The above Goods can be Purchased of the Wholesale Hardware Dealers in Salt Lake and Ogden. d181 1y

BY TELEGRAPH

FOR DESERET EVENING NEWS.

AMERICAN.

Wired From Washington.

WASHINGTON, 2.—The Secretary of the Treasury received a letter from a prominent firm in New York, calling attention to the fact that large quantities of wool of low grade are exported from Egypt, Syria and countries in their vicinity to this country, which is the principal market for them, besides a considerable quantity of bed wools, extracted from old mattresses from Constantinople; and these wools have frequently been shipped at Marseilles and in England for this country. In view of the epidemic raging in the eastern Mediterranean these wools might convey infection as well as rags.

Coinage at the mints for July, $3,133,800, of which $2,425,000 were standard dollars.

The Treasury Department purchased 450,000 ounces of silver for delivery at the mints of Philadelphia, San Francisco and New Orleans.

The Hill investigating committee adjourned its session till Monday.

The chairman of the Cattle Commission has made a report to the Treasury Department in regard to the alleged existence of foot and mouth disease among cattle in this country. It says, in part: "Charges have been recently made in the British Parliament that cattle are being shipped from our ports infected with the foot and mouth disease, and a majority of the House of Commons have voted for a resolution opposing the importation into Great Britain of cattle from any countries in which said disease exists. After most extended and most exhausting inquiry, your commission has not been able to find any trace of foot and mouth disease apart from the herds just landed from Great Britain, and whole herds have been in every case sequestered until the infection had entirely disappeared. In the investigation we have included all great stockyards where cattle are detained for feeding.

Captain Chas. F. Powell reports, "The improvement of the Lower Willamette and Columbia Rivers, from Portland, Oregon, to the sea, including the bar at the mouth of the Columbia River, Oregon, and in Washington Territory. The object of the improvement is to secure a navigable ship canal twenty feet deep at low water. The total appropriation for the work to date has been $505,365. The amount available July 1st, 1883, was $12,168, and the amount required for the completion of the work is estimated at $18,363."

Improvement at the mouth of Columbia River, Oregon and Washington Territory. The plan consists in building a jetty from South Cape to the entrance on the spit. The act of 1882 appropriated $75,000 for the work, of which $29,650 remains unexpended. Estimated cost of the completion of the work, $500,000.

Improvement in the Upper Columbia and Snake rivers, Oregon and Washington Territory. The plans of this improvement consists in the removal of rock at numerous rapids from Celilo, Oregon, to Lewiston, Idaho. For this work $196,000 has been appropriated to date, of which $51,400 remains unexpended July 1, 1883. It is estimated the work can be completed for $56,000, and this sum can be profitably expended next year.

Depravity and Disaster.

BOSTON, 2.—The *Journal's* special from Newport, Vermont, says the express train on the Southeastern Railroad from here to Montreal was derailed three miles from North Troy, and the whole train wrecked. Two parlor cars, one baggage and one passenger car, and a new engine were made a complete wreck.

A lady from Derby was fatally injured, and some 14 others seriously hurt. Fred Tierre, of St. Anstead, and his servant, were very badly hurt. Some of the injured were brought here and others to Newport Centre and North Troy. It is the most severe accident of the kind ever in this vicinity. Everything is being done by the railroad company for the sufferers. There were 59 passengers aboard.

Troy, N. Y., 2.—The wreck of the colliding freight trains on the Troy & Boston road near North Pownal, yesterday, is cleared, and bodies believed to be those of Mark Sutherland, engineer, H. H. Bruce, operator, and Charles Marden, engineer, were found burned frightfully. The remaining three bodies are still missing and are believed to have been reduced to ashes. Loss $60,000.

Newport, Vt., 2.—Fifteen or more passengers injured by an accident on the Southeastern road yesterday, two or three perhaps fatally. The accident occurred on a slight curve, the rails probably spreading by the weight of the train.

New York, 2.—By a fire in Troy tenement house, Brooklyn, early this morning, four people were injured, two fatally. But for the prompt action of the police and fire department, who rescued many, the loss of life would have been greater. Loss to property nominal.

A heavy easterly gale with rain prevails here.

Boston, 2.—The *Journal* says F. T. and J. D. Phinney, boot and shoe counter manufacturers, have suspended. Liabilities some thing over $400,000. They are on Shaw & Bros paper to the amount of $100,000.

Bangor, 2.—It is stated that the Nova Scotia Bank of Woodstock, a branch of the Nova Scotia Bank of Montreal, has been heavily involved by the failure of Shaw & Brothers. The bank at Stephen is also a heavy loser. It is said the above banks held the paper of Shaw & Brothers, to the extent of $500,000 each. In the northern part of the State there is a feeling of uneasiness in some cases to take contracts for peeling bark, and the banks have endorsed Shaw & Brother's paper to raise money to carry out the contracts.

