

THE OLD MAIDS' CONVENTION.

His President Takes Mr. Roosevelt To Task

ON RACE SUICIDE QUESTION

But He Is Not the Mother of a Large Family—Matter of Babies Can Be Left to Women.

New York, April 17.—The Western New York Old Maids' convention opened yesterday in the village of Pittsford, N. Y., dispatch to the Herald.

Miss Amelia Higginson, the president, in her opening address, said:

"President Roosevelt believes in the raising of large families. He has a right to his opinion, but when he places childlessness in the same category with criminal acts he goes too far. The president is the father of what we Americans would call a large family. He is not the mother of a large family. We have heard nothing about race suicide from the mothers of America, and we never shall."

"Let the president grapple with the trust, the tariff and the coming election. They are more in his line. He is safely leaving the question of babies in the hands of the women of this great republic."

Fortune Buried in Back Yard.

Woodbury, N. J., April 17.—Officials of the National bank are authority for the statement that a man has been found buried in the back yard of a house in Woodbury, N. J., who had been buried in the back yard of a house in Woodbury, N. J., who had been buried in the back yard of a house in Woodbury, N. J.

The same bank received also a box full of gold, silver and nickels from another man who had taken it to the bank in a wheelbarrow because it was too much of a load for two men to carry.

Miss Caroline Stokes to Wed.

New York, April 17.—The announcement has just been made that Robert Hunter, head worker of the University settlement in Eldridge street, this city, is to marry Miss Caroline M. P. Stokes, daughter of Anson Phelps Stokes, Sr., of New York. Miss Stokes has been conducting class work among east side children, and thus met Mr. Hunter. Prior to his coming to New York, Mr. Hunter, who is a graduate of Indiana university, was for many years connected with Hull house, Chicago. He has written many monographs and reports on various phases of social reform, and has accomplished important results in the public park system for the city of Chicago.

Machinists on Connecticut Strike.

New York, April 17.—Following the attempts of the Housewives and Bridge Workers' union to set up work on the case for the battleship Connecticut at the Brooklyn navy yard, 15 union machinists in the main power house at the navy yard, employees of the Quincy engine company of Quincy, Ills., have gone on strike. The men left work in sympathy with orders of the National Machinists' union. The strike is purely in sympathy with a strike now in progress against the engine company in Quincy. The government has given the day to the company to supply a few more of men.

Chief O'Neill's "Dynamite Detail."

Chicago, April 17.—Chief O'Neill's "dynamite detail" put in a day's work at the top of the city hall yesterday, but failed to make the acquaintance of any one with an apparent desire to blow up the vault containing the Lorain-Burrows ballots.

Bronze Statue of Atlas Stolen.

Chicago, April 17.—The big bronze statue of Atlas, which has stood on the fourth floor of the old Times building for more than a third of a century and which was placed in the structure by Walter F. Storey, has been stolen and police were notified last night to search for it. The statue, which was carried from the building without attracting the attention of occupants or police, is a mystery.

The statue came into the possession of Carter H. Harrison, father of the

NOT RECOMMENDED FOR EVERYTHING

But if You Have Kidney, Liver or Bladder Trouble, You Will Find the Great Remedy Swamp-Root, Just What You Need.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well, they will help all the other organs to health. A trial will convince anyone.

Doctors Prescribe Swamp Root.

Dr. J. C. L. Hamilton, M.D., 276 5th St., Borough of Brooklyn, N. Y. Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble. You get a sallow, yellow complexion, and you feel as though you had heart trouble. You may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. It takes Swamp-Root to help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four o'clock in the morning, a glass of water and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

No matter how many doctors you may have tried—no matter how much money you may have spent on other medicines, you really owe it to yourself to at least give Swamp-Root a trial. Its staunchest friends today are those who have almost given up hope of ever becoming well again.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sample Bottle of Swamp-Root Sent Free by Mail.

