

UNIVERSITY OF UTAH.

Salt Lake City—On Wednesday Dr. Wiley of Salt Lake City delivered an address before the young men of the University. The Freshman Glee club furnished music for the occasion.

Professor Denison's Saturday class in ethics met for their second session at the city and county building.

Mr. and Mrs. R. V. Smith were visitors on Thursday.

On Wednesday the college men met to consider the organizing of a college club. Messrs. George Riser, James Wade, R. K. Patterson, Walter Evans and Albert Thomas were appointed a committee to draft a constitution.

Louis VanDam, president of the first year normals, and one of the assistant editors of the Chronicle, has discontinued school to accept a position with Kelly & Co.

On Wednesday afternoon the professors and instructors closed up sides and enjoyed a game of indoor baseball. Professor Cummings and Mr. Beckstrand were the captains of the respective teams. The score was 28 to 29 in favor of Professor Cummings' team.

The second number of the "Utah Engineer" did not appear on Monday as expected, but will be out in a few days.

Professor J. H. Toronto has been conducting examinations in mathematics this week.

The second half year ends next Friday, Jan. 29.

UNIVERSITY TRAINING SCHOOL.

The Deseret Sunday School union has given to the training school library a complete set of all the volumes of the "Juvenile Instructor." Supervisor Thomson and Professor Cummings are highly pleased as these volumes will aid greatly in nature study of animal and plant life—pioneer stories.

Last night Professor Stewart addressed the Parents' club of the training school. His subject was "The Trend Toward Practical Education."

Mr. W. A. Wetzel of the city schools has been made supervisor of music for the training school.

Superintendent Christensen and his wife, Mr. B. S. Young, and Miss Rachel Edwards, visited the training school yesterday. Miss Edwards is a former critic teacher of the eighth grade in the training school.

Supervisor Horace Cummings is at Mahan, Ind., today, conducting teachers' institute.

Nat Friday Professor Stewart and Miss McVint will conduct teachers' institute at Price.

SALT LAKE CITY SCHOOLS.

The German department of the west side high school is preparing an interesting program for rendition in the near future.

The Union school received its new piano on Wednesday, and boasts of one of the best instruments in the schools of this city.

The Franklin school is very proud of the record made by David P. Howell at the recent inter-collegiate debate between Utah and Idaho. The young man was formerly a pupil at the Franklin where he did efficient work before entering the university.

Mr. Gilliam was a visitor at the Bryant high school on Wednesday.

During the first three weeks of the present school month, there have been but 15 cases of tardiness at the Union school.

Mrs. Tomlinson visited the Franklin on Wednesday.

Supt. Christensen and Supervisors Elliott and Pollock were recent visitors at the Union school.

Isaac Russell, a former Franklin

other Italian scenery.

Miss Maude Paul of the Webster school took advantage of the snow-storm on Tuesday morning to have a most interesting as well as instructive nature study lesson, with which she correlated a language and reading lesson.

Supervisor Elliott visited the Washington on Thursday and the Webster on Friday.

The teachers' room in the Ogden is to be thoroughly renovated. A new couch and bookcase are to be added which will conduce much to the comfort of the teachers who enjoy a daily luncheon within its walls. The expenses for the same are to be defrayed by the Ogden teaching corps.

The class in civil government at the Sumner was afforded an opportunity on Tuesday to witness the manner in which a United States senator is elected by visiting the session of the Legislature, when this important act was performed. An intelligent report of the proceedings was the principal feature of the lesson in that study on the following day. The class at the Emerson school also visited that body this week.

Principal G. A. Eaton of the west

side High school visited the Washington this week, and spoke to the pupils of the eighth grade of that school upon the importance of taking a course at the high school.

Supervisor Pollock visited the Washington, Grant, Ninth, Jackson and Twelfth schools this week.

Dr. Whitney tested the eyes of children in the lower grades of the Ogden during the week.

A special study of the lives and pictures of the great artists is being made in all the schools in connection with the art work. The children enter most enthusiastically into the study and bring numerous copies of the masterpieces of the artists. Some very beneficial language and composition work is being done in connection with the art work.

A most instructive program on South America was rendered at the Webster school on Wednesday by pupils of Room 18. One of the most noted features was a Spanish dance in costume by Miss Sybil Glarigue.

The Fremont teachers have organized a bowling club to play once a week. The same corps enjoyed an evening this week together at the Agricultural skating pond.

