

MARSHALL FIELD TO WED A WIDOW

The Lady Is Delta Spencer Caton,
Of Chicago, Whose Husband
Died Last Winter.

WILL BE MARRIED IN LONDON.

Ceremony Takes Place at St. Marg-
aret's Church, Westminster—
Granted Special License.

New York, Sept. 2.—Marshall Field, the wealthy Chicago merchant, has been granted a special license to marry Mrs. Delta Spencer Caton, also of Chicago, according to a cable despatch from London. The wedding will take place at St. Margaret's church, Westminster, next Tuesday. Mrs. Field has been married for some years. Mrs. Caton's husband, Arthur, a well known whip and sportsman, died suddenly in this city during the horse show last winter. Her wealth extends into the millions.

Since the death of her husband, she has held aloof from social functions and in the latter part of June left for Europe with her sister. She met Mr. Field in Switzerland and he went abroad in July. Since then the party has toured through Spain, Italy and the Alps. They were last heard from by their friends at Barcelona, Switzerland.

BOTH ARE WEALTHY.

Chicago, Sept. 2.—There have been frequent rumors that Marshall Field and Mrs. Delta Spencer Caton, who is the widow of Arthur J. Caton, would marry.

Marshall Field, whose wealth is variously estimated at between \$100,000,000 and \$150,000,000, is a man of 50 years old. Mrs. Caton, who is the daughter of the man who founded the hardware establishment of Marshall, Spencer, Burdett & Co., is 46 years old. She is one of the leading figures in Chicago society, and for years ranked second to Mrs. Field in the city.

Mrs. Caton not only inherited the estate of her husband, but a large portion of the estate of her father. She is reported to be worth between \$1,000,000 and \$2,000,000.

FORTY-THREE CASES OF CHOLERA REPORTED

Berlin, Sept. 1.—Forty-three cases of cholera in all have been reported. Nine persons have died from the disease and many suspicious cases are under observation. The legal and medical machinery for dealing with this infection of the Asiatic bacilli is now working at full pressure.

Prof. Edward Sonnenberg said to the Associated Press tonight that no one is to be alarmed, as the epidemic of 1902-03, because the health authorities since that time had built up an organization quite adequate to grasp the beginnings of such cholera and to put down the disease with precision and firmness.

The health machinery to which Prof. Sonnenberg alluded is working in cooperation with the police and other public services. With the exception of the one death at Hamburg, the cholera has not been reported in any of the districts, and every case of illness in these districts must be immediately reported to the authorities. An experienced bacteriologist at once takes the case under observation, and if the symptoms are suspicious, the person is promptly isolated.

The city has now detained, under medical observation, nearly 1,000 persons, including the emigrants at Bremerhaven. Cautions and warnings have been distributed and these have led to spontaneous and intelligent cooperation with the sanitary officers. If the same agencies and the same spirit were at work beyond the Russian frontier, the Prussian health authorities would feel satisfied with what is being done.

"I doubt almost amounting to conviction," says the paper, "that the Russian administration has not yet been aroused to the danger, and that its task of dealing with the problem is much more difficult than that which confronts the authorities here."

The Wiesbaden correspondent cites the recent declaration of the Russian plague commission that since April 20 no case of cholera has occurred in the Russian empire, and that the suspicious cases reported in Vilna, Lodz, Riga, and other places, are not cholera, but are cases of typhoid fever.

Where, then, says the paper, "did the Asiatic cholera now in West Prussia come from?" As a matter of fact,

My Life

Hung On a Single
Thread With Heart
Disease.

You should never wait until your life hangs in the balance before you give the necessary aid to your sick heart. A weak heart is always serious, for it affects every organ of your body through its inability to pump and keep the system supplied with pure, rich, life-giving blood.

Any indication of heart trouble, such as shortness of breath after exercise, redness of face, hot flushes, oppressed feeling in chest, weak, hungry spells, palpitation, dizziness, sudden starting in sleep, irregular pulse, is serious, and should be cured at once.

