

## FAIR GROUNDS SOLD IN OGDEN.

New Officers of Corporation Secure Property For \$3,501.

### WILL CONDUCT RACE TRACK.

Two Burglars Bound Over—Dr. W. H. Hinton Dead—Ladies of A. O. U. W. Are Afraid to Play Cards.

(Special to the "News.")

Ogden, Feb. 19.—The Weber county fair association held a meeting this morning, which was largely attended by stockholders.

After considerable discussion on the subject, it was finally decided to sell the association's property on West Seventeenth street. There was considerable risk bidding for the property, but it was sold to the officers of the new corporation, for a consideration of \$3,501.

The new officers have concluded to hold their meeting on the second Wednesday in March, at which time they will re-organize. They hope to be able to continue the fair this year, and will also make an effort to open a race track.

### LADIES ARE AFRAID.

The Degree of Honor of the A. O. U. W. has arranged for a card party to take place Wednesday evening, but have been told to "call it off" on account of the recent peculiar ruling of Judge Murphy in the gambling cases. It will be recalled that the judge found certain men not guilty of gambling, but found them guilty of "playing cards," and fined them \$5 each.

When the ladies, arranging the card party, started out to sell tickets, they were given a frosty welcome. They were told that they might be arrested for gambling, or for "playing cards." They are pretty "sore" at City Attorney Bagley, who, a week ago, introduced a new ordinance in the city council, covering such matters.

With reference to gambling, it should be stated that yesterday, petitions were circulated in the different wards, and were numerous signed, demanding a strict enforcement of the law against gambling.

### DR. WM. H. HINTON DEAD.

Dr. William H. Hinton, who came here with his wife in July, 1904, and who has practiced his profession here since that time, died at the Ogden general hospital at 2:35 o'clock this morning from meningitis, brought on by rheumatism. His wife, who was constantly at her husband's bedside, suffered a mental collapse, from which she did not revive until noon today.

### SKEN-CHAMBERS CASE.

In the chambers case this morning, ex-Councilman H. P. Randall testified as to the action of the council in voting for remuneration for extra services as members on special committees. Several other witnesses testified to the good character and reputation of the accused.

### BURGLARS BOUND OVER.

T. B. Cuny and Charles Miller, the men arrested on the charge of burglarizing I. L. Clark & Son's store, were this morning bound over to the district court, by Judge Murphy of the city court.

### MRS. CLARK DEAD.

Mrs. Mark Clark of Galesburg, Ill., who has been in Ogden, where she has been at the age of 74 years. The remains will be shipped on Wednesday to Galesburg.

### DOINGS DOWN AT NEPHI.

Utah County Teachers Met With Those Of Juab.

Yesterday was a gala day for Nephi educationally. About 200 of the Utah county teachers joined with those of Juab county. Prof. Bennion of the University of Utah delivered a lecture, and State Supt. Nelson gave a most enthusiastic and stirring address in the evening.

A large portion of the visiting delegation was banqueted by the domestic science department of the High school under the direction of the instructor, Miss Ella Mangham. She also delivered a lecture on domestic science and art at the assembly in the tabernacle in the afternoon, which was listened to with great interest.

H. F. McCune and family left here Saturday for Ogden, where they will take up their future residence. Mrs. McCune was one of the most active workers in church and charitable work here. She has well earned the title of "Nephi's social queen," and will be greatly missed by all.

### MARCH OF 500 MILES.

Light Batteries Have a Most "Pleasant" Duty Before Them.

Formal orders were received Saturday evening at Fort Douglas from the war department for the transfer of the Twelfth and Nineteenth light batteries to Fort D. A. Russell. The troops will march April 1, following the route of the Union Pacific road, a little over 500 miles. The guns at present used will be shipped to Ogden, where they will be loaded on the new gun car from the arsenal to Fort Russell direct. So the men will carry merely their mounted equipment and road vehicles. There are 12 men in each battery, and the officers are Capt. J. C. W. Brooks, Nineteenth battery; Lieuts. Williams and Lund, Tenth battery; Capt. S. D. Sturgis, Twelfth battery; Lieuts. Ryan and Stuart, and Dr. Daniel Le May, veterinarian.

### PROF. LOISELLE DEAD.

Dancing Teacher Succumbed to Second Attack of Pneumonia.

Prof. Robert Harry Loisel, teacher of dancing, who had conducted a school in the old St. Maria's schoolhouse opposite the police station, died yesterday at the L. D. S. Hospital from pneumonia after a brief illness.

Prof. Loisel was 58 years of age, a native of New York and unmarried. It is not believed that he has any relatives.

lives living, and as he was reluctant to discuss his family affairs, very little is known of his antecedents.

