

DESERET EVENING NEWS THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST

Is Issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News

LOCAL BRIEFS.

Dr. T. D. Bancroft will lecture in the First Congregational church tomorrow evening on "The Highwayman."

Judge C. C. Goodwin will deliver the address at the dedication of the Boisie Carnegie library, May 2 next.

The funeral of Thos. W. Crow will be held at 4 p. m., Sunday, April 16, at the Farmers' ward meetinghouse. Friends desiring to view the remains may do so at 604 east Eleventh South street, from 1 to 3 p. m.

There will be an elaborate Easter opening of the Ernest A. Lamourne Floral company, in the Willes-Horne drug store, this evening. Donaldson's orchestra will be in attendance and caravans will be given to the ladies.

A. E. Pipe, master machinist of the Utah Fuel company at Sunnyside, has resigned to try his hand at Goldfield, and as a token of their esteem, his fellow employees have presented Mr. Pipe with a diamond ring, bearing a Masonic device.

Upon a good and sufficient bond in the sum of \$500 being raised, Peter Fisher was released from custody yesterday upon an order issued by Judge Armstrong. Fisher is charged with embezzling \$270 while in the employ of the Wells-Fargo Express company.

There was no meeting of the special water and municipal laws committee yesterday afternoon to consider the Utah Light & Railway company franchise, as the members of the committee were not present at the appointed time. Only two members of the committees were present, so the matter was postponed until Monday afternoon at 2:30 o'clock.

Senator Sutherland is in receipt of information from Washington of the appointment of Ralph Guthrie of this city as an inspector in the internal revenue service. Mr. Guthrie's duties will be in the district composed of Utah, Idaho, Montana, Colorado, Wyoming, Oklahoma, Indian Territory, Kansas, Nebraska, Arizona and New Mexico. He will work under the direct supervision of the Omaha office.

The following is the program for the Salvation Army services during the coming week. Saturday night opening of the self-denial hall, illustrated lecture by Staff Capt. Dale, Sunshine and Shadows. A trip through Slumdom of New York, Boston, Chicago and San Francisco. Illustrated songs, Baggage Coach Ahead, Mama's in Heaven; Chicago theater fire; Rock of Ages; Flight of a Soul. The Proceedings are for self-denial fund.

The next monthly meeting of the association of the Nauvoo Legion will be held Monday evening, April 17, at the usual time and place. As the new circulars have been approved of and issued, all members of the society are requested to do their duty for the benefit of the association by supporting the members and increasing their numbers, thereby benefiting themselves and doing good for the association at the same time.—Wm. M. Brown, Secy.

The members of the state board of insanity at the meeting in Provo yesterday considered the addition of another wing to the main building at the State Mental hospital, to cost about \$50,000. Another meeting will be held next Thursday to further consider the matter. There is such a steady increase in the number of patients in the hospital that the new addition is absolutely necessary. In December there were 379 inmates at the hospital, and now there are 397.

The fact that the horses they were driving was gentle and had no desire to run away, saved Mr. May and Dr. Odell from serious injury yesterday afternoon. While driving in a phaeton near Sixth street on East Temple, the reach broke and the body of the vehicle fell to the ground. Both men were thrown out, and the buggy badly wrecked, but the horse stood in his tracks, and refused to join in the general smash. But for this fact it is thought that the physicians would have been seriously injured.

A gasoline stove belonging to J. P. Norling of 25 State street, was suddenly set on fire without any cause at 9 o'clock last evening, and without any warning, suddenly started skyward. Mr. Norling promptly assisted the stove with a kick, which landed it out in the yard much demoralized. The carpet had been set on fire but the flames were extinguished with a bucket of water, and no particular amount of harm was done. The fire department showed up with neatness and dispatch, but merely had a practice run.

Yesterday afternoon's organ recital in the Tabernacle was well attended, the seats being pretty well filled. The function fairly opened the organ recital season. The program was presented as printed in the souvenir leaflet, and the "Annie Laurie" number was warmly encored, the organist responding with the Intermezzo from the "Cavalier Rusticus." The Haines concert overture was played with brilliant effect and dash that were inspiring. At the close of the first number, the doors were opened and those who were late were allowed in, and those desiring to leave were permitted to go, as the change of time for the beginning of the recital was not understood by some. However, after this the doors will remain closed, after the recital has begun, and no one will be admitted for Friday afternoon recitals, and not 1:30 as last season. The next recital comes on Tuesday next at 12:15 p. m., the Tuesday recitals being given at this hour to accommodate the railroad people and tourists.

FORD GETS CONTRACT.
Will Put in Watermain Extensions for The Sum of \$10,319.

The board of public works at its meeting yesterday afternoon decided to award the contract for the water main extensions in the city this year to P. P. Ford of Denver on his bid of \$10,319. The award was held up for several days by the board on account of threatened litigation over the patent rights to the Pittsburg Ludlow valves and fittings with the successful bidder proposes to install them. It is proposed to award the contract to Ford, as he has the understanding that if any trouble arises over the use of the Pittsburg hydrant and valves others can be substituted upon instructions from the city engineer. It is probable that P. J. Moran, the next lowest bidder, will protest against the board awarding the contract to Ford, for the reason that his bid is in reality lower than that of Ford. The matter will probably be considered by the city council Monday night.

Agonizing Burns
are instantly relieved, and perfectly healed by Bucklin's Arnica Salve. C. Riverton, Jr., of Norfolk, Va., writes: "I burnt my hand and fingers so blistered all over. Bucklin's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores 25¢ at C. M. I. Drug Dept.

TO HELP UNIVERSITY "GYM"

Author's Club Will Give Grand Ball On the Campus Tonight.

For the benefit of the University of Utah gymnasium fund the Author's club tonight gives a dance at the University. Preparations for the event have been under way for some time, and it is hoped that a large turnout will be the result.

For the benefit of the same fund, Dr. Jas. E. Talmage will lecture at Barratt Hall a week from Monday evening, his subject being "The Church."

Talmage has a superb collection of slides with which to illustrate his lecture, and a fund of first hand information gathered while engaged in geological work in the Russian empire. The gymnasium will require at least \$30,000 in addition to what has been appropriated in order to be properly completed.