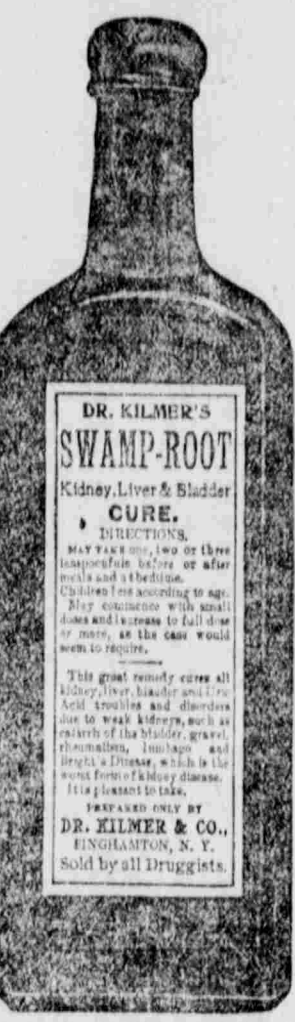

SPECIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root, and a book containing many of the thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in the Salt Lake City Daily Deseret News.

Desolation at Coney Island.

New York, April 17.—Tide battered and wind swept Coney Island presents a picture of desolation. The beach is strewn with driftwood and debris and cellars in the low lying parts of the island are filled with water and the overflow of sewage. Gangs of laborers are busy repairing the damage to the bulk heads in front of the Brighton Beach hotel, and the old Concourse. The high tides burst through the Brighton Beach bulkheads and the incoming water flooded the cellars and destroyed the work of the gardeners. At Brighton Beach the waves rose as high as 20 feet.

To Kill Sharks in Cuban Waters.

New York, April 17.—A Chicago financier who spent eight weeks in Cuba investigating the islands for opportunities is, according to a Herald dispatch from Havana, the promoter of a scheme for the killing of sharks in Havana waters that would result in immense financial returns to its backers. An ordinance recently passed by the municipal council provides for the payment of a bounty of \$5 for every female shark killed and of \$10 for every male of the species slaughtered. The Chicago man was here when the ordinance was passed, and he at once interested friends in Chicago and here in his plans

Swamp Root is Pleasant to Take.

FREE FIGHT IN OPEN COURT

Two Indiana Attorneys Come to Blows.

COMBATANTS SEPARATED.

One Attorney Fined—He Apologized And His Fine Was Remitted—Suit For Possession of a Millionaire.

Lafayette, Ind., April 16.—There was a fist fight in the circuit courtroom this afternoon between Attorneys Dan Simms, representing Fred Chase, father of the young millionaire, Moses Fowler Chase, and A. L. Kummer, representing Mr. and Mrs. Charles Duime of Cincinnati, who are fighting for the possession of young Chase. The attorneys had met for a conference with Judge as to what should be done with Moses Fowler Chase pending the hearing of the guardianship case. Kummer denounced the attorneys on the other side and also Chase's father, and declared that Moses Fowler Chase had been brought to Indiana from France by force and fraud. He had further asserted that the unfortunate young man was put on exhibition at the law offices of Chase's attorneys, when Judge E. P. Hammond shouted: "That's about enough!"

Attorney Simms jumped up from his seat and approached Kummer, who tried to ward him off. Simms then landed a fierce right-hand swing on Kummer's jaw, and the two men fell to the floor with their fists bled. Both blows landed, Kummer protecting himself as best he could. The courtroom was crowded, and lawyers, court officers and spectators all rushed to the scene and dragged them apart. The judge fined Simms \$25.

Simms then apologized and Kummer asked the court to remit the fine. The court remitted the fine and directed that Moses Fowler Chase remain in the court's jurisdiction, with the understanding that Mr. and Mrs. Duime, his aunt and uncle, are to interfere with him. They are to have the privilege of appealing to the court for authority to see him, however.

The guardianship application served on the young millionaire is returnable April 27, for which day the case is set.

Dr. S. M. Lacey, E. C. Davidson and W. Vinnette of Lafayette and Dr. C. E. Burr of Ellettsburg, Ind., examined young Chase this afternoon and pronounced him insane. They declare his answers to simple questions were incoherent, although he appeared perfectly sane when taken off the train.

Dr. Lacey said: "I asked the boy if he had had his dinner, and he mumbled out a lot of disjointed words. The result was the same when asked whether he had been in Paris, and a lot of other things just as simple. It was just as if he had picked a lot of words at random from various parts of a dictionary."

