Before the board went into regular session there was an informal discus son as to what name should be given the new school building at the head of State street. Mr. Critchlow thought that "McKinley" would be a very good name in view of the presidential visit, but Mr. Bamberger objected. Then a number of names were suggested, Park, Lewis, Maeser, all prominent Utah edu. cators, and Kimball. The last name aroused Mr. Critchlow, who asked, "What Kimball?" Some one said Heber C. Kimball, one of the Pioneers of Utah, who once owned the property on which the school is to be built. "Oh," Mr. Critchlow, "What

HIGH SCHOOL VS L. D. S.

Score of 4 to 3 in Favor of College After Eleven Hard Contested Innings-Pitchers' Splendid Work.

The first game in the series of the Interscholastic league was pulled off at the University grounds yesterday afternoon, and it was indeed a hummer. The teams lined up in battle array represented the L. D. S. college and High school. The game was played unde protest, the High school alleging tha the college battery, Thomas and Marx, were not regularly enrolled students of

But the game. It was one of the prettiest exhibitions of the sport ever witnessed in Utah. The score, 4 to 3, and eleven innings, is certainly an indication of the superior quality handed out by the juniors. In the ninth the score was even, with two runs each. The tenth made no change, but in the eleventh the High school made a desperate effort and brought one run in. The L. D. S., however, were able to do even better and scored two runs, giving

them the well deserved victory. Considering the unfavorable condition of the field the work of the players was phenomenal. The pitching of Thomas and Berkstrom was the feature of the event. It was fast and fierce all the way through. Thomas was exceedingly miserly with his hits, the High school dropping onto only seven. He caused the cultured boys on the other side to knock holes in the atmosphere no less than nine times. Berkstrom was hit half a dozen times and sent five men to the bench in sorrow.

Over 1,500 fans witnessed the splendid contest and boiled over with enthusiasm. It is safe to say that, if yester-day's game is a fair example of the kind of ball the Interscholastics are going to dish up, the "big" teams will have to get a hustle on themselves or have to get a hustle on themselves or get ingloriously scooped.

Frank Hughes umpired the game, but rendered some very questionable decis ions. Of course an umpire always comes in for a share of roasting no matter what he does. He is supposed to be the