New York, 2.—The last contingent of striking dress and cloak makers returned to work this morning.

Atlanta, Ga., 2.—A large and enthusiastic meeting of the best citizens of Fanks and Jackson Counties was held in Mayaville, to take some action in regard to lawless persons who raid upon negro houses, and practice whipping and shooting negroes. Strong resolutions condemning such violence passed. It seems for some time past there has been a gang of Kuklux molesting negroes in the vicinity of Mayaville. Numerous outrages have been committed the last two weeks, such as 175 lashes to Cub Bush, and unmercifully whipping Nancy Prickett. Recently about fifteen or twenty Kuklux visited the plantations of Minard, Sander and James Holland. They broke down the doors of cabins, shooting Berry Sanders and whipping Alex. Brooks, Warren Bryson, Glenn Stout and other negroes. Several negroes have since abandoned houses and crops for fear of being killed. In Jackson County it is said that a negro of bad character named Bob Ransom, was called upon a few nights ago by a party of fifty masked men and whipped severely. One of the party then shot Ransom in the mouth, the ball coming out at the back of his neck. Ransom is not expected to live. Some murders are reported elsewhere, but the truth is not known. Many conflicting stories are told.

Panama, 2.—Particulars of the outrages at Monte Cristo are that Col. Manuel Caballos seized the barracks, making prisoners of the prefect, colonel and troops, then broke into the houses of Gov. Rodriguez, Col. Herera, Chaves, Ansset, Valasquez, and Sambraus, captured the owners and imprisoned them with Cordova, Reyes and Vasquez, who were brought from Manta. The excitement was intense when it was known that a body of young men were coming from Manta to attack the barracks, and Guevara, Delgano and Reyes were arrested. Caballos ordered Jose Castro to murder all the prisoners, if an attack were made. Early in the morning an attack was made and after 2 hours' storming the town was taken. A number were killed, including Jose Castro. Caballos escaped on horseback; the remainder of his party took to the woods. Duaste, Vasquez, Reyes and Guevara were found murdered in prison. Hereria was alive, although wounded in two places and had a leg broken. A court-martial was at once held on the leaders of the party captured, and four of them, Sancho, Pinceye, Sambreno and Picon were publicly shot in the square of Monte Christo.

St. Paul, 2.—The Democratic State Convention assembled at noon to-day.

On reconvening in the afternoon C. H. Lianau was made permanent chairman.

W. W. McNair was nominated for governor, Biremann being the only other candidate on the first ballot. For Lieut. Governor, R. L. Frazer was nominated on the first ballot. Secretary of State, J. J. Green; State Treasurer, John Lodwig; Attorney General, J. W. Willis; Railroad Commissioner, P. Lendholm.

Anti prohibition resolutions were passed. The platform declares for tariff for revenue only, approves the river and harbor bills, and calls for a revision of the patent laws.

The 421 ballot resulted in the election of Austin F. Pike, U. S. Senator. The ballot was as follows: Whole number of votes cast 815, necessary to a choice 153, Edward H Rollins 1, Aaron F. Stevens 1, Wm. S. Ladd 1, Tillman Marston 9, Harry Bingham 112, Austin F. Pike 181.

Pike was declared elected U. S. Senator for six years from March 4th, 1884.

Panama, 2.—Small-pox and malignant fever were raging on the coast of Guatemala.

Yellow fever is playing havoc among the foreign residents of Callas, Peru.

New York, 2.—On the arrival of the steamer *Saratoga* from Havana, James Barnes, steward, was removed to quarantine hospital, suffering from supposed yellow fever.

Victoria, B. C., 2.—Dry hot weather continues here. There has been no rain for two months. Forest fires are raging everywhere.

FOREIGN.

British Briefs.

LONDON, 2.—Three bills are found against the prisoners at Liverpool concerned in the dynamite plot.

The *Daily News* Capetown special says O'Donnell, murderer of Carey, is an American citizen and a native of Ohio.

King Humbert visited the hospitals in Naples yesterday and spoke separately to all the sufferers. A man with four children, a man aged 80 years, and two youths were exhumed alive at Ischia yesterday. It is ascertained that several refugees from Alexandria lost their lives at Casamicciola.

The Cologne *Gazette* reports two German artists killed in the disaster. Some papers estimate that 8,000 persons perished on the island.

Cholera at Bombay is declared epidemic, there were ten deaths from cholera at that place during the week ending last Friday.

Deaths from cholera at Cairo in 12 hours ended at 8 p.m. Thursday numbered 80.

Dublin, 2.—Letters that have been received in Dublin from Philadelphia state that Matley, an important witness in the trials of the Phœnix Park murders, was murdered a fortnight ago. The report caused great excitement here but the truth of it is generally doubted [*Note.*—Nothing is known in Philadelphia of any one bearing the name referred to in the above dispatch.]