Moses Fowler Chase, the young millionaire, accompanied by his father, arrived here today from Paris. A big crowd of police was at the station. Young Chase declared that he was "just as sane as anyone; I am not crazy." His father held one arm tight and a lawyer held the other as they walked to the young man's carriage.

He recognized several old friends in the crowd and tried to stretch out his hands to them. There was almost a riot when two attorneys tried to speak to young Chase.

Arrested for Mail Robbing.

Chicago, April 17.—Burton Parker, a sorter in the Chicago postoffice, was arrested last night on the charge of robbing the mails. He confessed that he had been opening letters and taking money from them for several weeks. Parker has been in the government service for ten years. He is supposed to have secured about \$500 by his thefts.

LOLITA ARMOUR.

Dr. Lorenz Says Operation Was a Complete Success.

Chicago, April 16.—Dr. Adolph Lorenz, the Austrian specialist, arrived in Chicago today for the purpose of removing the cast from the leg of Lolita Armour, the young daughter of J. Ogden Armour, upon whom an operation for congenital dislocation of the hip was performed last October. Upon removing the cast the limb was found to be in perfect condition, and the patient was able to walk around the house without any difficulty. "The operation was a complete success," said Dr. Lorenz, "but I shall have to be in constant attendance for three or four weeks before I can be certain of a positive cure."

Cardinal Richards' Farewell Letter.

Paris, April 16.—Cardinal Richards, the archbishop of Paris, has addressed an affectionate farewell letter to the members of the congregations who have been ordered to disperse.

GOMPER'S REPLYES.

To Parry's Statement at the Manufacturers' Association.

Washington, April 16.—President Gompers of the American Federation of Labor today gave out a statement in reply to the annual report of President Parry of the Manufacturers' association, which was read before that body in New Orleans. It says:

"If there were any doubt that Mr. Parry had taken leave of his reason, the report or harangue which he has made to his convention demonstrates it beyond any doubt. If the Manufacturers' association in convention at New Orleans endorsed Mr. Parry's undignified and malicious antagonism to the efforts of the workers to secure material and moral improvement, they simply write themselves down as the low level and stand committed with him for all the injury which must follow from his rabid utterances. His venomous and ignorant antagonism which must provoke only resentment and retaliation."

"Organized labor is here to stay—yes, stay long after Mr. Parry's name shall have been forgotten. It has survived many encounters with men of Mr. Parry's caliber."

"Organized labor seeks no such conflict as Mr. Parry would provoke, nor will it run away from it. We desire industrial and social peace and are making for it, Mr. Parry and those who act

PALE WOMEN

A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL

When blood is watery and thin, or, as doctors would say, lacks red corpuscles, it is a sign that much is radically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble.

That remedy is Vinol, the greatest and most modern tonic and rebuilding Vinol over its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same element that makes cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible remedy for those who should take it, is found in Vinol.

We could relate many instances where Vinol has done good and restored the roses of health to the pale cheeks of the sufferer.

The following is a fair sample of the way people write in regard to Vinol:

"For several months I suffered lastingly from watery blood, and I was a sinking feeling in my stomach, which nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and if I wrote pages I could not tell it has done for me."—Miss A. K. LA PRUCE, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay for Vinol if they do not find it entirely satisfactory.

THE SMITH DRUG CO., DUEHL & FRANKEN, DRUGGISTS

with him to the contrary notwithstanding.

"We shall be enabled soon to discern to what extent the manufacturers of the United States are in accord with Parry. At this writing we are confident that he represents but an infinitesimal part of the American employers. Organized labor faces the future, confident and self-reliant, and huris back the rebuff of Mr. Parry his foul vituperation and abuse."

Back from Antarctic Regions.

Sydney, N. S. W., April 16.—Four members of the German antarctic expedition have arrived here from Kerguelen island where during eighteen months this detached party pursued its investigations. The members suffered from the severe cold. One doctor succumbed, and another, Dr. Wert, who was the head of the party, is not likely to recover.

Kindergarten Association.

