NEW ORLEANS, 24. - The Nicholls

House of Representatives, to-day,

adopted a resolution expressing the

For the first time, the

up by regularly organized tax-

resisting organizations. Will you

please inform, for public infor-

mation, what amount of State

taxes were actually collected last

year, and at what rate? Will you

also state what proportion the col-

lections bore to the tax collections of

the previous year? By the records of

this office it appears that the total

amount of revenue from all sources

collected during 1875 was \$3,514,000,

while the collections during the

year 1876 aggregated \$4,371,000. It

must, however, be borne in mind

that the revenue of 1876 was based

upon an assessment of \$238,666,000,

at the rate of taxation of fourteen

and one-half mills on the dollar,

while those for the year 1875 were

on an assessment of \$250,504,000,

and at a rate of twenty-one and

one-half mills on the dollar, showing

proportionately a much larger and

closer collection of taxes during the

year 1875.
