient fuel for the next two years. Last night an entertainment and dance were given to the wood haulers. It was a most enjoyable affair. The unity and public spirit of the people here is commendable.

## CARDSTON, CANADA.

DELIGHTFUL CONCERT TOUR.

Visit of H. S. Goddard Much Appreciated in Alberta.

Special Correspondence. Cardston, Alberta, Canada, Nov. 5.—We appreciate so highly the visit of H. S. Goddard, that we feel that the readers of the "News" would be interested to know what he did for us in a musical way while here. We had written to him to pay us a visit on his way home telling him he had so many friends here that we could guarantee him no loss of money by returning home this way. He answered that he would like very much to see Canada and aside from any pecuniary conditions he would do so if we felt he could do us good. Knowing of his vocal ability and his London successes, we prepared for his coming. He arrived in our town on the 21st, and gave concerts at our leading towns, seven in all, and also in Lethbridge, a very prosperous city of about 4,000 people. Just a few miles from Raymond. Our old friend, B. S. Young, and our talented accompanist, Miss Agnes Stange, made up the supporting talent, and we are pleased to state that the entertainment has given so much satisfaction, especially among our many educated friends who live in our midst.

Not a few have complimented us on the talent they had never heard of, and suggested that a visit from Mr. Goddard through eastern Canada would do much more to benefit our people than any amount of preaching. Immediately at the close of the recital in Lethbridge the best citizens here met him and offered him a guarantee if he would stay two more nights, but having arranged to leave the next morning, he could only thank them for their appreciation.

Our choristers and choir members feel very grateful for the many invaluable pointers they gleaned from the very practicable talks Mr. Goddard gave them.

Another reason for our people appreciating this visit is the spirit which was manifest. We want to assure Elder Goddard that we thank him the more for visiting our Sunday schools, singing to the children, and then in the improvement meetings and our regular Sunday services; in all of the meetings he sang the songs his beloved father used to sing and brought tears to all our eyes. We will await with feelings of the greatest pleasure another visit from him. All his friends here trust the desire of his heart will be granted to him in that he intends his voice to

EDUCATIONAL CAMPAIGN.

Republicans Make Encouraging Gains—Stake Academy Prospering.

Special Correspondence. Thatcher, Graham Co., Ariz., Nov. 9.—The recent political campaign was an educational affair. The election went off peacefully and with good feelings. It was a very close contest all through. It is believed that the Democratic county win out on the entire ticket. Republicans are very much encouraged with their gains, so that they hope to be in the lead in the near future. Territorially, the contest has been a success. It is conceded to Congressman Marcus A. Smith, Democrat.

Father Samuel Cloridge had his annual party for widows and mothers of 12 children and over. There were 30 guests seated at the first table. The afternoon was pleasantly spent in social chat and entertainment. The stake presidency and some other not widows were present.

The last crop of alfalfa hay is being hauled, fall grain is being put in and every body is busy. Weather has been unusually cold for the season. There is some snow on top of Graham mountain and we have had a frost in the valley. Health of the people is somewhat improved, though the wet fall brought some fever.

## STAKE ACADEMY.

The stake academy is doing well with as good attendance as last year, and is a much better school. The mechanical department is becoming an interesting feature. A new department, a printing office, in the industrial school, has been started. The second number of the "Advocate," a weekly paper, has come from the press, the product of the school.

Young apples, the second crop this year, are growing on the orchard trees. The first crop of apples was knocked off by the terrible hail storm which occurred in September. Many of these trees blossomed soon after, and now there are young apples as large as a marble on the trees.

The large meetinghouse is nearing completion, the amusement hall, in the basement, is in constant use for general purposes.

The irrigation congress at El Paso, is close to us will prove an interesting feature to many from the valley.

Quiet Election and Harmonious Campaign—Schools Doing Well.

Special Correspondence. Franklin, Oneida Co., Idaho, Nov. 12.—The election passed off orderly and the campaign locally at least was marked by the entire absence of ill-feeling and bickering. The Republicans were greatly in the majority.

The farmers have done well this year with but very few exceptions. The best crops were generally good, though some patches were poor. Farmers are busy now gathering beets and hauling them to the depot. Hay is plentiful, for which there is not much sale at present. Some of the farmers are plowing up their lucern to raise more grain.

During his illness the young man received all the medical aid that could be had in Oakley, and was also taken to Salt Lake and San Francisco, where the best medical aid was secured. In the latter instance an operation was performed for tumor of the lower part of the spine, but no help could save him. He was a very worthy young man.

## PRESTON, IDAHO.

FOUNDERS DAY HONORED.

Red Letter Day in History of Oneida Stake Academy.

Special Correspondence. Preston, Oneida Co., Nov. 16.—Last Friday was a red letter day in the history of the Oneida Stake academy, it being the occasion of the celebration of Founders' day—the seventeenth anniversary of the school. The large assembly hall had been beautifully decorated and more than 700 people witnessed the exercises. An interesting program had been prepared, and the presence of Miss Emily Larson and Prof. Done and Hinckley, all of Salt Lake City, gave strength and dignity to the celebration. The addresses by the speakers were of a high order. The people were by all means interested in the occasion, and the beautiful vocal solos rendered by Miss Larson took the people by storm. Besides these the best local talent was engaged, and the parts taken were enthusiastically received by the large and appreciative audience.

The dancing party given at night was a big success, both socially and financially. More than 100 couples enjoyed themselves. The matched games of baseball and tennis also attracted considerable attention. The missionary boys defeated the faculty team in the ball game, while the faculty won the victory over the students in tennis.

Patriotism and general enthusiasm were strongly manifested by all present, and the seventeenth anniversary of the Oneida Stake academy will be remembered by her friends and patrons.

The number of students now in attendance is 226.