Pittsburg, April 16.—At today's session of the International Kindergarten association two meetings were held, one in Carnegie Music-hall and the other in the lecture room. Caroline T. Patten of New York presided over the music hall meeting and papers were read by Mary B. Chase of Chicago and Dr. Jennie E. Merrill of New York.

The lecture-room was presided over by Mary McCulloch of St. Louis, and the meeting was addressed by "Practical problems in the supervision of Kindergartens."

Mrs. Chittenden of Omaha and Mr. Chase of Pittsburg, Pa., took part in the discussion.

Slept Very Little Because of Smothering Spells, Palpitation, and Heart Pains.

To Dr. Miles' Heart Cure I Owe My Life.

Heartiness, palpitation, smothering spells, shortness of breath, weak and hungry spells and general debility, indicate a weak heart. The longer these symptoms exist the more serious they become. They represent conditions of heart weakness which must receive aid from the outside. A weak heart cannot cure itself, no matter how slight the affection. Unless speedily treated it will grow worse, slowly but surely. A perfect cure has been found in Dr. Miles' Heart Cure, as it may be the means of helping another sufferer to try it. I am sure that I owe my life and health to Dr. Miles' Heart Cure. I had suffered for six years with palpitation and pain in my heart, I could not lie on my left side, I was very weak, and slept very little because of smothering spells. I tried everything I could think of but got no relief until I began the use of Dr. Miles' Heart Cure. I am now well and able to do my work and although it is three years since I first used the remedy I have no sign of heart trouble. I took in all six bottles of Heart Cure and think it the greatest medicine in the world, and it gives me pleasure at all times to recommend it."—Mrs. H. HOLLINGSWORTH, Medford, Oregon.

All druggists sell and guarantee first bottle Dr. Miles' Heart Cure. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

THE PRESIDENT AND HIS PARTY

Arrive at Fort Yellowstone in Splendid Condition.

EIGHT DAYS ON HORSEBACK

Today They Start for the Falls and Geysers—Go on Sleighs, Horses And Skis.

Cinnabar, Mont., April 16.—President Roosevelt came into Fort Yellowstone today looking in splendid condition and enthusiastic over the good time he has had. Secy. Loeb met him at Maj. Pitcher's headquarters, and the two transacted some routine business, the first the president has done since he went into the park. After his return from his visit to the president, Secy. Loeb issued the following statement:

"Maj. Pitcher reports that the president and his party have just returned from their eight days' horseback trip in the north of the park and along the Yellowstone. The party consisted of the president, Maj. Pitcher and John Burroughs, together with an orderly, the scouts and the packers with the mule train. All of the party are in excellent health and not an accident of any kind occurred."

"On entering the park the president informed Maj. Pitcher that he would not under any circumstances fire a shot at anything while in the park, and he took nothing with him but a shotgun with him. The party had some good fishing, and the president and Mr. Burroughs spent a large part of their time in following and watching at close quarters the trout and mountain sheep, deer and antelope."

"The party start tomorrow for the interior of the park to visit the geysers and perhaps the falls of the Yellowstone. They will go in sleighs, on horseback or on skis, according to the condition of the snow."

Bennington Trial Trip Satisfactory.

San Francisco, April 17.—The trial trip of the gunboat Bennington made to test the new machinery proved entirely satisfactory. The vessel is now ready for sea and will sail in a few days after a cruise on the coast. She will eventually join the Pacific coast squadron, which is now at Magdalena bay.

Dr. Finley May Succeed Gen. Webb.

Princeton, N. J., April 17.—Dr. John H. Finley, professor of politics at Princeton, when asked about the report published in New York to the effect that he had been offered the presidency of the college of the City of New York in succession to Gen. Alexander S. Webb and had accepted, said that he had received an unofficial offer of the position some time ago, but had made no answer as yet, nor would he do so until the formal tender is made him.

Dr. Finley is a graduate of Knox college, Galesburg, Ill., and received an A. M. from that institution in 1890. He was born in Grand Ridge, Ill., in 1863, and during his boyhood he worked on a farm and in a printing office. For two years following his graduation from college he studied at Johns Hopkins university from which he subsequently received honorary degrees of doctor of philosophy and doctor of laws. In 1892 he was made president of Knox college and in 1896 went to Princeton as professor of politics.