General Items.

Paris, 2.—The Chamber of Deputies approved the convention with the railway companies and the session of the Chambers closed.

Brussels, 1.—The trial of Canon Bernard for embezzling church funds is begun.

Naples, 2.—Several persons have been arrested in Lecha for plundering corpses.

St. Petersburg, 2.—The *Vedomosti* newspaper says serious designs to incite a revolt in Poland have been discovered. It hopes the appointment of Gen. Gourko as governor general of Warsaw will frustrate the plans.

Cairo, 2.—There were 887 deaths from cholera in Egypt on Wednesday, including 273 here; three among the British troops. Twelve English doctors arrived at Alexandria to-day on their way to Cairo.

BRIEF TELEGRAMS.

Chicago, 31.—Chicagoes 9, New Yorks 1.

Buffalo.—Buffalo 9, Providences 2.

Boston.—Bostons 4, Clevelands 1.

Detroit.—Detroits 6, Philadelphias 2.

Panama, 24.—Gen. Julian Trujilla, ex-President of Columbia, is dead.

Minneapolis, 2.—Hanlan easily won the decisive heat at Minnetonka; Hosmer second, and Turner third.

In the consolidation race, Plaisted and Riley were the only starters. The former won by a length and a half.

Mexico, 2.—Telegraph operators on the Mexican National Railway struck this morning. They demanded an increase of $30 per month. Trains are interrupted.

Syracuse, N. Y., 2.—Thirty-two guns were fired in the public square, celebrating the killing of informer Carey. Two of the gunners were badly injured by a premature explosion.

Galveston, 2.—*News* Laredo special: The rebellion in the State of Tamaulipas is quelled. This success is due in a measure to the quick transportation of troops by railway. The government is much gratified at the success of the new method.

Rat Portage, Manitoba, 2.—Affairs have been at a standstill since the recent arrests of Ontario policemen, who were secretly conveyed to Winnipeg by the Manitoba police. They have been refused bail by the provincial magistrate. Their trial will be had Tuesday.

New York, 2.—The Catholic Total Abstinance Union of America elected the following officers: Rev. J. L. Cleffy, Wisconsin, president; Rev. J. D. Bowles, Ohio, treasurer; Jas. C. Nolan, Minnesota, secretary.

Kansas City, Mo., 2.—Charley Ford, slayer of Jesse James, the famous outlaw was arrested at police headquarters this afternoon on an old indictment for the Blue Cut train robbery. It is not known yet what caused his arrest at this time. Ford is said to have been dumbfounded at his arrest, and is evidently badly frightened.

Chicago, 2.—Sir Knight George C. Moulton, who went to San Francisco to make arrangements for the entertainments in that city during the triennial conclave of St Bernard Commandery, returned to day. He has arranged with the Palace Hotel, San Francisco, for the entertainment of the triennial. The Commandery will leave August 10th, going over the Burlington route, which intends to provide one of the finest trains that ever left the city.

New York, 2.—No change in the telegraph war, both sides remaining firm.

Jersey City, 2.—Officers of the telegraph and telephone companies complained to the police that their wires had been tampered with and in some cases been cut.

Philadelphia, 2.—The hearing of five civil suits brought by C. E. Tuller against the Western Union Telegraph Company for refusal to accept messages from him July 25th under ordinary conditions, took place this afternoon before a magistrate of this district. The plaintiff swore he presented messages for Cape May, Atlantic City, Trenton and Chicago. These were refused, except upon one condition, that they be subject to delay or mailing. Tuller declined to accept the conditions, and refused to send the message. The officers of the telegraph company swore that the plaintiff was informed that there would be no unusual delay in sending his messages to Atlantic City and Trenton, and chief operator Clark swore that on the day named business was moving with reasonable promptness between this city and all points mentioned. The magistrate held the suits under advisement until Wednesday. Tuller states that he will begin other suits against the company, and claim damages in $15,000.

Chicago, 2.—Mr. Whitelaw Reid, concerning Dorsey's statement about the alleged bargain which Dorsey said Reid probably knew about for the appointment of Stanley Matthews to the Supreme Bench, Reid replied, "I never made any such agreement with Gen. Garfield, directly or indirectly, and have no reason to think any such bargain was made by anybody else. I never even asked him for the appointment of Matthews, nor did I know Matthews was to be appointed after his rejection by the Senate under Hayes."

An interview with Mr. Geo. Jones of the New York *Times* is also published. He denied the Dorsey statement that he had ever asked for, sought or accepted aid from the National Committe or any one.

CITY COUNCIL.

Proceedings at the City Council Thursday evening, Aug. 2nd, 1883. Mayor Jennings presiding.