Prof. Marshall's literature class at

school pupil, is now editor of the college paper at Leland Stanford university.

A meeting of the principals was held on Tuesday afternoon, at which time the conditions upon which the forthcoming promotions shall be made were discussed, as well as changes of books for the second half year. Some time was also given to a consideration of calisthenics.

Supervisor Elliott will, on Friday afternoon of each week, meet teachers who may need her assistance in her department of work.

The shadow box at the west side High school this week contains two very pretty pictures in water colors, one representing American scenery, the

other Italian scenery.

RIVAL BASEBALL HEADS

The two leaders in the important baseball fight that is now attracting attention all over the country are Ban Johnson, president of the American League, and President Pullman of the National League. Here are the latest pictures of these two important baseball personages.

A number of the Hamilton teachers enjoyed a skating party last Friday evening, and enjoyed the exercise on the Ninth South street pond.

The east side High school pupils were very much pleased with a talk given in "Rome" by Dean Eddle at the Wednesday morning assembly. Mr. Eddle visited Rome only a few months ago, and spoke in a highly entertaining manner of the things that had made the deepest impression upon him during his recent visit. An excellent musical program was rendered. Misses Twendell, Carlson and Lily Busby's last was received with much enthusiasm; this being followed by a piano solo by Miss Maude Williams who is a pupil of the west side High school and an excellent musician.

Mrs. Wolfe and Mrs. Rhodes were among the visitors at the Twelfth school this week.

Miss Blanche Chadwick, formerly connected with the city schools is slowly recovering from a long and serious illness, in the forests of Montana.

The Lowell teachers were glad to welcome Miss Engstrom back to her last Monday.

Miss McManus visited the Webster school on Tuesday, and was glad to note the enthusiasm with which the children are accepting her new system of penmanship. The pupils of Mrs. Brunton's class are deserving of special credit for some excellent work in writing as well as drawing. An orange plant with full upon it was brought into the school room and drawn by the pupils with some very fine results.

At a well attended meeting of parents of the Longfellow school on Friday last, the following officers were elected: President, Mrs. J. H. Smith; vice president, Mrs. Percy; secretary, Miss Odell. The visitors at this school during the week were Mrs. McVay, Mrs. Coray and Mrs. Hahn.

A principals' meeting was held Thursday for the purpose of laying plans for a future teachers' union in the city. Mr. Martin had been appointed to prepare resolutions for a basis for a pension scheme. The report is to be submitted to the teachers and later to the board of education.

Principal E. V. Fritz of the Whitehall is now pleasantly situated at 755 West Second South street. Miss Mary May of the kindergarten department of the university is also at the same address.

Miss Murphy of the Payson schools was an interested visitor at the Lowell on Tuesday.

The Lowell Literary society is arranging to have a program on the Monday following Washington's birthday.

While Earl of room 16, Lowell, is deserving of especial mention for excellence in drawing.

Mrs. McVeigh, Mrs. Heber J. Grant, Mrs. Robinson, Mrs. Brown, Mrs. Rogers and Mr. R. S. Young of the board of education were among the Lowell visitors this week.

Jacob Coleman formerly of the Salt Lake High school, is doing sophomore work at Stanford this year.

Dean Daynes of the seventh grade, Lowell, will enter the Jesuit college at Denver in February.

Mr. Anderson and Mrs. Freed were among the visitors at the Bonneville this week.

Mrs. Elliot visited the Union and Emerson schools this week.

Improvements are being made on the grounds of the Bonneville school by the addition of several loads of gravel. The Union has been treated in a similar manner.

The manual training department has completed the penholder, ruler, broad-board, hexagonal prism and nail box and marks of students for the term's work have been sent to the principal. In order to give parents an opportunity to see what has been accomplished in this line, objects and drawings have been sent to the homes. The program for this work has been slightly changed for the coming semester. Specimens of the work done in this department will be seen in the board of education rooms of the City and County building. The work in the various stages of development are to be seen, and reflect much credit upon Supervisor Doxy for having accomplished so much in so short a period.

Hon. Willard Done, chairman of the committee on education of the house, was a visitor at the Lincoln eighth grade on Wednesday where he spoke to the pupils on legislation. The Lincoln class visited the Legislature on Friday under the chaperonage of Mr. Done.

Miss Pollock conducted a third grade meeting on Wednesday for the purpose of discussing language work for the coming semester.