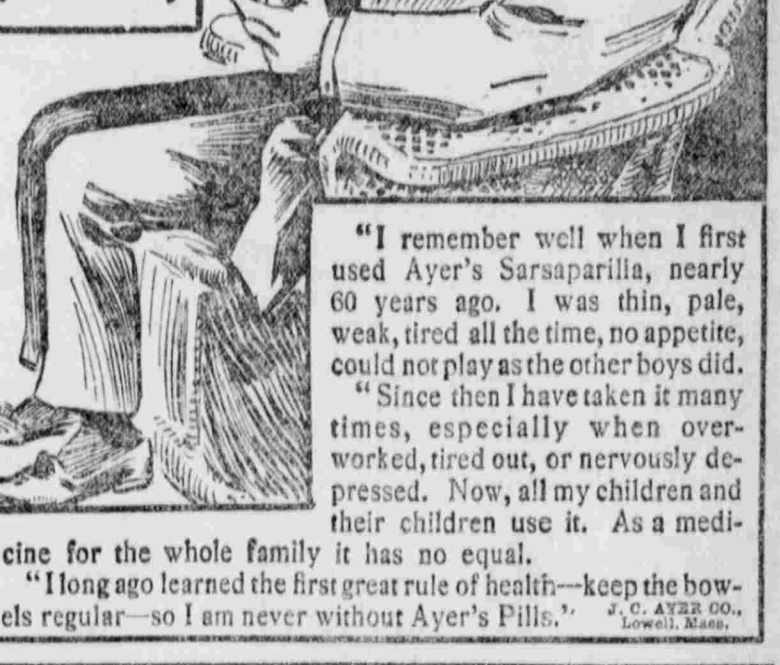

Pacific Steamers to Be Laid Up.

San Francisco, April 17.—Two vessels of the Pacific mail line are to be laid up and their places will be taken by other steamers. When the steamer China arrives here from the Orient, her place will be taken by the steamer City of Sydney. The steamer City of Sydney, which has been on the Panama run for a number of years will undergo an overhauling and the Costa Rica will go out on her run.

WORMS

If your child is restless at night, grinds its teeth, weeps, is constipated, grows indigestible food or is fretful and peevish, you can be sure it has worms. Kikapoo Worm Killer will expel them and restore the child's health. These tablets are pleasant to take, and won't harm the most delicate child. See a box at drug stores, or by mail from Geo. W. Kikapoo, 23, New Haven, Ct.

The oldest, safest, strongest, Sarsaparilla you can buy

"I remember well when I first used Ayer's Sarsaparilla, nearly 60 years ago. I was thin, pale, weak, tired all the time, no appetite, could not play as the other boys did. "Since then I have taken it many times, especially when overworked, tired out, or nervously depressed. Now, all my children and their children use it. As a medicine for the whole family it has no equal. "Long ago learned the first great rule of health—keep the bowels regular—so I am never without Ayer's Pills." J. C. AYER CO., Lowell, Mass.

FAIR CASE DEVELOPMENTS

Some Very Startling Ones Will Soon Be Forthcoming.

Skulls of Both Preserved—Will Usenet Testimony Given by Frenchmen

In New York Courts.

San Francisco, Cal., April 17.—The call this morning says that startling developments are promised in the Charles L. Fair case, now before the New York courts. It is alleged that facts have come to light here most damaging to the testimony given a few days ago in New York by Lucien Mas and Alfred J. Morane, the Frenchmen, who were called to recount certain incidents attending the death of Charles Fair and his wife in France, which, if true, would strongly tend to establish as a fact that Mrs. Fair survived her husband and thus left her own relatives the direct heirs to the fortune inherited under these circumstances from her husband.

It has been learned, continues the call, from one of those who are deeply concerned in the Fair case that the skulls of the late Mr. and Mrs. Fair, whose bodies were shipped back to San Francisco after they had been reinterred by the French authorities, have been preserved and are now in the custody of responsible persons here, ready to be produced when the time comes for refuting the evidence given in New York. Whether they will be sent to New York or remain here is a matter that is to depend wholly upon a move that is to be made shortly to have the case transferred to the courts of this city.