Prof. Loisel had been ill only a short time. For two days he remained in his small room in front of his dancing academy and when found by friends and taken to the hospital, his condition was serious. It was the second time the disease had attacked him, and in his weakened condition there was little chance for recovery.

He came to Salt Lake in 1902, and took charge of the first in the first production of "Coronation."

Puneral services over his remains will be held at 1 p. m. tomorrow at the funeral chapel of Jos. Wm. Taylor, 21 south West Temple street.

### A GUARANTEED CURE FOR PILES.

Itching, Blind Bleeding, Protruding Piles Druggists are authorized to refund money if PAGO OINTMENT fails to cure in 10 to 14 days.

### "VARSITY SUPPLY STORE."

The state University faculty decides to have a book and school supply store started next academic year in connection with the University, so as to save money for the students. It is proposed also to have a sub postoffice station established there for local convenience.

Yale has a sub station at the colleges, where it is found to be a great convenience.

### AMUSEMENTS.

#### Salt Lake Theater—"Parsifal,"

not the famous opera of that name, but a dramatization of that spectacular production, begins a half week's engagement at the Salt Lake Theater tonight. The outlook is for good business. Patrons should remember that the curtain goes up promptly at 7:45 and that late comers will not be seated until after the first act.

**Orpheum**—Tonight an entirely new bill will be given. It will include M. J. Chester and his statue dog; Wynne Winslow, the pleasing singer; Murphy and Willard, presenting "The Phenomenon," Frank Rogers, the funny fellow; Lambert and Pierce, the two men in black; Mr. and Mrs. Alfred Kelly. In a new sketch, and the Klondike. The regular matinee goes tomorrow.

#### Grand—The Grand is presenting "A Soldier of the Empire," a romantic drama of a stirring period in French history. It is a good card and will be succeeded the latter part of the week by "Michael Strogoff."

**Lyric**—The "Yankee Doodle Girls" arrived at the Lyric Saturday and proceeded to put up an evening's entertainment. It is a good card and will be succeeded the latter part of the week by "Michael Strogoff."

The closing burlesque is not as good as the opening act, owing to the fact that songs that lack about 40 renditions of being new are introduced, and the inevitable "Yankee Doodle" is given.

The closing burlesque is not as good as the opening act, owing to the fact that songs that lack about 40 renditions of being new are introduced, and the inevitable "Yankee Doodle" is given.

### "BARRIERS TO PROGRESS."

Joseph Gilbert spoke on "Barriers to Progress" last night, in Federation of Labor hall. He characterized progress as a fuller and freer existence, and said the Socialist idea is the basic principle of economic development, not evolution from the Darwinian standpoint. The speaker held that private property is a fallacy, and individualism another. The masses do the real work of the world, and don't work the means, forgetting the end in view, the freer life for all.

**Headaches and Neuralgia from Colds.** Laxative Bromo Quinine, the world-wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, Inc.

### MEETING OF CREDITORS.

About 85 of Them Considered Matters Pertaining to Schettler Affairs.

Creditors of ex-Banker B. H. Schettler, to the number of about 85, met this morning at the office of Commissioner in Bankruptcy Baldwin, and considered several matters pertaining to affairs in which they are interested.

First, the sale of \$510 on A. and Fourth streets, for the sum of \$3,025, was approved. The receiver was authorized to sell a certain parcel of land situated in Plat C, for \$500, of which \$25 will be paid as the commission to the seller. A dry farm in Sanpete county, containing some 300 acres, was voted to be sold for \$350. Peter Hanson bought for \$47 five shares of stock in the Twentieth Ward Co-op, the said stock formerly belonged to Mr. Schettler.

Brothers & Woolley firm made an offer on behalf of W. W. Carlisle, of \$30,000 for the Schettler home on East Tenth Temple street. There is an ardent love with the country in that a cross said before, it means a loss for Salt Lake and a gain in population of several hundred people for Los Angeles.

Exalted Ruler Cleveland refused to receive upon his return to Utah were it made public that he thought of deserting the Salt Lake City herd, but intimate friends have already located him on a chicken ranch near the city and he is in earnest when he says "Los Angeles for mine." Says Raybould is quoted as saying that he would rather live five years in Los Angeles than five months in Salt Lake, and he can paint a picture of the orange groves in such a life-like manner that his wife and family can smell the blossoms, he thinks there will be little trouble in persuading Mrs. Raybould to join him.

### Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are blemishes on the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

### Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eruptions on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now a good health." Mrs. J. H. Jones, Park City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

## ELKS ASSAULTED AT SAN BERNARDINO

Not With Bricks But With Oranges and Bunches of Violets.

