markable properties become better

known. This is a mucilaginous sub-

stance, obtained by treating cellulose

with soda lye and carbon sulphide, and

peculiar advantage is the readiness

then changed back into cellulose.

The passive state of metals is shown

by German experimenters to be more general than has been supposed. Iron

takes this state in strong nitric acid,

being then unaffected by the acid al-though attacked by it when weaker,

and other acids have similar effect. Chromium, it is found, behaves in much

the same way toward certain substan-

ces, the active state being the normal

one for both metals. Nickel and co balt, also silver and copper can take

the passive state, and even lead in the storage battery. The usual explana-

tion that a thin film of oxide is formed

proves to be insufficient, the true cause

SANDY.

SCHOOL PRINCIPAL M'CARTY Honored by Trustees and Teachers

-Decoration Day to be Observed. Special Correspondence.

Sandy, Salt Lake County, May 24 .-A very pleasant surprise was had on Principal McCarty last evening. The trustees and teachers and janitor of school building, thirteen in number called upon him at his residence in Sandy, for the purpose of expressing their good wishes and presenting him with a small token of their respect and esteem in the shape of a very fine trav-eling valise, made of black morocco eing value, made of black morocco leather, with everything inside needed for a person traveling. The presenta-tion was made by Trustee W. W. Wil-son, who expressed in behalf of those present the kindly feeling that they had for their principal and for the effi-cient manner he had conducted the schools.

chools Principal McCarty responded in feww well chosen remarks, expressing himself as highly pleased with the support that had been given him by the trustees and teachers. The rest of the evening was spent in games, etc., and a very enjoyable time was had. Sandy has as good a school as there

rested a man giving his name as James Ward, on the charge of assault and battery; the complaining witness being Mr. Johnson, proprietor of the Twentyis in Salt Lake county and great credit is due Principal McCarty in bringing it up to this standard. He goes East

RHEUMATISM CURE When Prof. Munyon says his Rheumatism

When Prof. Munyon says his **Rheumatism Cure** will cure rheumatism there isn't any guess-work about it—there isn't any false statement about it. It cures without leaving any ill effects. It is a splendid stomach and nerve tonic, as well as a posi-tive cure for rheumatism. All the Munyon remedies are just as reliable, age, vial. The Guide to Health is free. Munyon, New York and Philadelphia.

MUNYON'S INHALLE CURES CATARBH.

and Emery counties, with some from Utah county. Up around Colton the last few days there has been a con-siderable loss of lambs from the cold snap which has been on in the moun-tains thereabouts. The weather now has moderated.

THE TRAMP NUISANCE.

Eastern Utah, especially along the line of the Rio Grande Western rallway from Helper to Grand Junction is lit-erally overrun with the professional hobo, and there is hardly a day bu some depredation is committed to rail way company or private property. Sun day night a car was broken into tween here and Grand Junction and a quantity of shoes and other merchan dise stolen and destroyed. Specia Agent Ketchum, of the railroad com-Special pany, later arrested five tramps here for the offense, one of them having a pair of the shoes on him. Nothing could be proven so they were fined for beating a railroad train by the local justice. When brought into court they

all had money, paying their fines of from \$5 to \$10 and costs. Each had money on his person, one displaying something like \$50, and the others smaller sums. NOTES AND PERSONALS. Robert Howard, foreman of one of the

mines at Sunnyside, and formerly county clerk here, left yesterday for England, accompanied by Mrs. Howard. They are to spend the best part of the summer abroad and will also take in the Buffalo exposition. County Clerk Donaldson, at the in-stance of Judge Johnson, has drawn a

grand jury for the next term of dis-trict court here, which convenes the 10th of June. It is the first grand jury in several terms of court. District court convenes at Castle Dale in Emery county on the 17th of June for a week's

session Mr. and Mrs. Arthur J. Lee have a new boy baby at their home in this city. Ditto, Judge and Mrs. S. J. Harkness, of Scofield, and Elder A. O. Harmon, of Huntington.

There is as yet plenty of snow in the hills and water for irrigating purposes plentiful and stock promises to be throughout the summer months. Eastern Utah will raise the largest

this year in the history of this crops part of the state. There is a potato famine throughout all this section of the state, especially around Fort Duchesne and Vernal. Spuds are bringing somewhere like 21/4 cents per pound.

Mr. W. J. Baxter of North Brook, N. C., says he suffered with piles for fifteen years. He tried many remedies with no results until he used De Witt's Witch Hazel Salve and that quickly cured him.-F. C. Schramm.

Another Sad Bereavement - Slight

Loves You."

But the childish voice is almost unheeded. The wife and mother has come to a place where love cannot comfort her, where even the voice and words of love are so blent with her own misery that they seem to increase it.

And Drifting to Leeward - Bullard-Imagine a magnificent orchestra playing in a factory amid the ring of hammers and the rattle and groaning of very discord of her life.

to be womanly disease. The throbbing head ,the aching back, and the dragging-down feeling are but symptoms of disordered and diseased condition of the delicate womanly organism. When this fact is understood the one thing for the weak and sick woman to do is to look for a cure of the disease which and cured hundreds of thousands of this fact is understood the one thing for causes her misery.

