EVENING NEWS

BY TELEGRAPH.

PER WESTERS UNION TELEGRAPA LINE. EASTERN. The Widow Bicks.

New York, 5. — The widow Hicks, who married, the other day, Thomas Lord, the St-year-old millionaire, is a native of Fishill, New York, but has long lived in Virginia. Her first husband was Wm. Henry Hicks, who was a retired shipping merchant here, more than thirty years her senior. His health failing after his marriage, he was a long time an invalid. His wife nursed and cared for him in the most sesiduous manner, hardly leaving his side, although her taste for society and gay life was strong. It is said, by those who claim to know, that Mrs. Hicks, some time since, expended the greater portion of the fortune left her by her first husband and that this fact alone prevented her from marrying into the British aristocracy. It was supposed a year or more ago, that she would marry Minister Schenck, then at London. She is still very attractive and moved in excellent society abroad. It was she who, not long since, refused to surrender her rooms at a leading hotel for the use of the Queen of Holland, unless the latter would accept them as her guest.

The Commercial says, instead of Benner decamping with a large amount, it was said on the street, to-day, that he could not possibly have taken more than \$700. If he had such a large sum as reported he could have purchased the outstanding stock of the Bankers' and Brokers' Association, and thus augmented his rehypothecating process. It is said that had he been from Baltimore, who have taken forcible possession of Morant Keys, and continued until 9 a. m., to-day. The wharves were slightly damaged. No serious disasters to shipping are reported yet.

He is of the opinion that the United States is defrauded yearly of millions of revenue by this carelessness. Fernando Wood, chairman of the ways and means committee, will call for a report when Congress meets.

Protesting Against the Bland Silver NEW ORLEANS, 5.—The Clearing House passed resolutions unquali-fiedly and emphatically deprecat-ing and protesting against the pas-sage of the Bland sliver bill, or any other law authorizing the coinage of silver except as subsidiary silver, without legal tender value, or if so for a very small amount. They demound as untime the assertion in some northern papers that the South favors remonstration. They regard gold as the mongained standard of value of the world, and consider a himstallic standard. sider a bimetallic standard danger-ous and impracticable, which would restrict our foreign trade and work domestic injury.

EAST INDIES. PANAMA, Dec. 25. — Concerning the wreck of the discounts, the

fellowing particulars are interesting:
The ship was on her trip from Valparaiso to Calino. Sine struck at 8
p.m., when a majority of the passengers were below, and so instantaneous was the breaking up of
the ship that no time was given to
gain the deck. The cargo lost was
not of great value, and the passengers, mostly Chilians, were journeying, between not of great value, and the passengers, mostly Chilians, were journeying between the ports. Mr. Kennedy, agent for the Pacific Steam Navigation Company, at Chanaral, was returning from Valparaiso on his wedding trip. He managed to fasten a life beit on his bride and threw himself with her into the water, but before they could extricate themselves from the floating debris, a spar fell, striking the lady on the neck, causing finstant death. Her husband afterwards reached the shore and the body of the bride was washed upon the beach. The bodies of Captain Lambert and of the purser were recovered.

Later information says the Later information says the passengers number 54 and the crew 70. It appears that the shock burst certain steam pipes connected with the boiler, and the escape of steam, mixed with cinders, prevented anybody getting on deck to lower the boats, with the aid of which and the life buoys all on board might have been saved. The total number saved is 30.

BRITISH AMERICA-Bevere Storm. HALIFAX, 5. - The severest storm experienced here for a year began, last night, and continued until 9 a.

A number of American citizens from Baltimore, who have taken forcible possession of Morant Keys, a dependency of Jamaica, and who have established a Baltimore Guano company, and have been shipping guano despite the warnings of the United States consul here and the government of Jamaica, have been driven off the Keys by Her Majes-ty's steamer Blanche and brought to Kingston. The Haytian government is, nevertheless, firm in its resolution to carry out the sentence, and has now been notified by the Spanish representative that if it does, the Spanish fleet will bombard Port au Prince in retaliation.
