

DEDICATION OF 17TH WARD CHAPEL

Impressive Services Are Held on
Completion of Fine New
Meetinghouse.

STRUCTURE COST \$26,000.

Building is a Splendid Specimen of
Gothic Architecture—Built Entirely
by Contribution.

The people of the Seventeenth ward dedicated their beautiful new ward chapel yesterday. Exercises appropriate to the occasion began in the chapel at 1 o'clock p. m., the first session including the offering of the dedicatory prayer by President Joseph F. Smith. The program also included an evening meeting last night at 7:30, and further meetings tonight, Tuesday, Wednesday and Thursday evenings, each session beginning at 7:30.

The edifice is a splendid specimen of the Gothic style of architecture, and is located on First North street, between First and Second West. The site was purchased by the ward in 1902, at a cost of \$2,750, for the purpose of erecting a meetinghouse upon it. Large and valuable contributions have been made by a bequest of \$10,000, in the will of the late Mathilda M. Barrett. The corner stone was laid Dec. 5, 1905, by Bishop Walter D. Watson, and the building was completed in the direction of Bishop Beattie's successor, Bishop Franklin S. Timney. Soon after the completion of the building, Bishop Beattie was compelled to resign his position on account of failing health, but was able to attend the dedicatory exercises and to dedicate the building to the people of the ward for their enterprise in completing this beautiful building.

The chapel was completed at a cost of about \$26,000. The main hall has vestibule entrances and a wide chancel between for social purposes. The main hall has a seating capacity of 200, although 600 were comfortably seated at yesterday's session. There is a basement which will be devoted to class room purposes, containing several large and well-lighted apartments, as well as a fireproof vault for records.

The large art window in the north end of the main building was a gift from Mrs. Annie D. Watson, and cost \$1,600. The window beautifully represents one of the opening scenes in the history of the Church, and is hoped by the ward authorities to have other windows commemorative of similar subjects installed in different places in the building as time goes on. A perfect system of heating and ventilation has been devised for the structure. The supervising architects of the building were Ware & Trenganz.

GOOD CHOIR.

The choir of fifty voices under the direction of Evan Arthur, is a credit to the ward. The choir, which yesterday showed intelligent training of excellent vocal material by the talented chorister, the ensemble work in the last "Hosanna" being especially effective. Miss Louise Barnes presided at the organ.

Vocal solos were rendered by Mrs. Lizzie Thomas Edward and Mr. John Johnson, an organ solo by Edward P. Kimball. The excellent accompaniment of the hall were fully demonstrated by the various exercises, vocal and instrumental.

Present on the stand were: Of the first presidency, Joseph F. Smith, John R. Winder and Anthony H. Lund; of the council of the Presbytery, M. Lyman, John Henry Smith, Rudger Clawson and Hyrum M. Smith; Patriarch John Smith; of the first council of seventy, Joseph McMurrin and J. Golden Kimball; of the presidency of Salt Lake stake, Nephi L. Morris, George R. Emery and Edward T. Ashton; President Ben E. Rich of the Southern States conference, former Elder Walter J. Beattie; the ward bishop, Franklin S. Timney, Arthur E. Barnes and David O. Willie, Jr., and several members of the high council were seated among the audience.

THE SERVICES.

Services were opened by a selection from the choir. Prayer was offered by Elder Geo. R. Emery. Arthur P. Barnes, who was chairman of the finance committee, gave a report of the labors of the committee from the time of the purchase of the site until the completion of the building, covering details of cost and the sources of income.

Thas. D. Felt of the building committee, stated briefly the history of the construction of the building, telling of the difficulties encountered and overcome, until the structure in its present perfect state, had been evolved and carried to final completion.

Former Bishop Walter J. Beattie made a few remarks, telling of his pleasure in witnessing the completion of the structure, which had been begun under his direction.

President John R. Winder made a short address, in which he said that the bishop and the people of the ward should be proud of the great work accomplished in the erection of the building.

President Anthony H. Lund expressed his pleasure at being present on this occasion, and said that the people of the ward would be blessed in their worship in their new building.

President Francis M. Lyman said the more he looked at the building the more he liked it. The details of its construction bore acquaintance, and seemed to cover every possible requirement for the comfort of the people in their worship. He said the people of the ward would be blessed in their homes and in their lives for the contributions they had made toward the erection of the edifice and invoked the blessings of the Almighty upon them.

Elder John Henry Smith congratulated the people on their beautiful church, and said the spirit in which the work had been done was admirable. The speaker said he trusted the people would regard the house as a sacred spot, devoted to the worship of God.

PRESIDENT JOSEPH F. SMITH.

President Joseph F. Smith then addressed the congregation for a few moments prior to offering the dedicatory prayer. He commended the people for their efforts exemplified in building this structure, and said the Church had also contributed liberally toward its construction. President Smith thought that the smallest contribution given by any person, if in proportion to their means and ability even though it be the widow's mite, was of equal importance with the largest donation, and entitled to the same blessings.

