A Warning

The Waltham Watch Company in order to preserve the reputation of their watches and in order also to protect the people who buy Waltham Watches, hereby warn every one intending to buy a good watch, Waltham or any other, that it is not safe to buy a watch by catalogue from any of the mail order houses.

Buy a watch from a jeweler or watchmaker-because-a professional watchmaker before he delivers you the watch you have bought will overhaul it, correct any damage that may have happened to it, see that it is properly oiled, and in short, get it running right and keep it right. The retail jeweler's own reputation is at stake when he sells you a watch.

It is very different when you simply order from a catalogue, send on the money, and get just a watch.

Waltham Watch Company Waitham, Mass.
