Murderer Rose Arraigned in Court This Morning-Soren X. Chris tensen Appointed to Defend.

HE ASKED THE COURT FOR HELP

Accordingly Atty. D. N. Straup Was Also Named as Counsel for Defense-Fuller in Court

Although apparently ready and anxlous to enter a plea of guilty to the charge of murdering his wife, Frank Rose was this morning denied that privilege by Judge Stewart, in the criminal division of the district court, when he was arraigned upon the charge of murder in the first degree. The court refused to permit Rose to enter any plea, whatever, to the information, owing to the gravity of the offense, until an attorney had been appointed and had had an opportunity to consult with

Rost said that he did not want an attorney, but the court was of a different opinion and appointed Attorneys Soren X. Christensen and D. N. Sifaup to defend the man. On next Monday morning at 10 o'clock Rose will again appear in court and will enter a plea to the charge. He, in company with five other prisoners, was brought into court this morning by Deputy Sheriffs Cowan, Sharp and Butler, Rose was hand-cuffed to Thomas R. Fuller, who is charged with criminal assault. were the first of the prisoners to enter the room. After the handcuffs were removed Rose took a seat on the prison-ers' bench beside Fuller, where he sat during the proceedings in a very calm and indifferent manner. He wore a pair of brown overalls, a black and white shirt, a dark coat and vest and a dark

There were only a few spectators in the courtroom during the arraignments. They were all anxious to get a close view of Rose and when he was led out of the courtroom they crowded around him as close as the officers would pernit and followed him to the elevator.

ATTORNEYS APPOINTED.

Owing to the fact that Judge Morse had not returned from Kanas, Judge Stewart was called in to arraign the prisoners. When Rose's case was called by Dist. Atty. Eichnor, the defendant arose and walked to the bar of the court where he stood, with both hands in his overcoat pockets, and listened to the reading of the information by Clerk Buckwalter.

"Have you an attorney to represent you?" asked Judge Stewart.
"No, sir," was the quick response.
"Do you desire an attorney?"

'No sir, I don't want one. The information charging him with urdering his wife, Maude Eliza Rose, on Dec. 25, was then read to him. gazed straight in the face of the clerk while the information was being read to him. At its conclusion, Dist. Atty. Eichnor suggested that, owing to the gravity of the charge, the court should appoint an attorney to defend Rose before he was permitted to enter a plea. Judge Stewart compiled with the suggestion and appointed Soren X. Christensen as attorney for defendant. Mr. Christensen stated that he did not like to shirk a duty imposed upon him by the court, but that he would rather have some assistance in the case. He suggested that D. N. Straup be ap-pointed to assist him. The court then appointed Mr. Straup, and ordered that Rose appear Monday morning at 10 o'clock to enter his plea.

THOMAS FULLER ARRAIGNED Thomas R. Fuller, the

charged with a criminal assault upon Miss Edith Gill on the night of Dec. 13, was arraigned and was given until Monday to plead. Fuller was dressed in his uniform and attracted attention by reason of his military bearing. He stated that he expected to get some money from his home to employ an attorney, but that if it did not come he would be unable to employ one. He was given until Monday to secure an attorney and to enter his plea, although he seemed willing to plead to the charge today. CHARGED WITH BURGLARY.

I will absolutely stand all the cost if it fails, if you say, "It did not help me," that ends it as far as cost to you is concerned. Do you understand me? I am teiling it as plainly, as clearly as I can. I want you to know absolutely and without doubt that this offer is made on honor. I have the prescription that cures. My only problem is to convince you that Dr. Shoop's Restorative will cure—is an uncommon remedy. A common remedy could not stand a test like this. It would bankrupt the physician making the offer. And I am succeeding everywhere. Thousands are accepting my offer and only one in each forty writes me that my remedy falled. Just think of it. 39 out of 49 get well and these are difficult cases, too. And the fortieth has nothing to pay. That is a record I am proud of. It is wrong to stay sick when a chance like this is open. If well you should tell others who are sick, of my offer. Don't let a sick friend stay sick because he knows not of my offer. Tell him. Get my book for him. Do your duty. You may be sick yourself, some time. Sick people need help. They appreciate sympathy and aid. Tell me of some sick friend. Let me cure him. Then he will show to both of us his gratitude. Your reward will be his gratitude. Send for the book now.

WANT MONEY BACK. Promoters of Electric Road Suc Salt Lake City for Deposit.

