

THE INDIANS ARE BEING CRITICIZED

Chicago Physician Has Something to Say About Carlisle School.

What connection is there between the Indian school at Carlisle and the school of which it purports to be a part? In other words, what is there about the Carlisle school which is not having that can accrue to the management of the Carlisle school from the practice of the management of the Carlisle school during the last year of sending out a team to do battle under false names? asks Dr. Carlos Mantoux, an Indian physician.

Of the more than 100,000 persons who composed the contest in which the Carlisle team engaged this year it is safe to say 30 per cent of them took part in the history of Carlisle, Pa., not being a university, was, in the matter of football, excepted from the rule that required the members of the team to be made up of persons in attendance at the school that year in which they were selected as players and that this year, for the first time in the history of Carlisle, the majority of the football players were Indians not connected with the Carlisle school as students, but were picked up by the school management from different parts of the country because of their ability as players.

As late in the 1907 team there probably were not more than one-third of the members who were in actual attendance at the school as students.

To me, and I believe to all real friends of the school, this fact is of more than passing significance. There is a principle involved which cannot be ignored without disregarding the purpose of college and school athletics generally. With the interest of the school management in the minds of the students it never would have allowed itself the privilege of sending out a team not made up of students in actual attendance. School and college athletics had their origin in the theory that physical training and development, as a part of the school work, would be an aid to the study by the students generally. And they were encouraged to attain proficiency in this branch of the work in the belief that success in that direction would be a stimulant to their studies. It is never was considered that any substantial good would result to them from these physical exercises by the mere fact in itself of winning games with other schools. These contests developed as mere incidents. It is, therefore, a misuse of the school's name and a false pretense to send a football team for the sole object of gaining a reputation for winning games.

With such an end in view the purpose and force and effect of school and college athletics become nil, and in addition has a demoralizing influence in that it tends to develop a more passion for sport without regard to any benefit

to be derived from physical exercises in themselves. There is no reason why the Carlisle team should be proud of the success which in 1907 attended the football efforts of a lot of hired outsiders. There is no reason why the Carlisle Indian Industrial school should parade under false names. As conducted this year the school might just as well have farmed out its football work to anybody who would take the job. Furthermore, it speaks nothing as we have said, for the rank and file of the Carlisle students, while at the same time it is a kind of imposition on the members of other teams, as well as on the spectators, who were led to believe they were witnessing legitimate athletic work. The Carlisle football team of 1907 might as well have been called the "All Round Footballers of the West" or any other name that fancy might suggest, and it would mean as much and be as significant in one case as in the other.

SULLIVAN'S BELT IS NOW IN SPOKANE.

The \$10,000 belt presented to John L. Sullivan, champion of all champions, twenty years ago, is at the base of Joe White's restaurant and hotel, Sprague avenue and Stevens street, says the Spokesman-Review.

It is claimed to be the original belt "hooked" to Dr. Downing recently by Sullivan for \$3,500, and still owned by him. An agent of Dr. Downing recently spent a few weeks in the city and developed a friendship with Mr. White, with the result that the belt is now in White's possession. The real article that was presented to Sullivan July 4, 1887, before a crowd of 12,000 persons, assembled at Madison Square garden in New York City to do honor to the great pugilist, then in the height of his glory.

The belt is a remarkable example of the silversmith's skill, being studded with 365 diamonds, and carrying 15 1/2 pounds of gold. It is forty-eight inches long. It is set in nine sections, with points of gold spikes holding together gold chain which carry the nine enameled and gold enameled plates. The center piece is engraved with the words: "Presented to the champion of all champions, John L. Sullivan, by the citizens of the United States, July 4, 1887." There are eight smaller sections, in pairs of four on each side, the first being a beveled glass covered plate with the inscription: "The second of the famous fight in his toes; and the last the insignia of the United States."

FOURTH HEAT FINISHED.

Won by Charles Schofield After an Exciting Race on Rollers.

The fourth heat of the six-day roller skating race at the Auditorium rink took place last evening and proved to be the most exciting of the series. The largest crowd since the race started was in attendance. There were five entries—three from Salt Lake, one from Provo and one from Ogden. The latter was Morris, and for a time he looked like a winner, but a bad mix-up put him out of the running. The race was between Schofield and Edwards of Provo. The latter gave the Salt Laker a hard race and was only beaten on the last half of the last lap. The time for the two miles was 7:11. This evening the fifth heat takes place and tomorrow night those who qualified will enter the finals.

PROMOTERS DISAPPEAR.

Belt, Coffroth and Graney Can Not Be Found.

San Francisco, Cal., Dec. 5.—William P. Britt, better known as "Wildcat" Britt, brother and manager of the prize fighter, Jimmy Britt, and indicted by the grand jury with two other members of the "fast trust," cannot be found by the sheriff, who holds a warrant for his arrest. Britt had been in a hospital for several weeks, but left there some time during last night.

The other two persons referred to are Jimmie Coffroth and Eddie Graney. These three, with Morris Levy, composed the famous "Prison fight trust" of two years ago. Levy turned state's evidence and it is understood will be turned loose by the prosecution. It is claimed the trust bribed the supervisors of San Francisco in the matter of getting permits.

The limit fixed for the walk was 60 hours.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

exception. Joshua Crane will succeed W. L. Reid, Jr., as Harvard's representative. It is hoped that a this meeting all of the remaining big colleges will join the association. Pennsylvania has already done so. Cornell will within a few days, and there is every reason to hope that Yale, the last of the important colleges, will be induced to affiliate with the new organization.

ENTRIES CLOSE JAN. 2.

An Agreement Made for Spring Meetings at Various Tracks.

New York, Dec. 6.—By agreement entries for stake races for the spring meetings in 1908 at the Gravesend, Sheepshead Bay and Brighton Beach tracks will be closed Jan. 2. At the same time the closing for fall stakes and fixtures for the next two years will be announced. The value of the combined stakes which will be closed, exceeds \$1,000,000. Among the spring stakes are the three great events of the turf, the Brooklyn handicap, at

Gravesend; the Suburban at Sheepshead Bay, and the Brighton handicap at Brighton Beach. It is announced that the value of the first two events will be valued to make them of equal value with the Brighton—\$25,000.

WHEN TO GO HOME.

From the Bluffton, Ind., Bannock. "When tired out, go home. When you want consolation, go home. When you want fun go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.