Jesse W. Fox, city surveyor, submitted profiles of streets and sidewalk grades of South Temple, First, Second, Third, Fourth and Fifth South Streets from East Temple to Sixth East Street. Referred to the committee on streets and alleys.

The following appropriations were made: To road and street account, to be drawn upon the order of the supervisor of streets, $1,000; to the watermaster's contingent fund, $1,000; to the waterworks account, to be paid upon the order of the superintendent, $500.

The following report was submitted:

Your committee to whom was referred the report of the watermaster on the condition of the water supply in Dry Canyon, beg leave to report that they find matters as represented in the report, and it is the belief of your committee that the water supply will be reasonably permanent, though there may be some diminution to the flow in the right hand fork of the canyon during the fall months.

Your committee regard the ownership of the water by the city in Dry canyon, as valuable, but we are unable to report any method of utilizing it, without the outlay of a considerable sum of money. The cheapest method your committee can suggest as being practicable with any reasonable degree of permanency would be to convey the water from its various sources to the forks of Dry canyon, in wooden boxes or flumes made of two inch redwood plank 6x8 in the clear to be laid on the surface of the ground, or buried only to a sufficient depth to prevent them from being interfered with by stock. The aggregate length of such boxes or flumes would be about 13,000 feet.

From the forks of Dry canyon we suggest that the water be conveyed in six inch iron water pipe to the points of discharge—the pipe to be laid below the reach of frost—say five feet deep outside of it. A four inch pipe, with 150 feet head, will carry the amount of water now flowing in Dry canyon, but it would leave no margin for a probable increase in the supply, hence we recommend the use of a six inch pipe, which would convey more than double the amount of water now developed.

With regard to the use of the Horton wooden pipe, as has been suggested, taking into consideration the difference of the carrying capacity between the Horton pipe and the iron pipe of the same size, the greater liability of the Horton pipe to burst under the required pressure, the temporary character of the wooden pipe and the small saving in the total cost of the work make to our opinion the use of the wooden pipe objectionable. The distance from the fork of Dry Canyon to a point directly south of Third East Street is about 15,000 feet, this representing the distance the water would have to be conveyed in pipes.

The cost of the works as above outlined would be about as follows:

13,000 feet of red wood boxing at 40c. per foot	$ 5,200
15,000 feet of 6 inch iron pipe laid at $1.80 per foot	24,000
	$29,100

To this must be added the cost of laying distributing pipes down the various streets connecting with the 6-inch mains, and such other expense as are incident thereto. Of this your committee make no estimate not having sufficient data to base it on; and we submit the above items for the information of the Council and await further instructions.

Respectfully,
H. DINWOODEY,
W. W. RITER,
Committee on waterworks.

I am in favor of the foregoing report provided the means to carry out the suggestions and specifications thereof can be obtained, so that the work can proceed at once; but I think that by the use of cheaper piping, which in my judgment would answer the purpose, the work could be accomplished for perhaps one-half the expense.

JOSEPH F. SMITH.

The Council being anxious to take up the ordinance in relation to the numbering of houses, the report was, on motion, laid on the table subject to call.

The bill for an ordinance relating to the numbering of houses was then taken up and carefully considered. After the passage of the second reading, the bill was laid over to permit the consideration of a bill for an ordinance changing the names of certain streets, which was, after an extended discussion, killed by a motion to lay on the table indefinitely—names of all streets therefore remaining the same as at present.

Consideration of the house-numbering ordinance was then resumed and finally passed, and was referred for enrollment and publication.

Adjourned to Tuesday next at the usual hour.

An old hen-picked man from Ohio, sprained his back in lighting a fire, he got a good drubbing, but St. Jacobs Oil rubbing, made him well and very much spryer.

THAT "KNOWLEDGE IS POWER," NEEDS NO DEMONSTRATION, AND HE WHO BY EXPERIENCE KNOWS THE VALUE OF TARRENT'S SELTZER APERIENT DOES NOT NEED TO BE TOLD THAT HE HAS IT WITHIN HIS POWER TO WARD OFF FEVERS, BILLIOUS ATTACKS, HEADACHES, AND ALL THE ILLS ARISING FROM A DISORDERED STOMACH, LIVER OR BOWELS. FIRE! FIRE!
"A High Private in the Rear Rank."
TO OUR MANY PATRONS:
ON ACCOUNT OF THE GREAT heat, the Merchandise Department of the ART BAZAR is removed to the store lately occupied by David Yearsley, in the Hooper & Eldredge block. The Photographic Department, in charge of Mr. Ralph Savage, has also been transferred to John Olson's new gallery, on Commercial street. Persons having paid for portraits in advance at the old stand can have them retaken after July 4th, free of charge. No pains will be spared to keep up the standard of excellence hitherto maintained. Rally! Rally! Rally! A new series of views will soon be taken. Nothing was saved from the upper part of the Art Bazar.