### WHAT THE HERD IS DOING.

How Some of Them Were Plied up Against "Real Ripe Olives of Unusual Size."

Many of the "stay-at-home's" among the local herd of Elks are now metaphorically booting themselves over a ten-acre lot for not taking advantage of the opportunity to join the stampede to Los Angeles.

Some of the anti-herd ones say, however, that "the boys" are either having too good a time, or they are overworking the Ananias stunt, and will be due for explanations when they return. The explanations will pertain to their disloyal expressions with reference to Salt Lake. For instance, Bert Raybould is quoted as saying he would rather live five years in Los Angeles than 20 years in Salt Lake. Said one good Elk today:

#### A DISLOYAL PAIR.

"Just think of the unadulterated gall of Cleveland and Raybould. Oh, just wait until we get hold of 'em. Why, if they are correctly quoted, a thousand such souls as theirs could play hide-and-seek on a copper cent for 10 years and never get lost. It is said that about a hundred of the bunch will quit Salt Lake and stay where they are. Well, I for one will have to be shooed."

But to return to the excursionists. The Los Angeles Herald of recent date, gives the following account of their "doings."

"A hundred and eighty-six Elks, charmed by the glorious welcome that has been extended to them even by the elements, were guests of C. M. Pierce on his balloon route excursion yesterday. Contrary to expectations, the individuals did not shed their waterproofs and muffers and don summer attire. Every Elk was well provided for the wet relief that was in store for him with high-top boots, waterproofs and umbrellas."

On the excursion 11 cars, specially engaged for the Elks by Manager Pierce of the balloon route, were filled to capacity. As the eleven birds left the fourth street depot yesterday morning cheer after cheer was given and, to one who was not familiar with what it was about, it resembled the departure of the Continental Air company's aerial tramway. Mr. Crowther returned Saturday night from New York, where he met with the directors of the Southern Pacific and the lease was signed.

Surveyors are to commence operations as soon as the weather breaks, and it is on the cards that before the summer months the road will be open for passengers, freight and ore. Direct communication will be in order from the mines to the big smelters now being erected at Gardfield.

By this important announcement means a boom for Alta. In the old days a million tons of ore of a gross value of \$30 a ton were taken from this district. It will now be possible to haul \$15 ore at the same profit owing to the big cut which will be in order in the cost of transportation.

The old Alta tramway was practically abandoned a dozen years ago and in consequence there was considerable falling off in the output. The distance from Alta to Bingham Junction is practically 30 miles.

One of the incidents of the present trip that so far has failed to reach the public occurred at San Bernardino. The Elks were at the depot in force to welcome the visitors and fairly swarmed the train. The bunch of violets and other flowers. The punch bowl concoction at the reception hall was one to be remembered. The greetings of the wives, daughters and sweethearts of the San Bernardino Elks could not have been more cordial.

In fact, everything was as it should be and there was no thought of a deep plot to ensnare the tables laden with fruit and flowers and began to inspect a freshly-cut olive of unusual size. Having been procured from another for room, and the Salt Lake needed but a first invitation to taste their lusciousness before he bit. As his teeth sank into the olive and he realized that he had bit into a peach, he was a little perturbed. The bunch of violets and other flowers. The punch bowl concoction at the reception hall was one to be remembered. The greetings of the wives, daughters and sweethearts of the San Bernardino Elks could not have been more cordial.

**RAYBOULD'S "HOT AIR."** "This is where Salt Lake loses and Los Angeles wins," said a comrade of Elk from Zion at the Alexandria this afternoon. "July 100 of the excursionists intend remaining here and having their families and household goods follow them. This is a great while as many more will pack up as soon as they return and can arrange to get away. They have simply fallen in love with the country in that a cross said before, it means a loss for Salt Lake and a gain in population of several hundred people for Los Angeles."

Exalted Ruler Cleveland refused to receive upon his return to Utah were it made public that he thought of deserting the Salt Lake City herd, but intimate friends have already located him on a chicken ranch near the city and he is in earnest when he says "Los Angeles for mine." Says Raybould is quoted as saying that he would rather live five years in Los Angeles than five months in Salt Lake, and he can paint a picture of the orange groves in such a life-like manner that his wife and family can smell the blossoms, he thinks there will be little trouble in persuading Mrs. Raybould to join him.

### SLIDE ON SAN PEDRO.

Scenery Came Down on Salt Lake Route Hindering Traffic.

The Salt Lake Route was somewhat demoralized on Saturday and yesterday owing to a landslide which occurred near Caliente following the recent rains. Several tons of rock and interesting scenic view came down and piled up on the grade in fashion which made the crew of an advancing freight train vacate the engine and caboose and take to the sagebrush. When the crash came a few seconds later the engine and several cars left the rails. Word was sent back to Caliente and a wrecking outfit and all the available help left for the scene. It was over 12 hours before the track was clear for traffic.

