PACIFIC NATIONAL LEAGUE.

Does the 414 mark look good to you? The Gimilaites won yesterday after-non at Butte, by walloping the Miners to the tune of 12 to 8. This gives our team a pretty good lead, and places Wilmot'sa ggregation at the bottom. Salt Lake has started to win, and it may be ! expected that the team will keep it up and yet be in the running for the pen-

in the beginning of the game it looked had for Sait Lake. Wiggs was in the box for the Salt Lake nine, but was batted out by the Miners, and Meredith substituted. The little southpaw seemed to get nek his old speed and held the enemy

Quick started out for Butte but did not last long as the Gimlinites hammered him unmercifully. His place was taken by an amateur from Helena, named Hoon. He pitched a spiendid game, but came in too late to save the day.

The umpire had his share of trouble, as many of his decisions were kicked at. The game was shappy all the way through. The score follows:

"Mr. John C. Hooper, Captain Commercial Club Ball Team:

"Sir-I have just finished your letter of information. In reply I will say that you are evidently like the Russians. You think that size counts. Since the Russians have been holding their tete-a-tete with the Japs they have found that it is much easier to hit a large mark than a small one. After your 110 pound players get through with the game Sunday you will be in the same condition as the Russians. To show you that we do not wish to take any unfair advantage we wish to state that the Associated Press dispatch in regard to Cy Young was slightly garbled. He is being engaged for the Elks team. In order that you may not protest his playing we wish to inform you that like all other good ball players. Cy Young is an Etk. As charity is the fundamental principle of our order we may lend him and other equally god players of our team to the Sait Lake club later or even to the Commercial club if they should be playing any outside towns, as we have a good deal of civic pride and wish to keep Sait Lake to the front. We note what you say in regard to pajamas and suppose that the reason you wear them in place of a well fitting uniform is to cover up your 210 pounds of fat which you advertise as muscle. Oh, we won't do a thing to you. Yours truly,

"Chairman Elks Baseball Team."

Many Old Time Champions Are Still in the Racing Game.

THE PROSPECTS ON THIS YEAR.

The Records and Names of Riders Who Made the Sport Famous a Few Seasons Ago.

This is certainly an age of speed in all branches of the racing game. Records have been broken recently in horse races, foot racing, automobile racing and in the bike game. In view of the fast miles made in the latter sport, behind pace, something of past performances is of particular interest at this time. In 12 years the record for a mile has come down from

Back in 1802 Johnnie Johnson made the first mile in less than two minutes, but

standing start are the best in this country.

Last year's records are expected to fall this season when Walthour returns to America. It can safely, be said, that miles will be ridden in competition as low as one minute, and that the hour record will go to fifty-six miles. Tracks will be built to stand the clip of a mile a minute. The year 1994 will undoubtedly be a great year, not only in the racing game, but in the general cycle riding, for men who are leaders in the game are making preparations to bring the results that way. These are the same men who made cycling the success it was in the banner year 1897 and the several years afterwards.

This is All Hallow's field day at Calder's park, and there is a big crowd of students at the resort to watch the contests. Special cars took the students and the college band to the park at 9:30 o'clock this morning, and at il o'clock the sports began. There was an intermission at noon, and this afternoon the events were completed. The athletic contests are for gold medals, and after they are over with the cadets will drill, and be reviewed by Brig.-Gen. Sano of the regular army, and Col. Greenewald of the N. G. U.

GOLF MATCH TODAY.

A. W. Copp and Frank McGurrin Will Play at Country Club.

At the Country club links this afternoon A. W. Copp and Frank McGurrin will meet in a match game of goif. They will play the first 18 holes of a 36-hole match, and a close and interesting contest is expected. They are evenly matched, and each feels confident of winning. For the last two seasons Mr. Copp has held the local championship, and he proposes to keep it for 190 if possible. Mr. Mc-Gurrin is the most likely candidate for the championship honors. The last 18 holes will be played on Sunday afternoon.

Read the Statement of Mr. A. L. Millar-he speaks from EXPERIENCE.

Mr. Millar says: "I have suffered with catarrh of the head, throat and stomach for about five years. I had to hawk and spit continually, nose filled up, breathing heavy, and everything I ate gave me distress. In fact I could not keep anything in my stomach, and felt miserable all the ffme.

I took fully 50 bottles of a widely advertised Catarrh Tonic, and it was like drinking so much waterit did me no good at all. Finally I went to Drs. Shores and I want to say that these Doctors know their business. I began to improve at once, and today I am feeling fine, eat three square meals a day without distress, sleep fine and feel better in every way, and I am glad to endorse Drs. Shores treatment and recommend these Skilled Specialists to my friends, (Signed.) "A. L. MILLAR,"

HAY FEVER.

So many patients have applied to Drs. Shores and Shores for treatment lately who have been suffering from Hay Fever and did not know what their trouble was that Drs. Shores have decided to explain the symptoms, effects and treatmen of Hay Fever, that all may tell it at a glance. In the beginning of an attack of

Hay Fever the patient experiences a sense of uneasiness about the

nasal passages, with a slight disposition to sneeze. Gradually these symptoms increase and often there is an intense itching of the nasal passage, with a profuse watery discharge, which necessitates the constant use of a handkerchief. In aggravated cases the discharge drips continually from the nose, later the mucous membrance becomes so con-gested that the secretions present a grayish color. The inflamed mucous membrane naturally causes more or less stenosis, or narrowing or closing of the nasal passages, which adds greatly to the discomfort of the sufferer, often times the nasal the sufferer, often times the nasal passages are entirely closed up.

If the patient lies on the side, the nasal passage which is uppermost becomes open, while the liquid collects in the parts below; or if the patient lies on the back the flow passes to rear portion, causing a complete stoppage of the nasal passages. The fluids which escape sages. The fluids which escape from the nose are often irritating, around the opening of the nose and lib, and very frequently give rise to irritation around the opening of the rose and lip, and some times even result in eczema. The eyes become congested and the lips red and itchrun, an attack of asthma often sets in. The asthmatic symptoms are usually confined to the night time, although the waking hours are of-

ten characterized by shortness of breathing, which the patient de-scribes as wheezing.

Hay Fever is a treacherous dis-ease but almost every case yields to proper care and treatment. Every sufferer fro mthis insidious and deceptive disease should con-sult Drs. Shores & Shores at once.