L. D. S. UNIVERSITY.

Salt Lake—Wednesday morning the school was favored by a visit from Bishop McKay of Huntsville, a member of the present state senate, and his daughters Miss McKay and Miss Annie McKay. Miss McKay is a member of the faculty of the Weber Stake academy.

Active interest in class organization is being taken by the first and the second year students and before long we shall have classes of 1903 and 1904.

Thursday morning the following members of the state Legislature visited the university: Mr. Harden Benton of the senate, and Mr. D. B. Colton and Mr. J. E. Johnson of the house. In devotional exercises each in turn addressed the students and each was enthusiastically cheered by them.

Friday evening the commercial class of 1901 gave a ball in the gymnasium, to which all the students, teachers and their friends were invited. The ball was preceded by a program in Barratt hall.

Devotional exercises this week were conducted by Profs. Whitson, Jensen and Miller and Instructor Goddard.

Thos. Cordie, a bookkeeping student, has discontinued school to fulfill a mission in Great Britain, and Lehi Peter-

RIVAL BASEBALL HEADS

son has also discontinued, as his parents have moved to Lehi.

The classes in civics and American history visited the state Legislature in a body this week to witness the process of voting for United States senator. The students were much interested in the proceedings, which were subsequently made the basis for certain class work.

Arrangements are making for providing all students with the flower emblems of their respective classes. Mrs. Kelly has sent to the manufacturers for samples of the wild rose for the preparatory, of rose buds for the first year, red roses for the second year, moss roses for the third year, and white roses for the fifth year and missionary groups. These flowers will be worn on all special school occasions.

BRANCH NORMAL.

Cedar City—Mr. Lewis has been waking up a student feeling among us during chapel this week.

Our population is still increasing—this week has raised the number of students to 250. There may be room for one or two more—when we get our new building.

The sewing class is beginning to use the machines now and Miss Eastwood says that excellent work is being done along that line.

The art room has been adorned with a number of new and beautiful paintings. The students of that department are drawing birds this week.

Monday Mr. Driggs favored the English C class with a good substantial examination on punctuation.

A grand ball was given by the Athletic association in the assembly room Saturday evening, and not withstanding the great necessity for more room, all expressed themselves as having a jolly good time.

Mr. Andrew Gregerson, one of our former students and athletes, has come to take advantage of the business course, for the remainder of the year.

Mr. Milne announces that the regular track work will begin now and continue during the fine weather.

Program for Students' society Friday, evening, Jan. 23:

Cornet solo Mr. Anderson

Vocal solo The Powers, Miss Stucki

Recitation Alice Knell

Stunt Graceville

Pace, Minnie Berry, Willard

Gardner, Mrs. Fuller.

Song Frank Wood

WEBER STAKE ACADEMY

Ogden, Jan. 22—Hon. B. H. Roberts will lecture before the academy students and the Ogden public next Thursday evening on "The Basic Principle of the Brotherhood of Man."

Tuition for the eighth grade graduates, and others desiring to enter the academy next semester will be \$5. Quite a number of the eighth grade graduates of the city schools will register as students in our fast-growing school.

The liquid air lecture will be given at the Grand Opera House on the evening of Feb. 2nd. Many tickets are being sold and a good, interesting and profitable time is expected.

Miss McKay, our lady teacher, accompanied her father who is state senator, to Salt Lake last Wednesday, and reports having had a very enjoyable and profitable time.

On Wednesday afternoon the Sunday school class attended the funeral of their father, their fellow-student, Bessie Hill, in a body.

At devotional on Tuesday morning the matter of having a United States

AN OBJECT LESSON

In a Restaurant.

A physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of heavy, vigorous men sitting at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation, or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not munching bristly crackers nor greedily picking the way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned broil of mutton, and even the deady broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee, and many other good things are rank poison, but these cadaverous looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be properly digested; if the stomach does not do so, and certain foods cause distress one or two of Sturt's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Sturt's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus gives a much needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Sturt's Dyspepsia Tablets. Knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and seeing they have to, at all hours and all kinds of food, the traveling public for years have pinned their faith to Sturt's Tablets.

All druggists sell them at 50 cents for full sized packages and any druggist from Maine to California, if his opinion were asked, will say that Sturt's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

has now the finest building erected to music in the world. User passed advantage in composition, vocal and instrumental music, and election.

George W. Chadwick, Musical Director.