WHERE SHALL SHE TURN

for healing? If a woman were lost in a western prairie and found several paths which might lead to safety, she would take the well-trodden path in preference to the one which showed faint signs of travel. Why not the same in sickness? There is a road to womanly health which has been traveled by hundreds of thousands of women. Read what some of these women say

The dough-like mixture is worked into blocks or strips, which dry to a semi-"I take great pleasure in recomhardness resembling ordinary guttamending Dr. Pierce's medicines to other suffering women." writes Mrs. Mary Hydrogen, prepared by electrolysis from water and used with special Wels-back burners, is found bySchmidt to compare favorably with acetylene for Adams, of Grassycreek, Ashe Co., N. C. 'I had internal trouble very badly until it resulted in ulcers of the uterus. I it has cured other women, do not allow the traubled with it so that I never the dealer to foist on you a less merilighting and to be as economical as the was troubled with it so that I never slept a night for seven weeks. The doctors said I could not be cured, but I

Terr. "I can't describe the misery Terr. "I can't describe the misery it was to be on my feet long at a time. I could not eat nor sleep. Often I wished to die. Then I saw Dr. Pierce's medi-cines advertised and thought I would try them. Had not taken one bottle till I was feeling well. After I had tak-en five bottles of 'Favorite Prescrip-tion" and one of 'Golden Medical Dis-covery' I was like a new woman. Could ear and sleep and do all my own work. eat and sleep and do all my own work. would entreat of any lady suffering from female weakness to give Dr. Pierce's Favorite Prescription a fair trial, for I know the benefit she will Mrs. Mattie Venghaus, of Tioga, Han. cock County, Ill., writes: "I had been sick for seven years, not in bed but just

dragging myself around. At last I took three bottles of Dr. Pierce's Favorite Prescription and five of 'Golden Medi-cal Discovery,' and was well. It is impossible to describe in words the good these medicines did me. No praise is too high for Dr. Pierce's medicines."

WOMAN'S CONFIDENCE JUSTI-FIED.

The woman who begins the use of Dr. Pierce's Favorite Prescription is justified in feeling that she has taken the first step in the path to perfect womanly health. All womanly diseases medically curable yield to the healing power of this wonderful remedy. It esregularity,

tablishes dries disagreeable and weakening drains, heals inflammation and ulceration and cures female weakness. The periodic headacha, the distress-ing backache, and exhausting bearing-down pains are cured permanently with the cure of womanly diseases by "Favorite Prescrip-tion." Mothers find in this medicine the best preparative for maternity. It gives abundant strength and makes the baby's advent practicpainless. Women suffering from chronic forms of disease are invited to consult Dr. Pierce by letter, free. All letters are

privately read and privately answered and womanly confidences are guarded by the same

strict professional priconsultation at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address all correspondence to Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years, assisted by his staff of nearly a score of physi-clans, Dr. Pierce, chief consulting physisick and suffering women.

sick and suffering women. There is no similar offer of free con-sultation by letter or free medical ad-vice, having behind it an institution such as the Invalids' Hotel and Surgical Institute, Buffalo N. Y., with its fine coupment and skilled medical staff. The free consultation by letter, offered The free consultation by letter, offered by Dr. Pierce, puts it into every sick woman's power to have the opinion of a specialist on her condition-a specialist whose great success in the treatment and cure of womanly diseases, is in it self an encouragement to every slick woman. Of the hundreds of thousands of women treated by Dr. Pierce, ninetyeight per cent have been permanently

The carefully nourished belief that toads can live without air in cavites in rocks, and for a great period of time, has been tested in England by Rev. W. Buckland. He cut 12 large cells in a block of colltic limestone and 12 smaller ones in compact sandstone. then sealed a toad into each cell, and buried the stones under three feet earth. The porous limestone was not impervious to water and probably ad-mitted air as well. At the end of 13 months, the toads in the sandsione were found to be dead and hadly de-composed, but most of the larger ones dangetous trades, the flock that is shaken over the paper after sizing bein the limestone were alive, although much reduced in weight. It was con-cluded that the toads cannot live a ritating to the nostrils and lungs; and the bronzing of paper or leather brings totally excluded from air, disease in a similar way. The dusting on of "flake white" is especially inand that they cannot live two years without food.

> In the improved dry battery of Ernest Meyer, of Paris, peat fiber or moss is used for retaining the existing liquid in contact with the electrodes. Special value is claimed for this material, which has great absorbing power, and also has the advantage over cellulose of being absolutely neutral in presence of the battery acids.

Springs under motors and dynamos in upper stories have been found by Cow-per-Coles the only effective means of overcoming vibration. Felt, rubber huffers and washers, cork, felt interweaved with lead, and a soft bed sawflust or coffee husks, were tried, but not quite satisfactory.

coulombs of negative electricity; and the atmosphere with a like amount of If people only knew what we know positive electricity, nearly all of it be-ing in the lower five miles. Points on about Kodol Dyspepsia Cure, it would, be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after enting, belching, flatulence, sour stomach or water-brash, caused by indigestion or The phenomena of smell have not dyspepsia. A preparation such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good.-F C Schramm.