President Smith then offered the prayer, dedicating the house to the Lord.

After singing the "Hosanna" by the choir and congregation, President Nephi L. Morris of Salt Lake stake, offered the benediction.

"Miss Nervis Hedake" 20 Years on Coffee

with dyspepsia and headache for company induced a woman to seek relief. Later on she wrote:

"I had only 50c left in the world, I'll tell you how I would invest it:

Postum - 25 cents
Grape-Nuts 15 cents
Cream - 10 cents

and I'd live like a queen while it lasted."

She had suffered so long that when relief came by USING POSTUM she knew its value and spoke from the heart.

This woman formerly had a visit about every 3 days from a yellow-skinned, scrawny and irritable ancient person known as Old Miss Nervis Hedake. But one day she broke friendship with her when she quit coffee, and for the past 7 years she has been comfortable, happy and well on POSTUM FOOD COFFEE. Name given by Postum Co., Battle Creek, Mich.

Industrial school. He was chaplain of the senate during the recent session of the legislature, and it was while acting in that capacity that his friends started a boom for his appointment as judge of the juvenile court.

There were several applicants for the appointment, among them being Willis Brown, who has held the position as judge since the juvenile court was instituted two years ago. Others who were in the running were Charles Vaden and A. T. Kline. The commission is composed of Gov. Cutler, Atty. Gen. Breeden and Supt. of Schools Nelson.

A. Pedersen of Logan was appointed as judge of the juvenile court for the first judicial district. No appointment was made for the Second or Fourth districts. In each of those two there are two applicants after the place. Present judge of the juvenile court, A. B. Patton of Ogden is again an applicant in the second district, as is also V. C. Gannell, a well-known attorney of Ogden. In the Fourth district, the present judge, M. M. Kellogg, and A. Noon are the applicants. It is very probable that the commission will name the other two judges tomorrow morning.

Can you believe your senses?

When two of them, taste and smell, have been injured, it is not utterly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said about it by the thousands whom it has cured? It is applied directly to the effected air-passages and begins its healing work at once. Why not test it now? All you need is Ely's Cream Balm, 54 Warren Street, New York, on receipt of 50 cents.

The loss was found out from the fact that the purloined telephone calls were very noisy. The source from which the telephone message was sent was ascertained, and 30 minutes later the four young men were being finally located hidden in the watchman's room at the Thirteenth East city reservoir. They were taken by force to the house from whence they had stolen the eatables, and were subjected to the ordeal of having the hair shaved from their heads, as a punishment for the pranks they had indulged in.

He had been above his head, despite the fact that there was neither sun nor rain. He would answer no queries put to him, and finally Officer Vickery came along, and failing to get a response to his questions, hustled the young man off to jail.

GOOD OUTLOOK FOR N. G. U.

Adj. Gen. Wedgewood Feels Encouraged Over Increasing Interest.

Adjutant General Wedgewood is much encouraged over the prospects for the improvement of the National Guard. He attended a meeting, by invitation Friday night, at Ogden, of the Weber club, where the speakers discussing in the guard were freely discussed. General Wedgewood was accompanied by Colonel Plummer of the First Infantry and Irvine of the government staff, and the speakers were greatly pleased to find the Weber club so ready and willing to do all they could for the advancement of the local company. The Weber people seemed to realize that the burden rested upon them to do something for their country, and as the adjutant general explained the obligations the state was under to the national government in a military way, they came to understand how it is that it is just as much the duty of the state to respond to the call for military cooperation as to pay taxes. The speaker explained the new legislation by Congress which provides for the acceptance of state regimental organizations in times of emergency, just as they are, and their transfer into the regular government service, also, how army corps were located with the different states subject to use for local military organizations called into government service. The adjutant general was able to answer the questions of Plummer and Irvine, and when the meeting broke up, it was with the feeling that a strong step had been taken in the line of progress for the guard. It is the intention of Ogden to rush enlistments in company B up to the regulation limit, and then organize another company.

PUBLIC NOTICE

To the People of Salt Lake City.

All persons in Salt Lake City must hold themselves responsible for any weakness or suffering caused from old age, chronic coughs or colds, bronchitis, weak lungs, nervousness or poor health when we are willing to sell them the real cod liver preparation, Vinol, and return their money if it does not benefit.

The reason Vinol is so successful in restoring health and creating strength is because it contains in addition to tonic from all the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but without oil of grease to upset the stomach and retard the work.

Trilko, old-fashioned cod liver oil and emulsions, is a deliciously palatable, agreeable to the weakest stomach, and, therefore, unequalled as a strength creator and tonic reconstruction.

Mr. Druehl of Druehl & Frankel says: "It is because we know so well of the value of Vinol, that we sell every run-down, nervous, debilitated, aged or weak person in Salt Lake City, and every person suffering from chronic colds, chronic coughs, or poor health, or from any other ailment, to try Vinol on our guarantee." Druehl & Frankel, druggists, also Smith Drug Company.

Note—While we are sole agents for Vinol in Salt Lake City, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