### E. M. HEIGHO RE-ELECTED.

At a meeting of the stockholders of the Pacific & Idaho Northern Railway company held at Welner on Saturday, E. M. Heigho was re-elected president and general manager. The directors elected were F. R. Cordley, J. H. Richards, Lewis Hal, E. M. Heigho and W. E. Boral.

The announcement was made that the company had strong financial backing and that work on the extension is to be pushed with a vim during the coming season.

### HEAVY COLONIST TRAVEL.

The colonists are now passing through to California in droves and in consequence business is particularly heavy on the Rio Grande. Yesterday all three westbound trains came in from two sections and today Nov. 1 and 3 are reported in double sections.

### LEAVES FOR LOS ANGELES.

General Superintendent E. Buckingham of the Oregon Short Line after having the "five spot" double checked left for Los Angeles Saturday night in that car for a two weeks' vacation. Accompanying Mr. Buckingham were Mrs.

### LEAVES FOR LOS ANGELES.

General Superintendent E. Buckingham of the Oregon Short Line after having the "five spot" double checked left for Los Angeles Saturday night in that car for a two weeks' vacation. Accompanying Mr. Buckingham were Mrs.

Buckingham, J. D. Foster and wife and W. H. Murray, chief clerk of the passenger department of the Union Pacific at Omaha, and his wife.

### SPIKE AND RAIL.

General Agent Harding of the Colorado and Utah route from a trip to Los Angeles tomorrow.

Commercial Agent Owens of the Wash and Starke route of the Maple Leaf leave for Boise tonight.

General Freight Agent J. A. Reegies of the Oregon Short Line is expected to return from Chicago tomorrow.

Parley L. Williams, chief counsel for the Oregon Short Line, returned this morning from a business trip to New York.

J. L. Moore, district freight and passenger agent, and Kenneth C. Kerr, traveling passenger agent of the Salt Lake Route, are expected to return home this afternoon.

Mrs. Childs, daughter of Traffic Director A. C. Bird of the Gould lines, will pass through Salt Lake tomorrow way through to Los Angeles. She is accompanied by her three children and nurse.

### DR. TALMAGE'S LECTURE.

Large Audience Listened to Interesting Discourse on "As a Little Child."

The largest audience that has ever been seen at the University Sunday school, assembled in Harratt Hall yesterday at 12:30 p. m. Mr. Frank Foster sang as an opening selection of the general exercises, the sacred solo, "Jesus, the Lord," and Dr. Talmage gave another interesting address under his lecture course, "Jesus, the Christ."

The title of the address announced was "As a Little Child," and in presenting it the speaker continued the incidents connected with the return of Jesus and the apostles from the far north to Capernaum. On the way the apostles had disputed among themselves as to who among them would be greatest in the kingdom of the Messiah. Is it possible that jealousy had been engendered by the taking of three only to the scene of the transfiguration?

Had they so soon forgotten the Christ's repeated prediction of His approaching crucifixion and were they still plotting an earthly crown and worldly dominion? The Master rebuked their greed, by the same act rebuked their selfish ambition, and enlightened their still benighted minds, and this He did by an illustration which none other could have presented. He called a little child, and taking him in His arms declared that only by emulating the child in simplicity and earnestness of love and faith could they hope to even enter the kingdom of heaven.

Thence onward the lesson was carried, showing that Jesus was with which children are regarded by the Father, and the enormity of the offense of leading one such into sin. As to the man who trifles with the uselessness of youth and because of innocent trust leads the little ones away—it was better that a millstone were hanged about his neck and he be cast into the sea.

In the lesson, the child was presented as the type of the disciple, the application then is to child-like adults as well as to the actual infant in years. Take heed that ye offend not by scorn or scorn, by your false assumption of higher knowledge, or by any other means, deny the trusting faith of the believer who still can approach the throne of grace and say from the heart "Our Father."

The example of the lost sheep was graphically presented; though ninety and nine were left, the shepherd sought the one. Even so is it the Father's will that not one of His lambs be lost.

The topic of next week's address is "My Brother and I."

### INSURANCE INQUIRY.

Investigation Nearing End Though Report Will Not Be Made for Some Days.

Inquiry was made today, concerning the status of the investigation by Secy. of State Tingey and his deputies into the affairs of the Continental Life Insurance company, and the statement made that the work was nearing completion, though it is not expected that a report can be made before the end of the week.

### STORMY SAN FRANCISCO SESSION.

San Francisco, Feb. 15.—It developed today that a very stormy meeting of the directors of the