When the bodies of the Fairs were received in New York from France they were discovered to be in such a decomposed condition that it was deemed advisable to hasten the funeral in San Francisco. It is now stated that the funeral was followed by an autopsy that included the dissection of both bodies—an operation that was made by Drs. Galloway and Robinson.

The testimony of Mas and Morane that Mrs. Fair was living when they approached the bodies and that blood oozed from the French authorities, have been contradicted by concrete evidence—the woman's skull. It can be shown by the skull that such would have been an impossibility. It is claimed.

The skull of Charles Fair, now in the safe keeping of his friends, was not crushed in the manner described by the

Contraband Chinese Captured.

Seattle, Wash., April 16.—The capture of 11 contraband Chinese and a white man alleged to have smuggled them in a sloop was effected this morning by three customs officials near the coal bunkers. Henry Thomas, the white man, is in the county jail awaiting a hearing, which will take place tomorrow. Another man, alleged to be the owner of the sloop, jumped from the boat, and although three shots were fired at him, he escaped under the wharf. The Chinese, with the exception of one, were ordered deported this morning by United States Commissioner Keller.

Alexander Reittering, a Merchant of this City and a Brother of the London Banker, Assists in about 10 days after her arrival here she began to take daily rides with this man who is thought to know where the \$10,000 worth of missing gems are.

Whereas the missing pieces of all the missing jewelry, a necklace, containing 445 pearls, has been returned by a jeweler to whom Miss Williams took it a few days ago.

Powder Factory Explosion.

Lisbon, April 16.—An explosion has occurred at the military powder factory near this city. Several persons were killed.

Contraband Chinese Captured.

Seattle, Wash., April 16.—The capture of 11 contraband Chinese and a white man alleged to have smuggled them in a sloop was effected this morning by three customs officials near the coal bunkers. Henry Thomas, the white man, is in the county jail awaiting a hearing, which will take place tomorrow. Another man, alleged to be the owner of the sloop, jumped from the boat, and although three shots were fired at him, he escaped under the wharf. The Chinese, with the exception of one, were ordered deported this morning by United States Commissioner Keller.

Grape-Nuts

Handy Husband

Knew How to Get Part of the Breakfast, Anyhow

"I know one dish I can prepare for breakfast as well as any cook on earth," said my husband one day when the cook was ill and he had volunteered to help get breakfast. He appeared with his dish, and I discovered it was Grape-Nuts, which, of course, was easy to prepare for it is perfectly cooked at the factory, but it was a good illustration of the convenience of having Grape-Nuts about.

"We just added a little cream and, of course, had a delicious bit of food. We took up Grape-Nuts immediately after returning from a five years' sojourn in a hot country, and our stomachs were in a bad condition and we were in bad health generally. When we first tried it I confess we thought there were other and better things to eat and were told we must acquire a taste for this new food.

Sure enough, in a day or two we liked Grape-Nuts better than any other kind of food on the table. We both gained steadily in health and strength, and this was caused by Grape-Nuts and Postum Food Coffee.

"A friend of ours had a similar experience. She was seriously ill with indigestion and could find nothing to eat that would give her heartburn and palpitation, especially at night. She found that a small dish of Grape-Nuts with cream made her a satisfactory supper and gave her a comfortable night's rest. In a short time she has gained several pounds in weight."

The writer lives in Topeka, Kan. Name given by Postum Co., Battle Creek, Mich.

SIEGEL'S.

An Unsurpassed Collection of the Newest and Best Styles of Men's and Boys' Clothes.

LARGE consignments of the very latest and most stylish modes arriving daily, excellent assortments now on sale at a very wide range of prices. Our "Atterbury system" and "High Art" Suits, have many engaging features which assure them of great favor. We therefore offer you the best and most complete varieties to be found anywhere, including the very lowest priced dependable grades, and from these up to the very finest.

Men's Spring Suits, fancy mixtures, Cheviots and Tweeds, suits that are extremely desirable in every respect, cut in the newest styles and made and trimmed throughout in a careful manner—