P. Steffey, Milando Pratt and F M. Lyman, Jr., have filed suit in the city court against Salt Lake City to recover the \$200 deposited by them with their petition to the council for a fran-chise for an electric road on certain streets of the city. It is alleged in the complaint that plaintiffs petitioned for the franchise on Aug. 22, 1903, and deposited the sum of \$200 as compensation, considering and discourse of \$200 as compensation. tion for considering and disposing of the application. The city council has taken no action upon the matter and has refused to consider it. Plaintiffs, on Oct. 9, 1903, demanded the return of their money which was refused and they now ask judgment for that amount together with interest from the date of the demand.

STILL ANOTHER SUIT. F. E. Flattery Brings Action Against City To Recover Franchise Deposit.

Salt Lake City was made defend-ant in a suit filed in the district court today by F. E. Flattery to recover \$200 which plaintiff deposited with his petition to the city council for a fran-chise for an electric railway through the city. Plaintiff alleges that the council refused to consider his petition until he had deposited the above amount and that on Feb. 11, 1902, the deposit was made. Later the council denied the petition for the franchise but refused to return the money. Plaintiff claims that the ordinance requiring a deposit to be made with every polition for a franchise, is illegal and void for the reason that the council has no right to pass an ordinance requiring the payment of money as a condition precedent to the performance of its official duty. Judgment is asked, therefore, for \$200, with interest from Feb. 11, 1902.

Suit on Old Judgment.

The State Bank of Utah this afternoon filed suit in the district court against E. M. Weller, W. S. Burton, and W. C. Burton, to recover \$9.545.25, alleged to be due on a judgment obtained against the defendant in the Third district court on Feb. 14, 1896.

The will of Clara Z. Dooley, deceased, who died in this city on Dec. 31, 1903, has been filed for porbate in the district court, together with the petition of George Jay Gibson asking that letters testamentary be issued to him as provided in the will. The estate consists of real estate valued at \$2,832 notes and mortgages valued at \$4,150 and cash in bank amounting to \$9,000, a total of about \$15,982. Her aunt, Mrs. Lizzle M. Warren, and the brothers and sisters of testator are the bene-ficiaries named in the will. A strange coincidence in connection with this case is that Mrs. Dooley passed away only a few days after the settlement of her deceased husband's estate in the probate court here.

· THE CITY'S HEALTH.

Commissioner Stewart Attributes Conditions to Department's Effective Work.

City Physician Stewart today filed his annual report with Mayor Morris, in which he reviewed at length the work of the health department during his incumbency. During the time he has been in office the report states that he has twice rid the city of smallpox and there would have been none of that disease in the city today had it not been for cases coming in from the outside. The condition of the city in regard to smallpox is due to careful enforcement of the quarantine regulations and the efficient work of the department in that respect.

In regard to the typhoid fever epidem e in the city he states there is no doubt but that the cause thereof was impure water, and the physician recom-mends that the use of flowing well water for domestic purposes be prohibit.

The expenses of the health department for the year, including salaries, amounted to \$21,879.83. This does not include the expenses of the crematory he isolation hospital, the these two departments being over \$12,000. The expenses of the health department for the year 1962 were only \$15,701.17.

Before Perry Heath 'Came Home' The Last Time and When He Went Away Ditto.

WANTED IN TWO BIC CASES.

One of These Was the Outgrowth of Method in His Friend Beaver's Office -The Other Was Not.

There are a good many prominent Salt Lakers who cannot understand how it happened that the Hon. Perry S. Heath "came home" so suddenly the other evening after the most diligent search had been made for him by the officers of the federal government for 16 days or more previous. Particularly are they mystified over the fact that his whereabouts seemed to be endrely unknown to his newspapers and at his home and usual haunts. At none of these was one word ever said during the search about him being in Denver. He might have been in Cuba, Yellowstone Park or Manila, but none of his employes know. They were in the densest ignorance. But like the pub-lic they were enlightened the night of the appearance of the "News" article. Mr. Heath came home from Denver and the following morning presented himself at the office of the United States marshal, only to ascertain officially that he was wanted as a witness in Brooklyn, and that owing to the fact that he could not be located, the papers had been returned with "no service" marked upon them.

It is a singular and impressive fact that these papers were calculated to cause his appearance in court as a witness in a case arising out of the salaries and allowance department of which his friend Beavers had charge under his direction.

But there is another coincidence that is causing a lot of talk; and that is the second set of papers that came for Mr. Heath, and which, by the way, were served upon him. These required him as a witness in one of the Machen cases in the free delivery department. cases in the free delivery department and cannot result in extracting from him the testimony that would necessar-