The safest and surest treatment is Dr. Miles Heart Cure, a nerve and muscle builder, a blood tonic, it acts directly on the heart nerves and muscles, relieves every symptom of a sick heart. Your life depends upon your heart, and a weak diseased heart, like a single thread, can endure but little.

"I suffered for years with my heart. At times my life hung by a single thread. I consulted with physicians and an eminent specialist treated me. Without the knowledge of my doctor I took Dr. Miles Heart Cure. It lifted the pain from my heart, and caused a free circulation of blood. I am now able to attend to my business as usual. I had never hoped to do so again."—J. H. KOEHLER, 183 Cleveland St., Cleveland, Ohio.

If first bottle does not benefit, your money back. Write to us for Free Trial. Dr. Miles Heart Cure, a nerve and muscle builder, a blood tonic, it acts directly on the heart nerves and muscles, relieves every symptom of a sick heart. Your life depends upon your heart, and a weak diseased heart, like a single thread, can endure but little.

DR. MILES' MEDICINE CO., LABORATORIES, ELKHART, IND.

TEA

We know our tea; and we know your tea taste.

That's why we offer you back your money.

Your grocer returns your money if you don't like Schilling's Tea.

It goes on to say, "The Prussian health officials were apprehensive of the existence of cholera since the beginning of the year, and their reports showed that the pestilence had left Arabia and was marching over Syria, Mesopotamia and Persia; thence across the Caspian sea into European Russia, and onward to the Volga."

The health officials today felt the effect of the prevalence of cholera, especially shipping companies, the shares of which fell from 3 to 4 per cent.

AUGUST REVENUES

SHOW AN INCREASE

Washington, Sept. 1.—The feature of the monthly report of the government receipts and exports for the month of August is the exceptional increase shown in customs receipts, the excess over August, 1902, being \$3,763,608. The receipts from internal revenue sources also show an increase for the month of \$779,791.

The total receipts for the month are \$47,490,432, and the expenditures \$42,130,493, which leaves a deficit for the month of \$5,359,939. Last month the deficit was \$19,855,563, and for August, 1904, the deficit was \$5,343,212. The receipts from the several sources of revenue are given as follows: Customs, \$26,181,231; internal revenue, \$19,556,476; miscellaneous, \$1,752,725.

The civil and miscellaneous expenditures were a little over \$1,000,000 in excess of those for August, 1904, and those on account of the war department were nearly \$2,000,000 less than for August last year. The navy shows a slight increase. Other items show only slight increases or decreases.

LARGE INCREASE IN THE PUBLIC DEBT

Washington, Sept. 1.—The monthly statement of the public debt shows that at the close of business Aug. 31, 1904, the debt, less cash in the treasury, amounted to \$1,905,524,595, which is an increase, as compared with last month of \$1,475,594. This increase is accounted for by a corresponding decrease in the amount of cash on hand.

The debt is recapitulated as follows:

Interest bearing debt \$ 895,158,700
Debt on which interest has ceased since maturity..... 1,254,335
Debt bearing no interest..... 386,708,794
Total \$1,283,121,955

This amount, however, does not include \$1,092,961,969 in certificates and treasury notes outstanding, which are offset by an equal amount of cash on hand which is held as trust funds for their redemption. The cash in the treasury is classified as follows:

Gold reserve \$ 150,000,000
Treasury fund 1,092,961,969
General fund 153,769,321
International bank deposits 64,038,171
In Philippine treasury 4,485,951
Total \$1,375,236,472

Against this there are demand liabilities outstanding amounting to \$1,097,613,095, which leaves a cash balance on hand of \$277,597,844.

MAMMOTH LADIE EXPLODES.

One Man Killed and Three Seriously Injured.

Donora, Pa., Sept. 1.—One man was killed and three were seriously injured at the open hearth mill of the Carnegie steel company here today by the bursting of a mammoth ladie filled with molten steel.

DEAD.

Arthur Quackenbush, 26 years old.

INJURED.

Harry Phillips, John McGovern, Albert Cohn.

Sweden's Conditions Submitted.