Fugis received at any time. For year book address FRANK W. HALL, General Manager, Boston, Mass.

bag for the school was presented to the students by LeRoy Cowles of the class of 1893. Mrs. Hupp, one of our leading students, at once made a motion that we have a flag, and that the students pledge themselves to each to procure it. The motion was put and unanimously carried. A committee was appointed and is now busy in collecting the funds.

On Monday last the faculty and students marched to the Tabernacle to attend the forenoon session of conference. The students filled the middle and rear portions of the tabernacle, and their presence was fully appreciated as the comments of President Shurtliff and Apostles Woodruff and Smith testified.

BRIGHAM YOUNG COLLEGE

Logan—Professor Bullen is still out of school. Unfortunately quite severe illness prevails at his home, his illness being very ill of a bad cold. We all hope for his prompt restoration to perfect health.

The college base ball team met the Ogden mutok last Friday evening in contest, and won out very easily on a score of 32 to 1. During the last half our boys "let up" considerably, or the score would have been very much more uneven. Professor Campbell of the agricultural college was umpire.

The Phil Poie Debating society met before the public in the assembly room last Saturday night. The principal part of the program was a splendid lecture given by Professor Robinson of the A. C. U.

The matinee last Saturday afternoon, was a fine affair. Most students and some of their friends found a great deal of enjoyment in the afternoon matinee. The matinee prove to be much more successful than the evening parties.

The Fortieth quorum of Seventy held its regular meeting in room 15 on Tuesday night.

The election of officers for the Philomathe Literary society takes place tomorrow. The polls will be open all day. There are two tickets for nomination, accordingly two sets of officers running for positions. The event is stirring up a great deal of spirit, as the parties are making a desperate struggle for success. Nominations were made Monday, a rally will take place tonight, and Saturday night a program will be rendered before the public, and the new officers will be installed.

Separate meetings of the young men and young women were held Tuesday. The young men met in various Priesthood meetings and were fortunate as to have with them Bishop Anderson of the First ward, and Bishop Ballard of the Second ward, both giving the young men excellent instruction.

The liquid air demonstration will be held in the assembly room next Thursday night. The great scientific discovery of the marvelous properties of liquid air will certainly be of great interest, as about thirty wonderful experiments will be carried out by the demonstrator.

Manager Crawford of the Union Mercantile company will address the students in chapel on Friday morning.

Principal Jensen of the training school will speak before the Hyrum public in that city on Sunday night next.

"The Brigham Young College Military band is the best college band in Utah," is a quotation from Monday's Journal.

The Stake officers of the Deseret Sunday school hold their regular meeting in the college tonight.

The college choir is making very rapid progress. The members, singing some difficult anthems which the master with marked ability. A patron and former graduate of the college, who is now a Bishop, made the remark a few days ago, that there has never been such good singing in the college.

A game of basket ball was contested by the first and second college teams on Tuesday night. The game was much more interesting than the contest with the Ogden mutok. The score was 42 to 2 in favor of the first team.

The Book of Mormon society of American Archology holds its regular meeting tomorrow night.

The second year students give themselves a party tomorrow night in the gymnasium.

AGRICULTURAL COLLEGE.

Logan—The irrigation bulletin now being prepared by the members of the staff is yielding some really wonderful results in the economic values of irrigation. Director Whitson says it will be ready for distribution within a month.

In a few days the department of chemistry will have its report on the chemistry of the silk worm, ready for the state silk commission.

Prof. Clark is out daily with the men in the winter course, in the course in stock judging.

The winter course men are doing practical work in clinics each Monday under the direction of Prof. Merrill. Unsound animals are brought from the entire valley for treatment. Last Monday, singhous, curbs and apyrus were treated.

Prof. Upham in his lectures on the Elizabethan Era, is now dealing with the contemporaries of Shakespeare.

The summer school circular will be sent to the teachers and educators of the state in a few days.

Prof. Corey reports new students still entering for the special winter course work in cooking and sewing.

The Sophomore girls in connection with the theory of cooking, are making a study of the various tasks.

Prof. Peterson has made 50 lantern slides from views which he took in his geological work in the Uintas last summer. These will be of great value in the explanation to his classes of certain geological formations. He has also received 30 slides from Mr. A. P. Church, photographer for the Chicago university party in their work in this section during the past two summers.

Prof. Ostlen gave the students a chapel talk last Tuesday on the importance of an individual program of daily study.

The students of the commercial department are organizing themselves into a commercial club whose aim shall be the promotion of the interests of the students of the department.

Miss Moench has been giving examinations, both physical and written, to her classes in physical culture, during the past week.
