Not Enough Money Realized to Carry Schools Another Month.

EIGHTEEN THOUSAND SHORT

Majority of Parents Affirm That They Cannot Afford to Pay the Required Money.

According to reports submitted by Superintendent Christensen last night to the committee on teachers and school work of the board of education, the tuition plan for Salt Lake City's public schools is a failure, and the schools will be compelled to close on Friday, May I, five weeks earlier than usual. 'The total amount subscribed by patrons is \$7,349,50, and the amount required to keep the schools open the five weeks is \$25,500.50. The amount subscribed lacked \$18,151 of being sufficient to carry on the schools.

The returns show that not one school in the city secured enough money to pay the teachers to keep open the ad-ditional month. Some of them made a fair showing, but a great majority of the tuition blanks were returned with the explanations that the parents could not afford to pay tuition for their chil-dren. The plan met with opposition from some parents who could afford to pay tuition but who refused to do so cause opposed to the principle of the fultion scheme.

After looking at the figures contained in the report and realizing that the plan was a failure, the committee then discussed the advisability of keeping the A and B classes of the Eighth grade and the senior class of the High school at work until the end of the term by turning them over to the principals and supervisors, all of whom are employed for ten months. It was decided to make such a recommendation to the school board at a special meeting to be

called in a few days.

The table given below shows the subscriptions received in each school and the amount required to keep each

Total for five weeks \$25,500.50 TEACHERS WANT TAX LEVY.

At the meeting of the Teachers' association yesterday afternoon a com-mittee, consisting of Miss Kate McKenzie, Mrs. E. E. Sheppard and Instruc-tor Pendergrass, was appointed to ask the county commissioners for a special tax levy for the maintenance of the schools so as to insure a full term next year. It was also decided that the touchers would demand a nine-months contract and that the money for their salaries should be placed in a separate fund which could not be used by the board for other purposes. They will also ask that contracts be signed by April 1 each year so that the teacher may know whether or not they will be retained the ensuing year.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand, Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough remedy after trying several other preparations with no effect. For sale by all druggists.

AFFAIRS OF THE COUNTY.

The county commissioners at a meeting yesterday received a communication from the mayor and city councilmen of Murray, protesting against the sale of the flowing wells and water tanks attached thereto situated on the streets or highways now within the corperate limits of that city. The communication states that the wells and tanks became the property of Murray by virtue of its incorporation. The petitioners therefore ask that the sale of April 13, 1963, be set aside. The communication was received and filed by the board without any action being aken. In that connection, Mr. Ashberg who purchased the flowing wells and tanks, called today, and paid the baiance of the purchase price to the country clerk, and the deeds to the property ill be executed at once.

The board authorized the county ng the highways in the county, during season extending from May 4 to Sept. 50. The blds are to be opened

at noon on April 30.

J. H. Hayford, steward at the couny infirmary, was granted an increase f salary to \$65 per month. John Pert, erk in the office of County Supt. of chools Ashton, received an increase of salary from \$40 to \$50 per month.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberiain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusive-ly that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

FEDERAL COURT CASES.

monwhammannamant J. M. Wilkinson and Carmen Montez, sharged with burglarizing the Bountifu postoffice, were arraigned in the Fed-ral court yesterday morning and pleacd not guilty. As they were not represented by an attorney, the court ap-

pointed W. A. Lee to defend them, and set the case for trial May 28.

Judge Marshall handed down an opin-Judge Marshall court yesterday in the case of U. S. vs Wilford Van Wagener, a bill to compel, by mandatory injunction, the removal of a fence on public lands of the United States. Defendant in this case enclosed about Defendant in this case enclosed about 1.640 acres of public lands with a wire fence during May, 1899, for an unincorporated association of persons who intended to acquire title to the land in question, situated in sections 30 and 31, township 2 south, of range 4 east. The court held that defendant could not shelter himself under the claim that it was intended finally to obtain title to the land, because of the long period of time during which the fence has been maintained without any actual attempt to make an entry. The evidence, the to make an entry. The evidence, the court held, on the other hand, went to show that the intent was to use the land for grazing purposes and in common.
An injunction was accordingly granted commanding the defendant to remove the fence in question within 30 days from date, and the marshal directed, in case of a failure of defendant so to do, to summarily destroy the fence.

The decree was ordered for plaintiff without contractions. without costs.

LET'S STRIKE WHILE THE IRON IS HOT!!

Now is the era of our great commercial advance.

The San Pedro line is a cinch and Greater Salt Lake stands revealed on the horizon of the not distant future.

The lethargic days of the past will soon be replaced by the tremendous activity of the future, and Salt Lake real estate is destined to surpass in values the palmy days of the latter '89s and early '99s.

Now is the time to get your money down on a piece of property.

Your money should double in a short time, if judiciously invested, and homes bought now at way-down figures will sell at fancy figures in '99 days.

Take your money out of the 4 per cent savings bank and put your savings into a real estate investment paying from 8 to 25 per cent.

25 per cent.
You owe yourself the obligation to invest your money at the highest rate of interest. I have good investments for sums from 100 to \$25,000. \$100 to \$25,000. Here are a few splendid paying invest-

Plum 287—Here's where \$1,300 buys a 5-room beautiful frame house, lot 33x 120, and barn, rented now for \$11 a month. Pays 10 per cent interest. City water, shade trees, lawn. A handsome paying investment. A substantial home. \$200 down and \$15 a month takes the place. Location 5th So. near R. G. W. shops.