Karlstad, Sept. 1.—The Swedish and Norwegian commissioners appointed to consider the dissolution of the union between Sweden and Norway, who assembled here yesterday, met again this morning, and in the afternoon. The Swedish conditions were submitted at the morning session. The utmost secrecy was maintained. Not a word was given out.

Severe Storm in Chicago.

Chicago, Sept. 1.—The most severe storm of the year raged for two hours this evening. The wind at times blew 40 miles an hour, and nearly two inches of rain fell. In the business section of the city a number of signs and awnings were torn loose, and some windows blown in. The thunder and lightning were terrific, and several of the large office buildings were struck.

Population of Massachusetts.

Boston, Sept. 1.—The population of the state of Massachusetts is 2,998,868, according to the preliminary report made today by the state bureau of statistics. This is an increase of 498,775 over 1900 when the last official census was taken.

Boston's population is 593,585, an increase of 96,678 in the past ten years.

SAN FRANCISCO GAS COS.

They Have Arranged the Terms Of a Deal.

San Francisco, Sept. 2.—Representatives of the San Francisco Gas and Electric company and the California Gas and Electric company have agreed upon the terms for a deal. This involves the purchase, by syndicate, of the stock of the first named corporation at \$20 a share. The last named corporation accepts preferred stock, a corporation yet to be formed as a preliminary to the joint operation of both companies' properties by a purchasing syndicate of California and eastern capitalists.

BIG ROBBERY AND DRAMATIC ARREST

Burglars Ransack Residence of a New York Broker, Getting Much Booty.

OFFICER MAKES A CAPTURE.

At the Point of Pistol He Takes a Thief Crouching Behind a Wall— Claimed to be a Sculptor.

New York, Sept. 2.—Another big robbery and a melodramatic arrest last night in the aristocratic residence district of West End avenue, following the discovery of a \$100,000 burglary in the home of Jose Aymer, caused considerable stir last night among the police. How much loot was procured in the second case, in which the home of D. E. Seymour Willard, a broker, was ransacked from top to bottom, cannot be learned.

The Willard residence is in West Eighty-first street. Thieves are supposed to have gained entrance during the family absence late on Wednesday night or early Thursday morning. A survey of the house after the burglary was discovered showed that the robbers, while probably amateurs at the work, were connoisseurs, for they had carefully selected the goods they wished to take and left the rest spread over the floors. So large an amount was taken that a wagon must have been used to cart it off. The caretaker carefully inspected the mansion Wednesday night. On returning Thursday he could scarcely open the door because of a barricade of furniture. From cellar to attic everything in the house had been moved and all articles which might have held anything of value had been examined. The burglars took paintings, rugs, small pieces of furniture and bric-a-brac, and breaking open several trunks, managed to find a case of jewels which had been hidden away.

The robbery of the home of James E. Marshall, also a stock broker, furnished the material for the melodrama. A bicycle policeman was informed by a pedestrian that some one was prowling through the broker's home in the absence of the family. The officer placed his wheel against a 10-foot wall surrounding the back yard, and using it as a ladder, scaled the top. Crouching behind the wall was a man who surrendered at the point of the policeman's revolver. The officer reached down, took the interloper by the collar and raised him to the top of the wall from which the two men dropped to the street. On being searched at the station, a large quantity of valuable trifles was found. The man claimed to be a French sculptor.

Gen. Grant lived for some years in the house he had robbed. Another big loss of jewels was reported late last night by Mrs. William E. Devitt, the wife of a Brooklyn attorney. She stated that her trunk had been broken open at a summer hotel on Shelter island and diamond rings valued at \$3,500 stolen. No trace of the thieves could be found.

Negro Lynched.

Rosetta, Miss., Sept. 1.—Word has reached here that a negro named Bees, charged with attempted criminal assault upon a white girl, has been lynched near the Lenke plantation.

Full of Tragic Meaning

are these lines from J. H. Simons, of Casey, Ia. "I think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: 'I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me.' Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At Z. C. M. I. Drug Store, guaranteed; 50c and \$1.00. Trial bottle free."

Saltair, Labor Day, 30 trains.
